Includes the library's annual reports for 1909-

Musicaum Books presents to you this meticulously collection of hundreds of life stories, recorded interviews and incredible vivid testimonies of former slaves from the American southern states, including photos of the people being interviewed and their extraordinary narratives. After the end of Civil War in 1865, more than four million slaves were set free. There were several efforts to record the remembrances of the former slaves. The Federal Writers' Project was one such project by the United States federal government to support writers during the Great Depression by asking them to interview and record the myriad stories and experiences of slavery of former slaves. The resulting collection preserved hundreds of life stories from 17 U.S. states that would otherwise have been lost in din of modernity and America's eagerness to deliberately forget the blot on its recent past. Contents: Alabama Arkansas Florida Georgia Indiana Kansas Kentucky Maryland Mississippi Missouri North Carolina Ohio Oklahoma South Carolina Tennessee Texas Virginia

The Faces Behind the Chains: Thousands of Recorded Interviews, Memoirs & Life Stories of Former Slaves

Call to Freedom Participating in Our Democracy Grade 8

The untold story of the slaying of a Southern town's ex-slaves and a white lawyer's historic battle to bring the perpetrators to justice Following the Civil War, Colfax, Louisiana, was a town, like many, where African Americans and whites mingled uneasily. But on April 13, 1873, a small army of white ex-Confederate soldiers, enraged after attempts by freedmen to assert their new rights, killed more than sixty African Americans who had occupied a courthouse. With skill and tenacity, The Washington Post's Charles Lane transforms this nearly forgotten incident into a riveting historical saga. Seeking justice for the slain, one brave U.S. attorney, James Beckwith, risked his life and career to investigate and punish the perpetrators—but they all went free. What followed was a series of courtroom dramas that culminated at the Supreme Court, where the justices' verdict compromised the victories of the Civil War and left Southern blacks at the mercy of violent whites for generations. The Day Freedom Died is an electrifying piece of historical detective work that captures a gallery of characters from presidents to townspeople, and re-creates the bloody days of Reconstruction, when the often brutal struggle for equality moved from the battlefield into communities across the nation.

A vivid history of America's biggest, baddest prison system and how it came to lead the nation's punitive revolution In the prison business, all roads lead to Texas. The most locked-down state in the nation has led the way in criminal justice severity, from assembly-line executions to isolation supermaxes, from prison privatization to sentencing juveniles as adults. Texas Tough, a sweeping history of American imprisonment from the days of slavery to the present, shows how a plantation-based penal system once dismissed as barbaric became the national template. Drawing on convict accounts, official records, and interviews with prisoners, guards, and lawmakers, historian Robert Perkinson reveals the Southern roots of our present-day prison colossus. While conventional histories emphasize the North's rehabilitative approach, he shows how the retributive and profit-driven regime of the South ultimately triumphed. Most provocatively, he argues that just as convict leasing and segregation emerged in response to Reconstruction, so today's mass incarceration, with its vast racial disparities, must be seen as a backlash against civil rights. Illuminating for the first time the origins of America's prison juggernaut, Texas Tough points toward a more just and humane future.

Locomotive Firemen's Magazine

Space-farmer Rae Darling is kidnapped and trained to become a warrior against her own people in this adventurous middle grade space western that "will lasso readers and have them hoping for a sequel" (Booklist). Rae Darling and her family are colonists on a moon so obscure it doesn't merit a name. Life is hard, water is scarce, and the farm work she does is grueling. But Rae and her sister Temple are faced with an added complication—being female is a serious liability in their strict society. Even worse, the Cheese—the colonists' name for the native people on the moon—sometimes kidnap girls from the human colony. And when Rae's impetuous actions disrupt the fragile peace, the Cheese come for her and Temple. Though Rae and Temple are captives in the Cheese society, they are shocked to discover a community full of kindness and acceptance. Where the human colonists subjugated women, the Cheese train the girls to become fierce warriors. Over time, Temple forgets her past and becomes one of the Cheese, but Rae continues to wonder where her loyalties truly lie. When her training is up, will she really be able to raid her former colony? Can she kidnap other girls, even if she might be recruiting them to a better life? When a Cheese raid goes wrong and the humans retaliate, Rae's loyalty is put to the ultimate test. Can Rae find a way to restore peace—and preserve both sides of herself?

Musicaum Books presents to you this carefully created volume of "THE VOICES FROM THE MARGINS: Authentic Recorded Life Stories by Former Slaves from 17 American States". Taking a collection of seminal articles from the Journal of Curriculum Studies, this book offers readers a vantage point for thinking about the worlds of schools and curricula, focusing in particular on the concept of seeing schools, curricula and teaching in new ways. Each of the chapters sheds fresh light on the ways of thinking the aforementioned. Themes include: classrooms and teaching pedagogy science and history education school and curriculum development students' lives in schools. Written by an international group of distinguished scholars from Britain, North America, Sweden and Germany, the chapters draw on the perspectives offered by curriculum and pedagogical theory, history, ethnography, sociology, psychology and organisational studies and experiences in curriculum-making. Together they invite many questions about why teaching and curricula must be as they are. Rethinking Schooling provides new futures for education and alternative ways of seeing them.

Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

THE VOICES FROM THE MARGINS: Authentic Recorded Life Stories by Former Slaves From 17 American States

Beginnings To 1877

The main purpose of presenting the work is to congratulate the Texas former slaves and their ancestors for their perseverance in celebrating the first unofficial JUNETEENTH holiday in 1866 and their challenge of getting the JUNETEENTH -Emancipation Day made into a state holiday and then a national federal holiday in 2021. For years, the Texas African-Americans have shown the world the true meaning of the JUNETEENTH

Celebration. They always had Jubilee celebrations, to show the progress of former slaves with inventions, education, church gatherings and Texas food. As a result of JUNETEENTH, African Americans were able to get education and worship freely, not in hollows or groves or the back of churches, in galleries or behind the pulpits in the white churches, if the slaves were allowed to attend the white churches. In many cases, the slaves were not allowed to read the Bible nor sing or pray. The challenges of the former Texas slaves promoted the establishing of Black churches, Black elementary and high school and the Historically Black Colleges and Universities (HBCUs). Blacks were prohibited from going to most white schools until the mid-1900s. Slaves at the time had been in the country for more than 300 hundred years without being allowed to attend school, church or have proper housing or food, but God was our father. Out of the Historically Black Colleges and Universities, African-Americans were able to achieve basic freedom to compete in the world and to later on integrate white colleges and universities. The Emancipation Proclamation was written and issued by President Abraham Lincoln in 1863. All slaves were freed two years later in 1865.

Even though the slaves were freed two years after the issuing of the Emancipation Proclamation, the Texas slaves were the last slaves to learn that all slaves were free in 1865. The Texas former slaves were the first to celebrate JUNETEENTH, because the Texas slaves were freed on this date. The Texas former slaves celebrated FIRST JUNETEENTH in 1866.

One of the few books of its kind, *Acting Up and Getting Down* brings together seven African American literary voices that all have a connection to the Lone Star state. Covering Texas themes and universal ones, this collection showcases often-overlooked literary talents to bring to life inspiring facets of black theatre history. Capturing the intensity of racial violence in Texas, from the Battle of San Jacinto to a World War I-era riot at a Houston training ground, Celeste Bedford Walker's Camp Logan and Ted Shine's Ancestors provide fascinating narratives through the lens of history. Thomas Meloncon's Johnny B. Goode and George Hawkins's Br'er Rabbit explore the cultural legacies of blues music and folktales. Three unflinching dramas (Sterling Houston's Driving Wheel, Eugene Lee's Killingsworth, and Elizabeth Brown-Gullory's When the Ancestors Call) examine homosexuality, a death in the family, and child abuse, bringing to light the private tensions of intersections between the individual and the community. Supplemented by a chronology of black literary milestones as well as a playwrights' canon, *Acting Up and Getting Down* puts the spotlight on creative achievements that have for too long been excluded from Texas letters. The resulting anthology not only provides new insight into a regional experience but also completes the American story as told onstage.

Teaching for Dissent looks at the implications of new forms of dissent for educational practice. The reappearance of dissent in political meetings and street protests opens new possibilities for improved democratic life and citizen participation. This book argues that this possibility will not be fulfilled if schools do not cultivate the skills necessary for our citizens to engage in political dissent. The authors look at how practices in schools, such as the testing regime and the 'hidden curriculum', suppress students' ability to voice ideas that stand in opposition to the status quo. Teaching for Dissent calls for a realignment of the curriculum and the practices of schooling with a guiding vision of democratic participation.

Presents history as a collection of written evidence--primary sources--about the past. The readings in this book place you in direct contact with the people who lived and experienced history--the eyewitnesses.

Some call it Freedom Day, some call it Emancipation Day; some call it Juneteenth. Learn more about this important holiday that celebrates the end of chattel slavery in the United States in this Step 3 History Reader. On June 19, 1865, two years after the Emancipation Proclamation, a group of enslaved men, women, and children in Texas gathered. Order Number 3 was read, proclaiming that they were no longer enslaved—they were free. People danced, wept tears of joy, and began to plan their new lives. Juneteenth became an annual celebration that is observed by more and more Americans with parades, picnics, family gatherings, and reflection on the words of historical figures, to mark the day when freedom truly rang for all. Step 3 Readers feature engaging characters in easy-to-follow plots and popular topics—for children who are ready to read on their own.
