

## Iniziazione Alle Rune Teoria E Pratica

Come è stato possibile che, nel cuore della vecchia Europa, persone « perbene », intelligenti e istruite abbiano aderito in massa alla causa del nazismo, abbracciandone i valori? Molti vedono nell ' ideologia nazionalsocialista il prodotto di poche menti squilibrate, o una mera costruzione propagandistica per conquistare il consenso popolare. Ma l ' ascesa di Hitler non fu un incidente della storia. Il Saggiatore ripropone al lettore italiano Le origini culturali del Terzo Reich, il primo saggio ad aver esaminato il nazismo come sistema di pensiero capace di comporre – attraverso il collante dell ' antisemitismo – convinzioni e ideali che da tempo circolavano nella societ à tedesca: il misticismo naturalistico del Volk, l ' irrazionalismo neoromantico, l ' ossessiva riscoperta di un passato mitologico, il rifiuto del governo rappresentativo e dell ' urbanizzazione, il razzismo. Un ' ideologia « nazional-patriottica » che si era accesa nelle circostanze dettate dalla travagliata unifi cazione tedesca e dall ' impatto della rivoluzione industriale su una societ à prevalentemente agricola, e che divamp ò in seguito al diktat del trattato di Versailles e all ' enorme instabilità della Repubblica di Weimar. Il nazismo fu la tragica risposta a una crisi del pensiero e della politica che in Germania imperversava da decenni. Per comprendere il passato, lo storico deve penetrare nella percezione che gli uomini comuni hanno del tempo in cui sono immersi. Guidato da questa premessa, George L. Mosse offre un contributo tuttora imprescindibile per ripercorrere la lunga strada che port ò al potere il pi ù vasto e terribile movimento di massa del Novecento.

"This book is written as an attempt to describe the traditions and beliefs of the Ancient Europeans" -- p. 6.

Rune Power helps us understand the purpose and nature of the runes-angular patterns that could be found written on smooth surfaces, carved in wood, or engraved in stone-and to ultimately gain a greater understanding of our relationship to nature and the Earth.

From divination to magic to meditation, the sacred runic symbols lend profound power to many practices. Includes 25 wooden runes, a PVC bag, and instruction booklet

America's most renowned Wiccan shares the beliefs and practices of this sacred feminine spirituality in an introductory book. Welcome to the oldest spiritual tradition in the world. One of the first Wiccan Priestesses to 'come out of the box' and change the face of the religion, Diantha Currott has forever changed the perception of Wicca in the Western world. In this book, Phyllis re-introduces the life-sustaining wisdom and techniques that will connect you to the Divine and to the love, abundance and spiritual wisdom of the Goddess. You will learn how to:
• attune your body, mind and spirit to Nature's rhythms to create a life of harmony, peace and fulfillment
• enter spirit realms and work with spirit guides, power animals and spirits of place for guidance and healing
• cast gothic spells to create sacred spaces and altars to nourish your soul
• practice empowering lunar and Sabbat rites to experience divine communion
• embody your spirit, empower your purpose and manifest your gifts
This engaging and inspiring book will help you connect your mind and your spirit to the Sacred around and within you. It's time to awaken your life to its divine magic!

First published in 1938 and 1956, neither Sea Priestess nor Moon Magic have been out of print and are enduring favorites among readers of esoteric fiction. 'New packages will update these classic novels and introduce them to a new generation of readers.

An Initiation to the Spiritual Life

From Electronic Structure to Quantum Transport

*In this new book, international bestselling author Sylvia Browne turns her psychic wisdom to the puzzling, often contradictory predictions proposed by major historical and contemporary figures, ranging from biblical prophets and Nostradamus to George Washington and NASA scientists. In Prophecy, Sylvia Browne shares comforting insights on headline topics such as: The race for a cancer cure; Nuclear war; The possibility of colonising other planets; Peace in the Middle East; The asteroid rumoured to be heading our way; And dozens of other concerns about the future. Examining the most notorious prophetic voices throughout the ages, Sylvia Browne offers a clear and fascinating vision of the world as it will be in five, ten, twenty, one hundred, and five hundred years. Prophecy provides the answers we all yearn for in uncertain times.*

*In and Feng Shui Journey* Jon Sandifer provides new insights into one of the most popular systems of health and well-being. Most people think that feng shui is simply about rearranging furniture; this book takes you further, and reveals the true power and wisdom of this ancient Chinese system.*Jon Sandifer shows that the starting point with feng shui should not be the interior of your home; it should be yourself. He gives you the tools to apply feng shui to best meet your own circumstances and needs. You will learn:--The principles of feng shui, its history, and feng shui approaches today-How to arrange your décor, furniture and the layout of your home to maximum effect-How astrology relates to feng shui-How five element theory can give you new insights into yourself and feng shui-How feng shui can become a powerful companion throughout your life journey.**The Feng Shui Journey offers the first truly integrated approach to feng shui, an approach which will enhance every aspect of your life.*

