“The God I Never Knew gives life-changing insight into the mystery of the Holy Spirit.”—Craig Groeschel, senior pastor of Life.Church and author of Dangerous Prayers Many people find the Holy Spirit mysterious and confounding. Why is the third person in the Godhead—the one Jesus said would be the believer’s ultimate source of truth and comfort—the source of such confusion? In *The God I Never Knew*, Robert Morris clearly explains that the Holy Spirit’s chief desire is for relationship—to offer us the encouragement and guidance of a trusted friend. This insightful and biblically-based book—including a small group study guide—moves beyond theological jargon, religious tradition, and cultural misconceptions to clarify what the Holy Spirit promises to do in your life: · Dwell within you · Be your helper · Guide you into all truth · Comfort you · Pray for you · Show you things to come · Never leave you It’s time to experience the Holy Spirit in a fresh, new way to meet the God you may have never known.

From #1 New York Times bestselling author Susan Wiggs. A successful single mom returns home to Montana to save her estranged father-not knowing it may be her last chance to repair her strained relationship with her own teenage son and rediscover a love she thought long lost. Michelle Turner thought she lost everything at seventeen. Her father, a Hollywood legend, had finally summoned her to his Montana ranch. But when he learned of her affair with Sam McPhee, a hired hand, he had Sam fired and destroyed his family. Michelle, pregnant and alone, fled to Seattle. Now a successful

advertising exec, Michelle is safe-safe from love, safe from hurt. But her son is lost to her, a troubled teen on the verge of self-destruction, a boy who blames her for the absence of his father and grandfather. And then her father calls to tell her he is dying. He has only one chance to live-if she will donate a kidney to save him. For her sick father, she must bridge the gulf that distance and time have widened. For her son, she must find the miracle that will pull him away from the abyss that threatens his future. And for Sam, the man who left her years ago, she must face all the secrets of the past and find a way to heal the scars and love again. A touching story of love, redemption, and second chances for every woman who has ever loved... and never forgotten.

The thematic motif found within these poems is one of "knowing": the desire to know the mystery of love in its many forms and depths. Examining daily living, this book's four-section poem sequence is one of immersion into the paradoxical life; familiar yet filled with inexplicable beauty. As it investigates displacement from family, from love, and from self, this compilation discovers that the mundane transpires in an austere and holy place peopled with angels unaware, that faith can exist in a place of stone—absolution is available daily—and that redemption is found in strange places.

Sita, detective Lalli's niece—and occasional Watson—runs into former classmate Anais at Mumbai airport. Some days later, Anais herself turns up dead in the slimy Mithi River, a pink nylon rope wrapped ritually around her neck. What does the cardboard box with human remains have to do with Anais's murder? And what significance do the peculiar knots round her neck have? Find out in this “satisfied and moving story” (Publishers Weekly, starred review) in both verse and prose from #1 New York Times bestselling author, Ellen Hopkins. For as long as she can remember, it's been just Ariel and Dad. Ariel's mom disappeared when she was a baby. Dad says home is wherever the two of them are, but Ariel is now seventeen and after years of new apartments, new schools, and new faces, all she wants is to put down some roots. Complicating things are Monica and Gabe, both of whom have stirred a different kind of desire. Maya's a teenager who's run from an abusive mother right into the arms of an older man she

thinks she can trust. But now she's isolated with a baby on the way, and life's getting more complicated than Maya ever could have imagined. "The poems in this volume are unforgettable. Richly funny, elegiac, philosophical, contentious, filled with astonishing stories and bizarre characters—some of the finest writing by today's most compelling poet."—Gerald Bruns, author of *The Material of Poetry: Sketches for a Philosophical Poetics* "These talk poems bring the reader face to face with a great mind. I could hardly bring myself to put the book down."—Hannah Higgins, author of *Fluxus Experience* "Just keep talking, like they say, and with luck and genius maybe you'll get to be like extraordinary David Antin. Not only was he there, wherever—which is a very large place indeed—but he can tell you just what happened. I must believe it's all in knowing how to listen."—Robert Creeley, author of *If I Were Writing This* "For thirty years now, David Antin has been producing fascinating meditations that he calls 'talk poems.' Beginning in actual talk, they take their textual form from strenuous thinking about a given set of puzzles or problems, tackling "ideas" via narrative networks, as poignant and profound as they are hilarious. The situations are always taken from everyday life, but the mode is one of intense defamiliarization. In these, the most recent of his ruminations on time, space and human fallibility, Antin shows himself, once again, to be our truest philosopher-poet."—Marjorie Perloff, author of *Wittgenstein's Ladder* "David Antin has been one of our savviest cultural critics for over four decades. In *I never knew what time it was* Antin takes us on a voyage through his mind. Get on board for a lively and insightful trip."—Irving Sandler, art critic, historian, and author of *A Sweeper-Up After Artists: A Memoir*

