Se pensate che sulla pizza non ci sia più nulla da imparare, che tutto sia stato già detto e che ne abbiate mangiate a sufficienza da ritenervi esperti in materia, è venuto il momento di farvi sorprendere da un grande maestro. Da quando, nel 2003, Gabriele Bonci ha aperto il suo locale a Roma, la storia della pizza è stata segnata per sempre. La sua rivoluzione scaturisce dall'attenzione quasi maniacale con cui seleziona le materie prime, dalla curiosità con cui esplora le cucine del mondo e dai suoi esperimenti su impasti e

lievitazioni. Non solo, i tranci che propone ai clienti cambiano ogni giorno perché in tutti Gabriele vuole introdurre un elemento di novità. Ecco dunque comparire - accanto alle tradizionali pizze con pomodoro, mozzarella o patate - ingredienti insoliti come arrosto di maiale, carpaccio di baccalà, pomodori verdi, mango, pesche grigliate, cicoria, polpo fritto, liquerizia o datteri... il tutto proposto in accostamenti innovativi e sorprendenti. In questo libro troverete le sue ricette migliori, indicazioni preziose sulle materie prime di base e poche e semplici nozioni tecniche per ottenere impasti

perfetti. Non vi resta, dunque, che mettervi all'opera, sfornare la vostra prima pizza e prepararvi a vivere un'esperienza unica.

Pasta and pizza, in all their infinitely delicious and universally appealing varieties, are inextricably connected to Italian identity. These familiar foods not only represent Italy's culinary traditions, according to anthropologist Franco La Cecla, they have unified the Italian people and spread Italian culture worldwide. Pasta and Pizza tells the story of how cuisine born in the south of Italy during the Arab conquest became a foundation for the creation of a new nation. As

La Cecla shows, this process intensified as millions of Italians immigrated to the Americas: it was abroad that pasta and pizza became synonymous with being Italian, and the foods' popularity grew as the Italian presence expanded in American culture. More than literature, art, or even language, food serves as a strong cultural rallying point for the Italian people and a way to disseminate Italian traditions worldwide. Available for the first time in English translation, La Cecla's lively and accessible study will be of interest to a wide range of readers, from social theorists to avid foodies.

Le fregature peggiori nel mondo della ristorazione derivano da una manipolazione del cliente che avviene ancor prima che questo entri in un locale: marketing di bassa lega, giornalismo d'accatto, luoghi comuni e frasi fatte ti portano fuori strada senza che te ne accorgi. Se vuoi liberarti dalle false credenze dell'ambiente, proviamo a smontare assieme, pezzo per pezzo, le sette grandi bugie del settore più diffuse con cui ci manipolano a tavola. Il marketing si occupa di studiare la psicologia della vendita, e non c'è niente di male in questo, ma c'è tanta differenza fra persuadere e manipolare, e qui ne parleremo

It was wonderful to watch the few lights still lit in the skyscrapers that lit up like stars on a Manhattan night. Who knows how many times James had stopped to contemplate them, but that night, for a strange reason he

was reliving the same emotion as when he first arrived in New York many years before. This unexpected feeling made him melancholic and he was reminded of his entire past, retracing like a flash back the road that had brought him there and this moved him. A good book in my opinion, should be read as you smoke a good cigar enjoying the intense aroma that sticks in your mouth, before blowing out the smoke. This book is about a journey, a long journey, the longest a man can make... the one within himself. It is the only trip that knows no boundaries, the only one that does not need a boarding pass, the only one able

to make us go back in time, to meet lost people again, desired faces and faces that we would rather forget. A journey in which you go in the spasmodic search of yourself, searching for something that will never turn into certainty. "How are we really made?" "Why are we here?" "Why do certain circumstances happen?" To these questions James drew his personal conclusion: that we are part of someone's project, because by analyzing the processes of their lives, everyone can understand, even if not immediately, that everything eventually happens for a precise purpose. In life you have to do things before to

Everything is a cycle that ends until you get to the final conclusion, until you understand why you came into the world, until you reach your true goal. Each of us has a very specific purpose here, each one of us is like a piece of a puzzle, we are all intersected with each other, we are all interconnected, I am useful to you, you are useful to me, even if we do not know how or why.

☐The City of the Sun☐ is a philosophical work by the Italian Dominican philosopher Tommaso Campanella. It is an important early utopian work. The book is presented as a dialogue between "a Grandmaster of the Knights Hospitaller and a Genoese Sea-Captain". Inspired by Plato's Republic and the description of Atlantis in Timaeus, it describes a theocratic society where goods, women and children are held in common. One of the most significant aspects of this community is the distribution of work. Once again Campanella engages in an explicit polemic with Aristotle, who had excluded artisans, peasants and those

The good news is that a handsome retired detective named Gerald has recently moved to town. Too bad he was seen kissing another newcomer...
