

## In His Hands Towards A Theology Of Healing

*In His Hands* is an inspiring book about the life of a little boy, Bracey. Bracey was born with VACTERL, a rare non-random association of birth defects that affects multiple parts of the body.

Raised in a militant atheist family, Sy Garte fell in love with the factual world of science. He became a respected research biochemist with an anti-theistic worldview to bolster his work—and he had no intention of seeking a God he didn’t believe in. That is, until the very science he loved led him to question the validity of an atheistic worldview. His journey to answer the questions that confronted him drew him into becoming a fully committed Christian, determined to show others the truth: modern science doesn’t contradict God at all but instead supports Christianity. In the first half of the book, Sy begins with how his experiences and quest for knowledge as a student and early in his career brought him to question his materialist assumptions. He goes on to reveal how lessons from physics, biology, and human nature—all presented for lay readers to easily understand—actually argue for belief in God. In the second half of the book, Sy looks at the arguments often presented against God in academic and scientific settings and explains the false foundations on which they rest. For those who have been told that the realities of science call for a rejection of God—but can’t quite get rid of the feeling that this shouldn’t be true—The Works of His Hands is an ideal reminder that the two don’t have to be bitter enemies. Instead, this transformative book shares the beauty of the marriage between science and faith—and how, together, they can bring even the most unlikely to salvation.

This is the twelfth book in the series Christianity and the Human Brain. It integrates neuroscience and the Bible, the holy book of Jesus. My love for Jesus Christ abides with my lifetime passion for neurosurgery and medicine. I have a continual obsession for spiritual connectivity between the Holy Spirit and the human brain, which indeed separates mankind from all other living creation. It has been my belief that the human brain does not limit itself to the physical skull. Rather, it extends in a nonphysical form to the outside spiritual world, even while living on earth. In other words, a big part of the human brain is actually outside the skull and the body. After performing brain surgeries for three decades, I have realized that my theory is so true. The majestic human brain can’t be just the 1,500 grams of jelled matter inside the skull. The human journey, therefore, is transforming the human brain into the brain of a man of God and transforming the hand of man into the hand of the man of God. The spiritual human brain never dies. Only the flesh does. This is the center of my calling and my unrelenting meditations while roaming in the heartfelt spirit, lacking the physical proof that science demands from me. My life is dedicated to Jesus, to my patients, and to my residents. As a physician, I have reached the top within America both as a professor of neurological surgery and anesthesiology and as a well-published author of several famous medical journals. As an academic teacher, I trained for more than thirty-four years and have watched thousands of trainees graduate. But all this is nothing as I strive to achieve Christian holiness and fullness. In a weeping healthcare with many patients’ falling victims, I included actual miracles, testimonials, and sincere quotes from patients as a testament to the Almighty and the dire need for faith and good-hearted medicine. This book is full of many vibrant stories that I love to share, which is timely since I am guessing that my generation will soon be viewed obsolete by future generations. What will remain are the books I authored. This book is a text of wealth, covering broad and diverse topics in my life journey within 134 chapters and organized over fourteen sections. So many chapters are written about my special love for Jesus Christ and his children. In poems, deep reflections, and spiritual release of mind, I wrote extensively. In fact, I shut my senses and impersonated the human brains of the men of God and the children of the Most High in their prominent biblical stories. A special section is dedicated to mothers, newborns, and little children. While my soul is grieving, a section is centered on the ongoing Christian persecution, especially the genocide of Christians in my country, Egypt, which is also the ancient region of the Middle East and the oldest historic continent of Africa. Furthermore, I wrote some of my dreams and thoughts that I couldn’t otherwise convey for one reason or another, such as neuroscience in aerospace and some of the timely and touching subjects such as drug overdose, human trafficking, and health-care crises. Few chapters are included about my personal views about introducing spirituality into the recent turmoil in politics. Friends, human life starts with love and ends with eternal love for our savior. It is never enough to share our love and write about love and talk about actual love stories of heavenly roses, joy, Christmas, healing touch, miracles, and our calling for his purpose. This is what my twelfth book is all about.

*In Your Hands*

He Teaches My Hands to War As a believer, you are engaged in a fierce war with the devil and his demons. They want nothing more than to steal your worship of God and chip away at the fabric of your spiritual life. Their ultimate goal is to take you to hell with them when you die. But you are not left to fend for yourself! God wants to teach you how to engage the enemy and come out on top. He wants to embolden you to fight with every fiber of your being as you wage war for your family, finances, and every area of life. He wants to empower you to violently assail the kingdom of darkness and step confidently into your calling as a liberator. He's ever watching, ever guarding, ever protecting, as He teaches your hands to war! Larry Stockstill is senior pastor of Bethany World Prayer Center in Baton Rouge, Louisiana. As one of America's leading cell churches, Bethany is known for its small group mentoring relationships and its emphasis on prayer and missions outreach. The church currently holds weekend services at three campuses in the Baton Rouge area and meets weekly in small groups around the city. Pastor Stockstill is also president of Heartbeat of Louisiana, a coalition of pro-life ministers. In addition, he serves on the board of directors for Church Growth International in Seoul, Korea. He also hosts a local television program called Lifeline with Larry Stockstill. From 1998 to 2004, Pastor Stockstill led a weekly Bible study at the Governor's Mansion for Governor Mike Foster of Louisiana and his staff.

