

History Of Rock And Roll John Costa

An essential work for rock fans and scholars, *Before Elvis: The Prehistory of Rock n Roll* surveys the origins of rock n roll from the minstrel era to the emergence of Bill Haley and Elvis Presley. Unlike other histories of rock, *Before Elvis* offers a far broader and deeper analysis of the influences on rock music. Dispelling common misconceptions, it examines rock s origins in hokum songs and big-band boogies as well as Delta blues, detailing the embrace by white artists of African-American styles long before rock n roll appeared. This unique study ranges far and wide, highlighting not only the contributions of obscure but key precursors like Hardrock Gunter and Sam Theard but also the influence of celebrity performers like Gene Autry and Ella Fitzgerald. Too often, rock historians treat the genesis of rock n roll as a bolt from the blue, an overnight revolution provoked by the bland pop music that immediately preceded it and created through the white appropriation of music till then played only by and for black audiences. In *Before Elvis*, Birnbaum daringly argues a more complicated history of rock s evolution from a heady mix of ragtime, boogie-woogie, swing, country music, mainstream pop, and rhythm-and-blues a

melange that influenced one another along the way, from the absorption of blues and boogies into jazz and pop to the integration of country and Caribbean music into rhythm-and-blues. Written in an easy style, Before Elvis presents a bold argument about rock s origins and required reading for fans and scholars of rock n roll history."

Now updated with two new chapters and an extraordinary collection of photographs, this second edition of Paul Friedlander's Rock and Roll: A Social History is a smash hit. The social force of rock and roll music leaps off the page as Paul Friedlander provides impressive insights based on hits from Johnny B. Goode to Smells Like Teen Spirit and beyond. In this musical journey, Friedlander offers the melodious strains and hard-edged riffs of Elvis, the Beatles, The Who, Dylan, Clapton, Hendrix, Motown, the San Francisco Beat, Punk, New Wave, rap, metal, 90's grunge, plus file sharing, and much more. The book is written in a refreshing, captivating style that pulls the reader in, offering no less than a complete social and cultural history of rock and roll for students and general audiences alike. Friedlander writes, 'This book chronicles the first forty years of rock/pop music history. Picture the various musical styles as locations on a giant unfolding

road map. As you open the map, you travel from place to place, stopping at each chapter to sample the artistry. Don't forget to dress your imagination appropriately for this trip, because each genre is affected by the societal topography and climate that surround it. Enjoy your trip. We promise it will be a good one! Completely updated with new entries and extensive revisions of the previous 1,800, *The Rolling Stone Encyclopedia Of Rock & Roll* is the authoritative volume on the world's music makers—from the one-hit wonders to the megastars. In 1983, Rolling Stone Press introduced its first *Rock & Roll Encyclopedia*. Almost two decades later, it has become the premier guide to the history of rock & roll, and has been selected by the Rock and Roll Hall of Fame & Museum as its official source of information. Giving full coverage to all aspects of the rock scene, it tells the story of rock & roll in a clear and easy reference format, including complete discographies, personnel changes for every band, and backstage information like date and place of birth, from Elvis Presley to Eminem. Since the last edition, the music scene has exploded in every area, from boy-bands to hip-hop, electronica to indie rock. Here, the *Encyclopedia* explores them all—'NSync, Notorious B.I.G., Ricky Martin, Radiohead,

Britney Spears, Blink-182, Sean “Puffy” Combs, Portishead, Fatboy Slim, Fiona Apple, Lil' Kim, Limp Bizkit, Oasis, Outkast, Yo La Tengo, TLC, and many, many more. The Rolling Stone Encyclopedia of Rock & Roll, Third Edition includes all the facts, phenomena, and flukes that make up the history of rock. Accompanying the biographical and discographical information on the nearly 2,000 artists included in this edition are incisive essays that reveal the performers' musical influences, first breaks, and critical and commercial hits and misses, as well as evaluations of their place in rock history. Filled with hundreds of historical photos, The Rolling Stone Encyclopedia is more than just a reference book, it is the bible of rock & roll. The birth of rock 'n roll ignited a firestorm of controversy--one critic called it "musical riots put to a switchblade beat"--but if it generated much sound and fury, what, if anything, did it signify? As Glenn Altschuler reveals in All Shook Up, the rise of rock 'n roll--and the outraged reception to it--in fact can tell us a lot about the values of the United States in the 1950s, a decade that saw a great struggle for the control of popular culture. Altschuler shows, in particular, how rock's "switchblade beat" opened up wide fissures in American society along the fault-lines of family, sexuality, and

