The thoroughly Revised & Updated 8th edition of the book "Comprehensive Guide to SBI Bank PO Exam" is based on the new pattern - Preliminary and Main. The book covers all the 3 sections asked in the Preliminary Exam and the 4 sections asked in the Main exam - English Language, Data Analysis & Interpretation, Reasoning & Computers and General/Banking/Economy Awareness. The USP of this new edition is the inclusion of new Questions based on the 2017-18 format of Banking exams. New Variety of High Level Questions have been included are Data Analysis/ Interpretation, Problem Solving, Direction, Input-Output, Coding-Decoding, RC, Filler, Sentence Rearrangement (column based) etc. # The theory of the book has been updated as per the various questions asked in the past examination as conducted by the SBI. # The book provides well illustrated theory with exhaustive fully solved examples for learning. This is followed with an exhaustive collection of solved questions in the form of Exercise. # The book provides separate sections for General Awareness including Banking Knowledge, Computer Knowledge and Marketing Aptitude. # The book incorporates fully solved 2011 - 2019 papers.

A general purpose digital computer program was developed and designed to aid in the analysis of spacecraft attitude dynamics. The program provides the analyst with the capability of automatically deriving and numerically solving the equations of motion of any system that can be modeled as a topological tree of coupled rigid bodies, flexible bodies, point masses, and symmetrical momentum wheels. Two modes of output are available. The composite system equations of motion may be outputted on a line printer in a symbolic form that may be easily translated into common vector-dyadic notation, or the composite system equations of motion may be solved numerically and any desirable set of system state variables outputted as a function of time.

*Ever wonder what really happens that first year after you retire? I'm talking about the day-to-day emotions, feelings, projects, questions, anxieties... the ups and downs of this very important next step in one's life after some 25/30/35/40 years of formal work? Well, my "The Baby Boomers First-Hand/First-Year Guide to Retirement... 365 Days of Bliss (???) or Diss (Not???)" could provide some insight for those recently retired or contemplating retirement. This 365 day (from January 17, 2013 to January 17, 2014) daily journal allows the reader to follow along as I experience the chores, the life; the new budgeting, the wife — the questions, the emotions; some answers and hopefully some solutions. "First-Hand" is an easy-to-read/fast page turner; a humorous collection of thoughts and stuff... it does not hit you over the head with heavy retirement questions regarding pensions or 401(k) requirements; or statistics such as inflation projections, investment facts, tax shelters, financial formulas, etc... My book is simply a personal essay of my first 365 days of retirement, featuring real names and real people. Included are personal pictures and anecdotes of my 2013 journey that sheds light on the everyday minutia of retired life. I self-published my first book "SQUARE SQUIRE & THE JOURNEY TO DREAMSTATE" in 2012. I have a completed children's short story collection "LongTALES for shortTAILS" — currently being illustrated; and I have a young adult/short story collection "Word Food for Doods" ready for publishing. I am presently working on a novella about a jive/hipster dude cat called "Diddley Squatt."*
