

Her Pa Berget Arbeidsbok

A very funny, illustrated chapter book about how Kurt stops being the nicest man in the world. Kurt is a truck driver. He’s been a truck driver for many years. Almost ever since he was a boy. He’s always been a very kind man, until… One day Kurt rescues a man who sleepwalks off the pier, and he gets rewarded with a diamond as big as a football. But what use is a diamond? Kurt sells it and gets 50 million dollars. With all that money, it is perhaps not surprising that Kurt turns evil.

TEST YOURSELF Tests in the book and online to keep track of your progress. EXTEND YOUR KNOWLEDGE Extra online articles to give you a richer understanding of the culture and history of Norway. TRY THIS Innovative exercises illustrate what you've learnt and how to use it.

This introduction to Norwegian helps students acquire the basic units of vocabulary and structure and use that knowledge to learn about Norway and Norwegian culture. Once students acquire the basic units of vocabulary and structure, they will use their knowledge of the language to learn about Norway. Students will learn about the cities of Oslo and Bergen, how to converse when eating in a Norwegian home or restaurant, and about Norwegian schools. Emphasis is also given to travel and communications, as well as the seasons of the year and Norwegian holidays. The present edition of the text features a short grammar summary, a reference for review to assist in drawing together aspects of the grammar that are presented throughout the text. To aid in developing good pronunciation and intonation habits, as well as to internalize certain items of vocabulary and structure, most chapters contain a practice dialogue for students to practice repeatedly while studying the chapter.

Sophie's World

Dette er en svært oppsiktsvekkende Historie bok om Norge som tar fra Oldtid og frem til vår tid

The digital music revolution and the rise of piracy cultures has transformed the music world as we knew it. Digital Music Distribution aims to go beyond the polarized and reductive perception of ‘piracy wars’ to offer a broader and richer understanding of the paradoxes inherent in new forms of distribution. Covering both production and consumption perspectives, Spilker analyses the changes and regulatory issues through original case studies, looking at how digital music distribution has both changed and been changed by the cultural practices and politicking of ordinary youth, their parents, music counter cultures, artists and bands, record companies, technology developers, mass media and regulatory authorities. Exploring the fundamental change in distribution, Spilker investigates paradoxes such as: The criminalization of file-sharing leading not to conflicts, but to increased collaboration between youths and their parents; Why the circulation of cultural content, extremely damaging for its producers, has instead been advantageous for the manufacturers of recording equipment; Why more artists are recording in professional sound studios, despite the proliferation of good quality equipment for home recording; Why mass media, hit by many of the same challenges as the music industry, has been so critical of the way it has tackled these challenges. A rare and timely volume looking at the changes induced by the digitalization of music distribution, Digital Music Distribution will appeal to undergraduate students and policy makers interested in fields such as Media Studies, Digital Media, Music Business, Sociology and Cultural Studies.

From the beat of a tribal drum to a choir of crickets-music is everywhere. Math and Music explores the music of various cultures and the sounds heard in nature while highlighting the mathematical concepts, such as proportion, patterns, Fibonacci numbers, geometric transformations, and trigonometry, found in music. The companion poster explores mysterious connections between seemingly different entities, such as music and animals! A four-page guide explains the connections students may discover.

You can make a geek a model, but you can't make her chic. More hilarity and high fashion await in the second book in the internationally bestselling Geek Girl series! Harriet Manners is a model—but she feels even less popular and more awkward than she did when she was just a geek. So a summer modeling job in Japan sounds like the perfect vacation, even if she has to bring along her crazy grandma Bunty, and even if she might run into Nick, her gorgeous supermodel ex-boyfriend. No one is going to ruin Harriet’s fabulous Tokyo adventure—unless she accidentally ruins it herself. . . . This sequel to Holly Smale’s #1 bestselling debut novel, Geek Girl, is perfect for fans of Mag Cabot’s Princess Diaries series and Louise Rennison’s Georgia Nicolson series.

This is a contemporary novel that points far beyond the present; that raises problems for debate today, but points both into the past and the future and has a perspective of irresistible depth. The novel continues to work within you and makes you restless, even after you have read it.

Engaging texts, new video content and a comprehensive digital package are just some of the features that make this fully revised edition even more effective.

