SHORTLISTED for the McIlvanney Prize for Scottish Crime Book of the Year ***BOOK OF THE YEAR in SCOTSMAN*** 'It's a lovely, sad tale, beautifully told and full of understanding' The Times 'The most powerful and moving book from Johnstone yet – a calling card that no-one can ignore' Scotsman 'A cracking story, great characters ... it's also about something and really addresses the "whys" of crime' Mark Billingham 'This may be Doug Johnstone's best book yet. An unsparing yet sympathetic depiction of Edinburgh's ignored underclass, with terrific characterisation. Tense, pacey, filmic' Ian Rankin _____ 'There are two sides to every family... Seventeen-year-old Tyler lives in one of Edinburgh's most deprived areas. Coerced into robbing rich people's homes by his bullying older siblings, he's also trying to care for his little sister and his drug-addict mum. On a job, his brother Barry stabs a homeowner and leaves her for dead, but that's just the beginning of their nightmare, because the woman is the wife of Edinburgh's biggest crime lord, Deke Holt. With the police and the Holts closing in, and his shattered family in devastating danger, Tyler meets posh girl Flick in another stranger's house, and he thinks she may just be his salvation ... unless he drags her down too. _____ 'It's as psychologically rich as it is harrowing. I've come to expect nothing less from Doug Johnstone, one of the genre's premiere writers' Megan Abbott 'Breakers again shows that Doug Johnstone is a noir heavyweight and a master of gritty realism. This may be his finest novel yet' Willy Vlautin 'Doug Johnstone is for me the perfect free-range writer, respectful of conventions but never bound by them, never hemmed-in. Each book is a different world, each book something new in this world' James Sallis 'Bloody brilliant ... This is premier league crime writing' Martyn Waites 'A tough, gritty and effective ride into the dark side of Edinburgh' Douglas Skelton 'Pacy, harrowing and occasionally brutal ...had me in tears at the end...' Paddy Magrane 'The tale is both horrifying and uplifting, and one of those books I looked forward to picking up each time I had a moment to read ... I hope it does as well as it deserves to' James Oswald 'Oh. My. God. This was sooo good. Read it in two days. Gripping, dark, fast, but still somehow full of heart' Louise Beech 'A brooding, intensely dark thriller with a defiant beating heart. Evocative, heartbreaking and hopeful – the power of the human spirit to shine in the most desperate place ... STUNNING' Miranda Dickinson

A REESE'S BOOK CLUB PICK THE NEW YORK TIMES BESTSELLER ONE OF THE NEW YORK TIMES BEST THRILLERS OF THE YEAR "I loved this book. It gave me the same waves of happiness I get from curling up with a classic Christie...The alternating points of view keep you guessing, and guessing wrong." — Alex Michaelides, #1 New York Times bestselling author of *The Silent Patient* "Evok[es] the great Agatha Christie classics...Pay close attention to seemingly throwaway details about the characters' pasts. The bride –

The plus one – The best man – The wedding planner – The bridesmaid – The body On an island off the coast of Ireland, guests gather to celebrate two people joining their lives together as one. The groom: handsome and charming, a rising television star. The bride: smart and ambitious, a magazine publisher. It's a wedding for a magazine, or for a celebrity: the designer dress, the remote location, the luxe party favors, the boutique whiskey. The cell phone service may be spotty and the waves may be rough, but every detail has been expertly planned and will be expertly executed. But perfection is for plans, and people are all too human. As the champagne is popped and the festivities begin, resentments and petty jealousies begin to mingle with the reminiscences and well wishes. The groomsmen begin the drinking game from their school days. The bridesmaid not-so-accidentally ruins her dress. The bride's oldest (male) friend gives an uncomfortably caring toast. And then someone turns up dead. Who didn't wish the happy couple well? And perhaps more important, why?

