High notes, high drama, and high jinks collide as elite collegiate a cappella groups compete to be the best in the nation
Journalist Mickey Rapkin follows a season in collegiate a cappella, covering the breathtaking displays of vocal talent, the groupies (yes, a cappella singers have groupies), the rock-star partying (and run-ins with the law), and all the bitter rivalries. Along the way are encounters with a cappella alums like John Legend and Diane Sawyer and fans from Prince to presidents. Bringing a lively new twist to America’s fascination with talent showdowns, Pitch Perfect is sure to strike a chord with readers.

**Tell em to hold on, a real bitch is coming.'** Kahyla James was an ordinary girl with dreams of one day making it big. And she was well on her way, especially with a street gangsta like Anthony 'Boston' Dixon training her to be a self made bitch. But when she was betrayed by the people that she loved the most it forced her to take actions into her own hands and show the city just how ruthless she could be. Ride with Kahyla as she navigates the streets showing the gangsta's that the penalty for betrayal is still death.

**Early aspirations of being an accomplished musician that I had held in my heart since childhood were not encouraged as academically attainable by those who would know. As a college freshman, I was told in no uncertain terms by the music faculty that I should just enjoy music as a hobby and reserve serious study for the gifted and talented. I was not at the advanced level required and should never have slipped through the cracks and been admitted that first semester. So why would I possibly persevere? It made no earthly sense! There came a point in my adult life when I suddenly realized that there were too many twists and turns, unrelated people, and life-changing events through the years to now be able to refer to them as "coincidences." This surprising and extraordinary series of life events is chronicled in My Tapestry Journey, as it eventually led to the culmination of a major dramatic musical regarding Martin Luther and the Protestant Reformation-only possible and explainable through God's providence and amazing divine intervention.**

The prayers of 6-year old Amy to her very best friend, God. God really is Amy's best friend and she treats Him that way. She brings Him a cupcake for his birthday, helps Him out with His problems, asks to become His assistant, and even takes objection to the creation. Why is fun so important? Because it is an avenue to God that is so very, very natural to small children. It gives small children (age 3-6) spirituality with a smile, a great big smile through the practice of nighttime prayer. "Amy's Best Friend, Prayers of a Child"comprises a personal introduction from Amy followed by 14 illustrated prayers, and finally special pages to record a child's own prayers. The book is non-denominational. "Amy's Best Friend" is accompanied by two fun books to support your child's practice of prayer. First, there is a coloring book giving your child hours of fun coloring in the same prayers you have read to him/her. Second, after all the pages at the end of "Amy's Best Friend, Prayers Of A Child" have been been filled with your child's own prayers, a prayer journal is available under the name "Amy's Best Friend, Prayers of A Child: My Prayers." All books plus the Kindle ebook are available from my authors page: http: //www.amazon.com/author/amyamos.

"The Quit Smoking Answer" is structured in such a way that all readers follow a process of "cold turkey" cessation through a step-by-step system to become nicotine free. The system shared is quick, easy, and proven, regardless of a person's dependency on nicotine. If you have ever thought, "wouldn't it be nice to quit smoking" than you've set the mood and you're ready to begin. It's easier to quit nicotine than you think! JW Smith, a smoker for 40 years, wrote this book after ending his vicious cycle of numerous failed attempts to quit. His system for nicotine cessation evolved over a subsequent six-week period of preparation to quit. He shares his story about a conversation with his nine year-old granddaughter that finally

wheels in motion to find a better way - one that works. JW researched smoking cessation methods and used his own experience to forge a new path. This book may very well be destined to be in a category by itself in the nicotine cessation world of recommendations and advice. Why? Because it works! JW makes the case that smoking cessation is not an event, but rather a process. His book will teach you the key cognitive techniques he used to end both the physical and psychological addictions to nicotine. It debunks myths about nicotine replacement therapy products and instead lays out a natural progression of steps for becoming a nonsmoker. The premise of the book is based on this famous quote: "When you change the way you look at things, the things you look at change." In the beginning of the book it is recommended to establish an environment and path of least resistance. Less resistance to quit is the first key step to becoming nicotine free. It is recommended that readers continue the use tobacco products including e-cigarettes while reading the book over a two or three period of time- helping again to establish less resistance to quit. He additionally recommends as a first step that you tell no one of your desire to quit - preventing anyone including yourself of sabotaging your intention. As you apply the techniques and methods written about it becomes a natural procession leading up to your very last cigarette or use of chewing tobacco. A transformation of your thinking takes place and ending your addiction will seem like an "almost non-event" - as something just happens to you as you read this book. You will be physically and mentally prepared to end your addiction after reading this one of a kind book. Free from nicotine for life - and all the great rewards that come with it!

The Bible's story of creation in Genesis names Adam as the first human in history. His story with Eve in the Garden of Eden is widely known-but what if he actually played a larger part in the story of humanity? In The Gospel of Adam, David L. Bishop takes well-known stories and characters from history and presents them through the eyes of Adam, as though he was living throughout all time on a mission to restore fallen humanity to a place worthy of returning to perfection. Following Adam through his profound interactions with Noah, King David, Jesus of Nazareth, and even Adolf Hitler, this book shows how Adam struggles not only with his mission to help humanity but also his own internal doubts as a man of faith. In the vein of works like The Da Vinci Code and The Last Templar, Bishop's The Gospel of Adam weaves history, philosophy, religion, and politics throughout a thought-provoking first-person narrative that both challenges and inspires the reader to consider what it really means to be human.