**A description of Glastonbury that remains one of the most evocative and poignant accounts of this wild yet holy place; a power center polarizing with distant Jerusalem and linking and harmonizing the Christian way with the primeval and pagan past of England.**

**According to the ancient Maya, the world as we know it will end on 22nd December, 2012. On that date, their calendar will click round to zero for the first time in over 5,000 years. They prophesied that this destruction will be preceded by a series of natural disasters, including earthquakes and floods. Does this sound familiar? What will this mean for us? Should we take seriously their claims that this will be a time of apocalyptic cataclysm? And, just how did the Maya, a clever but nonetheless Stone Age people, calculate the date of an astronomical event that would take place many millennia in the future? These are just some of the questions posed by Adrian Gilbert, co-author of the international bestseller "The Mayan Prophecies." In "The End of Time," he revisits the ancient archaeological sites of the Maya and makes astonishing new discoveries about their cosmology. He also makes use of modern computer technology to 'backtrack' the skies to the way they would have appeared in previous ages, which has resulted in some major findings concerning the astronomical significance of the Mayan calendar. This absorbing, thought-provoking book is enhanced by a number of illustrations and photographs to help explain the many theories and ideas conveyed in the text. And, in case, an apocalyptic event really is upon us, the author offers tips for survival.**

**Here are the complete prophecies of Nostradamus. Nostradamus is the best known and most accurate mystic and seer of all times. There are those who say that he predicted Napoleon and even the attack on the World Trade Center.**

Geomancy, a three-thousand-year-old form of earth divination, can answer your questions about relationships, career, money, and all aspects of life. In this comprehensive, easy-to-follow introduction to the topic, bestselling author Richard Webster presents eight different methods you can try, from astrological geomancy to Arthurian divination to a version attributed to Napoleon. Each method is based on making a random number of marks, then interpreting the message based on the resulting pattern. Geomancy for Beginners also includes simple instructions on how to craft your own geomantic tools. With Webster's sample readings and diagrams, it's easy to begin practicing this age-old form of divination to receive guidance and insight.

With unflinching gaze and uncompromising intensity Julius Evola analyzes the spiritual and cultural malaise at the heart of Western civilization and all that passes for progress in the modern world. As a gadfly, Evola spares no one and nothing in his survey of what we have lost and where we are headed. At turns prophetic and provocative, Revolt against the Modern World outlines a profound metaphysics of history and demonstrates how and why we have lost contact with the transcendent dimension of being. The revolt advocated by Evola does not resemble the familiar protests of either liberals or conservatives. His criticisms are not limited to exposing the mindless nature of consumerism, the march of progress, the rise of technocracy, or the dominance of unalloyed individualism, although these and other subjects come under his scrutiny. Rather, he attempts to trace in space and time the remote causes and processes that have exercised corrosive influence on what he considers to be the higher values, ideals, beliefs, and codes of conduct—the world of Tradition—that are at the foundation of Western civilization and described in the myths and sacred literature of the Indo-Europeans. Agreeing with the Hindu philosophers that history is the movement of huge cycles and that we are now in the Kali Yuga, the age of dissolution and decadence, Evola finds revolt to be the only logical response for those who oppose the materialism and ritualized meaninglessness of life in the twentieth century. Through a sweeping study of the structures, myths, beliefs, and spiritual traditions of the major Western civilizations, the author compares the characteristics of the modern world with those of traditional societies. The domains explored include politics, law, the rise and fall of empires, the history of the Church, the doctrine of the two natures, life and death, social institutions and the caste system, the limits of racial theories, capitalism and communism, relations between the sexes, and the meaning of warriorhood. At every turn Evola challenges the reader's most cherished assumptions about fundamental aspects of modern life. A controversial scholar, philosopher, and social thinker, JULIUS EVOLA (1898-1974) has only recently become known to more than a handful of English-speaking readers. An authority on the world's esoteric traditions, Evola wrote extensively on ancient civilizations and the world of Tradition in both East and West. Other books by Evola published by Inner Traditions include Eros and the Mysteries of Love, The Yoga of Power, The Hermetic Tradition, and The Doctrine of Awakening.

The manual consists of the story of Dr. Hayashi including unpublished photos and main exercises of the Hayashi Reiki system.