"I can see this book helping estranged parties who are equally invested in bridging a gap—it could be assigned reading for fractured families aspiring to a harmonious Thanksgiving dinner." —New York Times "Like all skills, these techniques take practice. But anyone who sincerely wants to bridge the gaps in understanding will appreciate this book. Guzmán is emphatic about making an effort to work on difficult conversations." —Manhattan Book Review We think we have the answers, but we need to be asking a lot more questions. Journalist Mónica Guzmán is the loving liberal daughter of Mexican immigrants who

voted—twice—for Donald Trump. When the country could no longer see straight across the political divide, Mónica set out to find what was blinding us and discovered the most eye-opening tool we're not using: our own built-in curiosity. Partisanship is up, trust is down, and our social media feeds make us sure we're right and everyone else is ignorant (or worse). But avoiding one another is hurting our relationships and our society. In this timely, personal guide, Mónica, the chief storyteller for the national cross-partisan depolarization organization Braver Angels, takes you to the real front lines of a crisis that threatens to grind America to a halt—broken conversations among confounded people. She shows you how to overcome the fear and certainty that surround us to finally do what only seems impossible: understand and even learn from people in your life whose whole worldview is different from or even opposed to yours. Drawing from cross-partisan conversations she's had, organized, or witnessed everywhere from the echo chambers on social media to the wheat fields in Oregon to raw, unfiltered fights with her own family on election night, Mónica shows how you can put your natural sense of wonder to work for you immediately, finding the answers you need by talking with people—rather than about them—and asking the questions you want, curiously. In these pages, you'll learn: How to ask what you really want to know (even if you're afraid to) How to grow smarter from even the most tense interactions, online or off How to cross boundaries and find common ground—with anyone Whether you're left, right, center, or not a fan of labels: If you're ready to fight back against the confusion, heartbreak, and madness of our dangerously divided times—in your own life, at least—Mónica's got the tools and fresh, surprising insights to prove that seeing where people are coming from isn't just possible. It's easier than you think.

Even as a reporter, Sheila Hamilton missed the signs as her husband Michael's mental illness unfolded before her. By the time she had pieced together the puzzle, it was too late. Her once brilliant, intense, and hilarious partner was dead within six weeks of a formal diagnosis of bipolar disorder, leaving his nine-year-old daughter and wife without so much as a note to explain his actions, a plan to help them recover from their profound grief, or a solution for the hundreds of thousands of dollars in debt that they would inherit from him. All the Things We Never Knew takes readers from Michael and Sheila's romance through the last three months of their life together and into the year after his death. It details their unsettling descent from ordinary life into the world of mental illness, and examines the fragile line between reality and madness. Now, a decade after Michael's death, Sheila and her daughter, Sophie, have learned the power of choosing life over retreat; let themselves love and trust again; and understand the importance of forgiveness. Their story will resonate with all those who have loved someone who suffers from bipolar disease and mental illness.

He never returned, leaving behind a wife, Sharri, and 15-month old son, Devon. Five years later, Sharri remarried, and Devon welcomed a new dad into his life. For thousands, the whole country really, 9/11 is a day of grief. For Adam and Sharri Maio Schefter and their family it's not just a day of grief, but also hope. This is a story of 9/11, but it's also the story of 9/12 and all the days after. Life moved on. Pieces were picked up. New dreams were dreamed. The Schefters are the embodiment of that. This book will give voice to all those who have chosen to keep living. It's gratifying and beautiful. But also messy and hard. Like most families. Except that one day every year history comes roaring back. How do you embrace that? How do you honor that?