**[Note: The most complete version of the big picture that eluded Einstein in his attempts to unveil a unified field theory can be found in the book, The Gravity Cycle, by the same author as this book. This book, Einstein Was Wrong!, was one of many approaches to the ideas that will shake the very foundations of physical science upon which we presently stand.] Modern Physics is built on an erroneous foundation. If we are to take physics to a new level where gravity can be explained from an atomic/quantum perspective, then someone must boldly say, "Einstein was wrong, but so was Newton." Because they both started with the same wrong premise, their theories of gravity were destined to fall short in any attempt to connect them to atomic/quantum processes. And the same false premise that stifled Einstein in his ability to connect "the movement of planets and stars with the tiniest subatomic particles" prevents modern physicists from explaining the fourth and final force from an atomic/quantum perspective. Alas, "...when one starts with a wrong premise, no amount of patching can right the problem." But all is not lost. By correcting Newton's mistake (the wrong premise), a new foundation for understanding the role of the atom in the momentum, relativity, and gravity of masses emerges in the form of two new theories: The Atomic Model of Motion (AMM) and The Galaxy Gravity Cycle (GGC). These two theories combine to paint the big picture of how atomic/quantum processes are involved in holding a galaxy together, keeping planets orbiting stars, and preventing people from floating off into space. This book is dedicated to Occam's razor.**

**THE AMERICAN EDITION Satan is being outsourced. According to the Powers That Be, Hell isn't hellish enough, and Satan is given seven days to figure out how to bring back the fire and brimstone days of Hell's fury. The Devil takes on human form-a ramshackle, disease ridden body-and sets out on a road trip exploring new and novel miseries of the human condition to save his job. From L.A. to Miami, Satan, accompanied by Eustice Seenev, the only man who managed to escape Hell twice (and live to never shut up about it), some bent doctors, an average medium femme fatale with a Tarot tattoo, and an angelic escort service hit the road. Satan manages to finagle his way into one mess of life's affairs after another culminating in an explosive finale revealing who or what puts the lighting in our dreams, and begs the question of who would rid the world of the Devil they know?**

**8 Original Pieces for the Later Intermediate to Early Advanced Pianist**

*Jonathan Bricklin's debut novel is astounding for its intellectual playfulness and verbal ingenuity, and for the exuberant voice of Willy Nilly, the young hero of this unexpected adventure. Telepathy, Tetherball, Turtles, Politics, Pirates, Lemonade, Cryogenics, Waterslides and Holograms are some of the ingredients in this madcap frenzy of metaphorical escapism. If Raymond Chandler and Tom Robbins adopted a baby it might grow up to write a book like this.*

*"Jazzy Hymn Arrangements" book one and two is aimed at the intermediate pianist for use at church or at home. These easy to play arrangements have lush jazzy chords that compliment the original melodies and rhythms. I have chosen what I believe to be the best known and loved hymns to Christians around the world. These short pieces ( 30 seconds+ to however many times you need to repeat ) are designed for offertories and interludes. I have left room for the more advanced player to add their own improvisation. The selections include: A Mighty Fortress is Our God, All Hail the Power of Jesus' Name, Amazing Grace, Battle Hymn of the Republic, Footsteps of Jesus, Holy, Holy, Holy, I Surrender All, Jesus Loves Me, Jesus Saves, Jesus Wants Me for a Sunbeam, Jesus, Keep Me Near the Cross, Joyful, Joyful, We Adore Thee, Just As I Am, Nothing But the Blood, There Is a Name I Love to Hear, (Oh, How I Love Jesus), Revive Us Again, Rock of Ages, Shall We Gather At the River, Stand Up, Stand Up for Jesus, This is My Father's World, Throw Out the Life-Line, What a Friend We Have in Jesus, When The Saints Go Marching In and Wonderful Words of life.*

*An intriguing, uncensored, inside view of the not-so-friendly skies through the eyes of former flight attendant, Margo Anderson. If you are a frequent flier, or if you plan to fly in the near future, fasten your seat belt for a turbulent read! After five years of flying with a commuter airline based at Atlanta's Hartsfield-Jackson International Airport, Anderson draws on her personal experiences and conversations, painting a portrayal of life as a flight attendant--grueling twelve hour days, complaining and unfriendly passengers, and unexpected, almost unbelievable situations, especially in the days and weeks following 9/11. Anderson navigates the complex world of flight crews with clarity, insight, wittiness, and her own special brand of humor. Readers are given a view of flying they may never have seen before, through the lens of the workhorse of the airline industry, regarded by many as the "puddle-jumpers," the commuter airlines.*

As Ruben Wells kneels with a gun pointed at his head all he can do is reflect on the life he spoiled. What has led him here? Was it his willingness to always try to do the right thing that has him staring at the barrel of a gun? Or was that he was too much of a people pleaser having a hard time saying no that has led to him begging for his life? Every thing begins and ends with a choice. The moment a choice is made it only takes a second for a life to change. Ruben made a choice to initiate a relationship with the alluring Bianca Jones. She makes heads turn and every man's dream. She is beautiful as a gazelle, but as dangerous as a lioness, as she's unavailable due to being unhappily married with children. Being married doesn't keep her from wanting to pursue Ruben as well as being pursued by him. Getting involved with Bianca changes Ruben's life in ways he never could have imagined. Choices are a gift constantly given to everyone. The choices made lead to different paths. We all have to choose this day what we're going to do with our own lives not knowing what the end result will be. What kind of impact will Ruben's choices have on his life?

Gospel Classics reflects the importance of hymns and gospel songs in the musical fabric of Mark Hayes's life. The skillful arranger has artistically "breathed new life" into the well-known gospel songs included in this collection for advanced pianists. Church musicians and worshippers alike are certain to take great enjoyment in experiencing these fresh new settings and lush harmonies.
