during a dangerous international search for a legendary artifact. Reprint. 125,000 first printing. A finalist for the Edgar and Mary Higgins Clark Awards, in her riveting debut *Invisible City*, journalist Julia Dahl introduces a compelling new character in search of the truth about a murder and an understanding of her own heritage. Just months after Rebekah Roberts was born, her mother, an Hasidic Jew from Brooklyn, abandoned her Christian boyfriend and newborn baby to return to her religion. Neither Rebekah

nor her father have heard from her since. Now a recent college graduate, Rebekah has moved to New York City to follow her dream of becoming a big-city reporter. But she's also drawn to the idea of being closer to her mother, who might still be living in the Hasidic community in Brooklyn. Then Rebekah is called to cover the story of a murdered Hasidic woman. Rebekah's shocked to learn that, because of the NYPD's habit of kowtowing to the powerful ultra-Orthodox community, not only will the woman be buried without an

autopsy, her killer may get away with murder. Rebekah can't let the story end there. But getting to the truth won't be easy—even as she immerses herself in the cloistered world where her mother grew up, it's clear that she's not welcome, and everyone she meets has a secret to keep from an outsider.

The film writer for Bangkok Hilton presents a debut thriller that traces a collision between two geniuses, including a tortured hero and a determined terrorist, in the aftermath of a murder that a

world-class secret agent discovers has been conducted according to his own forensic techniques to hide the victim's identity.

Ever since she could walk, Homicide Detective Deena Pilgrim followed in her father's footsteps. A man with a badge, Waldo Pilgrim

surrounded himself with what Deena believed to be the cream of the crop when it came to serving and protecting. These days, Deena won't discuss her father or the life she left behind in Atlanta years ago, a life before she partnered with Christian Walker to investigate homicide cases in a city where perps and victims boast incredible, dangerous powers. Now, nearly a decade of bringing Powers to justice has broken down Deena's resolve, along with the walls she erected long ago to protect herself from prying eyes. Walls that kept her from a past best left alone, and from those determined to get close and bring horrible, heartbreaking memories to the surface once

more. But when a cold case reopens a series of unsolved murders that point back to Deena's family tree, she is unavoidably reacquainted with a former boyfriend with ties to both sets of killings, along with her sordid past. Forced to question the choices, decisions, and steps she's taken in life, love, and career---including her long-standing partnership with Walker, a former Power whose secret history intersects with Deena's own---Detective Deena Pilgrim must bring a killer to justice and, in doing so, hopefully come to terms with the kind of cop she wants to be . . . assuming that she wants to continue being a cop at all. WITH NEARLY 50 MILLION BOOKS SOLD WORLDWIDE, NELSON DEMILLE IS "A TRUE MASTER." - DAN BROWN #1
New York Times bestselling author Nelson DeMille's chilling, relentlessly suspenseful story of Cold War espionage in the vein of the hit FX show The Americans. On a dark road deep inside the Russian woods at Borodino, a young American tourist picks up an unusual passenger with an explosive secret: an U.S. POW on the run from "The Charm School," a

sinister operation where American POWs teach young KBG agents how to be model U.S. citizens. Their goal? To infiltrate the United States undetected. With this horrifying conspiracy revealed, the CIA sets an investigation in motion, and three Americans--an Air Force officer, an embassy liaison, a CIA chief--pit themselves against the country's enemies in a high-powered game of international intrigue.

"I am about to share here a story about stars that dance. . . . If the very thought of seeing stars dance piques your curiosity at some deep level of your soul, then pay attention to what follows, for the walk to the Field of Stars, to

Santiago de Compostela, is a journey that has the power to change lives forever." -- from the introduction "Pilgrimage" is a strange notion to our modern, practical minds. How many of us have walked to a distant holy place in order to draw nearer to God? Yet the pilgrimage experience is growing these days in various parts of the world. Seeking to take stock of his life, Kevin Codd set out in July 2003 on a pilgrimage that would profoundly change his life. To the Field of Stars tells the fascinating story of his unusual spiritual and physical journey on foot across Spain to Santiago de Compostela, the traditional burial

place of the apostle James the Greater. Each brief chapter chronicling Codd's thirty-five-day trek is dedicated to one or two days on the road. Codd shares tales of other pilgrims, his own changes of perspective, and his challenges and triumphs along the way -- all told with a disarming candor. Seen through the eyes of a Catholic priest who honors the religious worldview that originally gave rise to these medieval odysseys, "pilgrimage" comes to life and takes on new meaning in these pages.

