

I Christianity Yesterday Today And Tomorrow

The story of Methodism is much richer and more expansive than John Wesley’s sermons and Charles Wesley’s hymns. In this book, Methodist theologian Jeffrey W. Barbeau provides a brief and helpful introduction to the history of Methodism—from the time of the Wesleys, through developments in North America, to its diverse and global communion today—as well as its primary beliefs and practices.

As shocking and unbelievable as it may seem, the reality of the matter is that this world is headed towards a one world dictatorship with two super world powers driving it: one a political super power and the other religious. The signs are everywhere for all to see and the world is on the brink of a major crisis that will come as an overwhelming surprise to many. Here is a SHOCKING EXPOSE in this Electronic Book (eBook) available for the first time giving you a glimpse behind the scenes of what has been happening preparing this world for a One World Dictatorship. Every living human being will be affected and the sooner you get to know what’s coming, the better.

The Oxford Handbook of Mission Studies represents more than a century of scholarship related to the theology, history, and methodology of the propagation of Christian faith and the engagement of Christians with cultures, religions, and societies worldwide. It contains more than 40 articles by experts from different disciplinary and eclesial perspectives, who are from all continents. It not only offers a broad overview of key approaches and issues in mission studies but it also highlights current trends and suggests future developments. The Handbook builds on renewed interest in mission studies this century generated by recent key statements on mission from ecumenical, evangelical, Catholic, and Orthodox sources, and by a spate of academic works on the topic. Western church leaders now apply insights from foreign missions (such as, inculturation, liberation, interfaith work, and power encounter) to today’s multicultural societies. Meanwhile, there are new initiatives in mission from the Majority World, where most Christians live, so that sending is not only ‘from the west to the rest’ but ‘from everywhere to everywhere’. Therefore, this volume aims to reflect the voices of the receivers of mission as well as its protagonists and to raise awareness of new movements. In a time of growing recognition of ‘religions’ more generally, this work examines and theorizes the missional dimensions of the world’s largest religion: its agendas, growth, outreach, role in public life, effect on cultures, relevance for development, and its approaches to other communities.

"Jesus Christ is the same yesterday, today and forever." This verse from the "Letter to the Hebrews" in the Bible is true. Christ is alive and well. Yet our relationship with him is frequently an abstract one. The purpose of this book is to help you meditate on Christ in His Word to learn of Christ as if for the first time, in the here and now. This way Christ will become the center of your life."

Essays in Honor of William Ernest Hocking

The Crisis of Authority in American Evangelicalism

Embracing All Three Dimensions of Creation and Redemption

This book is a short introduction to one of the most remarkable transformations in the modern world that many people still do not know about. In 1900 more than 80 percent of the world’s Christians lived in Europe and North America and nearly all of the world’s missionaries were sent out “from the West to the rest.” In a dramatic turn of events Christianity experienced a decidedly “Southern” during the twentieth century. Today nearly 70 percent of the world’s 2.5 billion Christians live in Africa, Asia, and Latin America, while nearly half of all missionaries are being sent out into all the world from places like Brazil, Ethiopia, and South Korea. This book is intended to change the way readers think about the church and challenge the way the Western Christians engage in contemporary missions.

Gabriel Marcel reminds me that I asked him to write for this book. This is quite true, but not the whole story. During the visit with Ernest Hocking which he describes so eloquently in his essay, “Solipsism Surmounted,” he learned from Hocking’s hostess, Elizabeth Hazard, that I was planning hopefully for a Hocking Festschrift. On his return to Harvard, where he was preparing his James Lecture, he wrote me offering an essay should these plans develop. Encouraged, I kept his letter while I moved my family to India and settled into a new job. When it was possible to begin work on the book in earnest I then made my request, reminding him of his original offer. I mention this because I discovered that his enthusiasm was to be typical of those who came to know about the project. Charles M.

commented that such a book was “long overdue,” and Walter Stace spoke for us all when he said: “I am sure that there is no one in our profession who would not wish to be associated with any project in his honor.” Given the wide range of Hocking’s interests and influence, it was difficult to know just how the volume should be organized.

