The Psalms is a beautiful presentation of this beloved section of Scripture in large, readable type on high-quality paper. Featuring the ESV text, this edition is great for devotions, liturgical use, or as a gift.

The Fourth Edition of Statistics: A Gentle Introduction shows students that an introductory statistics class doesn't need to be difficult or dull. This text minimizes students' anxieties about math by explaining the concepts of statistics in plain language first, before addressing the math. Each formula within the text has a step-by-step example to demonstrate the calculation so students can follow along. Only those formulas that are important for final calculations are included in the text so students can focus on the concepts, not the numbers. A wealth of real-world examples and applications gives a context for statistics in the real world and how it helps us solve problems and make informed choices. New to the Fourth Edition are sections on working with big data, new coverage of alternative non-parametric tests, beta coefficients, and the "nocebo effect," discussions of p values in the context of research, an expanded discussion of confidence intervals, and more exercises and homework options under the new feature "Test Yourself," included with this title: The password-protected Instructor Resource Site (formally known as SAGE Edge) offers access to all text-specific resources, including a test bank and editable, chapter-specific PowerPoint® slides. Learn more.

Featuring an array of new fabrics and expanded colors, this edition provides complete instructions for creating 20 museum-quality quilts that will become family treasures using the latest range of Rowan fabrics.

Drawing in \$20,000 of credit card debt, shopaholic Karyn Bosnak asked strangers for money online -- and it worked! What would you do if you owed \$20,000? Would you: A) not tell your parents? B) start your own website that asking for money without apology? or C) stop coloring your hair, getting pedicures, and buying Gucci? If you were Karyn Bosnak, you'd do all three. Karyn started a funny yet honest website, www.savekaryn.com, on which she asked for donations to help her get out of debt. Karyn received e-mails from people all over the world, either confessing their own debt-ridden lives, or criticizing hers. But after four months of Internet panhandling and selling her prized possessions on eBay, her debt was gone! In Save Karyn: One Shopaholic's Journey to Debt and Back, Karyn details the bumpy road her financial -- and personal -- life has traveled to get her where she is today: happy, grateful, and completely debt-free. In this charming cautionary tale, Karyn chronicles her glamorous rise, her embarrassing fall, and how the kindness of strangers in cyberia really can make a difference.

Presents one thousand trivia questions and answers on various subjects, from biology and technology to mathematics, history, and popular culture.

History that doesn't suck: Smart, crude, and hilariously relevant to modern life. Those who don't know history are doomed to repeat it. Too bad it's usually boring as sh*t. Enter The Captain, the ultimate storyteller who brings history to life (and to your life) in this hilarious, intelligent, brutally honest, and crude compendium to events that happened before any of us were born. The entries in this compulsively readable book bridge past and present with topics like getting ghosted, handling haters, and why dog owners rule (sorry, cat people). Along the way you'll get a glimpse of Edith Wharton's sex life, dating rituals in Ancient Greece, catfishing in 500 BC, medieval flirting techniques, and squad goals from Catherine the Great. You'll learn why losing yourself in a relationship will make you crazy--like Joanna of Castile, who went from accomplished badass to Joanna the Mad after obsessing over a guy known as Philip the Handsome. You'll discover how Resting Bitch Face has been embraced throughout history (so wear it proudly). And you'll see why it's never a good idea to f*ck with powerful women--from pirate queens to diehard suffragettes to Cleo-f*cking-patra. People in the past were just like us--so learn from life's losers and emulate the badasses. The Captain shows you how.

Intended as the primary text for introductory courses on medical anthropology, this book integrates human biological data relevant to health and disease with both evolutionary theory and the social environments that more often than not produce major challenges to health and survival. Becausestudents who take this fastest-growing anthropology course come from a variety of disciplines (anthropology, biology, especially pre-med students, and health sciences, especially), the text does not assume anything beyond a basic high-school level familiarity with human biology and anthropology. Theauthors first present basic biological information on a particular health condition and then expand their analysis to include evolutionary, historical, and cross-cultural perspectives. Among the topics covered are nutrition, infectious disease, stress, reproductive health, behavioral disease, aging,race/racism and health, mental health, and healers and healing.