The gripping tale about two boys, once as close as brothers, who find themselves on opposite sides of the Holocaust. "A novel of survival, justice and redemption...riveting."

—Chicago Tribune, on *Once We Were Brothers* Elliot Rosenzweig, a respected civic leader and wealthy philanthropist, is attending a fundraiser when he is suddenly accosted and accused of being a former Nazi SS officer named Otto Piatek, the Butcher of

Zamosc. Although the charges are denounced as preposterous, his accuser is convinced he is right and engages attorney Catherine Lockhart to bring Rosenzweig to justice. Solomon persuades attorney Catherine Lockhart to take his case, revealing that the true Piatek was abandoned as a child and raised by Solomon's own family only to betray them during the Nazi occupation. But has Solomon accused the right man? Once We Were Brothers is Ronald H. Balson's compelling tale of

two boys and a family who struggle to survive in war-torn Poland, and a young love that struggles to endure the unspeakable cruelty of the Holocaust. Two lives, two worlds, and sixty years converge in an explosive race to redemption that makes for a moving and powerful tale of love, survival, and ultimately the triumph of the human spirit. Presents a translation of the poet's third version of the text

Can you commit the perfect crime? Pilgrim is the codename for a man who

doesn't exist. The adopted son of a wealthy American family, he once headed up a secret espionage unit for US intelligence. Before he disappeared into anonymous retirement, he wrote the definitive book on forensic criminal investigation. But that book will come back to haunt him. It will help NYPD detective Ben Bradley track him down. And it will take him to a rundown New York hotel room where the body of a woman is found facedown in a bath of acid, her features erased, her

teeth missing, her fingerprints gone. It is a textbook murder "Qe" and Pilgrim wrote the book. What begins as an unusual and challenging investigation will become a terrifying race-against-time to save America from oblivion. Pilgrim will have to make a journey from a public beheading in Mecca to a deserted ruins on the Turkish coast via a Nazi death camp in Alsace and the barren wilderness of the Hindu Kush in search of the faceless man who would commit an appalling act of

mass murder in the name of his God.

For a seemingly perfect family, a single word will change everything in this edge-of-your-seat thriller for fans of *The Silent Patient* and *The Whisper Man*. It's early summer in Stockholm. Agneta and Stellan Broman have just waved off their daughters and grandchildren when the landline phone rings. The caller says just one word: "Geiger." Agneta hangs up, finds her old pistol, kills her husband of fifty years and then disappears from their

home without a trace. Sara Nowak, a police officer in the prostitution unit, is called by a colleague who is investigating the murder. Stellan was a widely loved former television presenter, and Sara grew up next door to the Bromans, spending much of her childhood in their grand house. Both the victim's daughters and Sara are devastated by the killing, and going against all regulations, Sara gets involved in the investigation. It is the beginning of a dark journey, leading back to the Cold War and fatal

ideologies, and the truth about Sara's own childhood. Exciting, compelling, and full of twists you'll never see coming, Geiger is Gustaf Skördeman's incredible debut thriller.

But when four seconds of video is captured halfway around the world and anonymously transmitted to DC, covert wheels are set in motion, and counterterrorism operative Scot Harvath is tapped to undertake the deadliest assignment of his career. What begins as a favor will evolve into a globe-spanning drama of highly personal stakes played out against a backdrop of stunning international intrigue, duplicitous political gamesmanship, and the darkest,

most clandestine fears of the espionage world. With razor-sharp plotting, richly rendered characters, and heart-stopping surprises on every page, Thor isn't just at the top of his game—he owns the entire genre.