Micheline Helsing is a tetrachromat -- a girl who sees the auras of the undead in a prismatic spectrum. As one of the last descendants of the Van Helsing lineage, she has trained since childhood to destroy monsters both corporeal and spiritual: the corporeal undead go down by the bullet, the spiritual undead by the lens. With an analog SLR camera as her best weapon, Micheline exorcises ghosts by capturing their spiritual energy on film. She's aided by her crew: Oliver, a techno-whiz and the boy who developed her camera's technology; Jude, who can predict death; and Ryder, the boy Micheline has known and loved forever. When a routine ghost hunt goes awry, Micheline and the boys are infected with a curse known as a soulchain. As the ghostly chains spread through their bodies, Micheline learns that if she doesn't exorcise her entity in seven days or less, she and her friends will die. Now pursued as a renegade agent by her monster-hunting father, Leonard Helsing, she must track and destroy an entity more powerful than anything she's faced before . . . or die trying. Lock, stock, and lens, she's in for one hell of a week.

There's a hideous monster on the loose, crushing heads and taking names. But Detective Calvin Kinsey is on the case! Two years ago, Cal Kinsey was an up-and-coming cop in the

Aurora Police Department. But during a fateful nighttime stakeout in search of a prolific killer, Cal witnessed the darkest corner of his dreams come to life. A rogue vampire slaughtered his partner-to put it nicely-and introduced Cal to the supernatural world he never knew existed in the shadows. Now, Cal is a newly minted detective at the often mocked Department of Supernatural Investigations. By day, the agents of DSI are called "Kooks" by local law enforcement. By night, they're known as "Crows," reviled by the supernatural underworld. Mere weeks out of the academy, Cal catches his first real case, a vicious murder at a local college. An unknown sorcerer has summoned a powerful creature from the Eververse, a realm of magic and mayhem that borders Earth, and set it on a dangerous warpath through the city. Between butting heads with his grumpy team captain, stirring up ill will with the local wizards and witches, and repeatedly getting the crap beaten out of himself, Cal must find a way to stop the Eververse monster and send it back to the hell it came from... ..preferably before Aurora, Michigan runs out of coffins for the dead.

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description. Desperate to find a case to justify the team's existence, with budget cuts and a police strike on the horizon, Quill thinks he's struck gold when a cabinet minister is murdered by an assailant who wasn't seen getting in or out of his limo. A second murder, that of the Commissioner of the Metropolitan Police, presents a crime scene with a

message...identical to that left by the original Jack the Ripper. The new Ripper seems to have changed the MO of the old completely: he's only killing rich white men. The inquiry into just what this supernatural menace is takes Quill and his team into the corridors of power at Whitehall, to meetings with MI5, or 'the funny people' as the Met call them, and into the London occult underworld. They go undercover to a pub with a regular evening that caters to that clientele, and to an auction of objects of power at the Tate Modern. Meanwhile, in Paul Cornell's *The Severed Streets*, the Ripper keeps on killing and finally the pattern of those killings gives Quill's team clues towards who's really doing this.... At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

While investigating the mysterious death of a mobster, four police officers come in contact with a strange artifact that grants them the supernatural ability to see the true otherworldly evils that haunt London's streets.

From award-winning author Chris Womersley comes an extraordinary historical novel set in seventeenth-century Paris "One of the unrepentantly daring and original talents in the landscape of Australian fiction" *Sydney Morning Herald* A woman's heart contains all things ... France, 1673. Desperate to save herself and her only surviving child from an outbreak of plague, the widow Charlotte Picot flees her village to seek sanctuary in Lyon. But, waylaid on the road by slavers, young Nicolas is stolen and his mother left for dead. Charlotte fears the boy has been taken to Paris for sale, for it is well known there is no corruption in a man's heart that cannot be found in that terrible City of Crows. Yet this is not only a story of Paris and its streets thronged with preachers, troubadours and rogues. It is also the tale of a woman who calls herself a sorceress and a demon who thinks he is a man ... MORE PRAISE FOR CITY OF CROWS

"Womersley is an astute observer of human nature; his dialogue is sharp; his prose sings. His seventeenth-century Paris is a stinking cesspool of debauchery: Hieronymus Bosch in literary form. This book is fabulous." Readings "Rooted in historical fact this is a novel that entrances you, bewitches you and keeps you thoroughly enthralled." Pages & Pages