race. For instance, the birth of rock coincided with the Civil Rights movement and brought "race music" into many white homes for the first time. Elvis freely credited blacks with originating the music he sang and some of the great early rockers were African American, most notably, Little Richard and Chuck Berry. In addition, rock celebrated romance and sex, rattled the reticent by pushing sexuality into the public arena, and mocked deferred gratification and the obsession with work of men in gray flannel suits. And it delighted in the separate world of the teenager and deepened the divide between the generations, helping teenagers differentiate themselves from others. Altschuler includes vivid biographical sketches of the great rock 'n' rollers, including Elvis Presley, Fats Domino, Chuck Berry, Little Richard, Jerry Lee Lewis, and Buddy Holly--plus their white-bread doppelgangers such as Pat Boone. Rock 'n' roll seemed to be everywhere during the decade, exhilarating, influential, and an outrage to those Americans intent on wishing away all forms of dissent and conflict. As vibrant as the music itself, *All Shook Up* reveals how rock 'n' roll challenged and changed American culture and laid the foundation for the social upheaval of the sixties.

The Rock-And-Roll Era

All Shook Up

On 21st March 1952 rock and roll was forged in fire as Alan Freed's Moondog Coronation Ball in Cleveland ended up in a riot because frenzied fans stormed the arena. This volume offers information on 50 years of rock and roll, from Chuck Berry to the Beatles to Beck.

The History of Rock: For Big Fans and Little Punks is a magical mystery tour through popular music history, featuring trailblazing acts from the 1950s to the present. Colorful, stylish illustrations bring to life artists like Jimi Hendrix, David Bowie, Joan Jett, and Madonna, plus bands such as The Beatles, The Clash, Beastie Boys, and Pearl Jam, all of whom have inspired countless boys and girls to become musicians over the past seventy years. Included throughout the book are hand-picked recommendations from every time period, forming an extended

playlist of over 1,000 songs that pay tribute to the genre and its many sounds. Divided into thirty-five different chapters, including "Pioneers Of Rock," "Women At The Helm," "Smash It," and "Hard As Rock," this vivid collection also covers the artistic movements that influenced rock or were influenced by it, such as blues, jazz, soul, and hip hop. What began as a successful Kickstarter campaign is now a must-have for rockers of all ages! A lively half-century history of rock and roll profiles performers and music that completely reshaped world culture, placing an emphasis on the pivotal year of 1956 while citing the contributions of such figures as Elvis, Chuck Berry, and Little Richard. A Concise History of Rock 'n' Roll

A Social History

Chronicles the history of rock and roll from its beginnings to the

present day, describing how the music evolved and changed society. This interesting book presents a history of rock and roll from its roots through its current trends. It gives a comprehensive analytical insight into the various musical styles of rock, providing thorough historical detail and discussing the social context of each style as it developed, from the early 1950s through the 60s, 70s, 80s, and today. Giving comprehensive historical detail and social context, this book places special emphasis on rock as a musical style, dealing with each parameter of music (rhythm, harmony, melody, form, and texture) as it applies to rock music. It covers such topics as the roots of rock, rock and roll as an emerging force, the Fifties, the Sixties, the Beatles, the British Invasion, folk music and folk rock, soul and Motown, San Francisco, jazz and art rock, the Seventies, the Eighties, and recent trends and developments. For anyone interested in a comprehensive book about the history of rock and roll, including those in the music industry, such as disc jockeys, rock music writers, and promoters.

A History of Rock Music: The Rock & Roll Era is a celebration of the roots of rock & roll and its emergence as the soundtrack to teenage rebellion and a liberatingly raucous, joyous and rebellious music for one especially fortunate generation. The book is a lovingly detailed examination of the pre-Beatles 1950's era of classic rock & roll, with special attention devoted to the music's varied musical influences, most notably the Blues, Country & Western, Gospel Music, Boogie-Woogie and Rhythm & Blues. It is both a detailed history and a musical appreciation of America's greatest artistic gift to the world.

