*The Nature of Risk is a short, beautifully illustrated and easy-to-understand book written to help readers face one of modern life's most important and difficult tasks—confronting risk. Free of complicated theories or formulas, The Nature of Risk relies instead on a simple story featuring a cast of familiar, forest-dwelling animals, each of which embodies a different approach to risk management. At least one of these approaches will seem familiar to every reader—whether they knew they had an approach to risk management or not. Then, as the story unfolds, the strengths and weaknesses of each approach will be revealed through a series of “natural” tests. Finally, at the conclusion of the story, readers will come to a short review section designed to help them frame their first attempts at managing risk—with or without professional help.*

A fresh voice for a new generation, Brittany Rust teaches believers how to discern the voice of God and live out the God has for them by : silencing the other voices so it's God's voice that prevails - tuning out the world and tuning in to the voice of God - gaining the confidence to step out in faith it's time for us to separate the loud, external distractions from the quiet whisper of our beautiful God, who promises us that when we call his name, he is ready to respond.

How does it feel to be here and there - at the same time? Maxwell Greyson refers to himself as a project manager but really only makes use of that title in an attempt to mask his ridiculousness, which is something that has plagued him all of his life. He unwittingly embarks on a quest to find what he's always sought. He finds it, or rather he finds something, but doesn't know exactly how to process it or what to do with it. What ensues is a journey that starts at zero and ends up near the edge of the multiverse. Or is it the other way around?

Note: 50% of the proceeds from this book will be donated to a mental health organization focused on helping anxiety, depression, and suicide.\* Hey YOU! Yes... you... the (really cool) person reading the back summary of this book. How are you? Having a good day? Since you are reading the back cover of this book I'm guessing that you're curious what the heck it's about. Right? Well, let me tell you, this ain't no children's book. Full of love, sex, anxiety, and depression this book will chew you up and spit you back out before chapter 4. The story begins with me, sitting in a cafe with my girlfriend of three months. Overcome by love, I (stupidly) decide to proclaim my love for her in the middle of a coffee shop. "I love you. And I know that one day I'm supposed to marry you." Man... do I regret that moment -/ I wish I could tell you that the awkwardness stops there but that would be a bold faced lie. If I was in marketing (I'm not) I would say something like... "From navigating online dating apps and relationships, to self-centered friends, and emotionally abusive alcoholics, James (that's me!) constantly feels like he's at the bottom of the social food chain. His only comfort is his love for music, which displays itseelf in the form of original lyrics throughout the book. One crazy day, James runs into Nikki, a bold, spit-fire, do-things-her-own-way type of person who changes his world-view forever." Well... If you made it down here I'd say this book is for you. If you didn't, oh well. #YOURLLOSSBUDDY. Thanks for all the memories. James Merillot (The Protagonist of this story) \*Donation will be made once a year in December. "Not only does Huffman bring Tim back to life . . . but he also leads us through some of the most harrowing combat of our generation" (Sebastian Junger, New York Times–bestselling author of Tribe). Tim Hetherington (1970–2011) was one of the world’s most distinguished and dedicated photojournalists, whose career was tragically cut short when he died in a mortar blast while covering the Libyan Civil War. Someone far less known for professional glory than revealing to the world the realities of people living in extremely difficult circumstances, Hetherington nonetheless won many awards for his war reporting, and was nominated for an Academy Award for his critically acclaimed documentary, Restrepo. In Here I Am, Alan Huffman tells Hetherington’s life story, and through it analyses, what it means to be a war reporter in the twenty-first century. Huffman recounts the cameraman’s life from his first interest in photography and war reporting, through his critical role in reporting the Liberian Civil War, to his tragic death in Libya. Huffman also traces Hetherington’s photographic milestones, from his iconic and prize-winning pictures of Liberian children, to the celebrated portraits of sleeping US soldiers in Afghanistan. “A powerfully written biography . . . This is poignant imagery and metaphor for the entire body of this extraordinary artist and humanist’s life.” —The Huffington Post “Huffman excels at heightening the drama, depicting the rapid-fire action and constant danger of working among soldiers and guerrillas engaged in battle.” —The Boston Globe “Huffman vividly chronicles the short life of a man drawn to danger zones to capture the horrors of modern warfare.” —Los Angeles Times “Celebrate[s] Tim Hetherington’s life. . . . Recount[s] his last days in Libya in excruciating detail.” —Time

The inspirational bestseller that ignited a movement and asked us to find our WHY Discover the book that is captivating millions on TikTok and that served as the basis for one of the most popular TED Talks of all time—with more than 56 million views and counting. Over a decade ago, Simon Sinek started a movement that inspired millions to demand purpose at work, to ask what was the WHY of their organization. Since then, millions have been touched by the power of his ideas, and these ideas remain as relevant and timely as ever. START WITH WHY asks (and answers) the questions: why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had little in common, but they all started with WHY. They realized that people won't truly buy into a product, service, movement, or idea until they understand the WHY behind it. START WITH WHY shows that the leaders who have had the greatest influence in the world all think, act and communicate the same way—and it's the opposite of what everyone else does. Sinek calls this powerful idea the Golden Circle, and it provides a framework upon which organizations can be built, movements can be led, and people can be inspired. And it all starts with WHY.

