About the Trilogy Missing Picture - Book One - There's never a dull moment on 9th avenue located in the inner city of Birmingham, AL. Block parties, music and barbecue smoke fills the air. Get to know Terrance, Pookie, Troy, Latonja and Charlene. Pookie has a secret that will destroy the friendships. How does Terrance and the other friends cope with their changing friendship as they grow into young adulthood. What will they do with the secret they have discovered? One Who is Loved - He's young successful and met the girl of his dreams. Terrance's life is going as planned. The moment he laid eyes on Priyanka; she captured his heart. Calculating and chased by her past, little does Terrance know that Priyanka's desires are twisted. Terrance is blinded by his love while his friends are left with questions. Will Terrance ever find out who she really is? "Why does this keep happening to me? What did I do to deserve such unrest in my life!" Relationships begin, blossom, and occasionally burst in this tale of a woman's life gone completely off the rails. From her teenage years through young adulthood, we follow the starts and stops of a protagonist who plays with others' lives like the strings on a violin. The music being heard, however, is a cacophony of trickery, treachery, and even homicide. In a contemporary narrative chronicled out of sequence, two people meet and fall in love. One is a pillar of honesty, graciousness, and compassion. The other is the epitome of falseness, amorality, and indifference. Their initial electric attraction to one another is powerful, but it begins to slowly disintegrate as events begin to snowball, events that shine a revealing light on secrets one tries desperately to keep hidden. Eventually, murder and more become part of what one will do to hold onto the other. How far can the bands of love stretch before they break violently? Author Taylor spins her yarn with a firm hand on the loom. She creates vivid characters that become instantly identifiable when she wants them to be, like the noble Terrance and the uncontrollable Natalie. She's also capable of making characters mysterious, such as the enigmatic Priyanka. Taylor keeps readers on their toes with shifting time frames and multiple points of view. Her pace is swift, with her prose filling in any comprehension crevasses, while her dialogue adds spice to the flesh and blood of the people populating her pages. book review by Joe Kilgore At What Cost- The pages are turning for Priyanka. Her beauty continues to hide her deceit but her past continues to chase her. Will she forget about

Terrance in her new life and live her life as she always has by destroying those who love her and if so, at what cost to others; at what cost to herself? How long and how far can she run or hide from murder, treachery, and lies. Attention Life & Business Coaches! This is NOT just another "how to" book on becoming a Life or Business Coach, yet it will change your perception about coaching! It is NOT about getting more coaching clients, yet this book will help you to get exponentially MORE clients than you've ever attracted before! It is NOT about making more money as a coach, yet this book will help you generate more revenue from your coaching practice than you ever thought possible! This book is a REALITY CHECK for life & business coaches. Many coaches are struggling financially and are desperately trying to fill their practices with reliable and high-paying clients. Yet not having enough clients is only a symptom of an unsuccessful coaching business, but not its root cause. If you're not running a successful and profitable coaching practice, there is only one reason: You're not delivering RESULTS! This book will transition you from a "traditional coach" to a Results Coach. Inside you will find "7 Strategies for Charging High-End Coaching Fees." These 7 strategies are the secret to delivering the RESULTS your clients will pay you for! And as a SPECIAL BONUS, I've included my complete 12 Week Persona Coach Signature Coaching Program "Change Your Perception. Change Yourself!" . Now you can duplicate my proprietary coaching system that creates Value & delivers Results! Here's an outline of the Signature Coaching Program that is included in the book (A \$997 Value!). By adding the Signature Program to the book, this Special Edition grew by 137 pages!

Week I - You will introduce your clients to the concept of a perceived identity and the impact this perceived identity has on the RESULTS your clients want to achieve. If your clients want to change any outcome, they must first change their perception of that outcome. And it all starts here, with their perceived identity! Week II - You will show your clients to the (r)evolving nature of their identity and the impact their perceived identity has on the RESULTS they want to achieve. If your clients want to change any outcome, they must first change the perception of "who they are"! And it all starts here, with the cycle of identity! Week III - If your clients don't control the way in which they are perceived, their identity will be at the mercy of those who judge, label, define and characterize them. In order to achieve the RESULTS your clients are looking for, they must first create a "Social MASK" for the person who would be successful. The person they must become! They must create a new Persona for success! Week IV - Your clients bring together the seven elements that are needed for the development of their new Persona. These are the elements that make up the profile of the "person who would be successful." Week V - You lead your clients to a Restore Point from where they can follow a different path to their Desired Outcome. A Restore Point from where they will start to create their new Persona! Week VI - Your clients will align their new Persona with that of the "person who would be successful" by modeling their profile. Week VII - Your clients will align their new Persona with the RESULTS they want to achieve. This is how they

