In one special family everyone has an important job, including the family dog, who is a volunteer at a hospital where sick children--and sometimes adults--can pet him, play with him, and feed him treats.

Jonathan Harker, a young London solicitor (a lawyer) travels to Transylvania (modern-day Romania) to help a rich nobleman, Count Dracula, purchase an estate in England. Dracula is planning to immigrate to England, and wants Harker to help him hammer out all the legal details. Harker is at first impressed by Dracula's suave politeness, but is soon creeped out by the Count's uncanny ability to communicate with wolves and by the lack of servants-or anyone else-in the Count's huge castle. Soon after, Harker realizes that he's a prisoner in the castle.

Rated MA (Mature Audience). FOR STRONG LANGUAGE, VIOLENCE and SEXUAL CONTENT. Drag Me is a skillfully clever spin-off of the Epic Novel Mrs. Tatterbaum. A dramedy about a man, Joseph Stiegler, a native of Valdosta, GA., who goes in search of himself after spending the Thanksgiving Holiday's with his family. The feeling of being invisible amongst the people in his life pushes Joseph to the edge of curiosity which beckons the question, is there more to life than simply existing. Dangling onto a thin rope of hope, thoughts of where his life is headed takes a front seat in Joseph's mind. He finds himself in a world filled with colorful lights, neon signs, big attitudes and loud personalities. A world where big hair, 8' inch stilettos, glitter pasties and tons of makeup are the Holy Grail. Cue in the laughter, doused with the occasional dramatic moments, that rest on the backdrop of soulful music. A true tour de force tale carefully woven into cinematic art. Will Joseph finally find himself? Or, will he forever drown in the Sea of Uncertainty. Strap on your seatbelts, this is going be one heck of an unforgettable ride.

The construction of earth buildings has been taking place worldwide for centuries. With the improved energy efficiency, high level of structural integrity and aesthetically pleasing finishes achieved in modern earth construction, it is now one of the leading choices for sustainable, low-energy building. Modern earth buildings provides an essential exploration of the materials and techniques key to the design, development and construction of such buildings. Beginning with an overview of modern earth building, part one provides an introduction to design and construction issues including insulation, occupant comfort and building codes. Part two goes on to investigate materials for earth buildings, before building technologies are explored in part three including construction techniques for earth buildings. Modern earth structural engineering is the focus of part four, including the creation of earth masonry structures, use of structural steel elements and design of natural disaster-resistant earth buildings. Finally, part five of Modern earth buildings explores the application of modern earth construction through international case studies. With its distinguished editors and international team of expert contributors, Modern earth buildings is a key reference work for all low-impact building engineers, architects and designers, along with academics in this field. Provides an essential exploration of the materials and techniques key to the design, development and construction of modern earth buildings Comprehensively discusses design and construction issues, materials for earth buildings, construction techniques and modern earth structural engineering, among other topics Examines the application of modern earth construction through international case studies

The plans and purpose for all whom God created are always good plans, and with a perfect outcome for its fulfillment according to Jeremiah 29:11. The term "dropped" in the context of this book is synonymous to unforeseeable tragic events that have happened to so many people, which have created adverse chain reactions to the entire course of their journey on earth. Many were 'dropped' by their abusive parents or close relatives, which remain an emotional scar in their minds for many years to come, many friends have betrayed their close confidants at the most crucial junction of their lives, husbands or wives dropping their families over matters they considered irreconcilable, without considering the lives of their children who will be affected negatively by such decisions. Many were dropped from grace to grass by their attitudes towards God in their flagrant disobedience to things that honor Him. Many people with these 'dropped' experiences in their lives, always possess similar traits of insecurity, inferiority complex, thoughts of not being good enough to achieve great things, and possibilities of hiding their hurts and "crippleness" for the fear of being ridiculed or dropped a second time. My sincere prayer for anyone that comes across the book, who has been dropped either by human errors or unexpected challenges, and which is still a source of hurt in your heart... is that through this book, your Creator who loves you with an everlasting love, will reach down to your inner soul and heal you. Turning your past disappointment into a tool for major advancements in your life, and the source of healing for others who will come in contract with you in Jesus name.
