A New Income Tax Manual [Electronic Resource]

Excerpt from A New Income Tax Manual: Explaining the Requirements of the Federal Income Tax Law and the Treasury Department Regulations With Respect to the Administration Thereof The object of this book is to present a general explanation of the requirements of the Federal Income Tax Law and the Regulations and Rulings of the Treasury Department with respect thereto. Being in the nature of a compilation, it is proper that there should be references to the authority upon which its statements are based, and for this reason numerous references are made to the Law itself, by paragraphs, thus: (Par. E), (Par. G, subd. a), etc.; to the Regulations and Rulings of the Treasury Department, by their respective numbers, thus: (T. D. 1887), (T. D. 1901), etc.; and to the General Regulations by articles, thus: (G. R. 1), (G.R. 2), etc. References are also made to the various forms which have been prescribed by the Department by their numbers, thus (Form 1000), (Form 1001), etc., and to the instructions or special notices, appearing on some of the forms in a similar manner, thus, (Instr. Form 1031), (Instr. Form 1040), etc. These references are invariably to the revised forms which have recently been issued by the Treasury Department and not to earlier forms bearing the same numbers but now obsolete. In addition, references are made to various letters of the Treasury Department containing rulings which have not been embodied in the Treasury Decisions. These letters are published by the Corporation Trust Company of New York in connection with its most efficient Income Tax Service, his indebtedness to which the author takes pleasure in acknowledging. References from one part of the book to another are made by section numbers, thus: (See Sec. 5), (See Sees. 8, 12), etc. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Income Tax Manual

CCH's California Income Tax Manual is a comprehensive, single-source guide to income taxes for individuals, businesses, and estates and trusts in California. It provides clear, straightforward guidance on complex issues and provides numerous examples, tips and suggestions to illustrate how to apply the California income tax law to taxpayer situations. The author, Kathleen Wright, is a well-known California practitioner, CPE presenter and Professor at California State University at Fullerton. This annually-published resource is thoroughly tested and modified by classroom, CPE and consulting use feedback. The book describes and reflects new income tax developments, with an in-depth focus on the problem of conformity. California Income Tax Manual is presented in easy-to-read and easy-to-understand language and it focuses on the practical implications of the topics and concepts discussed, making it a great tool for reference, review and staff training on California income taxation. Important state tax issues, such as nexus, allocation and apportionment, and unitary group reporting (including combined reporting) all get substantial treatment in the book and special consideration is given to California rules that differ from federal rules throughout this extensive manual.

Excerpt from Standard Income Tax Manual, 1920: Covering the Income Tax and Excess Profits Tax Under the Revenue Act of 1918 With References to Former Acts This volume has been designed primarily as a Manual, a handbook. It aspires to be neither a treatise nor a digest in the technical sense, although it has forsaken consistency at approximate its object of service. It aims to put before the layman and the learned alike, in the most readily accessible form, first, the income and profits tax law and regulations as they exist today, and, second, suggestions and references which may help to a fuller or better interpretation of the law. At the same time, the earlier statutes are examined and compared. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
