I Love My Daddy Because...Board Book

Not feeling very beautiful? Learn what beauty is from God's perspective. Revolve speaker Jenna Lucado has teamed up with her dad, Max Lucado, to bring girls a fresh perspective on what they need to live a life of peace, joy, and confidence. What does God see when He looks at them? And how does a girl catch that vision? Jenna reveals life accessories that are essential, and which single accessory is a real must-have to give teens a look they love—a look that says they are comfortable with who they are and secure and confident. What's the all-important accessory? Love from a father. But what happens when there is no loving father in sight, no daddy to tell them they are beautiful? Through conversational “girl time” Jenna reveals that when we look to God as our Father, He can change our focus, our look, and our lives. With affirmation from

Max, Redefining Beautiful will change the way girls look at God, themselves, and the people around them.

"Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In I'm Glad My Mom Died, Jennette recounts all this in unflinching detail--just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called iCarly, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the iCarly spinoff Sam & Cat alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants." -- Amazon.com.

The "U" in the title of this book represents a U-turn. A 180-degree turn from the direction you're going now. This book is all about "U." Because all of us have things in our lives that we know we should change. We may even have a strong desire to change certain behaviors about ourselves, but for some reason or another we don't. We make excuse after excuse for continuing this displeasing behavior. This straightforward and to the point book, as told by the self-explanatory title, challenges the reader to "Get That Monkey Off Your Own Back!" The goal being to get you to change your perception. Because the way you see things will affect the way you react to those things. This book implores the reader to "Think About It." Don't just read it and forget it. Think about what is being said. With such chapters as "Self Motivation," "Practice! Practice! Practice!" and "Why Worry?" this book promises to be an enjoyable and thought provoking read. So if you've got something about yourself that you'd like to change, read U! Get That Monkey Off Your Own Back! and discover the hidden power in "U." Something to think about: From the day you are born, you face numerous choices. You hear advice and viewpoints from various voices. Some say do it. Some say don't. Some say you will. Some say you won't. But in this maze of life, with its many doors. The choice has always been, and will always be . . . YOURS!

"You'll never be loved the way you are now, you never have been, you never will be." That's how Alex Kelly made Zohra Jaan feel, making her dance in the aisle with lascivious romance. But in the greatest essence, Zohra essentially felt like a woman with Alex. Perhaps, there is some truth in his commitment to marry Zohra with oodles of sugar. You should sound a liable joke on her trust, integrity, and, moreover, her faith. In fact, you would feel exceptionally bemused hearing about this Italian-British handsome husband. Alex Kelly genuinely loving an ordinary orthodox Indian Muslim damsel, Zohra Jaan.

A wedding. A trip to Spain. The most infuriating man. And three days of pretending. Or in other words, a plan that will never work. Catalina Martín, finally, not single. Happy to announce that she will bring her American boyfriend to her sister's wedding. Everyone is invited to come and witness the most magical event of the year. This will certainly be tomorrow's headline in the local newspaper of the small Spanish town I came from. Or the epitaph on my tombstone, seeing the turn my life had taken in a phone call. Four weeks wasn't a lot of time to find someone willing to cross the Atlantic—from NYC and all the way to Spain—for a wedding. Let alone, someone eager to go along with my charade. But that didn't mean I was desperate enough to bring the 6'4 blue eyed pain in my ass standing before me, Aaron Blackford. The man whose main occupation was making my blood boil had just offered himself to be my date. Right after inserting his nose in my business, calling me delusional, and calling himself my only option. See? Outrageous. Aggravating. Blood boiling. And much to my total despair, also right. Which left me with a surly and extra large dilemma in my hands. Was it worth suffering to bring my colleague and bane of my existence as my fake boyfriend to my sister's wedding? Or was I better off coming clean and facing the consequences of an induced lie? Like my abuela would say, que dios nos pille confesados. The Spanish Love Deception is an enemies-to-lovers, fake-dating.