Early Childhood Stuttering for Clinicians by Clinicians

Nine Steps to Ancient Freemasonry

A mesmerizing debut novel that spans a thousand years of European and Jewish history seen through the beguiling members of the Spinoza family Since the eleventh century, the Spinoza family has passed down, from father to son, a secret manuscript containing the recipe for immortality. Now, after thirty-six generations, the last descendant of this long and illustrious chain, Ari Spinoza, doesn’t have a son to whom to entrust the manuscript. From his deathbed, he begins his narrative, hoping to save his lineage from oblivion. Ari’s two main sources of his family’s history are a trunk of yellowing documents inherited from his grandfather, and his great-uncle Fernando’s tales that captivated him when he was a child. He chronicles the Spinozas’ involvement in some of Europe’s most formative cultural events with intertwining narratives that move through ages of tyranny, creativity, and social upheaval: into medieval Portugal, Grand inquisitor Torquemada’s Spain, Rembrandt’s Amsterdam, the French Revolution, Freud’s Vienna, and the horrors of both world wars. The Elixir of Immortality blends truth and fiction as it rewrites European history through comic, imaginative, scandalous, and tragic tales that prove “the only thing that can possibly give human beings immortality on this earth: our ability to remember.”

The third psychological mystery in the Oslo Crime Files, a tense and dark quartet of thrillers for fans of Camilla Lackberg and Jo Nesbo. A man obsessed with the cleansing power of fire is destroying everything that reminds him of his youth. He calls himself the Fire Man. That same Easter, a teenager is threatened by his girlfriend's tradition-bound family. Karsten's attempts to protect himself put him and his sister Synne at even greater risk. Then he disappears all together.

Eight years later, Synne is determined to find out what happened that night. But her investigation will ignite smouldering and dangerous memories. And the Fire Man is still there, waiting, and watching her search for the truth at every step... Praise for international bestseller Torkil Damhaug: 'Delivered with maximum psychological intensity' Barry Forshaw, Independent 'Nothing is as it seems in this sleek and cunning thriller' Evening Standard

‘This is a close companion to Frantic Assembly’s practice and one that is written with an open and engaging, even disarming, tone. . . . A rich, rewarding and compelling text.’ Stuart Andrews, University of Surrey
As Frantic Assembly move into their twentieth year of producing innovative and adventurous theatre, this new edition of their well-loved book demystifies the process of devising theatre in an unusually candid way. Artistic directors Scott Graham and Steven Hoggett offer an intimate and invaluable insight into their evolution and success, in the hope that sharing their experiences of devising theatre will encourage and inspire students and fellow practitioners. The Frantic Assembly Book of Devising Theatre is a uniquely personal account of the history and practice of this remarkable company, and includes:
· practical exercises
· essays on devising, writing and choreography
· suggestions for scene development
· a 16-page colour section, and illustrations throughout
· a companion website featuring clips of rehearsals and performances. This is an accessible, educational and indispensable introduction to the working processes of Frantic Assembly, whose playful, intelligent and dynamic productions continue to be acclaimed by audiences and critics alike.

Harmonious Connections

The Journey of a Lifetime begins in Wynnewood. After three years of friendship, adventures, dangers, and triumphs, Dove still wrestles with the ultimate question. Is I AM the God of her heart? While Philip struggles with the direction of his own life, his friend's secret threatens to divide more than friends. Who is Dove? What is Dove? And can Philip truly accept her when he discovers who is beneath the cloak she wears? The adventure continues beyond anything either of them could have imagined. With Philip studying at Oxford, who will help Dove as she struggles with trusting I AM, and who will come to her rescue as she's whisked away to the caves of the Scaedu in the middle of the night? Lord Morgan is torn as the news arrives that both of his young friends are in trouble. Can the Earl of Wynnewood come to the rescue in time? Beneath the Cloak is the final book in the trilogy of adventure surrounding Philip and Dove of Wynnewood

Are you tired of boring Swedish textbooks? "Alfred the Ghost" is a coherent story, which starts very simply, but develops into a fascinating novel. Can't stop reading? Well then ? you will have to learn Swedish! The book includes grammar explanations, exercises, additional texts, and online materials (pronunciation videos, audio files etc.).

