DOCAT is “revealing the secret” to young people around the world. DOCAT helps young people to know and live Catholic Social Teaching. It’s a great, practical follow up to YOUCAT, the hugely popular Youth Catechism, based on the Catechism of the Catholic Church. Drawing on Scripture, YOUCAT, the Catechism, and the Compendium of Catholic Social Teaching, DOCAT shows young people how to work toward building a “civilization of love”. Features include:
• Popular Q & A YOUCAT style, tackles tough questions about social justice and related issues
• Lots of full-color photos with young people and others
• Inspirational and insightful quotes – including comments from St. John Paul II, Mother Teresa, Pope Francis, Pope Benedict
• Written with help from church leaders, business leaders, social activists, and young people
• Guides young people in conscience formation and Catholic action on social and political issues
Nelson Community and Family Studies: Preliminary & HSC, second edition, continues its fresh, practical approach to this contemporary discussion-based subject. This book is a comprehensive resource for teachers and students of Community and Family Studies. It provides a concise and thorough basis for study and reviews all components of the Preliminary and HSC course. Each topic area is supported with current research articles, engaging case studies and activities to help reinforce major syllabus outcomes. The text demonstrates the interrelationships between each topic area and it is an essential tool for all students wanting to succeed in CAFS.

"This guide contains an introduction to the new course, plus exam tips, comprehensive summary and discussion of each text in the Advanced English course, including Area of Study and Advanced English Modules, a list of key issues to consider in each chapter related to the relevant syllabus area, helpful advice on how to read different types of texts and plot outlines, character discussion and interpretations."--Publisher description.

*Social isolation and loneliness are serious yet underappreciated public health risks that affect a significant portion of the older adult population. Approximately one-quarter of community-dwelling Americans aged 65 and older are considered to be socially isolated, and a significant proportion of adults in the United States report feeling lonely. People who are 50 years of age or older are more likely to experience many of the risk factors that can cause or exacerbate social isolation or loneliness, such as living alone, the loss of family or friends, chronic illness, and sensory impairments. Over a life course, social isolation and loneliness may be episodic or chronic, depending upon an individual’s circumstances and perceptions. A substantial body of evidence demonstrates that social isolation presents a major risk for premature mortality, comparable to other risk factors such as high blood pressure, smoking, or obesity. As older adults are particularly high-volume and high-frequency users of the health care system, there is an opportunity for health care professionals to identify, prevent, and mitigate the adverse health impacts of social isolation and loneliness in older adults. Social Isolation and Loneliness in Older Adults summarizes the evidence base and explores how social isolation and loneliness affect health and quality of life in adults aged 50 and older, particularly among low income, underserved, and vulnerable populations. This report makes recommendations specifically for clinical settings of health care to identify those who suffer the resultant negative health impacts of social isolation and loneliness and target interventions to improve their social conditions. Social Isolation and Loneliness in Older Adults considers clinical tools and methodologies, better education and training for the health care workforce, and dissemination and implementation that will be important for translating research into practice, especially as the evidence base for effective interventions continues to flourish.*

*Ward Churchill and Jim Vander Wall’s expose of America’s political police force, the FBI, reveals the steel fist undergirding “compassionate conservatism’s” velvet glove. Using original FBI memos, the authors provide extensive analysis of the agency’s treatment of the left, from the Communist Party in the 1950s to the Central America solidarity movement in the 1980s. The authors’ new introduction posits likely trajectories for domestic repression.*

*This guide contains comprehensive summary and discussion of all 44 prescribed texts in the HSC Standard English course, plus a list of key issues to consider in each chapter related to the relevant syllabus area, helpful advice on how to read different types of texts, plot outlines, character discussion and interpretations.*

This volume explores court interpreting from legal, linguistic, and pragmatic vantage. Because of the growing use of interpreters, there is an increasing demand for guidelines on how to utilize them appropriately in court proceedings, and this book provides guidance for the judiciary, attorneys, and other court personnel while standardizing practice among court interpreters themselves. The new become the standard reference book worldwide, features separate guidance chapters for judges and lawyers, detailed information on title VI regulations and standards for courts and prosecutorial agencies, a comprehensive review of U.S. language policy, and the latest findings of research on interpreting.

The Chapman family was the first of New Zealand’s legal dynasties. Henry Samuel Chapman was the first pulsine judge of the Supreme Court; his son Frederick Revans Chapman was teh first New Zealand born Supreme Court judge; and another son, Martin founded one of the country’s leading legal firms, which still bears his name ... This book provides a record of the lives and careers of three generations and early twentieth century colonial history. It casts light on important aspects of society and law at that time: notably, the characteristics and values of the educated, aspirant classes, and the development of essentially English institutions and laws in the colonial environment.” -- Back cover.

