Level 2 Reader. Over 1.4 million men and women are responsible for protecting the United States, both in wartime and in peacetime. These men and women belong to the five different branches of the military. This Level 2 Reader teaches reluctant reader Loved for its traditional Christmas message The Story of Santa's Beard leads children into the magical world of Santa, as it also transports adults back to a time when the magic was theirs. Synopsis: There is a problem growing at the North Pole because children around the world are being so good. Santa's beard grows a little each time children share, play fair, do their best, tell the truth... Soon, because so many children are good every day, Santa's beard gets so long he can't walk, he can't talk, and he can't make the toys. But, those smart little elves come up with a plan. In the end all Santa has to do is choose the best kids from his "Good List" to receive a snippet of his long beard- included in the book. Children squeal with delight when they discover their very own snippet of Santa's beard to treasure every Santa believing year and beyond. Parents and grandparents love that the story reinforces ethics and values while spreading Santa magic!

First Grade Fundamentals will delight young learners with activities on consonants and vowels, vocabulary, addition and subtraction, fractions, phonics, reading comprehension, time and money, and more. Filled with colorful pages, easy-to-follow directions, and grade-appropriate activities, the Fundamentals series introduces and reinforces introductory concepts in math and language arts. --The series covers all of the basics for success in PreK to Grade 2 and is perfect for year-round learning. The fun, challenging activities will supplement what children are learning in school, reinforcing their understanding of the subject matter and enhancing school performance. Each page features directions that teach and guide children through key areas of learning.

Jan Brett's beloved character Hedgie stars in this charming story about a little Tomten who gets tired of porridge for breakfast and starts stealing Henny's eggs. But Henny wants a brood of chicks and she needs her eggs. With the help of clever Hedgie, she substitutes an acorn, a strawberry, a mushroom and finally a potato in her nest. But nothing stops that Tomten until the little hedgehog hides in Henny's nest: when the Tomten reaches in to get his morning treat, all he gets is a handful of prickles. He runs home for porridge and never comes back again! Intricate needlepoint patterns of Scandinavian designs frame the characters reacting from the borders in this beautiful picture book set in Denmark.

A boy discovers his Native American heritage in this Depression-era tale of identity and friendship by the author of Code Talker It's 1932, and twelve-year-old Cal Black and his Pop have been riding the rails for years after losing their farm in the Great Depression. Cal likes being a "knight of the road" with Pop, even if they're broke. But then Pop has to go to Washington, DC--some of his fellow veterans are marching for their government checks, and Pop wants to make sure he gets his due--and Cal can't go with him. So Pop tells Cal something he never knew before: Pop is actually a Creek Indian, which means Cal is too. And Pop has decided to send Cal to a government boarding school for Native Americans in Oklahoma called the Challagi School. At school, the other Creek boys quickly take Cal under their wings. Even in the harsh, miserable conditions of the Bureau of Indian Affairs boarding school, he begins to learn about his people's history and heritage. He learns their language and customs. And most of all, he learns how to find strength in a group of friends who have nothing beyond each other.

A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

After hundreds of years of keeping the secrets, the Grand Fairy Council had ruled that it is time to tell the children about where the tooth fairy lives and why she needs your teeth. This story, as it was told to Ms. Sharon, by the Tooth Fairy herself, will give you a glimpse into Fairyland and unveil the truth of how children hold the power to continue fairy magic forever. Included in the book is the backstory and a beautiful Tooth Fairy bag.

New York Times Bestseller: The moving, entertaining, never-before-told story of how one man found his calling: to see that those who defend this country and its freedoms are never forgotten. "The book is called Grateful American, and I promise you after you read it you will be grateful for what Gary has accomplished and contributed to our country." -- Clint Eastwood