In this series of books, based on the hit podcast A History of Rock Music in 500 Songs, Andrew Hickey analyses the history of rock and roll music, from its origins in swing, Western swing, boogie woogie, and gospel, through to the 1990s, grunge, and Britpop. Looking at five hundred representative songs, he tells the story of the musicians who made those records, the society that produced them, and the music they were making. Volume one looks at fifty songs from the origins of rock and roll, starting in 1938 with Charlie Christian's first recording session, and ending in 1956. Along the way, it looks at Louis Jordan,

LaVern Baker, the Ink Spots, Fats Domino, Sister Rosetta Tharpe, Jackie Brenston, Bill Haley, Chuck Berry, Elvis Presley, Little Richard, and many more of the progenitors of rock and roll.

The Secret History of Rock 'n' Roll

From Savoy Stompers to Clock Rockers

The Rolling Stone History of Rock & Roll

Before Elvis

A Comic Book History of Rock and Roll

Put on your dancing shoes and move to the music. Rock and roll sprang from a combination of African-American genres, Western swing, and country music that exploded in post World War II America. Jim O'Connor explains what constitutes rock music, follows its history and sub-genres through famous musicians and groups, and shows how rock became so much more than just a style of music influencing fashion, language, and lifestyle. This entry in the New York Times best-selling series contains eighty illustrations and sixteen pages of black and white photographs.

Ed Ward covers the first half of the history of rock & roll in this sweeping and definitive narrative—from the 1920s, when the music of rambling medicine shows mingled with the songs of vaudeville and minstrel acts to create the very early sounds of country and rhythm and blues, to the rise of the first independent record labels post-World War II, and concluding in December 1963, just as an immense change in the airwaves took hold and the Beatles prepared for their first American tour. *The History of Rock & Roll, Volume 1* shines a light on the far corners of the genre to reveal the stories behind the hugely influential artists who changed the musical landscape forever. In this first volume of a two-part series, Ward shares his endless depth of knowledge and through engrossing

storytelling hops seamlessly from Memphis to Chicago, Detroit, England, New York, and everywhere in between. He covers the trajectories of the big name acts like Elvis Presley, Buddy Holly, Chuck Berry, and Ray Charles, while also filling in gaps of knowledge and celebrating forgotten heroes such as the Burnette brothers, the “5” Royales, and Marion Keisker, Sam Phillips’s assistant, who played an integral part in launching Elvis’s career. For all music lovers and rock & roll fans, Ward spins story after story of some of the most unforgettable and groundbreaking moments in rock history, introducing us along the way to the musicians, DJs, record executives, and producers who were at the forefront of the genre and had a hand in creating the music we all know and love today.

Traces the history and evolution of rock music from the early days of rock and roll through the present day.

Rock and roll music evolved in the United States during the late 1940s and 1950s, as a combination of African American blues, country, pop, and gospel music produced a new musical genre. Even as it captured the ears of the nation, rock and roll was the subject of controversy and contention. The music intertwined with the social, political, and economic changes reshaping America and contributed to the rise of the youth culture that remains a potent cultural force today. A comprehensive understanding of post-World War II U.S. history would be incomplete without a basic knowledge of this cultural phenomenon and its widespread impact. In this short book, bolstered by primary source documents, Mitchell K. Hall explores the change in musical style represented by rock and roll, changes in technology and business practices, regional and racial implications of this new music, and the global influences

of the music. The Emergence of Rock and Roll explains the huge influence that one cultural moment can have in the history of a nation.

Connecticut Rock 'n' Roll: A History

From the author of the critically acclaimed Elvis Presley biography: Last Train to Memphis brings us the life of Sam Phillips, the visionary genius who singlehandedly steered the revolutionary path of Sun Records. The music that he shaped in his tiny Memphis studio with artists as diverse as Elvis Presley, Ike Turner, Howlin' Wolf, Jerry Lee Lewis, and Johnny Cash, introduced a sound that had never been heard before. He brought forth a singular mix of black and white voices passionately proclaiming the vitality of the American vernacular tradition while at the same time declaring, once and for all, a new, integrated musical day. With extensive interviews and firsthand personal observations extending over a 25-year period with Phillips, along with wide-ranging interviews with nearly all the legendary Sun Records artists, Guralnick gives us an ardent, unrestrained portrait of an American original as compelling in his own right as Mark Twain, Walt Whitman, or Thomas Edison.