measure their success! Week VIII - Every type of human interaction can be reduced to a single common denominator: COMMUNICATION! Week IX - As your clients continue to build the foundation for their new Persona, it's time to create a Code of Conduct for the "person who would be successful"! Week X - Your clients' new Persona is now a partially developed picture that needs to be completed by connecting the dots that link the various relationships your clients have with their INFLUENCERS. Coaching is always about VALUE and never about FEES! And the only VALUE your clients are interested in is measured by the RESULTS you deliver!"

Why I wrote this book: I was sick and tired of my life, my business, my girlfriend, and I was in a business where a business partner told me lies all day, so I did the same to him. I needed to get my life together. I needed something to motivate me. More specifically, I needed something to move me from this 'stuck' place I was in. One question changed my life. WHAT IF PROBLEMS WERE ALWAYS GIFTS? What if... What if every single problem really was a gift in your life? What if every problem you've ever had was life happening for you, not to you? What if everything in our lives is guided? What if everything in our lives was Devine timing? Everything? Even the pain. When you are in the darkest place. When you feel like all is lost. When you think there is no way to turn it around. Victory is near. This book and your 30- Day Challenge will help reprogram the fundamental way you approach life, and the MEANING that you attribute to events. Let it change and improve you. Into the Sun puts a human face on the business of American politics. It also makes you rethink what you believe about Washington. When Neil Volz moved from small-town Ohio to Capitol Hill he was a young idealistic college student. Twelve years later, he was a high-profile symbol of Washington corruption. A former lobbyist and public official, Volz paints a vivid and disturbing picture of his rise and fall. He ushers the reader in to the clandestine world of congressional deal making and special interest lobbying, all the while telling of his journey down the slippery slope of personal corruption. The book describes first-hand what it was like to be a target of a Justice Department investigation, as well as a government witness during the worst political corruption scandal since Watergate. The author outlines important life lessons he learned from the experience. And raises fundamental questions about the role of money of politics. How do people become corrupt? Is it an individual failure? Or the result of a failed political system? While Into the Sun is a personal story about hope, failure and faith, it also a larger story about how Washington works - and how it doesn't.

The Prosperous Coach

A portrait of Muslim migrants adapting to a new world and a new understanding of their own religious and cultural identity in a European city. When Guinean Muslims leave their homeland, they encounter radically new versions of Islam and new approaches to religion more generally. In Remaking Islam in African Portugal, Michelle C. Johnson explores the religious lives of these migrants in the context of diaspora. Since Islam arrived in West Africa centuries ago, Muslims in this region have long conflated ethnicity and Islam, such that to be Mandinga or Fula is also to be Muslim. But as they increasingly encounter Muslims not from Africa, as well as other ways of being Muslim, they must question and revise their understanding of "proper" Muslim belief and practice. Many men, in particular, begin to separate African custom from global Islam. Johnson maintains that this cultural intersection is highly gendered as she shows how Guinean Muslim men in Lisbon—especially those who can read Arabic, have made the pilgrimage to Mecca, and attend Friday prayer at Lisbon's central mosque—aspire to be cosmopolitan Muslims. By contrast, Guinean women—many of whom never studied the Qur'an, do not read Arabic, and feel excluded from the mosque—remain more comfortably rooted in African custom. In response, these women have created a "culture club" as an alternative Muslim space where they can celebrate life course rituals and Muslim holidays on their own terms. Remaking Islam in African Portugal highlights what being Muslim means in urban Europe, and how Guinean migrants' relationships to their ritual practices must change as they remake themselves and their religion.