Because God has made himself known in His Word, a commitment to a high view of Scripture is of paramount importance. Sadly, more and more people—not only from outside the church but also from within—are denying the complete truthfulness of God’s Word. Edited by pastor John MacArthur, this compilation of essays by a host of evangelical pastors, theologians, historians, and biblical scholars contends that the Bible is completely true and without error—a foundational belief for those who claim to honor God and His Word. Exploring key Bible passages, events from church history, common criticisms, and pastoral applications, the contributors in this volume instill Christians with both the certainty and the courage to defend the inerrancy of God’s Word—the means by which God has revealed himself and awakens sinners from death to life.

The Formation of Christian Doctrine is an advanced academic study of how Christian doctrine develops, distinguishing in particular between scholarly term “invento” and less revelatory process of “invention.”

Reflections on History and Hope

Yesterday, Today, Tomorrow, and Beyond

The nation of Israel, as God’s Elect, looked forward to the coming of the Messiah as the most significant event in its existence. It was the acme of the people’s hopes. Yet when Christ came in fulfillment of that dream, He was not recognized by His people, and was consequently rejected. How could that be? The church had so distorted the Truth that it could not see any affinity between the Written Word and the Living Word. Jesus declared that the church was worshipping Him in vain because it had replaced the commandments of God with the traditions of men. Is it possible that Christianity could be repeating the mistakes of Judaism? Christianity in Crisis analyzes this issue from a scriptural perspective, and challenges Christendom to a more diligent search for Truth as found in the example and teachings of Christ who was Himself the source and embodiment of ALL TRUTH. Are Christians taking too much for granted?

A warm and intimate look into the spiritual life of Maria von Trapp’s famous Sound of Music family. In this best-selling work, Maria takes you beyond the thrilling story of her family’s desperate and determined flight from Austria to her new life in America, as well as providing: A personal and profound insight into this extraordinary woman and her life An inspiring look at the constancy of the Savior in our lives A wealth of insight and faith from years spent in study, devotion, and worship Maria von Trapp shares how she and her husband told their children about the life of Jesus and how His story entered into their lives and imaginations. Be enriched and inspired as you enjoy this beloved classic.

Two evangelist scandals. More varieties of Christianity than Baskin-Robbins has flavors. These are times of pluralism and disenchantment with organized religion. How do Christians today know which leaders and companions in faith to trust? For help, Gerald McDermott returns to the work of Jonathan Edwards, the eighteenth-century preacher and college president widely regarded as the greatest American theologian ever.

Edwards wrestled expertly with similar questions arising from frontier revivalism. Now McDermott, not only a leading Edwards scholar but also a master teacher, makes Edwards’s insights accessible and practical for today’s Christians. Seeing God offers a clarifying glimpse at the signs of genuine Christianity - yesterday, today and for the ages.

The Wiley-Blackwell Companion to World Christianity presents a collection of essays that explore a range of topics relating to the rise, spread, and influence of Christianity throughout the world. Features contributions from renowned scholars of history and religion from around the world Addresses the origins and global expansion of Christianity over the course of two millennia Covers a wide range of themes relating to Christianity, including women, worship, sacraments, music, visual arts, architecture, and many more Explores the development of Christian traditions over the past two centuries across several continents and the rise in secularization

The Discord Among Christian Sects

A Worldly Christian

I Am Original Words, Original Truth

In Apostles of Reason, Molly Worthen offers a sweeping history of modern American evangelicalism. Traditionally, evangelicalism has been seen as a cohesive - indeed almost monolithic - religious movement. Sometimes religion drops out of the picture and evangelicalism is treated strictly as apolitical force. Worthen argues that these views are false.

Evangelicalism is, rather, a community of believers preoccupied by three elemental concerns: how to reconcile faith and reason; how to know Jesus; and how to bring faith to a secularized public square. In combination, under the pressures of modernity, and in the absence of a guiding authority capable of resolving uncertainties and disagreements, these debates have shaped evangelicals into a distinctive spiritual community.

Stephen Neill (1900–1984) was a towering figure of twentieth-century global Christianity, but was in many ways a broken man who faced profound and crippling struggles. A Worldly Christian charts the extraordinary but often tragic life of a global Christian pioneer par excellence in a church that diversified dramatically during his lifetime. Privileged to live in radically different cultural contexts over the course of his life, Neill excelled by turns as a missionary and bishop in India, an ecumenist in Geneva, a professor in Hamburg and Nairobi, and a prolific author of some seventy books and hundreds of articles upon his retirement to the UK. Throughout this varied career, he shared his tremendous knowledge of the world Christian movement with scholars, clergy and laypersons alike. Many will find his story compelling, from Christian scholars to all those who have cherished his influential body of work and benefit from his legacy.