Everybody deserves a holiday, but does anybody deserve every day off but one? Santa gets all the glory, but who's really the power behind the sleigh? This book is about the woman who really does the work (gee, like that's unusual), and her efforts to get Santa off his chair, away from the TV, and back in the workshop. It happened one day when many of the elves got sick and Mrs. Claus had to step in to help. Now, you know what it's like when a woman starts helping. Pretty soon Santa was spending most of his time watching TV, doing research on the new toys. Mrs. Claus needed to take drastic action, and she knew just what to do. Out came the magic markers and suddenly Mrs. Claus had a severe case of hiccumtitus. Now the workshop is running properly again.

Presents evidence to support the author's woman-centered interpretation of prehistoric civilizations, considering the prehistoric goddesses, gods and religion, and discussing the living goddesses--deities which have continued to be venerated through the modern era.

Awaken the Divine Magic within You

Rune Power

*An original novel in which the 15th and 20th centuries meet with uncanny results, due to the invocation of Pan. This work is of special interest to students of magic and the Western Mystery Tradition.*

*The runes are said to have “revealed themselves” to von List, uncovering a complete cosmology and esoteric understanding of the primeval Teutonic/Aryan peoples, and becoming the cornerstone of his ideology. No other work so clearly and simply sets forth the full spectrum of von List’s fantastic vision of a mystical philosophy based on Germanic principles.*

*Corrado Alvaro’s Fear in the World was published a decade before Orwell’s 1984, but is not well known outside Italy, perhaps because of the timing of the publication just before the Second World War. Alvaro had visited the Soviet Union as a journalist, but was probably motivated to write this dystopian novel by aspects of modernity that concerned him, particularly the use of fear for political purposes which was not afflicting Russia alone. He was interested in the psychology of fear and the extent to which individuals and the crowd participate in their own regimentation. The names of countries, cities and leading political figures such as Stalin are never referred to, but as in the works of Orwell they are clearly identifiable from their descriptions: the author was writing in a Fascist country against a Fascist censor and had to cut his cloth accordingly. This is a dark novel, not quite as dark as 1984, but it is more claustrophobic. The feeling of inevitability is there from the first page, and it is experienced as we experience real life.*

*The imagined truth takes us closer to where we really are. The travails of the love affair at the core of this novel quite possibly arise from perceptions that the regime exploits in a quite ad hoc manner. And it leads the reader through an extraordinary sequence of events and observations which encompass a vast range of emotions and ideas expressed in a unique prose style. The modern Leviathan appears to be a well-oiled machine, but towards the end it becomes clear that this is merely an appearance of efficiency and omniscience, but appearances can be powerful. Alvaro is particularly interested in how the state uses quasireligious mechanisms and rituals to assert its power. The central character returns to the country after a long period abroad, and sees things initially through foreign eyes, living a life similar to the one Alvaro did when in Russia. He is not a natural rebel, and very much wants to fit in, but he finds this difficult to achieve. The regime boasts that it has an ally in history, but destiny is elusive, however much the characters feel that they are driven by it.*

*A Down-to-Earth Guide to Traditional Wicca* While there are many powerful variations of contemporary Witchcraft, traditional Wicca offers unique experiences for those who seek it out. This book explores structured, coven-based styles of Wicca, in which the practitioners typically trace initiatory lineages back to Wicca's early founders. Discussing covens, initiations, lineages, practices, ethics, and more, Traditional Wicca shares tips and ideas on how to get the most from this profound approach to Witchcraft. Discover how to recognize healthy, reputable covens. Learn how to navigate the process of asking for training and succeeding in an outer court. Explore the spiritual strength of lineages, hierarchies, and initiation. This book also includes contributions from several practitioners, providing valuable first-person perspectives on what it's like to be on the traditional Wiccan path. Praise : "Like the bristles of a besom, Thorn Mooney's Traditional Wicca sweeps through the subject of Witchcraft removing the dust and dirt of ignorance and prejudice to reveal the true heart of Wicca. Thorn writes with obvious sincerity, with feeling, and from experience. Her book covers everything from defining Witchcraft, through the workings of a coven, to actual initiation and beyond. She warns that Wicca is not for everyone and—I am personally delighted to see—includes a chapter on recognizing 'Red Flags' when first contacting others...especially those who might claim to be more than they actually are. This book is the quintessential guide for the true, sincere seeker."—Raymond Buckland, author of Buckland's Complete Book of Witchcraft "Traditional Wicca is a unique and important book. It's amazing to me that in over 70 years of publishing on the subject of Wicca, nothing like this book has ever been written! I'm kind of jealous I didn't think to write it myself. The chapter on initiation is, by itself, worth the cover price. If you want to understand what people mean by 'traditional Wicca,' whether or not you're seeking it, this is the one book you must read."—Deborah Lipp, Wiccan high priestess and author of Merry Meet Again "Traditional Wicca is a topic that few actually understand despite its long and distinguished history. With passion and skill, Thorn delivers a book that many familiar with Wicca will wish they had had when they were studying it, and those who find themselves on the path for the first time will rejoice at having found. Whether you intend to seek initiation or not, this book is full of valuable gems that will enhance any practice at any level. Traditional Wicca is an all-inclusive tour through the history, practices, and lore of traditional Wicca that weaves voices from all over the tradition and challenges everything you think you know about it."—Devin Hunter, author of The Witch's Book of Power "A masterful gem of insight and wisdom,Traditional Wicca reveals the time-honored practices of initiatory Wicca, thought all but lost by many, but hidden like so many occult secrets in plain sight. Drawing a clear and respectful distinction between eclectic Wicca and its older more traditional sibling, Thorn Mooney takes us on a personal journey exploring the powers and the pitfalls of the initiatory inner court, revealing the persistence of a thriving and dynamic Craft that is at once orthopraxic and changing, traditional and experimental. With practical advice for the seeker, peppered with personal anecdotes from several practitioners and