Traces the inspirational story of a breast-cancer survivor whose new puppy ran away from its caregiver while the family was on vacation, a loss for which the author's family was assisted by numerous helpers from the police chief to local school children. What would your life look like if you could consistently bring in \$15, 20k, 50k or even \$100k or more a MONTH? What would your life look like if you were consistently bringing in high-paying, high-value clients you love working with and who appreciate you? I am going to give you what I found to be the winning formula I use myself and teach others to do. The BEAUTIFUL thing is, once you get things working right, you will have a rinse-and-repeat system you can count on to build a dream business. From there, you can scale and leverage your business to achieve an even higher level of success. Many coaches and consultants are out there flailing in the wind to try to have success. One month they have many clients with a high income but then they lose a couple of clients and they are back down again. Being on the income roller-coaster is no way to run or enjoy your business. My first business started in 1991 after leaving a thirteen-year corporate business management position to stay home and raise my babies. Making a move from the west coast to the Midwest to be closer to family, we clearly didn't think through all the obstacles we would face. Because of the financial struggles we experienced, I started my entrepreneurial journey that would span over twenty-nine years (as I am writing this book.) Over the twenty-nine years, I have built six businesses from the ground up and have sold five of them for significant profits. My coaching and consulting business is my sixth successful business. Over the years I have finally "dialed in" what it takes to have a multiple-six-figure or beyond coaching and consulting business you can love, helping clients get great results, making a great income, while still having freedom in your life. These things are why I am writing this book for you. This book is for the success-minded coaches and consultants or professional service

providers who want to reach a higher level in their business. In this book, I am going to provide you with a step-by-step strategic game plan to reach your next level. My hope is when you implement what you learn from this book it will help you change your business and your life. I'm going to teach you how to plan the business and income you want, how to get clients, how to deliver your services, and scale a coaching and consulting business. This book, "EXPERT IN YOU" - Build a Lucrative and Impactful Coaching and Consulting Business From Your Xpertise, is a strategic game-plan for you. There are plenty of coaches just getting started in their business and they may be earning a few thousand dollars a month on a consistent basis, but they are barely getting by. Making low monthly revenue makes it difficult financially to invest in themselves or their business for growth. A lack of financial resources will limit their influence, impact, and freedom. They ultimately can't scale their business because they don't have consistent leads, appointments, clients, or money. Many more coaches and consultants become trapped in the way they build their business and as a result, they struggle to have the freedom they desire or the money they deserve. This results in coaches having to work with difficult clients; taking anyone who can pay them (even if it is a little.) Because they struggle financially, they often aren't able to develop a working process or systems to reach higher levels of revenue or income. I am here to tell you that the strategies and plans I have put into this book are not the only way to build a lucrative business, but they are the effective strategies I use and teach that has allowed me to build a business beyond my wildest dreams, without sacrificing the quality of my life. You can have this too!

One Question Can Change Your Life and Your and Your Business

The Miracle of Positive Self-Talk

Did you know that asking a new kind of question can immediately change your life? One morning in 1997, college student Noah St. John was in the shower when he asked himself a question that changed his life: Why are we trying to change our lives saying statements we don't believe . . . when the human mind responds automatically to something even more powerful? That's when he invented the stunningly simple yet amazingly effective method he named Affirmations—a method that's since helped tens of thousands of people around the world to attract more money, lose hundreds of pounds, find their soul mates, grow their businesses, and dramatically improve their lives, with just four simple steps. The Book of Affirmations isn't just another book on abundance. It's a proven, step-by-step guidebook to living the life of your dreams. Inside this book, you'll discover: • What the Belief Gap is and why it's keeping you stuck • How a struggling insurance salesman increased his income by 560 percent in less than a year—and found the love of his life—using this method • How a 13-year-old girl cured her chronic insomnia using this simple technique—in just one night • What they told you about the Law of Attraction that's just flat-out wrong • How to quit smoking and overcome depression without drugs or therapy • The 2 most effective questions of all time, and the 1 question you should never ask • How to create instant superstar performance in yourself and everyone in your organization • And that's just the beginning . . . Are you ready to join the Affirmations Revolution?

The chronicles of Sinka expose the reader to the realities that an African female child exposed to. Especially in the not so modernized regions of the continent, ranging from female genital mutilation, sexual abuse, lack of education, and martial law. The chronicles achieve by taking the reader on a journey through life from the view of Sinka Kanu. It takes the reader on an adventurous tale with many twists of fate. And the unfortunate luck of the protagonist. It also shows a strong resolve that was able to surpass and survive all that life threw at it and shows what true love looks like. The chronicle ends with a transformation in Sinka that makes her a solution to the problem of many concerning sexual abuse and a source of hope to many.

