His book contends that the presence of numerous Illuminati brotherhoods and secret societies—just as those inside the most prestigious U.S. universities such as Yale or Harvard—have always been guides to the occult. know it, is worth only a small fraction of what it was worth less than two generations ago! Since 'money' - in one form or another - has been around for all of recorded history without evidence of such drastic changes on a global scale, I began to dig deeper to find out what was really going on! As a result of trying to find out what happened to our money, I kept encountering an even bigger and much more important question: "What happened to our Freedom?" Most of us grudgingly acknowledge that our privacy is practically a thing of the past... and more and more people are becoming aware that most of our rights guaranteed by the Constitution have also been relinquished. Why? I became determined to get to the bottom of it!

We are raised, by tradition, to trust our governments, and are convinced that they care about us. This,

however, is a big mistake. Below the surface of official politics lies a complicated social and intellectual process that is taking place. The visible world leaders are mere puppets directed by an invisible power from behind the scenes. This geo-political power consists of the richest families on this planet.

Together with the most powerful multinationals they rule and control most countries and coalitions. The true aim of this elite group is complete control of Planet Earth. This four-volume book is different from other books on the topic. It is a very unique publication and reading it will undoubtedly change the way you look at both history and the world today. It

Many theories have been postulated to create an illusion of a world under one government in which the Illuminati ideals form the fundamental principles of governance, application of laws and the administration of punishment. The little that is known of the Illuminati brings to the fore some commonalities. Including the fact that the Illuminati seeks to control the world by instilling fear and meting death on those perceived to be opposed to its ideals. This book illustrates how the Illuminati

Throughout history governments, dictators and religious leaders have fought to cling to power by either force or manipulation. To counter these there have always been secret societies and groups working in the shadows for the emancipation of humanity. The Illuminati formed in 1776 among European Freemasons and academics with the intention of liberating humanity from physical, mental and spiritual bondage. This brought them into conflict with the ruling elite and religion, but during their brief incarnation

We are governed, our minds are molded, our tastes formed, our ideas-suggested, largely by men, that we have never heard of. In almost every act of our daily lives, whether in the sphere of politics or business, in our social conductor or our ethical thinking, we are dominated by the relatively small number of persons. Are the visible world leaders just mere puppets directed by an invisible power from behind the scenes? Are there invisible hands controlling the world? Is there a conspiracy? Who are the conspirators? We are dealing with the rise of a new geo-political supranational power on the world scene. This geo-political power consists of the richest families on this planet. They consist of a small elite group formed by the most influential and powerful, anonymous, very exclusive family dynasties that live dispersed over the world. They keep their power and money betwixt them by intermarriage. They operate behind the scenes of the most important enterprises, media and the financial institutions, but also behind the political scenes. Through connections, money and violence these powerful double-crossing families slipped in with one ultimate goal: the establishment of a One World dictatorship. Their target is to force a New World Order on the whole of mankind. They have bought an enormous part of the world with its**

With the help of their unimaginable financial reserves they currently dispose of a worldwide financial control system with which they can control the entire world economy and political system. They determine how the leading politicians of this world have to act. Over time these influential families have extended the scope of their power over the whole world. Their web reaches all corners of the world. Their tentacles are woven with all facets of human existence. Their influence is unimaginable and it reaches all the leading institutions and organizations in the fields of politics, education, religion, finances and mass media. The label makes little difference; it will be the Gulag Archipelago on a worldwide basis. This book is a very unique publication and reading it will undoubtedly change the way you look at both history and the world today. It completely turns everything on its head. Once you read it, all of a sudden you will see the world around you in infrared. You soon see things which are simply not possible to view with the range of standard vision. The contents of this book is highly controversial and uncompromising. It describes a monster that we, in all our ignorance, have created together. It also serves to give us an idea of what's in store for the near future, so we can

*The Illuminati - Secrets of a New World Order The word "Illuminati" has, in recent years, become a catch-all buzzword for conspiracy theories of all sorts. It is a whispered response to strange happenings and seeming coincidences, a screamed retaliation to imbalances of power, a chanting pulse to the unknown. With its name now attached to all kinds of secret societies, shadowy projects, and missions to take over the world, it is difficult to separate Illuminati fact from Illuminati fiction. The Illuminati has become a permeating presence whose reality and legends have become intertwined, nearly*