Long neglected in the annals of American music, the Nutmeg State's influence on the history of rock'n'roll

deserves recognition. Connecticut's musical highlights include the beautiful harmonies of New Haven's Five Satins, Gene Pitney's rise to fame, Stamford's the Fifth Estate and notable rockers such as Thurston Moore of Sonic Youth, Rivers Cuomo of Weezer and Saturday Night Live Band's Christine Ohlman. Rock Hall of Famers include Tina Weymouth and Chris Frantz of the Talking Heads and Dennis Dunaway of the Alice Cooper Band. Some events became legend, like Jimi Hendrix's spellbinding performance at Yale's Woolsey Hall, Jim Morrison's onstage arrest at the New Haven Arena and teenage Bob Dylan's appearance at Branford's Indian Neck Folk Festival. With in-depth interviews as well as rare, never-before-seen photos, author Tony Renzoni leads a sonic trip that captures the spirit and zenith of the local scene. -- Publisher description

Traces the history of rock and roll music from the 1950s to the present day and discusses its changing styles and leading personalities.

1971 The Year That Rock Exploded

THE HISTORY OF CANADIAN ROCK 'N' ROLL

Discusses the evolution of rock music from its earliest origins to today's most influential musical styles and performers

Detroit Rock City is an oral history of Detroit and its music told by the people who were on the stage, in the clubs, the practice rooms, studios, and in the audience, blasting the music out and soaking it up, in every scene from 1967 to today. From fabled axe men like Ted Nugent, Dick Wagner, and James Williamson jump to Jack White, to pop flashes Suzi Quatro and Andrew W.K., to proto

punkers Brother Wayne Kramer and Iggy Pop, Detroit slices the rest of the land with way more than its share of the Rock Pie. Detroit Rock City is the story that has never before been sprung, a frenzied and schooled account of both past and present, calling in the halcyon days of the Grande Ballroom and the Eastown Theater, where national acts who came thru were made to stand and deliver in the face of the always hard hitting local support acts. It moves on to the Michigan Palace, Bookies Club 870, City Club, Gold Dollar, and Magic Stick – all magical venues in America's top rock city. Detroit Rock City brings these worlds to life all from the guys and dolls who picked up a Strat and jammed it into our collective craniums. From those behind the scenes cats who promoted, cajoled, lost their shirts, and popped the platters to the punters who drove from everywhere, this is the book that gives life to Detroit's legend of loud.

From rock and roll historian Ed Ward comes a comprehensive, authoritative, and enthralling cultural history of one of rock's most exciting eras. It's February 1964 and The Beatles just landed in New York City, where the NYPD, swarms of fans, and a crowd of two hundred journalists await their first American press conference. It begins with the question on everyone's mind: "Are you going to get a haircut in America?" and ends with a reporter tugging Paul McCartney's hair in an attempt to remove his nonexistent wig. This is where The History of Rock & Roll, Volume 2 kicks off. Chronicling the years 1964 through the mid-1970s, this latest volume covers one of the most exciting eras of rock history, which saw a massive outpouring of popular and cutting-edge music. Ward weaves together an unputdownable narrative told through colorful anecdotes and shares the behind-the-scenes stories of the megastars, the trailblazers, DJs, record executives, concert promoters, and producers who were at the forefront of this incredible period in music history. From Bob Dylan to Bill Graham, Jimi Hendrix, Janis Joplin, The Byrds, Aretha Franklin, The Rolling Stones, and more, everyone's

favorite musicians of the era make an appearance in this sweeping history that reveals how the different players, sounds, and trends came together to create the music we all know and love today.

A History of Rock Music

Now updated with two new chapters and an extraordinary collection of photographs, this second edition of Paul Friedlander's *Rock and Roll: A Social History* is a smash hit. The social force of rock and roll music leaps off the page as Paul Friedlander provides impressive insights based on hits from Johnny B. Goode to Smells Like Teen Spirit and beyond. In this musical journey, Friedlander offers the melodious strains and hard-edged riffs of Elvis, the Beatles, The Who, Dylan, Clapton, Hendrix, Motown, the San Francisco Beat, Punk, New Wave, rap, metal, 90's grunge, plus file sharing, and much more. The book is written in a refreshing, captivating style that pulls the reader in, offering no less than a complete social and cultural history of rock and roll for students and general audiences alike. Friedlander writes, This book chronicles the first forty years of rock/pop music history. Picture the various musical styles as locations on a giant unfolding road map. As you open the map, you travel from place to place, stopping at each chapter to sample the artistry. Don't forget to dress your imagination appropriately for this trip, because each genre is affected by the societal topography and climate that surround it. Enjoy your trip. We promise it will be a good one!