**The new Mathematics General syllabus describes two pathways that start in Year 11. Even though both pathways share a common Preliminary course, students taking each pathway have specific learning needs, so we have published two levels of text for both Years 11 and 12. First published in 2000 and revised in 2009, New Century Maths 11 (Pathway 2) has been revised again for the new Mathematics General course commencing in NSW in 2013. This book is produced especially for students who have completed some or all of Stage 5.2(especially in algebra and trigonometry), and are heading towards the Mathematics General 2 HSC course in Year 12, ATAR and university study. This is the more traditional and academic pathway of the updated course. The printed book is supported by an interactive NelsonNetBook version of the text. Students and teachers will have access to a range of useful resources on the password-protected NelsonNet website. Written when the speaker, Little Dog, is in his late twenties,***

*the letter unearths a family’s history that began before he was born — a history whose epicenter is rooted in Vietnam — and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity. Asking questions central to our American moment, immersed as we are in addiction, violence, and trauma, but undergirded by compassion and tenderness, On Earth We’re Briefly Gorgeous is as much about the power of telling one’s own story as it is about the obliterating silence of not being heard. With stunning urgency and grace, Ocean Vuong writes of people caught between disparate worlds, and asks how we heal and rescue one another without forsaking who we are. The question of how to survive, and how to make of it a kind of joy, powers the most important debut novel of many years. Named a Best Book of the Year by:*

*GQ, Kirkus Reviews, Booklist, Library Journal, TIME, Esquire, The Washington Post, Apple, Good Housekeeping, The New Yorker, The New York Public Library, Elle.com, The Guardian, The A.V. **Prepare to have your conception of truth rocked to its very foundation. It is the year 2004. Violent crime is the number one political issue in America. Now, the Swift and Sure Anti-Crime Bill guarantees a previously convicted violent criminal one fair trial, one quick appeal, then immediate execution. To prevent abuse of the law, a machine must be built that detects, hears, and perfects the Truth Machine. Once perfected, the Truth Machine forces one man to commit a shocking act of treachery, burdening him with a dark secret that collides with everything he believes in. Now he must conceal the truth from his own creation . . . or face his execution. By turns optimistic and chilling—and always profound—The Truth Machine is nothing less than a history of the future, a spellbinding chronicle that resonates with insight, wisdom . . . and astounding possibility. “PROFOUND.” --Associated Press**

*Considered by many to be ‘the last important product of the Apocalyptic movement’, The Apocalypse of Abraham is an apocryphon, a work that belongs to a body of prophetic Abrahamic literature flourishing about the time of Christ. The text details the Destruction of the Temple and thus was written after 70 AD. It is considered part of the Apocalyptic literature but not regarded as authoritative scripture.*

*Billy Pilgrim survives capture by the Gemans in World War II, the Dresden bombings, and the struggle for financial success only to be kidnapped in a flying saucer and taken to the planet Tralfamadore.*

*This volume, developed by the Observatory together with OECD, provides an overall conceptual framework for understanding and applying strategies aimed at improving quality of care. Crucially, it summarizes available evidence on different quality strategies and provides recommendations for their implementation. This book is intended to help policy-makers to understand concepts of quality and to support them to evaluate single strategies and combinations of strategies.*

Education reform has become part of a political imperative in a number of developed countries, including the USA, Japan and the UK. This book questions why this reconstruction occurred at the same time in different places and asks, what common themes are emerging in the restructuring movement?

In this, the second volume of the Addlestone Chronicles, the focus is on the Nazi’s vision of creating a ‘Master Race’ in preparation for their 1000-year Reich. To accomplish this, they promoted, arranged, and eventually only permitted, ‘breeding’ between genetically ‘pure’ Aryans. This Europe-wide programme was called Lebensborn. Set in the mid-1930s, action takes place in England, Germany, Italy, and France. A wealthy, young English upper-class couple, James and Louise Harcourt-Heath, are recruited as spies by the British Security Service department, MIS. After unearthing the secrets of the primary Lebensborn facility, they are assigned to continue their espionage activities at the 1936 winter and summer Olympic games in Hitler’s Germany. Both novels offer readers fast-moving and gripping adventure stories as well as historical warnings.

Parallels are evident between the conditions in Europe in the 1930s and political developments today in the US, the UK, and elsewhere. Similar circumstances enabled fascist dictators in Germany, Italy, Spain, and Portugal. The third volume of the Addlestone Chronicles is set to be published in the autumn of 2022. Partially set in Ireland, it follows the same English couple’s attempts to unearth Nazi spies in the neutral Irish Free State and prevent the Nazi kidnap of a physicist, working on nuclear fission at the Cavendish Lab in Cambridge, England.
