My Overdue Book: Too many stories not to tell: spells out the varied episodes in the life of a man who spent decades working in Hollywood. He began as a little boy in Cincinnati impressed early on by the broadcasting magic of radio and then TV in the middle of twentieth century America. His drive to get into broadcasting culminates in an early success that gets interrupted by an unexpected sidebar in The US Army and a subsequent tour as an Infantryman in Vietnam in the late 1960's. His yearlong excursion in "Fun City East," with its repeated life and death experiences, had lifelong effects on this soldier-of-media. Following his wanderings through the jungles of Vietnam, Bright's interactions with many of America's top public figures throughout his decades in radio and television come to life with intriguing stories that are personal, professional, positive and negative. It's life without a filter! Readers across generations will share and co-experience numerous real

life feelings and emotions with writer Bright as his winding trail of life opens in front of them. book endorsement for peter bright; i always thought that peter bright and i had many things in common; we both grew up in ohio, we both had careers in the live event and variety side of television, and the few times we had times to talk i thought we shared a mutual philosophy toward the ups and downs of life. but it wasn't until i read his "overdue" book that i realized just what a rich and storied life peter has had and how much more deeply he had experienced the highs and lows, particularly during his years in the military, than i ever could have imagined. it really amazes me just how little we know about people we think we know, and just how much more we appreciate who they are when we are fortunate enough to have that background filled in by someone as articulate and able to express both facts and feelings as peter has in this book. when i started to read it, i thought all of those common events that we shared would be an interesting parallel track to my life and as such i would have a great frame of reference, but as i read on, i realized just what an amazing story peter has to tell and just how well he tells it. ken ehrlich, executive producer,

In *Stop Sabotaging Your Life: 3 Steps To Your Full Potential*, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of

navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually with me being hurt, and questioned what 'I' was doing wrong. Bruno taught me how to love myself again, how to respect myself and above all else, BELIEVE in

myself.... Bruno saved me from my self-destructive patterns. Without his help, I wouldn't be the confident woman I am today. I am a better mother for that."— Cristina "The world is filled with very successful executives who for decades focus every waking minute on professional accolades and professional development [only to] realize they haven't take the time out to focus on personal development in terms of a better balance in life, being in touch with their spiritual side and inner self, and even the fun side of life. That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious

enthusiasm to make you seize your inborn potential." –Adrian "If I had to sum up my experience with Bruno in one word, it would be 'awakened.' Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth." –Blaine

A Novel

A Memoir of Love, Loss, and the Musical Rent

*One summer can change everything. Jacinda Prescott spent one life-changing summer in Sweet Breeze Bay, New Zealand, and left disaster in her wake. Since then, she's thrown herself into her music career, and her life in LA. But when the price of fame threatens to become more than she's willing to pay, the distant bay calls her back. Liam Ward walked away from everything he knew after the death of his talented brother, the guy Jacinda loved and lost. When he finally returns to the bay, looking for closure, she's the last person he expects to find-and the last woman he should fall for. Stuck as neighbors for the summer, their off-limits attraction is hotter than the South Pacific sun. But the secret that ties them together is the one thing that could destroy her career, and break their hearts all over again...if they let it.*

*survive? • Regret not finishing your music, photography or screenplay? • Wish you had more time, more money, more ability to get things done? If so, The Pursuit Of Passion is the book for you. A concise book of deep thought and meditation, The Pursuit Of Passion is one of those rare experiences that comes along only once in a great while. It is a treasury of thoughtful, insightful reminders that can be read in one sitting, or can be referred to daily, one page at a time. The book takes you on a journey from the darkest days of the 2009 Great Recession to a place of recovery, creativity, hope and passion. "These writings came from a promise. Right before Memorial Day 2009, I met with my business coach Joe Stumpf. After 20 years as a commissioned loan officer, I had just lived through possibly the worst year ever in the business. My previous company had collapsed in the mortgage meltdown of 2008. During the previous 12 months my assistant had earned more money than I had. About 50% of the people in my industry were either out of work or actively looking for jobs in other areas of business. Things looked bleak, and there was no fun left. Work had become a painful grind with very little financial reward to show for all the time spent. I shared my total burn out in the business of 20 years with my coach. Frustrated by what my life had become, it became clear that something had to give. Either I had to change jobs, or change my attitude. Maybe both! I promised to get up at 5:00 AM every day, meditate and journal, and focus on bringing passion back into every aspect of my life, my work, my family and my personal growth. Instead of going to work every day and having a pity party, I have decided to have a passion party. These writings (a sample of the 475+ entries from the website <http://passionparty09.blogspot.com>) are the outgrowth of that commitment. I*

