

Heart Of Love

The unconditional love that we all long for can be experienced in the practice of loving-kindness. In this popular form of meditation, the love inherent to our own nature is gradually expanded until it embraces infinite beings. Tulku Thondup introduces a new four-stage format for this practice, rooted in the traditional teachings of Tibetan Buddhism: We first meditate on the Buddha of Loving-Kindness as a body of unconditional love and receive his blessings. This spontaneously awakens his unconditional love in our heart. We then find the whole world reflecting back to us as a world of love and compassion. Finally, we remain in oneness in the realization of ultimate love.

In this GIFT-SIZED ABRIDGED VERSION of the #1 New York Times bestselling book *The 5 Love Languages*, you'll discover the secret that has transformed millions of relationships worldwide. This novel explores human relationships in a Los Angeles of the future, where rich and poor are deeply polarized and where water, food, gas and education cannot be taken for granted.

What is love? Why is it central to our happiness and personal growth? How can we find, nurture, express it, and keep it alive? In original essays written for this book, Andrew Weil, Deepak Chopra, Leo Buscaglia, and 31 other spiritual teachers offer inspiration and advice for everyone who wants to explore the enduring power and spiritual significance of love.

Tom and Melissa Gallant sat in their car at an intersection outside Lunenburg one early summer evening in 1992. After a decade of romance and adventure, they were at a crossroads in their lives. Melissa wanted to settle down and start a business. Tom wanted to sail their schooner around the world. They had decided to go their separate ways. As they entered the intersection, one notorious for brutal accidents, their car was hit by a bus. When Tom woke up in the Fisherman's Memorial Hospital and asked about Melissa, all anyone could say was, "It doesn't look good." She was in intensive care in Halifax. She was in a coma, being kept alive by machines. This is the story of what happened in the months that followed. It is also the story of a love affair full of high seas adventure and romance, of life lived far from the conventions of polite society. It is the tale of two lives shattered in an instant, forever changed by an unmerciful twist of fate. Melissa's brain had suffered a catastrophic trauma. When she woke from the coma, she would not know who she was, or who Tom was. She would be unable to talk, walk or feed herself. Theirs was a love facing the greatest of challenges. This is a book about redemption conferred by accepting the hardest things in life with an open heart. Tom Gallant is a playwright, musician, scriptwriter and journalist. Tom's poetry and prose has been included in magazines and anthologies. Tom has logged fifty thousand miles of deep water sailing in his Nova Scotian schooner. For a decade he has been a caregiver to his injured wife.

An eminent scholar unearths the captivating history of the two-lobed heart symbol from scripture and tapestry to T-shirts and text messages, shedding light on how we have expressed love since antiquity The symmetrical, exuberant heart is everywhere: it gives shape to candy, pendants, the frothy milk on top of a cappuccino, and much else. How can we explain the ubiquity of what might be the most recognizable symbol in the world? In *The Amorous Heart*, Marilyn Yalom tracks the heart metaphor and heart iconography across two thousand years, through Christian theology, pagan love poetry, medieval painting, Shakespearean drama, Enlightenment science, and into the present. She argues that the symbol reveals a tension between love as romantic and sexual on the one hand, and

as religious and spiritual on the other. Ultimately, the heart symbol is a guide to the astonishing variety of human affections, from the erotic to the chaste and from the unrequited to the conjugal.

The pioneering scholar and author of Food and Faith and Living the Sabbath asserts that Christianity has slid off its rightful foundation, arguing that the faith only makes sense and can only be expressed in a healthy way if it seen as based on love, with a mission of training others in the way of love. It's often said that God is love, yet his message of compassion and caring for others is often overshadowed

by the battles dividing us politically, culturally, and religiously. Why does Christianity matter if it isn't about love? asks Duke University professor of Theology and Ecology Norman Wirzba. The Way of Love invites readers to experience Christianity that is centered on love. Extensive theological training cannot replace the way of love that transforms and connects each of us to God and the faith, Wirzba contends. Interweaving illuminating testimonials, historical references, and Scripture, he reveals how love allows us to move into the fullness of life; when we do not love we lose our faith. "To fail to love," he reminds us, "is to lose God."