God’s Marshall Plan tells the story of the American Protestants who sought to transform Germany into a new Christian and democratic nation in the heart of twentieth-century Europe. James D. Strasburg follows the American pastors, revivalists, diplomats, and spies who crossed the Atlantic in an era of world war, responded to the rise of totalitarian dictators, and began to identify Europe as a continent in need of saving. He examines their far-reaching campaigns to make Germany into the European cornerstone of a new American-led global spiritual order. God’s Marshall Plan illuminates the dramatic ramifications of these efforts by showing how the mission to remake Germany in America’s image actually remade American Protestantism itself. American Protestants realized they had come to dramatically different conclusions about how to rebuild the West out of the ruins of war. European Protestants, meanwhile, began to sharply protest America’s spiritual advance. Forsaking their wartime nationalism, a growing number of ecumenical Protestants championed a new ethic of global fellowship, reconciliation, and justice. However, a fresh wave of evangelical Protestants emerged and ensured that the religious struggle would continue into the Cold War. Strasburg argues that the spiritual struggle for Europe ultimately forged two competing visions of global engagement: Christian nationalism and Christian globalism that transformed the United States, diplomacy, and politics in the Cold War and beyond.

Having devoted my life to the study of history, I am prompted in my latter days to ask whether one can make sense of it all. --from the Introduction In this book, Bainton pauses to reflect on the importance of studying history because of what it can teach us about human nature. The study of history, then, is the study of human behavior and therefore it helps us understand ourselves. And with this greater self-understanding comes the further inquiry beyond the human—to God, Christ, and Christian ideals. Readers who think history is as dry as dust have never read Bainton! In this book, Bainton shows that history is not only interesting, it’s also important. One can indeed make sense of it all.

A Very Short Introduction

Yahweh for Christians

The Enduring Influence of Carl F. H. Henry

Philosophy, Religion, and the Coming World Civilization

World Christianity and the Unfinished Task

This is a print on demand book and is therefore non-returnable. This is the first systematic and comprehensive study of the biblical view of time and history as it occurs in the Old Testament. The author specifically focuses on the use and function of certain formal expressions involving the Hebrew word yom, ‘day’.

The first chapter formally surveys the use of yom in the Old Testament. Chapters 2, 3, and 4 investigate, respectively, The Day Past, The Day Present, and The Day Future. They discuss, first, the various genres of historical narration: legend, saga, annals, etc.; second, various kinds of discourse in which the meaning of ‘today’ is spoken about; and third, the prophetic and apocalyptic genres, in which the future is being defined from the present point of view.

Yahweh for Christians: I Am Original Words, Original Truth By: Messianic Rabbi Minister Yahanathan Daweed Yahweh for Christians is a work unlike any other on your book shelf. No other work of this weight and of this topic gives us a historical examination across the history of man as this work does. Yahweh for Christians states that there is an epic struggle between the Sacred Name, and an intelligent opponent, that goes beyond our appreciation. This attack is not benign, but is violent, and affects all life as we know it. This battle defines our conscious and unconscious lives, so that we do not know that true life is altered beyond recognition. As such, this is plainly deleterious to our existence. Yahweh for Christians will present actual history, revealing the collateral lies of wrote history. It will connect the dots to creation, Judaism, Catholicism, Christianity, Islam, Japheth, Shem, Ham, Egypt, Greco-Rome, Germany, the

dark ages, the crusades, Great Britain, slavery, the world wars, our present time, and our soon coming end. All of which is a complex, systematic, intelligent designed orchestration of spiritual warfare of a great lie versus a great truth. If this struggle is so ranging and daunting as stated above, then this work is one of grave importance. The simplicity of word study is the chief tool utilized by this work, to access the etiology of knowledge. Original words will deposit the student to original truth. □□□

Sacred Theism vs. Secular Humanism outlines original sin and the forces of good vs. evil working in our world today.

Leading Baptist and evangelical thinkers examine eight key Christian doctrines, shaping a church theology that is both biblically sound and relevant today.