Poetry is certainly a form of art that I appreciate. When I want to express myself, I write on paper, and then I read my words out loud. What I love most about poetry is that it has no boundaries, and I personally believe that freedom of expression is poetry's best friend. Poetry allows me to evolve in so many ways and challenges me to learn more about myself and create art for the mind. Sometimes I'm at a loss for words to write; at times it takes minutes, hours, days, and months for me to write a new piece. Just like any relationship, it requires patience, dedication, and understanding. Anyone can write a poem if they put their mind to it, but to write continuous poetry, you need the passion for it. Some of my work as prose or spoken word; to me personally they all come from the same family, so if you are probably wondering what I write, I write poetry.

An Online Romance Scam based on a true story

The increasing diversity of the U.S. Latino population has given rise to a growing population of “mixed” Latinos. This is a study of such individuals raised in Chicago, Illinois who have one Mexican parent and one Puerto Rican parent, most of whom call themselves “MexiRicans.” Given that these two varieties of Spanish exhibit highly salient differences, these speakers can be said to experience intrafamilial dialect contact. The book first explores the lexicon, discourse marker use, and phonological features among two generations of over 70 MexiRican speakers, finding several connections to parental dialect, neighborhood demographics, and family dynamics. Drawing from critical mixed race theory, it then examines MexiRicans’ narratives about their ethnic identity, including the role of Spanish features in the ways in which they are accepted or challenged by monoethnic, monodialectal Mexicans and Puerto Ricans both in Chicago and abroad. These findings contribute to our understandings of dialect contact, U.S. Spanish, and the role of language in ethnic identity.

The perfect Father’s Day gift, this little book by children’s author Susan Akass has charming illustrations by contemporary artist Hannah George. The novel delves deep into African American historical roots in the Southern United States and correlates that experience with Nigeria’s own distinctive tribal connectedness. In the story, the Ames family experienced racial injustice, tension, tragedy, and embarrassment. They struggled with economic freedom, infidelity, and love. But in the end, that family continued to grow and prosper. When granddaughter Sonora Francine Ames Zaid appeared in the story, she is thrust between maintaining and developing Native American and African American traditions and heritage, which she adopted from her mother and grandmother to reinforcing, protecting, and re-establishing the sanctity of her Yoruba and Hausa tribal connections. Before long, Sonora learns that her different ethnic and cultural differences are bonded through one important and special connection—spiritual guidance by God. Through the biblical teachings, reminders, and reinforcements from Sonora’s African American / Native American grandmother Jasmine and her Nigerian grandmother Damilala, she learns to keep the promises laid by her murdered mother and father to acquire an education, to take social judicial

responsibility for the improvement and enhancement of human life, and to use money as a benefit to all according to biblical practice, not selfish gain or greed.

I Love My Mommy Because--

I wrote a book about you. (No, really. I did. You're holding it.)