Even though the concept of a black soldier actually being allowed to be a real soldier and go into combat his accomplishments are still often ignored. His/her achievements are still overlooked unless he dies in combat or accomplishes something extremely unusual. The black soldier still suffers adversity and animosity both in wars and in his private life. Our documents are erased or viciously omitted. Yet African American soldiers continually dare to dream of a better life as they fight for justice and equality at home and abroad.

A black mother expresses the many hopes and dreams she has for her child in this powerful picture book masterpiece that's perfect for gift-giving. When you are a newborn, I hold your hand and study your face. I cradle you as you drift to sleep. But I know that I will not always hold your hand; not the older you get. Then, I will hold you in my heart And hope that God holds you in his hands.

Contents include: "Types of Hands", "Fingers", "Thumb", "Palm", "Mounts of the Hand", "Lines of the Palm", "Line of Life", "Line of Head", "Line of Heart", "Line of Destiny", "Line of Apollo", "Lines of Sex Influence", "Lines of Health of Hepatica", "Minor Lines of the Hand", "Structure of the Hand", "Nails", "Conformation and Shape of the Hand", et cetera. Many vintage books such as this are increasingly scarce and expensive. We are republishing this volume now in an affordable, modern edition complete with a specially commissioned new introduction on fortune telling.*

*In October 1810 a twenty-year-old girl in the quiet New England town of Bradford wrote the following words in her journal: 'If nothing in providence appears to prevent, I must spend my days in a heathen land. I am a creature of God, and he has an undoubted right to do with me, as seems good in his sight...He has my heart in his hands, and when I am called to face danger, to pass through scenes of terror and distress, he can inspire me with fortitude, and enable me to trust in him. Jesus is faithful; his promises are precious. Were it not for these considerations, I should sink down with despair. Ann Hasseltine had received a proposal of marriage from Adoniram Judson, who was shortly to leave for Asia as one of America's first overseas missionaries. And thus commenced one of the great dramas of church history--a saga of love, courage, suffering and perseverance. Cancer. Plant Explosion. Massive auto accident. All that and more, yet God still blessed him. How could anyone cope with everything and still come out shouting praise? Every time he turned around, there was a new test, a new trial. Will Jason be able to stay focused on God instead of the valleys of life? 'Jason's life journey has definitely been a journey of faith. The true test of faith is seen when we face down the challenges that life can bring. For a diamond to become a precious gem it must stay under the chisel, and for gold to be purified it has to remain in the fire. Jason's life experiences have definitely put him 'under the chisel' and 'through the fire.' Through it all Jason remains constant in his walk with Christ and stronger than ever in his faith. Reading Jason's book is both challenging and inspiring. I am blessed to have Jason in my life as a ministry partner and a friend. Though the future is unknown and the next chapter has yet to be written in Jason's life whatever comes his way I know where I will find him. He will be loving, serving and growing in Christ!' —Mike Chandler, senior pastor, Journey Church "Cancer (the most feared word today ), blown up, bitten by a black widow spider, a life-threatening car wreck, colitis, and all of the pain that accompanies each one of these would cause most of us to question, if not lose our faith. But Jason's faith, like the slow process of forging steel, gets ever stronger. Thank you for sharing this chapter of your inspirational life story Jason. When I find myself in times of trouble I will remember this Job-like journey. As for me, I'm looking for an opportunity to help someone 'get their ice cream!'" —Butch Stewart, youth leader, Hickory Church of God*

*Boaz Hiker—called Bo by his friends—enjoys the trappings of success: a large home in suburban Pennsylvania, a beautiful wife and daughter, and a job controlling other people’s money. Even so, something is missing. Before he can figure out what it is, the world descends into darkness, and Bo begins a perilous journey in the attempt to reunite with his family. Traveling through a bizarre new world, Hiker meets prophets, priests, and pilgrims—and eventually encounters a mysterious, unnamed Stranger with tremendous powers. His only guides are a compass of unsurpassed craftsmanship and his own moral compass. These guides will determine whether he can save his wife, his daughter, and the rest of humanity. In this dramatic, post-apocalyptic tale of good versus evil, one good man must make the right decisions and overcome obstacles to save the world. If he doesn't, a fallen angel will rule over a dark and evil world. Cover illustration by Billie Michael*