Are you an entrepreneur or salesperson who needs more qualified leads? How about converting your existing leads into paying customers and clients, "much" faster? Are you a doctor, financial services, or other trade professional, who's always dreamed of having effortless, 'almost magic-like' marketing that'll have your daily planner "filled" with appointments? Do you own a jewelry store, dry cleaners, or other retail establishment you'd love to see "packed" with paying customers? Have you had it 'up to here' with clients who demand first-class service, even though they're on a Wal-Mart budget? Do you want to avoid tire-kickers who shop around for the lowest prices in town or online, and instead, only deal with ultra-rich clients who are thrilled to be working with someone of your caliber? If you answered 'Yes ' to any of these questions or if you just want to make a LOT of money, "very" quickly, then this is the most exciting and important book you will ever read. Often compared to Eugene Schwartz 'Breakthrough Advertising, ' inside you'll discover: How Garber made \$578,463 in one year with a small list of customers, without spending a dime on advertising and almost

all at 90% profit. Garber shows you how to at "least" double your sales, whether you work online, offline, or both. Not by begging JV's or affiliates to promote you, but by using fresh new ideas that work in ANY business. On page 42, you'll uncover the single greatest secret weapon for making money in any business. How powerful is this secret? Quite simply, it is the best source of ongoing and predictable income, referrals and repeat business, in the world. And, it has almost "zero" downside risk. What about advertising? Are you sick and tired of running online and offline ads that never get the kind of responses you want? Is your website more like a ghost town than a bustling freeway, filled with traffic? Don't worry, Chapter 23, "How To Write A Sales Letter That Sells," gives you the blueprint to designing compelling ads that'll have your buyers lined up and practically "begging" you to take their money. Garber walks you through the 12 proven items you MUST include in every ad or sales letter, to make them perform as reliably as a Swiss watch. As you know, there are only three ways to make more money: Raise your prices, get more customers, or increase the value of your average transaction size. In Chapter 12, you'll discover a simple strategy (which takes less than 5 minutes to implement) that gets up to 98.4% of your customers to spend more money with you, every time they buy. How to sell products and services for much higher prices and profit margins than your competition. The secret to charging top-dollar is knowing how to 'position' yourself in the marketplace. And this is much easier to do than you think, as you'll see in Chapter 10, "How To Become Number One In Your Industry." Why conventional business and marketing advice is useless, because it revolves around exchanging time for money. Look, whenever you're trading time for money, your income is limited by the amount of time you're either "willing," or are physically able, to work. Garber reveals 2 simple strategies (pages 135 and 321) that leverage your time and multiply your effort, so your cash-flow is no longer tied to how long or how hard you can work. Result: a lot less work... and a lot more money. Listen, 'hoping' things get better, won't work. "Hope" is not a good business strategy. In times like this, you need to "think" smarter, not "work" harder, and this book shows you "exactly" how to do this.

Finally, the book that all professionals frustrated with fleeting client loyalty and relentless price pressure have waited for -- the first in-depth, client-tested guide to developing lasting business relationships. What separates extraordinary professionals from ordinary ones? Why are some professionals always drawn into their clients' inner circle of advisers, while others are employed on a one-shot basis and treated like vendors? Based on groundbreaking research, *Clients for Life* sets forth a comprehensive framework for how professionals in all fields can develop

breakthrough relationships with their clients and enjoy enduring client loyalty. Drawing on insights from extensive interviews with both leading CEOs and today's most prominent client advisers, Jagdish Sheth and Andrew Sobel debunk the conventional wisdom about professional success -- "find a specialty, do good work" -- as hopelessly inadequate in a world where clients have unlimited access to information and expertise. The authors replace these tired conventions with an innovative blueprint, supported by over one hundred case studies and examples drawn from consulting, financial services, law, technology, and other fields, for how you can evolve from an expert for hire -- a commodity -- to an extraordinary adviser. Riveting portraits of both exceptional contemporary professionals and legendary advisers such as Aristotle, Thomas More, Niccolò Machiavelli, and J. P. Morgan reveal how great client relationships are achieved in practice. Readers will learn, for example, to develop selfless independence, which tempers complete emotional, intellectual, and financial independence with a powerful commitment to client needs; to become deep generalists and overcome the narrow perspective caused by specialization; to systematically build lifelong trust; and to cultivate the power of synthesis -- big-picture thinking -- that is so highly valued by clients. Acclaimed by leading management thinkers, *Clients for Life* clearly illustrates the most important attributes and strategies of extraordinary client advisers and shows how you can use them to enrich your own relationships. It provides sophisticated professionals with the tools and insights they need to reap the rewards of lifetime client loyalty.