It has been 12 months since Beary has arrived at the Academy from his tour aboard the Saber Claw. He enjoyed teaching the classes he had been assigned. At first, some of the older cadets resented the fact that their instructor was younger than they were. Then they would see the ribbons on his uniform and hear the rumors. Ben, of course, helped spread them. Flight training was going well. His many hours in jump ships were proving to be a blessing instead of a curse. He expected to graduate early from flight training. Caesar had spent six months at the academy then shipped off to aid a hospital ship that had lost one of its surgeons to an accident. The Hospital ship was trying to combat a new disease that had cropped up on an agricultural colony in the Darius system. Once again, his work under Dr Maxumus was proving invaluable. Ben, along with taking accelerated classes, was teaching a class in survival and weapons. Ben had taken to this task with enthusiasm. With the help of two of the Marine Professors, he wrote the training manual for the course, which they used as a major project in two of his classes. The class he taught was so popular there was a waiting list. Pompey kept busy trying to prepare for the cub, which was due in three months, running two homes, plus working for her new father-in-law on special issues. Senator Maxumus was busy trying to get the Senate to strengthen its rules. He did not want to see new conspiracies flair up. The idea that eight senators some in critical positions could become traitors had shaken the Senate. The Bearilian house of Representatives was demanding a full and open investigation as it scrutinized its own members. The Arcrilians had suffered such a devastating defeat that they were asking for terms for a treaty and for aid. The Bearilian President immediately started negotiations along with the Antillean Supreme Council. The result was the removal of all Arcrilian ships from Bearilian and Antillean territory, in exchange for food and raw materials purchased at a reasonable price. For the Antilleans this was a big win. For Angelina Maxumus the last 12 months had been hectic as she tried to balance her time between Bearilia Prime and Andreas Prime. She enjoyed being a Neuro-surgeon a lot more than being an Empress. She even found that she had to show up at State functions not as a wife of a prominent Senator, but as a Head of State. There had also been a need to appoint representatives to the two Bearilian Houses. One of her second Brother's sons, Iacomus Augustus, had joined his cousins on Andreas Prime. He found some unclaimed land near the western ocean connected to the Augustan land. A young Dragon, Silver Tail agreed to be his Family Dragon. The Dragon Counsel suggested that he be appointed as the Planet's Senator. A young nomad also moved to Andreas Prime. He had no family or land. A young Dogon, Saraina, approached the Dogon Counsel and asked that this young Nomad be given its sheep and become its family. His name was Khristophoros. The Dogon Counsel gave him the last name Theodoros. Khristophoros Theodoros

was called before Angelina. She questioned him for several cycles. She found out that he had been part of a servant family to the Pompaius family. She found goodness and strength in this young Bear. After talking with both counsels, she appointed him to the House of Representatives. He would prove to be a loyal and excellent choice. Savato Artemus was not happy. He loved the Crimson Blade but he could not find a gunner that met his standards. He also missed his friends. Captain Centaurus found he hated the paper work of a ship's captain as much as Atilus had. Yet he loved the Saber Claw, especially with the new upgrades. Commodore Atilus was a taskmaster with his Destroyer Squadron. Only Centaurus had no complaints. Yet Destroyer Squadron 9 was shapin

Recalling pivotal moments from her dynamic career on the front lines of American diplomacy and foreign policy, Susan E. Rice—National Security Advisor to President Barack Obama and US Ambassador to the United Nations—reveals her surprising story with unflinching candor in this New York Times bestseller. Mother, wife, scholar, diplomat, and fierce champion of American interests and values, Susan Rice is both the personal and the professional. Taught early, with tough love, how to compete and excel as an African American woman in settings where people of color are few, Susan now shares the wisdom she has gained. Laying bare the family struggles that shaped her early life in Washington, DC, she also examines the ancestral legacies that influenced her. Rice's elders—immigrants on one side and descendants on the other—had high expectations that each generation would rise. And rise they did, but not without paying it forward—in uniform and in the pulpit, as educators, community leaders, and public servants. Susan was there throughout the Clinton administration, becoming one of the nation's youngest assistant secretaries of state and, later, one of President Obama's most trusted advisors. Rice provides an insider's view of the most complex issues confronting the United States over three decades, ranging from "Black Hawk Down" in Somalia to the genocide in Rwanda and the East Africa embassy bombings in the late 1990s, to the wars in Iraq and Afghanistan, the crisis in Libya and Syria to the Ebola epidemic, a secret channel to Iran, and the opening to Cuba during the Obama years. With unmatched insight and characteristic bluntness, she reveals previously unreported details of national security challenges, including confrontations with Russia and China, the war against ISIS, the struggle to contain the fallout from Edward Snowden's NSA leaks, the U.S. response to Russia's 2016 election, and the surreal transition to the Trump administration. Although you might think you know Susan Rice—whose name became synonymous with Benghazi following her Sunday news coverage of the deadly 2012 terrorist attacks in Libya—now, through these pages, you truly will know her for the first time. Often mischaracterized by both political opponents and champions, Rice emerges not as a victim, but a strong, resilient, compassionate leader. Intimate, sometimes humorous, but always candid, *Tough Love* makes an urgent appeal to the American public to bridge our dangerous domestic divides and preserve our democracy and sustain our global leadership.