As one needs pocket change for a parking meter or a telephone call, wisdom is needed as well as knowledge.

Small print edition 5x8Starkishia: Estrella is a story about a little girl who grew up too fast to feel the grass wear thin under the soles of her shoes. Abuse thickened her skin, yet her nightmares were as dark as they were real. The library became her sanctuary where stories took her to another place and time. But, in reality there was nothing imaginary about the bruises under her clothing as she advanced from one classroom to another during middle school, or nothing fictitious about being molested by the meggot hands of a despicable relative. Her plight was hidden in a small town in Georgia just as her physical abuse was disregarded by the school's social worker. This colored child was brought into this world by her 14 year old mother who was ruthlessly dominated by her husband. Starkishia loved her mother above all else; her step-father who provided shelter for them witnessed her birth and helped raise her. She consumed pieces of joy, but sometimes she received broken reptails and ended up walking down the dark road alone; yet in some fortunate way humanity was always within reach. After her parents split up, Starkishia and her family ended up in Texas. Single parenthood changed their family structure forevermore. Starkishia became a wage earner at age 13; she also became homeless the following year. She was, for years, engulfed by her impoverished and dysfunctional environment. She married a native of Mexico a few days after her 15th birthday. He nicknamed her 'Estrella' a Spanish term which means 'Star'. It goes without saying that Starkishia born in the land of opportunity, but it was not exactly within her reach. Yes, she was her grandmother's star, but she was a statistic of minimal proportions as far as small town and suburbia America was concerned. Shortly after marriage, she became a mother. Afterward the life of this teen went downhill at lightning speed. Many readers will identify with her; for, she walked away from her husband broken hearted; then, she fell in love with another man, and as new babies arrived, she took her limited funds and focused on the lives of those under her roof. In time, her parental absence to her oldest two children turned flat out into abandonment. Have mercy! Starkishia was a lost teen, but through grace she eventually became a productive woman in American society. *When Edy Phelps falls hard for her best friend, she knows nothing can come from it. Forget actual chemistry, or the fact that she cherishes his mother more than her own; centuries of tradition say that Hassan Pradhan will grow up, marry the girl his parents select, and think nothing of his best friend: the dancer with the bursting smile. Except he can't. He won't. In a world erupting with possibilities for the boy with a body of steel and dreams of the NFL, everything seems promised while nothing at all is; when he's denied the girl he wants most, Two hearts. Two families devoted through generations of friendship. Could Edy and Hassan really risk all that? And yet ... how could they not?*

But true mindfulness, Hanh explains, is not an escape. It is being in the present moment, totally alive and free. Based on a retreat that Thich Nhat Hanh led for Westerners, You Are Here offers a range of effective practices for cultivating mindfulness and staying in the present moment—including awareness of breathing and walking, deep listening, and skillful speech. These teachings will empower you to witness the wonder of life and transform your suffering, both within and outside you, into compassion, tenderness, and peace. As Thich Nhat Hanh declares, “the energy of mindfulness is the energy of the Buddha, and it can be produced by anybody.” It is as simple as breathing in and breathing out.*

*Instant New York Times Bestseller A New York Times Notable Book of 2016 A Time Magazine Top 10 Novel of 2016 A Times Literary Supplement Best Book of 2016 "Dazzling . . . A profound novel about the claims of identity, history, family, and the burdens of a broken world." —Maureen Corrigan, NPR's "Fresh Air" In the book of Genesis, when God calls out, "Abraham!" before ordering him to sacrifice his son, Isaac, Abraham responds, "Here I am." Later, when Isaac calls out, "My father!" before asking him why there is no animal to slaughter, Abraham responds, "Here I am." How do we fulfill our conflicting duties as father, husband, and son; wife and mother; child and adult? Jew and American? How can we claim our own identities when our lives are linked so closely to others? These are the questions at the heart of Jonathan Safran Foer's first novel in eleven years—a work of extraordinary scope and heartbreaking intimacy. Unfolding over four tumultuous weeks in present-day Washington, D.C., Here I Am is the story of a fracturing family in a moment of crisis. As Jacob and Julia Bloch and their three sons are forced to confront the distances between the lives they think they want and the lives they are living, a catastrophic earthquake sets in motion a quickly escalating conflict in the Middle East. At stake is the meaning of home—and the fundamental question of how much aliveness one can bear. Showcasing the same high-energy inventiveness, hilarious irreverence, and emotional urgency that readers loved in his earlier work, Here I Am is Foer's most searching, hard-hitting, and grandly entertaining novel yet. It not only confirms Foer's stature as a dazzling literary talent but reveals a novelist who has fully come into his own as one of our most important writers.*