"This lovely book will give you guidance and inspiration as you undertake the most important task of love: loving yourself. Read it and be encouraged. Read it and take heart!" —Daphne Rose Kingma, Author of When You Think You're Not Enough: The Four Life-Changing Steps to Loving Yourself and The Future of Love "The essence of God and life is love. Love is our nature. From love we come and to love we return.' Life's journey is to help discover our Soulful Purpose and become our unique expression of Divine Love. Heather Hans knows what it takes to experience extraordinary love, and her book, The Heart of Self-Love, is for anyone who has struggled with self-worth and is ready to come into their power as the confident leader of their life." —Norman Wolfe, author of The Living Organization: Transforming Business To Create Extraordinary Results Love is our nature. From love is where we originate and to love is where we return. Nothing can break love. Love heals, love creates; love is the most powerful force of all. Without love humanity suffers - physically, emotionally, and spiritually. When people cannot love themselves, they suffer from a deadly poison; when these poisonous thoughts, feelings, and behaviors take hold on one individual, everyone is impacted. Drawing from mystical wisdom and decades of experience in healing and human science as well as Hans' riveting personal story, The Heart of Self-Love, a combination of instruction, inspiration, and memoir will guide your soul's journey toward self-love, loving relationships, and Divine love. Living in love, including self-love, is both a large picture and a small-details job. Tools for nurturing relationships and achieving radiance are outlined throughout the book as Hans takes on issues of addiction, fear, loss, luck, health, and social justice.

The Wonder of His Love

An awesome, globe-spanning, and New York Times best-selling journey through the beauty and power of mathematics What if you had to take an art class in which you were only taught how to paint a fence? What if you were never shown the paintings of van Gogh and Picasso, weren't even told they existed? Alas, this is how math is taught, and so for most of us it becomes the intellectual equivalent of watching paint dry. In *Love and Math*, renowned mathematician Edward Frenkel reveals a side of math we've never seen, suffused with all the beauty and elegance of a work of art. In this heartfelt and passionate book, Frenkel shows that mathematics, far from occupying a specialist niche, goes to the heart of all matter, uniting us across cultures, time, and space. *Love and Math* tells two intertwined stories: of the wonders of mathematics and of one young man's journey learning and living it. Having braved a discriminatory educational system to become one of the twenty-first century's leading mathematicians, Frenkel now works on one of the biggest ideas to come out of math in the last 50 years: the Langlands Program. Considered by many to be a Grand Unified Theory of mathematics, the Langlands Program enables researchers to translate findings from one field to another so that they can solve problems, such as Fermat's last theorem, that had seemed intractable before. At its core, *Love and Math* is a story about accessing a new way of thinking, which can enrich our lives and empower us to better understand the world and our place in it. It is an invitation to discover the magic hidden universe of mathematics.

If this book doesnt change your mind, it will still change your heart. love. Joshua Millers debut book, Heart of Love, explores the wisdom and virtue of being a person of love. Read about love. Love is in this book; it waits for you. It will add to that light that is already in you, that transcendent light that pushes the darkness into oblivion. Interweaving unique poetic tones within his wisdom-filled study, Miller takes readers beyond simple surface acceptance and into the cavernous riches found within love. These words are for you. God of Love is Mirabai Starr's passionate and personal exploration of the interconnected wisdom of the three Abrahamic faiths. She shares an overview of essential teachings, stories of saints and spiritual masters, prophetic calls for peace and justice, and for the first time in print, deeply engaging narratives from her own spiritual experiences. She guides readers to recognize the teachings and practices that unify rather than divide the three religions, and sheds light on the interspiritual perspective, which celebrates the Divine in all paths. It is Mirabai's hope that this book will serve as a reminder that a

dedication to lovingkindness is the highest expression of faith for all three religions. EARLY REVIEWS FOR God of Love "Mirabai Starr takes us out dancing with the One. God of Love is a confluence of the currents of Judaism, Islam and Christianity all emptying into the great ocean of Love." —Ram Dass, Author Be Here Now "In a time of division between people, this book — which is a masterful blend of research, storytelling, poetry, and memoir — is like a sacred magnet, pulling on the spiritual heart of all seekers." —Elizabeth Lesser, Cofounder, Omega Institute; Author, Broken Open: How Difficult Times Can Help Us Grow "Mirabai Starr writes of the divine from a luminous gene inherited by only a few. We hear The True Song in each word she attributes to the holy. It is more than just her song; it is the Melody of the Spheres translated by an astute musician. We are always touched by the genuine in her call to the reader to love and love well, to see with the sacred eye of beauty." -Ondrea & Stephen Levine, Authors Embracing the Beloved "Mirabai's book has brought me great consolation." -Daniel Berrigan, S. J. activist-priest; Author, No Gods but One "This book brilliantly reminds us that in the heart of the Abrahamic traditions there burns a singular divine flame." -Rev. Robert V. Thompson, Author A Voluptuous God "A wonderful and 'perfect' book. Highly recommended." -Rabbi David A. Cooper, Author God Is a Verb "[God of Love] will expand your vision and inspire your search; I recommend it with great joy." -Andrew Harvey, Author The Hope: A Guide to Sacred Activism "At home in the three great Abrahamic traditions, Mirabai Starr takes us on a deeply personal journey 'Toward the One,' exploring aspects of the 'God of Love' as seen through the eyes of Jewish, Christian and Muslim mystics. This is a book which will delight the seeker of sacred connections between these traditions and those who look forward to a day when Jerusalem, the city shared by all these faiths, will be a house of prayer for all people." -Reb Netanel Miles-Yeppez, Co-Author A Heart Afire: Stories and Teachings of the Early Hasidic Masters