*initiates alike, this book is a much-needed map...Highly recommended.*"—Storm Faerywolf, author of *Betwixt and Between*

*Sin dai tempi più arcaici gli uomini hanno cercato di contrastare le manifestazioni più estreme della Natura attraverso un'azione magica, che si è evoluta nei secoli generando credenze, riti e tabù. In Italia, in particolare, è sorta così una religione popolare di antica origine pagana in grado di proteggere dalla Natura ma soprattutto di rispondere alle esigenze terrene e materiali del devoto. Il libro affronta le espressioni di stregoneria popolari e rurali italiane, in un viaggio tra i rituali e gli scongiuri che sanciscono i momenti di passaggio della vita umana in un attento quadro degli antichi usi e costumi della nostra penisola.*

*Rune, decifrare i messaggi della nostra anima, è un eBook di 64 pagine con più di 100 immagini e 24 schede che raccontano nel dettaglio ogni singola runa. Le rune sono le lettere dell'antico alfabeto dei popoli nordici, che in tempi remoti venivano utilizzate all'interno dei rituali di divinazione e a scopo propiziatorio. Esse vengono spesso descritte come l'antica lingua degli dèi e degli eroi del Nord e la loro essenza ci è stata tramandata attraverso leggende, miti e fiabe. Lanciandole nel vuoto e aspettando che ricadano a terra, possiamo coglierne il messaggio: attraverso il linguaggio dei segni, le rune rivelano particolari di ogni aspetto della nostra vita (la famiglia, la casa, la morte, la vita, le stagioni, la ricchezza, la povertà, la guerra, l'amore ecc.). La parola runa deriva dal sostantivo norreno rún, che significa "segreto" e, nella lingua tedesca, il verbo raunen significa "bisbigliare, sussurrare": forse il segreto delle rune potrebbe essere il riflesso di quel segreto che dimora dentro di noi e che nasconde le risposte alle nostre più antiche domande, quelle domande che riguardano la nostra identità, la nostra provenienza e il senso della nostra esistenza.*

*Prophecy*

*La Stregoneria in Italia*

*The Living Goddesses*

*The ancient art of Selfica*

*A Novel*

*Joseph Campbell, arguably the greatest mythologist of our time, was certainly one of our greatest storytellers. This new cloth edition of The Hero's Journey, published to celebrate the 100th anniversary of Campbell's birth, recounts his own quest and conveys the excitement of his lifelong exploration of our mythic traditions, what he called "the one great story of mankind."*

*A fascinating and mysterious discipline, "Selfica" creates objects made of metal, inks and colors that can interact with the environment in a positive way. Selfic structures enhance personal well-being, sensitivity, and mental and physical balance. Be it jewelry, metal structures or paintings, Selfic devices also help their users to learn more about themselves and get in touch with energetic dimensions and information fields different from those in which we are normally immersed. Selfica, developed through the research and teaching of Oberto "Falco" Airaudi, founder of Damanhur, Federation of Communities, is actually an ancient art-science, already known and used by many peoples of the past. This book recounts the experiments of many researchers and enthusiasts as well as those of the author, who has personally participated in many exciting experiences. It is a journey into a new dimension where time, space, emotions and memory respond to laws which are very different from those we are used to...*