Sett i gang is designed for the North American learner who is just starting to study Norwegian language and culture. Sett i gang is a complete and versatile beginning Norwegian curriculum that will help a learner develop language skills and cultural understanding through activities that explore the relationship between one's own culture and that of Norway. Whether you are learning Norwegian at a university, in a community education course, or as a self-study project, this text will give you the skills to explore Norway in a unique and exciting manner. Sett i gang will introduce you to a contemporary Norway with progressive social-democratic values, an increasingly diverse population, and cities pulsing with cosmopolitan energy. In addition, Norway is a country where international diplomacy is valued, cell phones abound and contemporary style is intertwined with the traditional. Sett i gang will also connect you with historic Norway, a country with breathtaking natural beauty and strong traditions in mythology, folk music, bunads, and cuisine. We hope that you enjoy your journey that will connect you to Norway and Norwegians—both linguistically and culturally.

Reprint of the original, first published in 1866.

Sahl bin Bishr (Zahel) and Masha'allah were two of the most influential medieval astrologers from the Arabic period. This essential work in medieval astrology translates 16 of their works, most for the first time, and includes many charts and lengthy introductory remarks and explanations by the translator.

Using authentic conversations between native speakers as a basis, this course will help you to improve and build upon the language you already have so that you develop your skills to a level where you can enjoy talking and understand what is said. You will be introduced to more colloquial Norwegian so you will sound more natural when speaking and gain confidence. If you already know some French and want to take it further, this is the course for you. It is a great refresher course, as well as being an easy way to build upon and improve your existing Norwegian. Taking you from a good intermediate level (B2 of the Common European Framework), this book and audio course helps you to progress up to C1 by offering: Workbook plus MP3 CD-ROM of audio files Carefully leveled and sequenced material - a solid path to build up your knowledge. Quality listening and reading input - day-to-day conversations but also speeches, interviews and newspaper articles. Fluency building - reach a level where you can discuss sophisticated ideas in Norwegian Full of authentic texts and dialogues about complex subjects, this course covers a wide range of topics of the sort you will want to talk about when in France and teaches you the kind of everyday language and features of speech that will enable you to communicate with confidence and feel comfortable taking part in conversation with native speakers of Norwegian. The choice of material aims to give you something of the flavour of Norway today and each unit is based around a single theme with lively interviews and conversations on the accompanying recording. There are activities based on the interviews and texts to help you remember what you've learnt and put your knowledge into practice. The units are divided into sessions - to help you organize your learning time and break up the material into manageable chunks - and there are reminders throughout to refresh your memory of points you have learnt.

Textbook for Beginning Norwegian

Norwegian: An Essential Grammar is a reference guide to the most important aspects of contemporary Norwegian as used by native speakers. The Grammar presents a fresh and accessible description of the language. Explanations are clear, free from jargon and often accompanied by exercises. The book gives a simple, step-by-step presentation of the grammatical systems of Norwegian and demonstrates and explains usages which have proved difficult for those learning the language in the past. It is clearly laid-out for easy reference making it accessible for those at a beginner/intermediate level. This is the ideal reference source for all learners, whether studying independently or in a class.

Troubled by an inability to find any meaning in his life, the 25-year-old narrator of this deceptively simple novel quits university and eventually arrives at his brother's New York apartment. In a bid to discover what life is all about, he writes lists. He becomes obsessed by time and whether it actually matters. He faxes his meteorologist friend. He endlessly bounces a ball against the wall. He befriends a small boy who lives next door. He yearns to get to the bottom of life and how best to live it. Funny, friendly, enigmatic and frequently poignant - superbly naïve.

The life of the great French painter, one of the founders of Impressionism, is narrated in lush comic art reminiscent of his style. From the Salon des Refuses ("Salon of the Rejected") and many struggling years without recognition, money, and yet a family to raise, all the way to great success, critically and financially, Monet pursued insistently one vision: catching the light in painting, refusing to compromise on this ethereal pursuit. It cost him dearly but he was a beacon for his contemporaries. We discover in this comics biography how he came to this vision as well as his turbulent life pursuing it.

This Learner's Guide was designed to accompany the text for Norsk for utlendinger 1, a Norwegian language learning course. Norsk for utlendinger provides an incisive and lively basic introduction to contemporary Norwegian through the use of everyday expressions, practical vocabulary and stress on social/cultural situations. While the text is in Norwegian, the Learner's Guide is in English and contains notes to the learner, answer keys, Norwegian script, and key vocabulary and alphabetical word lists translated into English.