As a kid in suburban Chicago, Gary Sinise was more interested in sports and rock 'n' roll than reading or schoolwork. But when he impulsively auditioned for a school production of West Side Story, he found his purpose--or so it seemed. Within a few years Gary and a handful of friends created what became one of the most exciting and important new theater companies in America. From its humble beginnings in a suburban Chicago church basement and eventual move into the city, the Steppenwolf Theatre Company launched a series of groundbreaking productions, igniting Gary's career along with those of John Malkovich, Joan Allen, Gary Cole, Laurie Metcalf, Jeff Perry, John Mahoney, and others. Television and film came calling soon after, and Gary starred in Of Mice and Men (which he also directed) and The Stand before taking the role that would change his life in unforeseeable ways: Lieutenant Dan in the Academy Award-winning Forrest Gump. The military community's embrace of the character of the disabled veteran was matched only by the depth of Gary's realization that America's defenders had not received all the honor, respect, and gratitude their sacrifices deserve. In the aftermath of the September 11 attacks, this became Gary's mission. While starring in hits like Apollo 13, Ransom, Truman, George Wallace, CSI:NY, and Criminal Minds: Beyond Borders, Gary has worked tirelessly on behalf of those who serve this country... entertaining more than a half million troops around the world playing bass guitar with his Lt. Dan Band, raising funds on behalf of veterans, and founding the Gary Sinise Foundation with a mission to serve and honor America's defenders, veterans, first responders, their families, and those in need. Grateful American is the moving, entertaining,

profoundly gripping story of how one man found his calling: to see that those who defend this country and its freedoms are never forgotten.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Casey Over There

The True Story of the Puppeteer of Macy's Parade

"Based on the New York Times bestseller, UNTIL TUESDAY, this full-color picture book filled with adorable photographs tells the story of the amazing service dog who helps former U.S. Army Captain Luis Carlos Montalvân overcome his combat-related wounds"--

Seven-year-old Aubrey's older brother, Casey, sails away to fight in the Great War and when there is no word from Casey, Aubrey writes a letter to Uncle Sam.

The White Table is set in many mess halls as a symbol for and remembrance to service members fallen, missing, or held captive in the line of duty. Solitary and solemn, it is the table where no one will ever sit. As a special gift to her Uncle John, Katie and her sisters are asked to help set the white table for dinner. As their mother explains the significance of each item placed on the table Katie comes to understand and appreciate the depth of sacrifice that her uncle, and each member of the Armed Forces and their families, may be called to give. It was just a little white table... but it felt as big as America when we helped Mama put each item on it and she told us why it was so important. "We use a Small Table, girls," she explained first, "to show one soldier's lonely battle against many. We cover it with a White Cloth to honor a soldier's pure heart when he answers his country's call to duty." "We place a Lemon Slice and Grains of Salt on a plate to show a captive soldier's bitter fate and the tears of families waiting for loved ones to return," she continued. "We push an Empty Chair to the table for the missing soldiers who are not here..." Margot Theis Raven has been a professional writer working in the fields of radio, television, magazines, newspapers, and children's books for 30 years. Margot's first children's book, Angels in the Dust, won five national awards, including an IRATeacher's Choice Award.

For each book that is purchased online, we will donate one book to an educational program for either kids or the elderly! The Somerset Hills is a group of five beautiful towns in the northern section of Somerset County, New Jersey including Bedminster, Bernards Township, Bernardsville, Far Hills, Peapack & Gladstone. New Jersey is often referred to as the "Cockpit of the American Revolution" and many of these images tie back to the history of the Revolutionary War and the birth of the great American Experience. We give great thanks for this project to Linda Arnold, a great friend of our local history and a artist that focuses on the beauty of the area. Also, a big thanks goes out to the Somerset Hills chapter of the American Association of University Women (AAUW) that shared their 1982 coloring book effort. It was with great pleasure and an honor to work on this collection of coloring images to allow our local young artists the opportunity to learn while they color. The Historical Society of the Somerset Hills (THSSH) will always welcome young artists to autograph and bring their artwork to the Brick Academy and show their creations.