Step into my web...and you'll never get out. Chloe Hastings doesn't like rules, and she doesn't exactly play well with others. But she does have one amazing talent—she can get into the mind of killers like no one else. A police consultant and profiler, Chloe is definitely not like anyone that Joel Landry has ever encountered. From the moment they meet—in the middle of a bank robbery—she throws him off balance and pulls him under spell. She seems to have no fear, she plots constantly, and...Joel quickly finds himself trapped in her web. She needs a new partner...and he's just the man for the job. There's a sadistic killer hunting in the streets of New Orleans, and Chloe plans to catch him. First, though she needs a partner she can trust, and she's decided that Dr. Joel Landry is the best fit for the job. Sure, he has a dark past. The doctor was attacked by a serial killer, but Joel survived while his attacker did not. Now the ruggedly handsome doctor has turned to the shadows. He's learned how to hunt, how to fight, how to kill in a thousand brutal ways—in short, he's acquired all of the skills that Chloe absolutely adores in a man. He's exactly what she wants. She could become the only thing he needs. Together, they should be a perfect fit. She knows the minds of criminals better than anyone else, and Joel can protect her from any threat that comes their way. They'll have one hell of a time tracking down the bad guys, provided Chloe and Joel don't kill each other first. Another unanticipated twist for the new partners? Their attraction to each other is explosive, their desire uncontrollable. One reckless kiss seals their fate, and their need won't be denied. And neither will the killer who waits for his moment to attack. Once you step into a spider's web, there is no going back.

Author's Note: Chloe Hastings always has a plan in play. Her investigations are unusual, her friends are generally on the shady side, and her social skills? Well, those are pretty much non-existent. But Chloe solves every case that crosses her path, and she never, ever backs down. When she teams up with her new partner, all bets are off. Joel is gorgeous, sinful, and about to break through every wall that Chloe possesses. He'll fight for her, she'll fight for him, and the criminals in their path had better get ready. There is a new crime-solving team in town. The vampire hunting spy goes to China to investigate a new form of Undead lurking among Peking's criminal underworld in this "lush and delicious read" (Publishers Weekly). China, 1912. James

Asher, his brilliant wife Lydia, and the old occultist and vampire hunter Dr. Solomon Karlebach have journeyed to the new-born Republic of China to investigate the rumor that a mindless breed of Undead known as the Others have begun to multiply in the hills west of Peking. Even vampires fear the Others, but some factions of the criminal underworld plan to turn the powerful horde into an unstoppable weapon. Alongside his old vampire partner, Don Simon Ysidro, Asher embarks on a dangerous hunt. But meanwhile, somewhere in the city's labyrinth, the Peking vampires—known as the Magistrates of Hell—are waiting with their own sinister agenda. “Balancing the excitement of dangerous chases through mines full of Undead with the intellectual satisfaction of solving a political mystery, this is a lush and delicious read.” —Publishers Weekly

Gonzo journalist and literary roustabout Hunter S. Thompson flies with the angels—Hell's Angels, that is—in this short work of nonfiction. “California, Labor Day weekend . . . early, with ocean fog still in the streets, outlaw motorcyclists wearing chains, shades and greasy Levis roll out from damp garages, all-night diners and cast-off one-night pads in Frisco, Hollywood, Berdoo and East Oakland, heading for the Monterey peninsula, north of Big Sur. . . The Menace is loose again.” Thus begins Hunter S. Thompson's vivid account of his experiences with California's most notorious motorcycle gang, the Hell's Angels. In the mid-1960s, Thompson spent almost two years living with the controversial Angels, cycling up and down the coast, reveling in the anarchic spirit of their clan, and, as befits their name, raising hell. His book successfully captures a singular moment in American history, when the biker lifestyle was first defined, and when such countercultural movements were electrifying and horrifying America. Thompson, the creator of Gonzo journalism, writes with his usual bravado, energy, and brutal honesty, and with a nuanced and incisive eye; as *The New Yorker* pointed out, “For all its uninhibited and sardonic humor, Thompson's book is a thoughtful piece of work.” As illuminating now as when originally published in 1967, *Hell's Angels* is a gripping portrait, and the best account we have of the truth behind an American legend.

Young Cassie Logan endures humiliation and witnesses the racism of the KKK as they embark on a cross-burning rampage, before she fully understands the importance her family attributes to having land of their own.

As DI Nikki Gelena struggles to come to terms with the tragic death of her friend, a man is found on a piece of wasteland in Greenborough town. The manner of his death, a cold-blooded and professional execution, bothers her deeply, but not nearly as much as it bothers her sergeant, DS Joseph Easter.

