

Ib History Paper 1 May 2012 Markscheme

The History of Ireland: 17th Century in three volumes is a historical account of Ireland in the 17th century, covering the period from 1603, when James VI King of Scots became James I of England and Ireland, to the Glorious Revolution and the end of Stuart's reign in Ireland. First part of the book spans from 1603 to 1642 covering the period from the time King James VI united the Kingdoms of England, Scotland and Ireland in a personal union to the Wars of the Three Kingdoms an intertwined series of conflicts that led to abolition of monarchy and the interregnum. Second part covers the period from 1642 to the end of interregnum in 1660 when Charles II was restored to the thrones of the three realms. The final part of the work covers the years from the restoration of monarchy to the Glorious Revolution, the overthrowing of the Stuart Dynasty and the crowning of William of Orange for the king of England, Ireland and Scotland.

This coursebook covers Paper 2, World History Topic 10: Authoritarian States (20th century) of the History for the IB Diploma syllabus for first assessment in 2017. Tailored to the requirements of the IB syllabus and written by experienced IB History examiners and teachers, it offers authoritative and engaging guidance through the following detailed studies from around the world: Mussolini and Italy, Hitler and Germany, Mao and China, and Castro and Cuba.

In the English-speaking world the Great War maintains a tenacious grip on the public imagination, and also continues to draw historians to an event which has been interpreted variously as a symbol of modernity, the midwife to the twentieth century and an agent of social change. Although much "common knowledge" about the war and its aftermath has included myth, simplification and generalisation, this has often been accepted uncritically by popular and academic writers alike. While Britain may have suffered a surfeit of war books, many telling much the same story, there is far less written about the impact of the Great War in other combatant nations. Its history was long suppressed in both fascist Italy and the communist Soviet Union: only recently have historians of Russia begun to examine a conflict which killed, maimed and displaced so many millions. Even in France and Germany the experience of 1914-18 has often been overshadowed by the Second World War. The war's social history is now ripe for reassessment and revision. The essays in this volume incorporate a distribution in Berlin and portrait photography, all of which illuminate key debates in war history.

A new book for Paper 1, Prescribed Subject 3: The Move to Global War The renowned IB Diploma History series, combining compelling narratives with academic rigor. An authoritative and engaging narrative, with the widest variety of sources at this level, helping students to develop their knowledge and analytical skills. Provides: - Reliable, clear and in-depth content from topic experts - Analysis of the historiography surrounding key debates - Dedicated exam practice with model answers and practice questions - TOK support and Historical Investigation questions to help with all aspects of the Diploma