We all hate text books that begin with "Hello, what's your name?." don't we? "The Mystery of Nils" is a coherent story, which starts very simply, but develops into a fascinating novel. Can't stop reading? Well then you will have to learn Norwegian! We have carefully selected the most frequently used words in the Norwegian language and made sure that the story is primarily made up of them. Separate texts and exercises focus on conversational topics that will prepare you for living in Norway. Grammar is a headache? Not with "The Mystery of Nils." Uncover the structure of the Norwegian language with pictures, casual yet comprehensive explanations, and a lot of easy to remember examples. Repetition is the key to learning a language. At www.skapago.eu/nils you will find a great number of exercises, a vocabulary trainer, videos about pronunciation, and a whole lot more. Our Norwegian teachers have co-created this book. They know all the obstacles you might incur and can help you with individual training. Since we teach through online video conferences, you can take lessons wherever you are on this planet. Schedule a free demo lesson at www.skapago.eu. This is the story: Erna Langvik gives her eight year old granddaughter a special birthday present: a doll inspired by the traditional Norwegian mythical creature "Nisse." Nils as the doll is called leads a happy life with his new family in Oslo. But due to an accident, Nils finds out that he means a lot more to Erna than just being a birthday present. Without knowing it, he has been carrying a painful secret, and during an adventurous trip to Northern Norway, he helps Erna to make one of the most important decisions of her life."

This compact volume offers an integrated guide to both Norwegian verbs and the basics of grammar. All the major verbal and grammatical concepts of the language are presented.

Beneath the Cloak

Norsk, nordmenn og Norge 1

One day Sophie comes home from school to find two questions in her mail: "Who are you?" and "Where does the world come from?" Before she knows it she is enrolled in a correspondence course with a mysterious philosopher. Thus begins Jostein Gaarder's unique novel, which is not only a mystery, but also a complete and entertaining history of philosophy.

"Manipulating practices is the first ever collection of critical physiotherapy studies and comes at a time of unprecedented change in the profession. Written as a collaboration between 20 authors, many members of the Critical Physiotherapy Network (CPN), the book uncovers the growing body of critical thinking now emerging in physiotherapy. From topics as diverse as 21st century education, ethics, evidence-based practice, touch, and equine therapy; and approaches as varied as disability and performance studies, feminism, logic, narrative theory, new materialism, and phenomenology, the book explores ways of thinking 'otherwise' about physiotherapy. Over 16 chapters written by authors from six different countries, Manipulating practices offers insights from some of physiotherapy's most radical thinkers. The book is also an innovative venture into open source publishing, making it entirely free to download and read. In keeping with the objectives of the CPN, the chapters expose a range of concepts, ideas and practices to critical scrutiny, and reflect the profession's growing interest in critiquing taken-for-granted ways of practicing and thinking. Manipulating practices will be of interest to clinicians, lecturers, policy-makers, researchers and students, and will provide new impetus to help physiotherapists imagine how the profession might grow and develop into the future." This work was published by Saint Philip Street Press pursuant to a Creative Commons license permitting commercial use. All rights not granted by the work's license are retained by the author or authors.

Physiotherapy is arriving at a critical point in its history. Since World War I, physiotherapy has been one of the largest allied health professions and the established provider of orthodox physical rehabilitation. But ageing populations of increasingly chronically ill people, a growing scepticism towards biomedicine and the changing economy of healthcare threaten physiotherapy's long-held status. Paradoxically, physiotherapy's affinity for treating the 'body-as-machine' has resulted in an almost complete inability to identify the roots of the profession's present problems, or define possible ways forward. Physiotherapists need to engage in critically informed theoretical discussion about the profession's past, present and future – to explore their practice from economic, philosophical, political and sociological perspectives. The End of Physiotherapy aims to explain how physiotherapy has arrived at this critical point in its history, and to point to a new future for the profession. The book draws on critical analyses of the historical and social conditions that have made present-day physiotherapy possible. Nicholls examines some of the key discourses that have had a positive impact on the profession in the past, but now threaten to derail it. This book makes it possible for physiotherapists to think otherwise about their profession and their day-to-day practice. It will be essential reading for scholars and students of physiotherapy, interprofessional and community rehabilitation, as well as appealing to those working in medical sociology, the medical humanities, medical history and health care policy.