The Formation of Christian Doctrine

A Theology for the Church

Gleaning Wisdom from the Primitive Protestants

Allen covers the great questions of the spiritual life: what is the Christian goal? what leads us toward that goal, and what hinders us? what is conversion? how can we discern our progress in the spiritual life? what are the fruits of the Spirit?

Pantana focuses on 95 essential themes of conservatism and presents a plan for reversing the current secular trends in force today. (Christian) How do evangelism and social concern relate to one another in the mission of the church? How should the Old Testament’s emphasis on social justice inform the praxis of modern believers? Does the Bible emphasize individual salvation, or does it teach a broader, more inclusive concept? Theologians, missiologists, pastors, and educators have wrestled with these questions early part of the twentieth century, this debate has increasingly become a point of contention among evangelical Christians, with few indications that a consensus may soon be forthcoming. Yet few have offered so thorough an answer to these questions as has Carl F. H. Henry. Henry’s regenerative model of evangelism and social concern stands on the shoulders

of what may be the best way forward. This book explores Henry’s thoughts on this subject and sets him in dialogue with numerous others who have written on these topics. Thus it will prove a valuable resource for all interested in this topic. Why does mankind exist? Where did everything come from? Mankind is searching for truth, absolute truth. The answers are sought in science, mathematics, philosophy, arts, religion, and theology. Author David Campbell leads the reader on a journey to find the answer to the ultimate purpose of life. "Yesterday, Today, Tomorrow, and Beyond: A Journey Everyone Will

answering the most basic and profound question, "What is Truth?" The road to the ultimate answer of truth can be found. Unfortunately, finding "The Truth" has led mankind in many directions which offer solutions that make truth appear untrue. Yesterday, Today, Tomorrow, and Beyond provides questions, answers, conclusions, and consequences for finding or not talking and to the point. Author David Campbell has composed a unique, thoughtful, and systematic approach to understanding the real source of truth. This book is a non-nonsense, foundational look into the Christian faith." Kemper Lewis, Ph.D. Professor, University at Buffalo Buffalo, New York "Author David Campbell has been successful in putting on paper a motion picture of the Bible in answering the fundamental questions about the meaning of life. As David’s pastor, I can assure the reader that what is included in the book is what David believes. Take a reading journey and at the end you will know "The Greatest Story Ever Told." The Anointing

Seeing God

The Christian Century

Anointing. While the word has several meanings in the Bible, it always revolves around the idea of the Holy Spirit and His power to change human lives. Each of us has an anointing or a special gift from God. Using it properly is the key to creating what is good, blessing and encouraging others, edifying ourselves, and pleasing the Lord.

Asia is the birthplace of Christianity, yet the history of Asian Christianity has long been a difficult one. Scott W. Sunquist is a recognized expert on the history of the Christian faith in Asia, and these essays cover Asian Christianity in broad perspective, with topics like the history of Christian mission and missionary practice in Asia, theological education, and global migration.

The old contrast between OC universalOCO and OC localOCO is now collapsing, but a new paradigm has yet to be defined. The contributors claim that the questions they raise will help redraw the lines of demarcation each in a unique way. Their collaborative result is a re-submission of the century-old question regarding OC the essence of Christianity, OCO and the readers will hear answers to this question resounding in polyphonic voices. The book will make a unique contribution to the scholarship by constructing a common forum connecting diasporic Asians and Oceanians who live and work in regions around the Pacific Ocean. Publication in the field of theology has been thick on the American side of the Pacific, and the agenda of discussion are shaped largely in accordance with the concerns of those living on the North-American continent and in British Isles. Theologians living on the other side of the Pacific, while in daily contact with the multi-religious realities that beg theological attention, sometimes lack means of engaging in sustained discussion with other theologians who are similarly struggling to gain insights into different cultural contexts. This book will provide a shared ground for reflection and discussion.

Christianity Today 2021 Book Award Winner: Apologetics & Evangelism Telling a Better Story clears a path to a more effective, empathetic apologetics for today—both for experienced apologetists and those new to sharing their faith with others. Today’s Christians often view the practice of defending their faith as pushy or unnecessary. Won’t it just be taken for proselytizing? Don’t many unbelievers find it offensive? Many Christians have shifted to a strategy of hoping that our lives will show Christ to our neighbors—and, while this is certainly good, it’s no substitute to actively telling people about Christ. In Telling a Better Story, author Joshua Chatraw presents a new and refreshing way to engage in apologetics that will help you tell the story of Christ in a holistic, culturally-contextual manner that—while being respectful—helps unbelievers imagine a more complete happiness and a better meaning to life. Telling a Better Story will give you the tools to: Understand the cultural stories that surround us. Recognize how these secular stories have shaped the way many people think. Learn how to tell God’s story in a fresh way that allows today’s younger generations to see it as a more meaningful and more hopeful story than the scripts around it. Finally, you’ll also learn how to deal with the perennial issues and common objections to Christianity.

