This book presents WHO guidelines for the protection of public health from risks due to a number of chemicals commonly present in indoor air. The substances considered in this review, i.e. benzene, carbon monoxide, formaldehyde, naphthalene, nitrogen dioxide, polycyclic aromatic hydrocarbons (especially benzo[a]pyrene), radon, trichloroethylene and tetrachloroethylene, have indoor sources, are known in respect of their hazardousness to health and are often found indoors in concentrations of health concern. The guidelines are targeted at public health professionals involved in preventing health risks of environmental exposures, as well as specialists and authorities involved in the design and use of buildings, indoor materials and products. They provide a scientific basis for legally enforceable standards.

Encourage students to reflect on the processes of thinking, as well as practising thinking skills. Thinking Skills encourages students to reflect on the processes of thinking, as well as developing and practising thinking skills. It is divided into two sections: Critical thinking and Problem solving. As well as giving students a thorough grounding in these areas, the authors provide opportunities for students to analyse and evaluate arguments, analyse numerical and graphical information and develop a range of skills.

This series helps students and teachers following the Cambridge AS & A Level Thinking Skills syllabus (9694) for examination from 2020. Universities and employers have high expectations for 21st century learners. They want students who can think critically, collaborate efficiently and produce creative solutions to problems. With more practice questions than the previous edition, this coursebook

provides opportunities for students to improve both their critical thinking and problem solving skills. It walks students through different scenarios - such as drawing conclusions from arguments - explaining the thinking process involved and helping to increase confidence when thinking independently. Suggested answers to the coursebook questions are in the teacher's resource.

The tests will help familiarise students with the format and requirements of the Reading and Writing/Listening and Speaking papers. The With Key edition includes the complete tapescripts and answers for the listening papers, and full examiner's notes for the oral tests. It also contains four exam format practice tests for each of Paper 3, 4 and 5 of the Cambridge IGCSE English as a Second Language (Core and Extended Levels).
