From Roger Rosenblatt, author of the bestsellers *Making Toast* and *Unless It Moves the Human Heart*, comes a moving meditation on the passages of grief, the solace of solitude, and the redemptive power of love In *Making Toast*, Roger Rosenblatt shared the story of his family in the days and months after the death of his thirty-eight-year-old daughter, Amy. Now, in *Kayak Morning*, he offers a personal meditation on grief itself. "Everybody grieves," he writes. From that terse, melancholy observation emerges a work of art that addresses the universal experience of loss. On a quiet Sunday morning, two and a half years after Amy's death, Roger heads out in his kayak. He observes, "You can't always make your way in the world by moving up. Or down, for that matter. Boats move laterally on water, which levels everything. It is one of the two great levelers." Part elegy, part quest, *Kayak Morning* explores Roger's years as a journalist, the comforts of literature, and the value of solitude, poignantly reminding us that grief is not apart from life but encompasses it. In recalling to us what we have lost, grief by necessity resurrects what we have had.

NEW YORK TIMES BESTSELLER “ An inspiring story that manages to be painful, honest, shocking, bawdy and hilarious. ” —The New York Times Book Review From stand-up comedian, actress, and breakout star of *Girls Trip*, Tiffany Haddish, comes *The Last Black Unicorn*, a sidesplitting, hysterical, edgy, and unflinching collection of (extremely) personal essays, as fearless as the author herself. Growing up in one of the poorest neighborhoods of South Central Los Angeles, Tiffany learned to survive by making people laugh. If she could do that, then her classmates would let her copy their homework, the other foster kids she lived with wouldn't beat her up, and she might even get a boyfriend. Or at least she could make enough money—as the paid school mascot and in-demand Bar Mitzvah hype woman—to get her hair and nails done, so then she might get a boyfriend. None of that worked (and she's still single), but it allowed Tiffany to imagine a place for herself where she could do something she loved for a living: comedy. Tiffany can't avoid being funny—it's just who she is, whether she's plotting shocking, jaw-dropping revenge on an ex-boyfriend or learning how to handle her newfound fame despite still having a broke person's mind-set. Finally poised to become a household name, she recounts with heart and humor how she came from nothing and nowhere to achieve her dreams by owning, sharing, and using her pain to heal others. By turns hilarious, filthy, and brutally honest, *The Last Black Unicorn* shows the world who Tiffany Haddish really is—humble, grateful, down-to-earth, and funny as hell. And now, she's ready to inspire others through the power of laughter.

"Do you want to write clearer, livelier prose? This witty primer will help." —The New York Times Book Review An exploration of how the most ordinary words can be turned into verbal constellations of extraordinary grace through the art of building sentences The sentence is the common ground where every writer walks. A good sentence can be written (and read) by anyone if we simply give it the gift of our time, and it is as close as most of us will get to making something truly beautiful. Using minimal technical terms and sources ranging from the Bible and Shakespeare to George Orwell and Maggie Nelson, as well as scientific studies of what can best fire the reader's mind, author Joe Moran shows how we can all write in a way that is clear, compelling and alive. Whether dealing with finding the ideal word, building a sentence, or constructing a paragraph, *First You Write a Sentence* informs by light example: much richer than a style guide, it can be read not only for instruction but for pleasure and delight. And along the way, it shows how good writing can help us notice the world, make ourselves known to others, and live more meaningful lives. It's an elegant gem in praise of the English sentence.

It's one of the first things we discover as children, reading and drawing: Maps have a unique power to transport us to distant lands on wondrous travels. Put a map at the start of a book, and we know an adventure is going to follow. Displaying this truth with beautiful full-color illustrations, *The Writer's Map* is an atlas of the journeys that our

most creative storytellers have made throughout their lives. This magnificent collection encompasses not only the maps that appear in their books but also the many maps that have inspired them, the sketches that they used while writing, and others that simply sparked their curiosity. Philip Pullman recounts the experience of drawing a map as he set out on one of his early novels, *The Tin Princess*. Miraphora Mina recalls the creative challenge of drawing up "The Marauder's Map" for the Harry Potter films. David Mitchell leads us to the Mappa Mundi by way of *Cloud Atlas* and his own sketch maps. Robert Macfarlane reflects on the cartophilia that has informed his evocative nature writing, which was set off by Robert Louis Stevenson and his map of *Treasure Island*. Joanne Harris tells of her fascination with Norse maps of the universe. Reif Larsen writes about our dependence on GPS and the impulse to map our experience. Daniel Reeve describes drawing maps and charts for *The Hobbit* film trilogy. This exquisitely crafted and illustrated atlas explores these and so many more of the maps writers create and are inspired by--some real, some imagined--in both words and images. Amid a cornucopia of over two hundred full-color images, we find here maps of the world as envisaged in medieval times, as well as maps of adventure, sci-fi and fantasy, nursery rhymes, literary classics, and collectible comics. An enchanting visual and verbal journey, *The Writer's Map* will be irresistible for lovers of maps, literature, and memories--and anyone prone to flights of the imagination.