It is 1937, and Europe is on the brink of war. In the haute-bohemian circles of Austria, Germany, and Paris, Hitler is circulating a most-wanted list of "cultural degenerates"--artists, writers, and thinkers whose work is deemed antithetical to the new regime. To prevent the destruction of her favorite art (and artists), the impetuous American heiress and modern art collector, Leonora Calaway, begins chartering boats and planes for an elite group of surrealists to Costalegre, a mysterious resort in the Mexican jungle, where she has a home. The story of what happens to these artists when they reach their destination is told from the point of view of Lara, Leonora's neglected 15-year-old daughter, who has been pulled out of

school to follow her mother to Mexico. Forced from a young age to cohabit with her mother's eccentric whims, tortured lovers, and entourage of gold-diggers, Lara suffers from emotional, educational, and geographical instability that a Mexican sojourn with surrealists isn't going to help. But when she meets the outcast Dadaist sculptor Jack Klinger, a much older man who has already been living in Costalegre for some time, Lara thinks she might have found the love and understanding she so badly craves.

A romance in reverse is set in Paris and London and follows an artist's attempts to fall back in love with his wife after the end of his affair, an effort that is challenged by the sale of a personal painting and his wife's discovery of his infidelity.

The Life-Changing Benefits of Being Frank

"I Am Not" is author Robert E. Draper's attempt to provide insight into our age-old plight of finding ourselves "strangers in a strange land," as well as into the great difficulty we all have in accepting that if we are living in a world of virtual insanity, we are—at least partly—insane too. According to the author, this world is a dystopian battleground, a product of a collective amnesia that has burdened us all with the difficult task of living coherently while working our way back to the awareness of what we are: united; yet believing we are what we are not: separated—all of our hearts breaking over what we know not. The central theme of "I Am Not" is recognizing the futility of our efforts to improve the trap we appear to be in, redirecting those efforts to the goal of waking up to what we are doing, saving not the world but ourselves. Only thus can we reverse our own course into madness,

Based on cutting-edge research from behavioral science and economics, this eye-opening examination of how scarcity affects our daily lives reveals how individuals and organizations can better manage scarcity for greater satisfaction and success.

In over 45 years as a practicing psychologist, social entrepreneur, and professor, I have learned that emotional intelligence is the key to success in work and in life. I also know that becoming more self-aware is the key to developing strong emotional intelligence. I have taught, coached, and counseled people on how to become more self-aware and how to develop their social-emotional competencies. Both activities lead to higher emotional intelligence. This book presents the best practices developed and delivered in my teaching and in my psychology practice. Some of the stories and exercises in this book came from my previous book *Balanced Leadership in Unbalanced*

I wrote this book because not everyone who needs this information is here at the University of Michigan to take my class. While it's nice to have a teacher and coach to help you through the process, you can learn a lot by yourself through reading this book and working on its exercises. If you follow the process, you'll end up with a self-made vision for success in both work and life. Furthermore, you will learn to set goals and develop the support that will enable you to make your dreams come true.

**How to Use this Book** This book reflects the process I use in my coaching and teaching. You will be asked to read, reflect, answer questions, and engage actively in a series of exercises. Some exercises will require the participation of significant people in your life. You will be guided through exercises designed to:

- Help you find your career sweet spot.
- Establish a vivid vision of your dream success in career and life.
- Establish goals in the key spheres of your life: family, friends, mind, body, spirit, career, and community.
- Determine how the right balance in these spheres will lead to choices that maximize your chances to be happy and successfully choose the
