we make it? Do we work smarter, not harder? Do we quit our day job and pursue our dream? What if the answer to becoming rich doesn't lie in the answers to any of these questions, but instead lies in our ability to change our mindset and imitate the greats? This book will show you just that: how to become rich by changing your mindset and by imitating men who are already rich. Who would want to? If you want quick solutions, no fluff, and no silly get-rich-quick techniques, then this book is for you. It's like Napoleon Hill's "Think and Grow Rich," but condensed, and more tangible. The same wisdom distilled in a third of the time (and pages). The wisdom doesn't come from me alone, for I started out a poor man just like you. To write this book, I interviewed 7 guys from 7 different income brackets, ranging from \$20,000 per year to \$1million per year. I asked each of them the same 15 questions,

So I wanted to share the lessons I learned with you. Here's what you can expect: ***You will learn how the poor, middle, and rich think about money. You will learn how they spend, save, invest, and give.***You will learn how your beliefs about money drive your actions.***You will learn how two billionaires rose to the top, then gave it

I started thinking like a rich man, imitating rich men, and it is already benefiting me. The same is true for my friends who have implemented these lessons. One of them started out poor, the

Don't think that the rich will always get richer and the poor will always get poorer. I am living proof that you can change your mind and change your income.

As to why the author's background of experience may represent an advantageous circumstance for such copywriters, I will leave to an infinitely more capable pen than mine—that of no less an authority than Claude G. Hopkins, one of the greatest copywriters of “general” advertising who ever lived: “Mail-order advertising is difficult. But it is educational. It keeps one on his mettle. At any rate, you are the person for whom it was written. Much of its information will probably recall to your mind the aphorism, “We need not so much to be instructed as to be reminded.” And