Even so, many writers are stymied in getting their books published, never mind gaining significant attention for their ideas—and substantial sales. This is the book editors have been recommending to would-be authors. Filled with trade secrets, *Thinking Like Your Editor* explains: • why every proposal should ask and answer five key questions; • how to tailor academic writing to a general reader, without losing ideas or dumbing down your work; • how to write a proposal that editors cannot ignore; • why the most important chapter is your introduction; • why "simple structure, complex ideas" is the mantra for creating serious nonfiction; • why smart nonfiction editors regularly reject great writing but find new arguments irresistible. Whatever the topic, from history to business, science to philosophy, law, or gender studies, this book is vital to every serious nonfiction writer.

Finalist for the National Book Award From the New York Times bestselling author of *Eat Pray Love*, *Big Magic* and *City of Girls* comes a riveting exploration of manhood and all its complicated meanings through the portrait of an American Mountain Man. In this rousing examination of contemporary American male identity, acclaimed author and journalist Elizabeth Gilbert explores the fascinating true story of Eustace Conway. In 1977, at the age of seventeen, Conway left his family's comfortable suburban home to move to the Appalachian Mountains. For more than two decades he has lived there, making fire with sticks, wearing skins from animals he has trapped, and trying to convince Americans to give up their materialistic lifestyles and return with him back to nature. To Gilbert, Conway's mythical character challenges all our assumptions about what it is to be a modern man in America; he is a symbol of much we feel how our men should be, but rarely are.

And if he does, can he be the savior the Domdur expect, or has the gods' favor turned elsewhere?

But everything changes when Eleanor meets Raymond, the bumbling and deeply unhygienic IT guy from her office. When she and Raymond together save Sammy, an elderly gentleman who has fallen on the sidewalk, the three become the kinds of friends who rescue one another from the lives of isolation they have each been living. *Most of us want to be rich; we just aren't sure how to get there. Do we fake it till we make it? Do we work smarter, not harder? Do we quit our day job and pursue our dream? What if the answer to becoming rich doesn't lie in the answers to any of these questions, but instead lies in our ability to change our mindset and imitate the greats? This book will show you just that: how to become rich by changing your mindset and by imitating men who are already rich. Give and Grow Rich has been designed so that you get maximum benefit in the least amount of time. Who has time to read more than 100 pages these days? Who would want to? If you want quick solutions, no fluff, and no silly get-rich-quick techniques, then this book is for you. It's like Napoleon Hill's "Think and Grow Rich," but condensed, and more tangible. The same wisdom distilled in a third of the time (and pages). The wisdom doesn't come from me alone, for I started out a poor man just like you. To write this book, I interviewed 7 guys from 7 different income brackets, ranging from \$20,000 per year to \$1 million per year. I asked each of them the same 15 questions, and as I listened to their answers, I saw the trends between the poor, the middle, and the rich. Then, I read the biographies of 7 billionaires from 7 different sectors. Man, did I learn a lot. So I wanted to share the lessons I learned with you. Here's what you can expect: \*\*\*You will learn how the poor, middle, and rich think about money. You will learn how they spend, save, invest, and give.\*\*\* You will learn how your beliefs about money drive your actions. \*\*\*You will learn how two billionaires rose to the top, then gave it all away, and tried to die penniless.\*\*\* If you're a parent, you will learn how you can teach your kids about money. I benefited greatly from writing Give and Grow Rich, so I know you will benefit greatly from reading it. In fact, from the time I started writing the book, to the time I finished, my income doubled! I started thinking like a rich man, imitating rich men, and it is already benefiting me. The same is true for my friends who have implemented these lessons. One of them started out poor, the son of missionaries, and he is making nearly \$200,000 per year. Another started out poor, the son of a single mom, and he is making \$75,000 per year and has started two businesses. So if you want a jam-packed, practical, no fluff guide to becoming rich, read this book. Don't be the person who keeps repeating the past, who keeps spinning out in a financial rut. Don't think that the rich will always get richer and the poor will always get poorer. I am living proof that you can change your mind and change your income. You can imitate the greats and become great. My friends have done the same, and you can too. Be the person who becomes a success story and inspires your community. Be the person who gets out of the financial woes and wills yourself to riches. Change your mind and change your money. **GIVE AND GROW RICH.***

**What do all great stories have in common? What techniques do great writers use? How do you take your writing to the next level? There are no storytelling rules-but there are patterns. The Structure of Story details the specific writing tools that will help you recognize and apply the patterns of great stories. You will learn how to shift your focus from storytelling rules to storytelling tools. By applying these tools, you'll be able to keep the reader on the edge of their seat while delivering an emotional, meaningful story. In The Structure of Story, you'll learn the four dramatic tools that keep the reader engaged, the two things every story must accomplish, how to write multi-dimensional characters that drive plot, how a story's theme can be conveyed through a character arc, how to create an organic plot driven by cause and effect, the critical things that your opening must accomplish, what goes in the middle of a story, how to write an emotional climax, how subtext works and when to use it, how to create a twist ending, tools for showing rather than telling, how to pace your story properly, how to write an ending that's both satisfying and inevitable, and how to avoid a repetitive plot.
