“Fascinating. Doidge’s book is a remarkable and hopeful portrait of the endless adaptability of the human brain.”–Oliver Sacks, MD, author of The Man Who Mistook His Wife for a Hat
What is neuroplasticity? Is it possible to change your brain? Norman Doidge’s inspiring guide to the new brain science explains all of this and more
An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain.
Psychanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they’ve transformed–people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

"I have two weeks to protect myself from three horny, blackmailing vampires and their fangs."If I don't obey them, the Stryx brothers will unleash my terrible secret.A secret that will get me executed. Or worse.Nero, Dante, and Raphael have trapped me right where they want: Kneeling at their gorgeous feet, their unwilling slave. They have my body, my obedience, and now they want my blood. How long before I stop resisting their seductive games?I must awaken my magic and fend them off before their kisses turn deadly. Ensnared is book two of a reverse harem PNR academy bully romance series. It contains cursing, dark themes, and sexual situations.

My blood is their salvation... and my ruin. For years, the monsters who killed my family have held me in a cage. Brutalized and half-starved. Only kept alive so they can steal my blood. Until one evening when four eerily gorgeous men break me out of my prison. They give me a soft bed and delicious food. They say they'll protect me—but their generosity may come at a price. My rescuers are monsters like my captors: fae who shift into wolves. A curse gripping the faerie realm turns them wild under the full moon. Only my blood can cure their rage. These fearsome men need me, and not just to lift the curse. A tragedy left them outcasts, and offering me to their rulers could win them back the home and the power they lost. No matter how kindly they treat me, no matter how their smoldering eyes and strong hands stir unfamiliar desires in both my body and my heart, their castle is just another prison. As long as I’m a prize more than a person, my life will never be my own. I've survived this long without giving up. I won't roll over now. But how can one damaged human girl hold her own against the savage fae? *Captive of Wolves is the first in a new paranormal romance saga featuring possessive wolf shifters, fraught fae politics, and a wounded heroine coming into her own. Grab it now and get swept away in the fantasy!*

Welcome to the Nightworld Academy, attended by vampires, shifters, and witches. A place filled with harmony and mutual respect between the supernatural races. Sometimes, I'm told my curse is a gift. A valuable one that could cost me my life. My visions of the future are weird, but my new school is weirder. All lessons take place in the evening and the majority of students are on an advanced program where they take extra classes late into the night. I enrolled at the academy because my last school expelled me for punching another student. Nobody believed that I knocked Tyler unconscious to stop somebody else dying. But why would they believe the crazy girl? I expected to meet other troubled teens here, but the pupils are predictable for an English boarding school. There's Ash, the rugby team captain and the academy's most popular guy. Then there's Andrei, the moody guy with a bad attitude who takes pleasure in annoying me. And Jamie who's studious and friendly but intense. I thought I had the academy figured out: the mean girl, the quirky friend, the nerd, the emo, and the jock. But on the evening I swear allegiance to my new school house, everything spins out of control and I realise I'm dealing with more. Much more. One of us will die, and I know who. Term One is the first in this new upper YA/NA series of magic academy books. The main characters are eighteen and older and this is a slow burn RH. Rina Nelle Mont has never been a part of the paranormal world. Until now. Well, maybe not. The Magical Creatures Academy only accepts supernaturals, and she’s been invited to the school, but she has none of the powers she’s supposed to. Blip. Nada. Not even a spark. The school hasn’t made a mistake in a century, but she might be the first one. That’s just the kind of thing that would happen to her. Especially since no one has any idea what kind of creature she’ll be ... assuming her powers ever decide to make an appearance. The Academy is the leading institution for paranormal creatures in the world. Its students are the finest of shifters, vampires, and fae. Speaking of fine fae ... Leander Verion, prince of the elves, is off limits. Not only is he arrogant, stubborn, and totally not her style, he’s her

brother's best friend. She will not fall for him. No way. Besides, he's not interested ... is he? When two men who head the Shifter Alliance, a rebel faction of shapeshifters who seek to escape the control of the Enforcers--the supernatural police force--find out about Rina and her potential for a different kind of magic, they hunt her. For them, the stakes are as personal as they get. Whether she's ready or not, Rina is about to find out what she's made of...

Cyra, a rare Omega phoenix shifter, has had a rough week, to say the least. First, two playboy Alphas, a hydra and a griffin, start showing up at the cafe she works at. Their teasing making her all hot and bothered, no matter how much she tries to ignore them. And then she accidentally accepts to play a princess at a spoiled shifter kid's birthday party, where her crappy old car promptly breaks down. Luckily, or maybe she's just cursed, a cerberus and a centaur Alpha are there to save the day and give her a ride home. For years, Cyra has managed to hide herself from other shifters, pretending she's human. Because she doesn't want her parents to marry her off to a rich asshole Alpha for money and status or to be kidnapped and bred like some other rare Omega shifters. She wants her freedom, to be able to make her own choices, and both of those things are taken away the moment she's mated. Once she's claimed by an Alpha, she'll become that Alpha's property, and she refuses to live like that. But now everything she's worked so hard for is falling apart around her. Money is tight, and with her crappy car constantly needing repairs, she won't be able to afford the medication she needs to stay hidden from shifters, especially with the mating season only weeks away. So she makes a reckless decision and takes the cerberus and the centaur up on their offer to be their date to the yearly Night Gala, an exclusive shifter event for bachelor Alphas, Betas and Omegas, though it's not uncommon for humans to attend too, as 'dates' or serving staff. Their offer is too tempting, one night of boring chats while looking pretty, and all her money problems will be solved. That is, until the hydra and griffin Alphas also appear at the Night Gala and everything goes to hell... This is the first book in the Her Shifter Harem's Babies series, a paranormal Omegaverse reverse harem #WhyChoose story. This book may include any of these elements: steamy scenes, 'I need tissues NOW' moments, cries of 'why, oh, why' and cliffhangers that make you bite your nails (and curse the author). ??This story includes MF and MM scenes.

You'd think that basically being in charge of love would be an epic job, right? Wrong. Sure, I can blow some Lust into people's faces and watch the show, but I can't actually participate. It gets old, trust me. Same goes for love. I can pass it out like sugar-free lollipops at a dentist's office, but I can't get any love for myself. It totally sucks. I used to consider myself a hopeless romantic, so why wouldn't I choose to become a cupid? Sounds like a good idea, right? Wrong again. They don't call us stupid cupids for nothing. I'm stuck in this never-ending afterlife where I'm invisible, lonely, and bitter as hell. And yeah, I'm probably responsible for some terrible matchmaking out there. Sorry, not sorry. All my bad cupid'ing might be why I was exiled from the human realm. You can only do so much before the cupid bosses get all huffy. Unfortunately, my bitterness carried over into the new realm, and then I attacked a fae prince with Love Arrows. Accidentally. Okay, not accidentally. But hey, he deserved it. What I didn't expect was for him to retaliate and hit my ass with some crazy magic mojo strong enough to push me into the physical realm. Whoa. That's right. This cupid just got a real body. And you know what that means...Now, it's my turn to get some. Love, I mean. Get your head out of the gutter. Wink, wink bitches. Author's Note: This is a medium-burn reverse harem story. It includes explicit language and sexual situations. Intended for audiences 18 years and older. As this is a series, there will be a cliffhanger.