The legendary critic and author of *Mystery Train* "ingeniously

retells the tale of rock and roll" (Publishers Weekly, starred review). Unlike previous versions of rock 'n' roll history, this book omits almost every iconic performer and ignores the storied events and turning points everyone knows. Instead, in a daring stroke, Greil Marcus selects ten songs and dramatizes how each embodies rock 'n' roll as a thing in itself, in the story it tells, inhabits, and acts out—a new language, something new under the sun. "Transmission" by Joy Division. "All I Could Do Was Cry" by Etta James and then Beyoncé. "To Know Him Is to Love Him," first by the Teddy Bears and almost half a century later by Amy Winehouse. In Marcus's hands these and other songs tell the story of the music, which is, at bottom, the story of the desire for freedom in all its unruly and liberating glory. Slipping the constraints of chronology, Marcus braids together past and present, holding up to the light the ways that these striking songs fall through time and circumstance, gaining momentum and meaning, astonishing us by upending our presumptions and prejudices. This book, by a founder of contemporary rock criticism—and its most gifted and incisive practitioner—is destined to become an enduring classic. "One of the epic figures in rock writing."—The New York Times Book Review "Marcus is our greatest cultural critic, not only because of what he says but also, as with rock-and-roll itself, how he says it."—The Washington Post Winner of the Deems Taylor Virgil Thomson Award in Music Criticism, given by the American Society of Composers, Authors & Publishers

History of rock and roll includes: biographical information on past and present musicians, composers, bands, producers, and record executives; analyses of evolutionary rock styles from before the 1950s to the present, including a list of the most seminal recordings from each style; an album-by-album review of ... the Beatles and Bob Dylan; an audio CD containing twenty notable recordings in rock, with a synopsis

of each.

Charlie Gillett, a British journalist, loves the music, and his passion is evident throughout *The Sound of the City*. Yet the greatest strength of the book is the way Gillett tracks the resistance of the music industry to early rock-and-roll, which was followed (needless to say) by a frantic rush to engulf and devour it. When first published *The Sound of the City* was hailed as having 'never been bettered as the definitive history of rock' (*Guardian*). Now the classic history of rock and roll, has been revised and updated with over 75 historic archive photos. The text has been substantially revised to include newly discovered information and it is now 'the one essential work about the history of rock n' roll' (Jon Landau in *Rolling Stone*).

The Emergence of Rock and Roll

Detroit Rock City

Rockin' in Time

A Brief History of Rock 'n' Roll

The basis for the new hit documentary *1971: The Year That Music Changed Everything*, now streaming on Apple TV+. A rollicking look at 1971 - the busiest, most innovative and resonant year of the 70s, defined by the musical arrival of such stars as David Bowie, Pink Floyd, Led Zeppelin, and Joni Mitchell On New Year's Eve, 1970, Paul McCartney told his lawyers to issue the writ at the High Court in London, effectively ending The Beatles. You might say this was the last day of the pop era. The following day, which was a Friday, was 1971. You might say this was the

first day of the rock era. And within the remaining 364 days of this monumental year, the world would hear Don McLean's "American Pie," The Rolling Stones' "Brown Sugar," The Who's "Baba O'Riley," Zeppelin's "Stairway to Heaven," Rod Stewart's "Maggie May," Marvin Gaye's "What's Going On," and more. David Hepworth, an ardent music fan and well regarded critic, was twenty-one in '71, the same age as many of the legendary artists who arrived on the scene. Taking us on a tour of the major moments, the events and songs of this remarkable year, he shows how musicians came together to form the perfect storm of rock and roll greatness, starting a musical era that would last longer than anyone predicted. Those who joined bands to escape things that lasted found themselves in a new age, its colossal start being part of the genre's staying power. Never a Dull Moment is more than a love song to the music of 1971. It's also an homage to the things that inspired art and artists alike. From Soul Train to The Godfather, hot pants to table tennis, Hepworth explores both the music and its landscapes, culminating in an epic story of rock and roll's best year. This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Rock and Roll – Changing

"...tells the story of the Mysteries [e.g. Mystery religions]--their rise, fall and eventual rebirth in the New World, where rhythms and melodies from the West African and the Celtic diasporas collided with the sound of popular music forever."--P. 4 of cover.