" When They Are Done with Us " by Patricia Smith was selected for inclusion in The Best American Mystery Stories 2013, edited by Otto Penzler and Lisa Scottoline Brand-new stories by: Bill Loehfelm, S.J. Rozan, Ted Anthony, Todd Craig, Ashley Dawson, Bruce DeSilva, Louisa Ermelino, Binnie Kirshenbaum, Michael Largo, Mike Penncavage, Linda Nieves-Powell, Patricia Smith, Shay Youngblood, and Edward Joyce. "Staten Island, the last of New York City's five boroughs to enter Akashic's noir series, severs as the setting for this exceptionally strong anthology. " --Publishers Weekly (starred review) "Smith ' s introduction is a revelation. She knows the island I have in my head. It was like finding a literary sibling, separated since birth." --Washington Independent " It ' s not enough for noir to be dark. It ' s got to be bad-ass. Its words, its decaying and horrible beauty have got to hit you like a spiked heel dragged from your guts to your gullet. It ' s got to twist the hot knife of passion in that soft space right below your belly while pumping bullets into your heart. It ' s got to make you bleed. Akashic Books ' latest in their noir series, Staten Island Noir features some dusky and drop-dead gorgeous gems (emphasis on the dead) that do just that." --Grub Street Daily "Staten Island is the forgotten borough, lacking a subway system, left out of Jay-Z's songs, known for organized crime, bad accents, fake tans, and garbage--which makes it a rich setting for Akashic's noir series..In a thrilling tilt-a-whirl of crime and drama, editor Patricia Smith has carefully chosen writers concerned with the true nature of the small suburban borough." --Electric Literature's "The Outlet" Each story in this enjoyable collection has its own charms, if the words 'enjoyable' or 'charms' can be used with these dark tales, and each can stand-alone. However, if, like me, you had always looked at Staten Island as banal and benign, by the book's end your ideas will be forever changed." --ReviewingTheEvidence.com Patricia Smith, editor of Staten Island Noir, has won the Robert L. Fish Memorial Award for her short story included in the anthology, " When They Are Done with Us. "

His goal of playing baseball in the majors flew out the window the second he found out he was going to be a father. Graffiti writing was born in the streets of Philadelphia in the late 1960s. But it was in New York in the early 1970s that it became a full-fledged urban art, gradually taking over the landscape of the city, from its walls to its subway cars. This is a writing manual, a detailed examination of how graffiti writers have developed the twenty-six letters of the alphabet. It includes the contribution of ten of the international scene's most talented creators answer Woshe's questions about matters that include their practice, their relationship with letters and their backgrounds. It includes a map of New York with the sites where the most important graffiti are located.

Unstoppable is a word defined as “difficult or impossible to preclude or stop.” As a human quality, it is something that we associate with people such as sports superstars, those who do whatever it takes to inspire others and lead teams to the greatest of victories. Sometimes, an idea or person can become unstoppable. Unstoppable, like Charles Lindbergh crossing the Atlantic in a solo flight when no one had thought it was possible, or track star Roger Bannister breaking the four-minute mile barrier. Not everyone can be an explorer or a great athlete, but anyone can be unstoppable in their chosen endeavors in life. If you are willing to possess an unwavering determination to succeed and a consistent willingness to learn and evolve, you can become unstoppable and triumph too. This book is about a personal struggle, one in which the author awoke from a coma after a terrible accident and faced a life of permanent paralysis. A long battle of driven determination resulted in Yanni Raz regaining his health and becoming a self-made millionaire after migrating from his native Israel to the United States. Through careers as a musician, a Starbucks barista, a salesman, a real estate whiz, a professional poker player and a hard money lender, Yanni learned reliable principles and the skills necessary for success. Unstoppable covers many topics including controlling your life, making the best decisions, creating new opportunities, properly assessing signals, expertly negotiating, and succeeding by storytelling across the media landscape. You'll learn about integrity in business, asset diversification, and many other life tips that thousands of people learn from Yanni on a daily basis. It is time to become fearless and lead a powerful life. With Yanni's new book Unstoppable, you can do just that.