In the still shadows of the confessional, the penitent kneels and makes a bone-chilling disclosure: 'Bless me, Father, for I will sin.' Slowly, tauntingly, the man describes his murderous past - how he stalked his victim, worked his way into her life, and then took that life in a violent rage - and his plan to kill again. Only this time, he has raised the stakes in his twisted game, daring authorities to catch him if they can. This time, he has revealed the name of his next intended victim. 'I'm a heartbreaker. And I do so love a challenge.' Agent Nick Buchanan has come face-to-face with society's worst monsters and depraved minds in his work for one of the FBI's most elite units. He's about to take a much-needed vacation from his high-stress job, when he's called on to stop the killer who has mockingly confessed to the deadly crime he's going to commit. Nick can't refuse - for this time the threat has hit close to home. The intended victim is his best friend's sister. Soon he is caught up in an intricate chase with one of the most devious psychopaths of his career - in a case that suddenly, unexpectedly, pulls him in like no other.

Sarn just wants to pay off his Indenture, not sort out magical problems until a ghost boy shows up. Compelled to solve the mystery surrounding the boy's death, so his own son doesn't pay the price, Sarn sets out on a dangerous quest. But conspirators gather at home, and they seek a crystal to destroy the enchanted forest, and they'll release an ancient monster and destroy the protections barring the dark lord from this world to get it. Sarn must dig deep and use everything he's learned about magic to combat them. But he's only one mage, facing more than one unimaginable evil. How could he possibly prevail? With a little help from his twin, he just might. Sovvan doesn't let a little thing like death stand between her and her family. When the dark lord comes for Sarn, she'll travel to Heaven, Hell, and everywhere in between to save him. But Sovvan needs to evade the army of memory-eating creatures searching for her to have any hope of helping him, and somehow keep her memories intact. She can't save her twin and possibly the world if she can't remember both are in peril. But that's only the beginning of her problems when the Fallen build a gateway to Hell in a magical realm that stores all knowledge. Sovvan can save her twin or she can stop the armies of Hell from coming to Shayari, but she can't do both. And the gateway is just the beginning. The Fallen seek the Seals. If they break them, they'll release the dark lord's full power, and nothing can stand against him then, not even the bond between a mage and his twin. Will Sarn and his sister prevail or will darkness cover everything? Find out in Reluctant Heroes 1-10. This early work by H. P. Lovecraft was originally published in 1936. Born in 1890 in Rhode Island, USA, Lovecraft began writing at a very young age, quickly developing a deep and abiding interest in science. In 1913, Lovecraft joined the UAPA (United Amateur Press Association) but it was four years later, in 1917, that he began to focus on fiction, producing such well-known early stories as 'Dagon' and 'A Reminiscence of Dr. Samuel Johnson'. However, it was during the last decade of his life that Lovecraft produced his most notable works, such as 'the Dunwich Horror' and 'The Call of Cthulhu' which subsequently earned him his place as one of the most influential horror writers of the 20th century. Many of the earliest books, particularly those dating back to the 1900's and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions.

James Byrne's The Gatekeeper introduces Dez Limerick in the most anticipated new thriller in years. A highly trained team of mercenaries launches a well-planned, coordinated attack on a well-guarded military contractor - but they didn't count on one thing, the right man being in

the wrong place at the right time. Desmond Aloysius Limerick (“Dez” to all) is a retired mercenary, and enthusiastic amateur musician, currently in Southern California, enjoying the sun and sitting in on the occasional gig, when the hotel he's at falls under attack. A skilled team attempts to kidnap the Chief legal counsel of Triton Expeditors, a major military contractor - in fact, Petra Alexandris is the daughter of the CEO - but their meticulously-planned, seamlessly executed scheme runs into the figurative 'spanner-in-the-works,' Dez himself. After foiling the attack, and with nothing better to do, Dez agrees to help Alexandris with another problem she's having - someone has embezzled more than a billion dollars from her company and left very few tracks behind. But Dez is a gatekeeper - one who opens doors and keeps them open - and this is just a door of another kind. And the door he opens leads to a dangerous conspiracy involving media manipulation, militias, an armed coup, and an attempt to fracture the United States themselves. There's only one obstacle between the conspirators and success - and that is Dez, The Gatekeeper.