Love, an intense feeling of deep affection and a great interest and pleasure in someone unconditional, the kind we all want; not disappointment, impatience, irritation, or anger. But the kind of love most people need but never had is the love that goes deeper than affection, attraction, lust, or friendship. It's deep mutual love of respect, trust, honesty, integrity, intimacy, chemistry, and partnership. Love is experienced together, not separately. When you see someone as part of your life and future, this is love. Finding love is not easy because, one thing, I found out you have to love yourself first before someone can love you; because looks can deceive, but our heart, mind, and soul tells it all. These words I have written from my heart is to someone I have not met yet, but until that day and time come, I hope these words help and touch someone's heart that reads this book in their life of love.

"A marvel of succinctness, this presentation is one of the best I have seen for initial direction in the faith once delivered to the Fathers." —Dr. Paige Patterson Ted Rivera unpacks the mystery of God's will with a simple yet profound look at what Jesus called the two greatest commandments: loving God and loving others. Filled with examples drawn from everyday life, Rivera's book is practical and wise, a welcome primer for any student of the Bible wanting to deepen their understanding of how to follow Jesus rightly. In the end, Rivera concludes, Jesus isn't looking merely for consistency in obedience but for obedience in love. Indeed, all our good deeds "are utterly worthless if they are disconnected from a heart that beats not only with love for our God, but also with love for our fellow human beings." The Heart of Love urges readers toward a deepened faith and a greater imitation of the God who is love.

When her new stepmother attempts to marry her off, Verena escapes to France only to find herself caught between love, marriage or prison.

Available only in Middle French and German translation until now, this volume constitutes the first full-length , French-English bilingual edition of Rene of Anjou's *Livre du cuers d'amours espris*, including all sixteen of the celebrated color plates, a critical introduction, notes on the translation, and a comprehensive bibliography. The book tells the tale of desire and adventure as Heart -- part of Rene torn from his body by Love -- travels a complex allegorical landscape in quest of the lady Mercy, who is being held prisoner by a band of miscreants led by Refusal and Shame. Rene begs the reader to help him determine which of three entities is responsible for his torment: Fortune led him to the lady whom he loves; once he arrived, Love, in the guise of his lady's gaze, struck his heart; and Destiny insists that he reflect upon her alone. In addition to being a compelling courtly page-turner, *The Book of the Love-Smitten Heart* represents the rare instance in which a medieval love story is told simultaneously in three frameworks: autobiographical letter, dream vision, and quest romance. This structure makes clear the multiple logics within which the author's psychology is reflected in the story, and illustrates how the symbol of the heart, as it travels through these shifting frameworks, dramatizes vital relations linking self, desire, and writing.

Manifesting God is about the principles of contemplative prayer--the retreat into the inner room mentioned by Jesus in Matthew 6:6, where the individual is able to meet God. In the inner room, the silent space in which God unloads the burdens and false selves that govern our individuality and our daily lives, God acts as a divine therapist, healing us and forcing us to recognize how many barriers we put up between ourselves and an authentic relationship with God. The process whereby this happens is the foundation of centering prayer--a technique of prayer that Keating and other contemporary mystics have revived out of the ancient mystical traditions of the Desert Fathers and the medieval mystics. Abbot Keating explores in this book what it means to enter the inner room and the transformation that takes place there. It explains the guidelines of centering prayer and offers advice on how to develop the relationship more deeply.

Heart of Love Evolution is a powerful, emotional journey through depression and suicidal thoughts. Depression is born out of life experiences. It is the giving up of hope, the belief that no one cares for you and the thought that suicide is the only way out. But this darkness is also a manifestation of choices made in the spirit world prior to life. Emotional issues fettered to the soul carry forward the torment of past lifetimes and cycles onward. The cycle of submission to that darkness must be broken. We all need hope and to be loved. To love yourself is the one commitment you must make. Author Terezia M. Farkas recounts how after being a caregiver, grief and depression took over her life. She also shows depression

as a spiritual journey, a product of past lifetime torment, and choices made in the spirit world prior to life. At times poetic recollection and at times self-help treatise, Heart of Love is a portable guide through the most challenging, harmful experience in life.
