On one side, Dita Von Teese shares the beauty of the burlesque world, with bubblegum dreams and show tunes to strip to. Flip over for fantasies in fetish with dramatic costumes and the allure of submission. Burlesque and the Art of the Teese "I advocate glamour. Every day. Every minute." I'm a good dancer and a nice girl, but I'm a great showgirl. I sell, in a word, magic. Burlesque is a world of illusion and dreams and of course, the striptease. Whether I am bathing in my martini glass, riding my sparkling carousel horse, or emerging from my giant gold powder compact, I live out my most glamorous fantasies by bringing nostalgic imagery to life. Let me show you my world of gorgeous pin-ups, tantalizing stripteases, and femmes fatales. I'll give you a glimpse into my life, but a lady never reveals all. Fetish and the Art of the Teese You may have come for the fetish. Or you may just be sneaking a peek at this mysterious and peculiar other side. No matter what you've come for, there is something for you to indulge in. My world of fetish may not be the one that you would expect. As a burlesque performer, I entice my audience, bringing their minds closer and closer to sex and then -- as good temptress must -- snatching it away. As a fetish star, I apply the same techniques. . . .

hesitation, YES "XXX" is a work of absolute genius. The words are powerful, magnetic and very well placed. Each poem has a life of its own, making this a very hard book to put down. Each sentence is systematically crafted to run circles around your brain. "XXX" will leave your mind in a hundred different places all at the same time. You will be speechless, shocked, breathless and even in fear once your eyes run across some of the things written in this book. This is a true eye opener that really leaves one to wonder if a human being actually even wrote this. In "Psalms of the Pharaoh," Berg gave you a piece of his heart. In "XXX," Berg gives you a piece of everything It's dark, extreme and beyond anything you have ever seen. All in all this book can be summed up in one word... outstanding About the Author Christopher Alexander Berg began writing in his early teens, mainly as a form of self therapy. Through time, his writing became much more than a psychiatric reflection of one's self, and more of a life support system whenever he felt suicidal. Trading blood for ink, his war began... a personal war that targeted the world and everybody in it. It has been said that Berg "bleeds through his pen," but let's not forget how much he writes from his heart. Sometimes prophetic, sometimes sadistic...

Advanced Accounts Volume-II, 19th Edition

Codenames were a vital feature of World War II, serving as mental shorthand for those in the know, and obscuring the issues for those who were not. Codenames were used from the highest level, in the planning of grand strategic moves affecting the conduct of the whole war, to the lowest command divisions, in the conduct of small-scale tactical operations. This encyclopedia, first published in 1986, removes the mystery surrounding many of the important code names from the era. With around 3,000 entries drawn from all sides - the U.K., U.S.A., Germany, the U.S.S.R. and Japan -
