Project-based learning today is much different than the craft-heavy classroom activities popular in the past.

Inquiry, planning,

Get Free History And Government Guided Key research,

collaboration, and
analysis are key
components of
project-based
learning activities
today. However, that
doesn't mean
creativity, individual
expression, and fun
are out. They
definitely aren't!

Each project is designed to help students gain important knowledge and skills that are derived from standards and key concepts at the heart of academic subject areas. Students are asked to analyze and solve problems, to

Get Free History And Government Guided Key

gather and interpret data, to develop and evaluate solutions, to support their answers with evidence, to think critically in a sustained way, and to use their newfound knowledge to formulate new questions worthy of exploring. While

Get Free History And Government Guided Key

some projects are more complex and take longer than others, they all are set up in the same structure. Each begins with the central project-driving questions, proceeds through research and supportive questions,

Get Free History And Government Guided Key

has the student
choose a
presentation option,
and ends with a
broader-view
inquiry. Rubrics for
reflection and
assessments are
included, too. This
consistent
framework will
make it easier for

Get Free History And Government Guided Key

you assign projects
and for your students
to follow along and
consistently meet
expectations.

Encourage your
students to take
charge of their
projects as much as
possible. As a
teacher, you can act
as a facilitator and