Admonitions to the Modern Christian – The Modern Christian Series #1

The Oxford Handbook of Mission Studies

In this book, Bainton pauses to reflect on the importance of studying history because of what it can teach us about human nature. The study of history, then, is the study of human behavior and therefore it helps us understand ourselves. And with this greater self-understanding comes the

further inquiry beyond the human—to God, Christ, and Christian ideals. Readers who think history is as dry as dust have never read Bainton! In this book, Bainton shows that history is not only interesting, it’s also important. One can indeed “make sense of it all.” -- from back of book.

In an age that is increasingly conflicted about evangelical identity and theological truth, Christians need a foundation for navigating the shifting culture. Although forgotten by some, twentieth-century theologian Carl F. H. Henry stands as one of the most influential leaders of modern evangelicalism. In this collection of essays written by leading theologians, readers will discover the extraordinary legacy that Henry left behind—a legacy desperately needed in our world today. Highlighting Henry’s unshakable confidence in the truth of God’s Word, these essays demonstrate how a renewed commitment to theology will lead to a greater love for God and others.

Can pure Christianity in the first century be found in our time? If Christ were here today, can He still recognize the religion He founded considering it is now divided into 1001 sects, each asserting the truth? This book, CHRISTIANITY: YESTERDAY & TODAY reveals the answer.

When we hear the word shalom we think first of the common Jewish greeting. Then, perhaps, we consider the promise Jesus, the Prince of Peace, gave to his followers to grant them a peace the world cannot provide. In the Bible, the word shalom means much more than the absence of hostility—it means harmony and prosperity. Shalom refers to life as it was meant to be, as it should be, where sin is gone and love reigns. In this book, theologian Mark DeVine employs the well-known but little-studied Hebrew word to illuminate the three dimensions of relationship God the Creator designed human beings to enjoy: (1) the relationship between God and his people, (2) the relationship between God’s people as his children, and (3) the relationship between God and his people in the place, the home God made for them and made them for. DeVine gives special attention to the third dimension, the home God provides to his people. Shalom Yesterday, Today, and Forever offers a more fully evangelical and orthodox comprehension of redemption while avoiding the pitfalls that often jeopardize creation-friendly theologies.

A Shocking Glimpse behind the Scenes

Yesterday, Today, Forever

Apostles of Reason

Christianity

Jesus Christ

Celtic Christianity Yesterday, Today and for the Future

FROM THE AUTHOROn the surface the recent interest in things Celtic by modern Christians might be seen as following another fleeting, fashion rehash. It certainly seems contemporary culture is grabbing the Celtic Tiger by the tail. Celtic anything is in. The strides of this economic tiger in the late 20th Century Ireland astounded international onlookers almost as much as the Riverdance, Lord of the Dances, etc., so one can expect all manner of strange causes to jump onto the Celtic bandwagon. That accusation might well be leveled at the theme of this book, Celtic Christianity Yesterday, Today, and for the Future: Gleaning Wisdom from the Primitive Protestants. Some may understandably query, What in the world has Celtic Christianity to do with anything? The answer is simple. Celtic Christianity is a more effective, empathetic apologetics for today—a more effective, empathetic apologetics for today—and, while this is certainly good, it’s no substitute to actively telling people about Christ. In Telling a Better Story, author Joshua Chatraw presents a new and refreshing way to engage

in apologetics that will help you tell the story of Christ in a holistic, culturally-contextual manner that—while being respectful—helps unbelievers imagine a more complete happiness and a better meaning to life. Telling a Better Story will give you the tools to: Understand the cultural stories that surround us. Recognize how these secular stories have shaped the way many people think. Learn how to tell God’s story in a fresh way that allows today’s younger generations to see it as a more meaningful and more hopeful story than the scripts around it. Finally, you’ll also learn how to deal with the perennial issues and common objections to Christianity.

