sexuality workshops and lectures across the world. In 2009, she created and curated the ongoing Sex+++ sex-positive documentary film series at Chicago's historic feminist site, Jane Addams Hull-House Museum. In 2010, she returned from working on HIV mitigation in southern Africa. She has also volunteered as an archivist, curator and fundraiser for that venerable S&M institution, the Leather Archives & Museum. This book includes Clarisse's commentary on her writing process. Plus, there are "study guides" to help readers get the most from each section! \* \* \* "Clarisse isn't afraid to talk about her own experiences with BDSM, relationships, and sexual politics. But she's also not afraid to explore some of the issues around consent, violence, and safety that a lot of the kink cheerleaders would like to sweep under the rug. She brings a refreshing honesty to her writing that is often lacking. Add to that a deep commitment to feminism and sex-positivity, and you have an amazing combination. "The tension between kink and feminism is a tough one to hold onto and most people end up firmly in one camp or the other. What makes Clarisse's writing phenomenal is her steadfast refusal to avoid doing that. The clarity with which she discusses both sides without resorting to caricatures or stereotypes is simultaneously inspiring and challenging. If you're interested in either or both, I can't recommend her enough." ~ adult sex educator Charlie Glickman of Good Vibrations

stimulation. This is a detailed step-by-step guide that gradually and painlessly enables couples to enjoy the pleasures of anal sexuality. You will learn the techniques that make the process orgasmic for her. There are videos and illustrations with explanations on what to do and how to take it slow to build trust with her, so she experiences only pleasure. The advice in other resources (books, articles, videos) for anal sex provides minor tips that tell couples to use lots of lube and take it "slow." However, the resources do not explain HOW to go slow; therefore, the ambiguity leads to bad experiences. A detailed explanation on how to go "slow" in a pleasurable manner is especially important when introducing anal sex because if you mess up once, you probably won't get another try! That is the story of many women who have tried it once but won't again because their partners went too fast, and it hurt! This book solves that problem. You will discover precisely how to take it slow in a way that will arouse and pleasure her every step of the way. She will enjoy the arousal process, and have stronger, more pleasurable orgasms while having deeply connected sex! Over the last decade, the content has benefited thousands of couples across 12 countries.

A look at why we are interested in what we see in art. Are we born with aesthetic preferences that are shaped by cultural influences? Is our natural attraction to Beauty another weapon in our arsenal of species' survival? This book examines many so-called rules of composition in the visual arts to find natural reasons for their existence. It is designed to aide the visual artist and those who appreciate their work by bringing attention to subtle cues of attraction cultivated by our ancient and immediate ancestors. It calls upon recent work in neuroaesthetics and other scientific disciplines to back up its speculative claims, and asks the reader to contribute opinions of their own on the books' website at [naturallycomposed.com](http://naturallycomposed.com). There are many examples of photos in the book, and the reader is again asked to insert their own examples to enforce or refute the claims.

*In his ground-breaking new book De-Comprehensive Politics, Eric Kussman does a superb job of shedding light on the reason Washington D.C. is failing Americans today and then lays out a path filled with solutions which he argues will get this great nation back to the basics. To borrow from a sports analogy, this country has taken its eye off of the ball and if we don't want to strike out we have to get back to what has made America strong over the past 200+ years. That is what Kussman has set out to accomplish in this amazing new book. Today politicians take aim at one major issue, as was done with health-care in 2010 and then pass one massive bill which nobody fully reads, that same bill gets loaded with special deals to get people to buy in to it, but at the end of the day the problem ends up worse off than when this process began. This has to stop or America is going to be in trouble. What Kussman has effectively done is he's gone beyond the broad issues in order to attack the many smaller problems, which as you will read are much easier to solve than a few really massive ones, in an honest and transparent way. This will also allow the American public to stay involved in the political process. Utilizing his problem solving ability, common sense, and vast knowledge of American history, Eric Kussman demonstrates in this explosive new book how America's problems can be resolved if Americans can start uniting in order to focus on the many smaller causes of the problems instead of trying to attack all of them at once as one giant and complex issue. Today more than ever America needs to look for De-Comprehensive solutions, as they will likely keep America the exceptional nation that it has been throughout its brilliant history.*

Her plans for law school were thwarted by the lack of financial aid for women for professional schools. When she began her job search in Boston, want ads were segregated by gender. She landed interviews for "male" jobs through an employment agent who failed to disclose she was female. The first interviewer refused to see her and, at her next interview, she was made to wait for seven hours. She finally landed a job as computer programmer at an insurance company even though she didn't know what a computer was. Her qualification for the job - she could play bridge! At age 30, the author left her computer career for law school - student aid for women had become available with passage of Title IX of the Civil Rights Act. The barriers for entry into the legal profession in Boston for a lawyer with her unusual "credentials" - female, mid-30s, married, a mother, a public school education and a prior career - were too high to overcome. She tacked to a unique job with the consulting firm, Arthur D. Little, Inc. supporting the company's international projects at the outset of economic globalization. At age 40, she finally began practicing law, building up an international tax practice well before fax, email and the Internet. **The relationship between traditional myths, fairytales and current fiction novels featuring women as crime-solvers is examined in this critical study. Using theories from Joseph Campbell, C.G. Jung and others, the author asserts that plots and imagery in these novels conform to quest narratives outlined in classical myths and traditional fairytales. Narcissus, Medusa, Orpheus and Orestes are a few of the figures emerging in today's mystery fiction. Among the mystery authors discussed are Patricia Cornwell, Amanda Cross, Sue Grafton, P.D. James, Sara Paretsky and Julie Smith. After establishing the anatomy of a mystery, the text discusses many myths, rituals and rites associated with mysteries, including myths of identity, religion and rites of initiation.**

which results in the best relationship for you. We help you uncover the "Deal Breakers" which guides you away from repeating the same mistakes over and over. You will learn to identify your personal Red Flags that are warnings signs which provide you protection and guidance in choosing a potential mate. You will find guidance to help you to determine and discover what qualities you have to offer to a potential mate and uncover any qualities you possess that may be "Deal Breakers" to others. We all carry baggage in life and into a relationship. What is packed in your bag? Do you bring family issues? Do you bring issues from past relationships? Common questions answered are: How soon should you date after a divorce? What about dating after the death of a spouse? Do you have children and what is the impact of dating on them? How do you prepare your family for you entering back into dating? Then there are the extended families. How do you and your potential mate get along with each other's extended family? What about exes and their extended families. How will all of these potential relationships affect your relationship with your soul mate? These questions are covered and more. Extraordinary communication is extremely important in a relationship. This book will help you with a basic understanding of verbal and non verbal communication. Open communications on topics that can be difficult to discuss are addressed. Topics like; How do you handle money? Physical intimacy, food, music, household chores, hobbies, spare time are just a few of the topics that require excellent communication. Finally, we discuss dating, where to look, and how to present or market yourself to find a potential mate. We also review Respect, One Sided Romance, Physical Intimacy and Loneliness among other situations that can occur while on your journey to seek your soul mate. This book is the culmination of many years of education (both formal and informal), observation, personal experience and prayer. God has blessed Rick and Penny by bringing them together to create this work. There is also some other very good information available and some of it we even recommend as additional resources to our readers. The key is to find what works for you. Hopefully you will gain some practical information that will help turn your unsuccessful dating and decision making habits into an extraordinary relationship. Our society has neglected, ignored and drifted away from the use of this practical information for more than 50 years. It is our grandest hope that this book will help at least some of our readers make better dating (and life) decisions and start Dating Backward.
