Are we hapless victims of life's whims? Are we driven along by some blind and impersonal force? Are we battered by circumstances beyond all control? A thousand times, "No!" says pastor and author Alistair Begg. Instead, Begg says we are the objects of God's providential care. We reside under His guiding and protecting hand. In this richly textured study of Joseph's life, readers will see God at work shaping Joseph's circumstances so that he can ultimately redeem and reconcile his family. And they'll see the hand of God in their own lives, lovingly guiding them through their disappointments and struggles to a place of peace. It's an amazing and comforting fact: God rules and overrules in the circumstances of life. God's authority is neither capricious, something abundantly good, even out of what we perceive to be our darkest moments. We can entrust the baggage of our past, the fears of our present, and the prospects of our present, and the prospects of our present.

People call it everything from "walking your dog" to "scratching your bean." Women usually do it at home. Men, it sometimes seems, do it everywhere. Some people think it's healthy; others think it is a sin that will send you straight to hell. But while many people declare that everyone's doing it, no one actually talks about it—outside the pages of Cosmo, masturbation is among the most taboo of topics, not suitable for polite society or public conversation. Mels van Driel boldly breaks this silence in order to help the world overcome its diffidence toward solo sex in With the Hand. Consulting everyone from doctors and sexologists to feminists and philosophers to understand perceptions of masturbation across cultures and religions throughout history. Covering a great number of topics, including age, location, and mythological, this often humorous and always informative book clears up the confusion surrounding this

universal, and universally unmentionable, topic.

Throughout, the authors explore how medical science restores bones, tendons, nerves, muscles, and blood vessels in hands injured through disease, accident, and combat—ever aware of how the form and function of the human hand combine harmoniously in everyday activities and Herculean efforts alike.

"Talk to the hand, 'cause the face ain 't listening," the saying goes. When did the world stop wanting to hear? When did society become so thoughtless? It 's a topic that has been simmering for years, and Lynne Truss says it 's now reached the boiling point. Taking on the boorish behavior that for some has become a point of pride, Talk to the Hand is not a stuffy guidebook, and is sure to inspire spirited conversation. Why hasn 't your nephew ever thanked you for your carefully selected gift? What makes your contractor think it 's fine to snub you in the midst of a major renovation? Why do crowds spawn selfishness? What accounts for the appalling treatment you receive in stores (if you 're lucky enough to get a clerk 's attention at all)? Most important, what will it take to roll back a culture that applauds those who are disrespectful? In a recent U.S. survey, 79 percent of adults said that lack of courtesy was a serious problem. For anyone who 's fed up with the brutality inflicted by modern manners (or lack thereof), Talk to the Hand is a colorful call to arms—from the wittest defender of the civilized world.

His hand trapped in the door of a speeding car, a man struggles to remain upright as he's dragged along a deserted stretch of mountain road. It's the perfect place to drive a man to his grave - literally. Starting with a crime so gruesome even prowling coyotes keep their distance, a killer begins crisscrossing the southern states on a spree of grisly murders. A hundred miles away, Ali Reynolds is grieving. The newscasting job she once delighted in is gone and so is the philandering husband she loved and thought she knew. When a member of the family who gave Ali a generous scholarship for her education decades earlier suddenly requests a meeting, Ali wonders what it can mean. But before she can satisfy her curiosity, she receives another startling call: a friend's teenage daughter has disappeared. Ali offers to help but, in doing so, she unknowingly begins a quest that will reveal a deadly ring of secrets, at the centre of which stand two undiscriminating killers.

1564, Granada. The Moors have unsuccessfully tried to rise up against their Christian oppressors and have painted the town in victims' blood. Our hero Hernando, an Arab with a Christian father, is despised by the townsfolk and by his step-father for his 'tainted' heritage and banished to live in the stables.

Yearning for a change, Steven Nightingale took his family to live in the ancient Andalucían city of Granada. But as he journeyed through its hidden courtyards, scented gardens and sciences flourished, Granada also witnessed brutality: places of worship razed to the ground, books burned, massacre and anarchy. In the 1600s the once-populous city was reduced to 6,000 who lived among rubble. In the next three centuries, the deterioration worsened, and the city became a refuge for anarchists; then during the Spanish Civil War, fascism took hold. Literary and sensual, Steven Nightingale produces a portrait of a now-thriving city and the joy he discovered there, revealing the resilience and kindness of its people, the resonance of its gardens and architecture, the wonders of the Alhambra and the cyclical nature of darkness and light in the history of Andalucía. At once personal and far-reaching, Granada is an epic journey through the soul of this most iconic of cities.

the help of Aiden Price and Erica Hall, two friends from their high school in North Chester, the four teens must find a way out, a way that can only be discerned from the dusty pages of the ancient leather-bound tome, "The Book of Things to Come." Faced with questionable allies, invisible enemies, and increasingly dangerous levels of difficulty, the four must learn to work together, to trust each other ... or be forever lost.

An unbelievably believable story about the afterlife, with documenting photographs from the former publisher of a major metropolitan newspaper. In 2004, Janis Heaphy Durham's husband, Max Besler, died of cancer at age 56. The daughter of a Presbyterian minister, she practiced her faith as she struggled with her loss. Soon she began encountering phenomena unlike anything she'd ever experienced: lights flickering, doors opening and closing, clocks stopping at 12:44, the exact time of Max's death. But then something startling happened that changed Heaphy Durham's life forever. A powdery handprint appeared on her bathroom mirror on the first anniversary of Max's death. This launched Heaphy Durham on a journey that transformed her view of reality forever. She interviewed scientists and spiritually and altered her view of reality forever.

Rajalakshmi Meenakshisundaram, a traditional, god-fearing wife and mother, has led a sheltered life in India. Her happy world in Chennai is shattered when her only child, Venkat, dies on his birthday, the victim of a terrorist attack in France. She must now travel to Paris with her husband to claim Venkat's body. Katherine Mary Flannigan, a mother of three, is a loving wife and staunch church goer. The Irish Flannigans have lived in the little town of Blue Hampton, outside London, for generations. Jonas, her eldest son has been missing for a week when she learns that he has blown himself to bits in France, having secretly converted to Islam just a month before. The village is split on accepting his body for burial in the church cemetery. Katherine and her husband James must now travel to France to claim Jonas' body. What happens when the two women meet? How do the men in their lives battle their own vulnerabilities and inabilities as they come to terms with their loss? How do those around them deal with the tragedy? This is the gripping and poignant tale of going past the biases we all carry, the assumptions we make, and the guilt within when we have failed those we love. What links us? What separates us? What is identity after all? What remains of faith when it is put to test? What is destiny? Is there hope at the end of the maelstrom?

The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.