In our unit, students trace the development of Rock n' Roll, from African Tribal music through to the modern music styles of today. Due to the academic nature of the material, our unit can be taught with a great deal of structure, much like a social studies history unit. A variety of student assignments are incorporated in the lesson. Students write words for their own blues song, create a poster for a specific music style, and write and illustrate a newspaper. This Music lesson provides a teacher and student section with a variety of reading passages, activities, crossword, word search and answer key to

create a well-rounded lesson plan.

Rock And Roll

History of Rock 'n' Roll in Ten Songs

Sam Phillips: The Man Who Invented Rock 'n' Roll

The Uncensored History of Rock 'n' Roll in America's Loudest City

History of Rock and Roll

The Sound of the City

A Social History of Early Rock 'n' Roll in Germany explores the people and spaces of St. Pauli's rock'n'roll scene in the 1960s. Starting in 1960, young British rockers were hired to entertain tourists in Hamburg's red-light district around the Reeperbahn in the area of St. Pauli. German youths quickly joined in to experience the forbidden thrill of rock'n'roll, and used African American sounds to distance themselves from the old Nazi generation. In 1962 the Star Club opened and drew international attention for hosting some of the Beatles' most influential performances. In this book, Julia Sneeringer weaves together this story of youth culture with histories of sex and gender, popular culture, media, and subculture. By exploring the history of one locale in depth, Sneeringer offers a welcome contribution to the scholarly literature on space, place, sound and the city, and pays overdue attention to the impact that Hamburg had upon music and style. She is also careful to place performers such as The Beatles back into the social,

spatial, and musical contexts that shaped them and their generation. This book reveals that transnational encounters between musicians, fans, entrepreneurs and businessmen in St. Pauli produced a musical style that provided emotional and physical liberation and challenged powerful forces of conservatism and conformity with effects that transformed the world for decades to come.

Few journalists have staked a territory as definitively and passionately as Mikal Gilmore in his twenty-year career writing about rock and roll. Now, for the first time, this collection gathers his cultural criticism, interviews, reviews, and assorted musings.

Beginning with Elvis and the birth of rock and roll, Gilmore traces the seismic changes in America as its youth responded to the postwar economic and political climate. He hears in the lyrics of Bob Dylan and Jim Morrison the voices of unrest and fervor, and charts the rise and fall of punk in brilliant essays on Lou Reed, The Sex Pistols, and The Clash. Mikal Gilmore describes Bruce Springsteen's America and the problem of Michael Jackson. And like no one else, Gilmore listens to the lone voices: Al Green, Marianne Faithfull, Sinéad O'Connor, Frank Sinatra. Four decades of American life are observed through the inimitable lens of rock and roll, and through the provocative and intelligent voice of one of the most committed chroniclers of American music, and its powerful expressions of love, soul, politics, and redemption.

Rock 'n Roll is the first music to span generations.

What youth enjoyed in the '20s was ignored in the '30s. Music from the '30s was ignored in the '40s and so on - that is until Rock 'n' Roll hit the mainstream in the 1960s. Every generation wants a music they can call their own. The difference with Rock 'n' Roll is that new generations embrace what's past as well as present. This volume brings each decade of Rock to life, and additionally includes chapters on Elvis, The Beatles, Music in the Video Age, Rock Festivals, Women in Rock, and lots of urban legends... both true and mythic. Rock music reinvents itself regularly and shows no signs of slowing down. Explores the origins of rock and roll, its impact on American society, and how the genre has evolved throughout its history.

The Prehistory of Rock 'n' Roll

How Rock 'n' Roll Changed America

Rolling Stone Encyclopedia of Rock & Roll

The History of Rock and Roll

Rock and Roll

When Jimi Hendrix died, the idea of a black man playing lead guitar in a rock band seemed exotic. Yet ten years earlier, Chuck Berry had stood among the most influential rock and roll performers. Why did rock and roll become white? Jack Hamilton challenges the racial categories that distort standard histories of rock music and the 60s revolution.

Offers a social history of rock music, looks at influential performers, and discusses the business aspects of the industry.

"Tunes is an eclectic anthology of work by

celebrated graphic artists that together present a definitive history of rock and roll through that most rebellious of illustrated media, the comic strip."--Back cover flap.