*This book is written with the one big purpose of being helpful to everyone who reads it. Whether this reading is only for a few moments to merely glance at its pages or to read it consecutively chapter after chapter; it has in it, in every line of it, a statement of fact learned from every day life. It will teach the avid reader the principles of healing through the three-fold method of: suggestion through the hand; suggestion through the spoken and written word; suggestion through telepathy, as explained in the home method of healing.*

*This is book 2 of the Evelina series. Things get even hot. Raised stakes and a matter of life or death. Mankind’s existence rest on the shoulders of one woman. The Omega. The first woman has become the last woman. The only true seal. What if it was all planned before this world was created? To save all humanity, mankind must find the only true key; the Omega. On the other hand, to restore the lost kingdom of darkness, the devil must find the most wanted catalyst; The Omega. When everyone’s fate is in your hands what are the risks to yourself? It is a dash against time as total obliteration of the losing team is imminent and inevitable. It is a story of courage, steadfast and honor in the face of death. When loyalty is tested to breaking points. When the person you are to protect is the same person you must kill to save humanity from extinction? Some choices are meant for gods as humans are too weak and unequipped to handle such traumatic experiences. One man’s quest to solve God’s Dilemma, but at what cost? One lady’s quest to clear her name and enjoy life like every woman out there, but with what is at stake will the evil regime turn a blind eye?And at what expense?On the edge of the seat from the word go. ***In the spiritual life, we need a central idea: something so basic and comprehensive that it encompasses everything else. According to Carmelite Father Wilfrid Stinissen, surrender to God, abandonment to the One who loves us completely, is that central reality. The life of Jesus shows us the centrality of abandonment, for it is truly the beginning and the end of his mission on earth. In this simple but profound book, Father Stinissen distinguishes three degrees or stages in abandonment. The first stage consists of accepting and assenting to God's will as it manifests itself in all circumstances of life. The second is actively doing God's will at every moment of one's life. In the third stage, abandonment to God is so complete that one has become a tool in God's hands. At this stage it is no longer I who do God's will, but God who accomplishes his will through me.***

*This book uniquely combines CBT with the Department of Health stepped care model to provide the first comprehensive case study-approach textbook. A step-by-step guide to using CBT, the book is structured around case studies of clients who present with the most commonly encountered conditions; from mild to more complex, enduring symptoms and diagnosis. This distinctive practical format is ideal in showing how to put the principles of CBT and stepped care into effect. As well as echoing postgraduate level training, it provides an insight into the experiences the trainee will encounter in real-world practice. Each chapter addresses a specific client condition and covers initial referral, presentation and assessment, case formulation, treatment interventions, evaluation of CBT strategies and discharge planning. Specific presenting problems covered include: - First onset and chronic Depression - Social Phobia - Obsessive-Compulsive Disorder - Generalised Anxiety Disorder (GAD) - Chronic Bulimia Nervosa and Anorexia nervosa - Alcohol Addiction - Personality Disorder The book also includes practical learning exercises for the reader and clinical hints, as well as extensive reference to further CBT research, resources and reading. This timely text will be invaluable for trainees on Improving Access to Psychological Therapies (IAPT) programmes, and anyone studying on postgraduate CBT courses.*

A LITTLE FOLDING OF THE HANDS TO SLEEP is a novel about post-war Spain and the transition of the 1970's. It is a novel about love, revenge and obsession. A 'war orphan' is on his way to meet his exiled Uncle who is coming back to Spain as a result of the amnesty granted by the first free government. On the way he meets an itinerant farmer. Their conversations and memories lead to a surprising change in the young man's plans.

This book is an autobiographical look at the life of Bruce Lovett. It describes many of the cases in which he was involved and shows how God used him in solving these cases. The difficulties his family endured during those years are painfully written and displayed in a very honest and forthcoming manner in this book. Bruce grew up in rural Alabama and later married his childhood sweetheart, Susan. They currently reside in Bay Minette, Alabama.

The rules are simple: Never speak to outsiders. Never yearn for something more. And never, ever seek the pleasure of a stolen kiss...or a whispered promise that with him, she can finally be free. Abby Merkley has been a member of the Church of the Apocalyptic Faith since she was a child, and there's no way out...until her darkly handsome, brooding neighbor defies the rules and takes her into the safety of his arms. He should frighten her, but everything inside Abby thrills at Luc Stanek's rough manners and shockingly gentle touch. He excites her, ignites her, leaves her shaken and wanting more. But evil men follow in her footsteps, and it may take more than one fierce beauty to defend her loving beast.