first, which involves us all. 1 John 2:18 begins, Little children, it is the last time; and as ye have heard that antichrist shall come so diligence and vigilance are essential. We have much to gain by studying both the milestones and reverses experienced by our primitive Protestant Celtic brethren. The church today, as it is, seems ill prepared to meet the threats and challenges that the writer has not excised occasional, strong, (yet eschatologically and Biblically sound) metaphors like adultery and harlotry in reference to aspects of the church, be they Protestant or Catholic. Touching on sensitive religious and historical ground, we wish to affirm our love for sincere people who happen to be of these persuasions. Many may be frie

church hierarchies that have much to answer for, especially when those churches are hyper-hierarchical. We also admire those who question the anti-Biblical practices in their denominations. After all, who would not respect St. Francis (a protester with a budding Celtic-lifestyle if ever there was one). It is my hope that Roman Catholic (western papa) people become Roman. For that matter, it wouldnt be a bad idea if Greek Orthodox (eastern patriarchal catholic) Christians took scripture above tradition as the yardstick of true orthodoxy. The Irish especially, as they discover the facts, might even reclaim their native ecclesiastic heritage that latecomer-Rome usurped. Perhaps then all sides in Patricks adoptive land might assist

subject of Celtic Church history and spirituality, therefore, is more than just antiquarian whimsy or speculation. It has everything to do with the future vitality of evangelism. To put it in epic Churchillian language, our last, best hope for renewal as we enter what looks like, a new Dark Age, made more sinister, and perhaps more protracted, by the lights of perverted

lessons of the Celtic path and Church history, we run the risk of becoming as socially relevant and spiritually potent as Shakerism, which has become anachronistic, if not extinct. We will never be taken seriously if we are not shaken out of our lethargy and start to live lives worthy of the glorious Gospel we espouse. Celtic Christianity might be the means through which we can be blessed with into the New Millennium. As with any mixture so potent as Celtic Christianity and Evangelicalism, there is potential for great, dynamic revival and misuse. It is precisely because of these real opportunities and pitfalls that I believe a specialized book on this subject, mainly with Protestants in mind, is essential at this time.

of god of this World has been very successful in subverting Christians and converting them to his way of life.The first section of this book gives us an overview of the early rise of the Celtic Church from what may appear at times to be just misty speculation. This should come as no surprise though, when one considers the millennia that have passed. Many great oral traditions, (referred to in extant sources, and thus known at one time to exist) have been lost. Often it was sad misfortune, but sometimes it was through the callumnious mischief of parties whose later claims of primacy would be totally destabilized if those records were allowed to survive! Enough exists or is now coming to light, however, from which we can form

persons. The writer is prepared to find that he has exposed himself to the charge of deficiency in literary precision, but considers that to be a matter of relatively small importance. He offers his entire work of compilation and comment simply, commending it to the kind judgment of the reader.The second section offers a critique of our modern culture and our predilections. If one intends to deal with a serious affliction, one must first identify it as precisely as possible through its symptoms, and seek appropriate treatment. May the diagnosis appear thorough enough without sounding like a digression or worse still, a diatribe. Surely, God considers our sickness to be quite serious: may His Spirit convict us of our chronic condition. T

Christian antideite.In final sections I reveal more Celtic Christianity history and practice that is certain to inspire and challenge us. These vital history lessons can greatly profit us today that their loss might be our gain that the same mistakes be not repeated by our modern church on into the 21st century.Some treasures of the Celtic Way of Christianity are detailed. Not all that the Celts did would be sensible or even advisable to us today, but we can still employ much and gain inspiration from their example. While remaining on our guard against Pantheism, we can benefit from the Celtic Christian philosophical perspective, for example. There is great potential for misunderstanding when speaking of joining creation in worshipping it, not at one with the creation worshipping it as if it were the Creator. They were ardent Trinitarian Monotheists who sang with creation in declaring Gods handiwork. They werent afraid of it, or abusers of it, or disconnected from it in the way many of us tend to be. Why are we so alarmed at the thought of feeling at one with the earth (Gods created system) and

which was being at one with the world (mans created system). This worldly oneness is something we are hardly aware of, yet a growing sense of spiritual poverty in the midst of material abundance is keenly felt. We moderns are desperately in need of the help of our ancient brothers for a deepening of