"Beautiful, vivid writing and a power-packed plot . . . I truly loved it."--Lauren Tarshis, bestselling author of the I SURVIVED series
"Awesome. Super-intense, suspenseful, edge-of-your-seat stuff."--Max Brallier, New York Times bestselling author of the LAST KIDS ON EARTH series
A major hurricane is raging across the southern United States, and two unsuspecting kids are about to have the adventure of a lifetime! Perfect for kids who love high-stakes plots and natural disaster movies, and anyone interested in extreme weather! And coming in January 2022, don't miss another epic adventure, SNOW STRUCK. A little rain and wind don't worry Alejo--they're just part of life at the beach. As his padrino says, as long as there are birds in the waves, it's safe. When people start evacuating, though, Alejo realizes things might be worse than he thought. And they are. A hurricane is headed straight for Puerto Rico. Emily's brother, Elliot, has been really sick. He can't go outside their New Orleans home, so Emily decides to have an adventure for him. She's on a secret mission to the tiny island Elliot loves. She's not expecting to meet up with an injured goose or a

shy turtle. And nothing has prepared her for Megastorm Valerie. Soon Alejo and Emily will be in Valerie's deadly path. Who will survive?

How far will you go to show your love? A lyrical "love story" that illustrates how far one will go to keep their little ones safe and happy. At some point, all children get bored, sick, upset, or afraid. When that happens, it's important to know they have someone who will, literally, go to the ends of the earth for them. If you're that someone, this story is for you.

When American soldiers entered World War I, Moina Belle Michael, a schoolteacher from Georgia, knew she had to act. Some of the soldiers were her students and friends. Almost single-handedly, Moina worked to establish the red poppy as the symbol to honor and remember soldiers. And she devoted the rest of her life to making sure the symbol would last forever. Thanks to her hard work, that symbol remains strong today. Author Barbara Elizabeth Walsh and artist Layne Johnson worked with experts, primary documents, and Moina's great-nieces to better understand Moina's determination to honor the war veterans. A portion of the book's proceeds will support the National Military Family Association's Operation Purple®, which benefits children of the U.S.

military.

Describes the use of the Navajo language in World War II, discussing why it was used, how the code was developed, and the Native Americans who bravely fought for the United States.

Following the 1833 Treaty of Chicago, the Potawatomi, once concentrated around southern Lake Michigan, increasingly dispersed into nine bands across four states, two countries, and a thousand miles. How is it, author Christopher Wetzel asks, that these scattered people, with different characteristics and traditions cultivated over two centuries, have reclaimed their common cultural heritage in recent years as the Potawatomi Nation? And why a “nation”—not a band or a tribe—in an age when nations seem increasingly impermanent? *Gathering the Potawatomi Nation* explores the recent invigoration of Potawatomi nationhood, looks at how marginalized communities adapt to social change, and reveals the critical role that culture plays in connecting the two. Wetzel’s perspective on recent developments in the struggle for indigenous sovereignty goes far beyond current political, legal, and economic explanations. Focusing on the specific mechanisms through which the Potawatomi Nation has been reimagined, “national brokers,” he finds, are keys to the process, traveling between the bands, sharing information, and encouraging tribal members to work together as a nation. Language revitalization programs are critical because they promote the exchange of specific cultural knowledge, affirm the value of collective enterprise, and remind people of their place in a larger national community. At the annual Gathering of the Potawatomi Nation, participants draw on this common cultural knowledge to integrate the multiple meanings of being Potawatomi. Fittingly, the Potawatomi themselves have the last word in this book: members respond directly to Wetzel’s study, providing readers with a unique opportunity to witness the conversations that shape the ever-evolving Potawatomi Nation. Combining social and cultural history with firsthand observations, *Gathering the Potawatomi Nation* advances both scholarly and popular dialogues about Native nationhood. Published through the Recovering Languages and Literacies of the Americas initiative, supported by the Andrew W. Mellon

Foundation.

Who's the best teacher for scientists, engineers, AND designers? Mother nature, of course! When an inventor is inspired by nature for a new creation, they are practicing something called biomimicry. Meet ten real-life scientists, engineers, and designers who imitate plants and animals to create amazing new technology. An engineer shapes the nose of his train like a kingfisher's beak. A scientist models her solar cell on the mighty leaf. Discover how we copy nature's good ideas to solve real-world problems! "Amazing! . . . Love that the book features the scientists and inventors, and that there is a diverse set of them. I find that the best way to introduce people of any age to biomimicry is to tell the stories of the stars: the organisms and their biomimics!" –Janine Benyus, co-founder of the Biomimicry Institute
