

Insecure In Love How Anxious Attachment Can Make You Feel Jealous Needy And Worried And What You Can Do About It

"The Jealousy Cure unlocks the positive power of jealousy for happy relationships."—Foreword Reviews "Solid counsel for those whose relationships are plagued by jealousy and the individuals it targets."—Library Journal starred review? Could jealousy be a positive thing? In this groundbreaking book, Robert L. Leahy—author of the hugely popular self-help guide, The Worry Cure—invites you to gain a greater understanding of your jealous feelings, keep jealousy from hijacking your life, and create healthier relationships. We've all heard tales of the overly jealous spouse or significant other. Maybe we've even been that jealous person, though we may not want to admit it. It's hard to imagine anyone sailing through life without either having feelings of jealousy or being the target of someone's jealousy. But what if jealousy isn't just a neurotic weakness? What if it signals that your relationship matters to you? In short—what if jealousy serves a purpose? In The Jealousy Cure, renowned psychologist Robert L. Leahy takes a more nuanced approach to tackling feelings of jealousy. In this compelling book, you'll uncover the evolutionary origins of jealousy, and how and why it's served to help us as a species. You'll also learn practices based in emotional schema theory, cognitive behavioral therapy (CBT), acceptance and commitment therapy (ACT), and mindfulness to help you overcome the shame jealousy can bring, improve communication with your partner, and ultimately make room for jealousy while also making your relationship more meaningful. You will learn that confronting jealousy in your relationship does not have to be a catastrophe, but can redirect you and your partner to build more trust, acceptance, and connection. We often feel jealous because we fear losing the things or people that matter to us the most. With this insightful guide, you'll discover how jealousy can both help and hurt your relationship, and learn proven-effective skills to keep jealousy in its place. This book has been selected as an Association for Behavioral and Cognitive Therapies Self-Help Book Recommendation—an honor bestowed on outstanding self-help books that are consistent with cognitive behavioral therapy (CBT) principles and that incorporate scientifically tested strategies for overcoming mental health difficulties. Used alone or in conjunction with therapy, our books offer powerful tools readers can use to jump-start changes in their lives.

Description When people first get into a relationship, the early days are nothing short of magic, and the lovers are all over each other, staring at one another with wistful eyes, and they have not a grain of doubt that they have finally met "the one!" But then months (or years) later, where there was stomach butterflies upon seeing each other, there's an understated loathe and distrust, and maybe one or both partners are no longer excited to have sex. What happened? Maybe they think they look ghastly. Maybe they are jealous about their partner getting close with their workmate. Maybe they feel inadequate. These are major signs that the partner is trapped in the jaws of insecurities. If they don't act fast enough to rid themselves of these insecurities, the love they once had for their partner will water down, and soon enough their relationship will be tossed into the bottomless pit of failed relationships. If they are the type of lovers with a high threshold for pain, then they are in for a long and bumpy roller-coaster of negative emotions. The biggest sign that someone is insecure is a tendency to cling onto their partner. This means that they will start following their partner around, never wanting to be separated, and when their partner is out there trying to get a life, the insecure person will take every opportunity to try to contact them. They are basically afraid of losing their partner. They will reach for their phone and text them, video call them, send funny images and videos to them. The insecure person will expect their partner to respond promptly because any delay can cause them tremendous emotional pain. You would think that having someone chasing you everywhere makes you like them even more; but the opposite is true. When a person acts insecure in love, their partner becomes frustrated, and in the beginning, they cannot make it obvious, but as the insecure person escalates their clingy behavior, their partner subtly starts to evade them, but then it reaches a point and they become exhausted and they send out a strong and clear message: I hate what you are doing! At this point, the insecure person will literally be acting like a slave, except in this case they have not been forced into that situation. Insecurity is caused mainly by a terribly low self-esteem. In order to overcome insecurities, you have to confront the deep-seated issues that have pulled your self-esteem down, and you have to work on building your self-esteem. It is also important to increase your emotional intelligence and self-awareness so that you may understand the connection between your thoughts and actions. The more you understand yourself, the easier it becomes to overcome your low self-esteem and become a suitable partner. This book looks into the subject of insecurities in relationships and helps you to understand how they play out and what you must do to overcome them. The actionable tips will help you become not just a great partner but a great person in general.

How traumatic events can break our vital connections—and how to restore love, wholeness, and resiliency in your life From our earliest years, we develop an attachment style that follows us through life, replaying in our daily emotional landscape, our relationships, and how we feel about ourselves. And in the wake of a traumatic event—such as a car accident, severe illness, loss of a loved one, or experience of abuse—that attachment style can deeply influence what happens next. In The Power of Attachment, Dr. Diane Poole Heller, a pioneer in attachment theory and trauma resolution, shows how overwhelming experiences can disrupt our most important connections—with the parts of ourselves within, with the physical world around us, and with others. The good news is that we can restore and reconnect at all levels, regardless of our past. Here, you'll learn key insights and practices to help you: • Restore the broken connections caused by trauma • Get embodied and grounded in your body • Integrate the parts of yourself that feel wounded and fragmented • Emerge from grief, fear, and powerlessness to regain strength, joy, and resiliency • Reclaim access to your inner resources and spiritual nature "We are fundamentally designed to heal," teaches Dr. Heller. "Even if our childhood is less than ideal, our secure attachment system is biologically programmed in us, and our job is to simply find out what's interfering with it—and learn what we can do to make those secure tendencies more dominant." With expertise drawn from Dr. Heller's research, clinical work, and training programs, this book invites you to begin that journey back to wholeness.

Do you find it difficult to maintain a successful romantic relationship? Do you see the same behavior patterns emerge in your relationships from time to time? Are you constantly worried that everything will end in a heartbreak? Is it possible to predict in advance the probability of a relationship's success or failure? Whether we are aware of it or not, our childhood experiences play a huge role in producing the type of people we become. The relationships we experience as children, with our parents or other primary caregivers, have a profound effect on how we react to situations throughout our lives; and how we interact with the people around us. As young children, we instinctively respond to the type of love and support offered by our parents or carers. While a strong bond with our primary caregiver is critical to our development in these early years, any difficulties resulting from this attachment can lead to problems with relationships and self-image in later life. In fact, dysfunctional or incorrect dysfunctional attachment patterns can lead us to make poor emotional choices, or enter dysfunctional and unstable relationships that can be characterized by violence, oppression or submission. Human relationships can give rise to the constant presence of fear of abandonment, associated with controlling behaviors, a continuous search for reassurance, emotional hyper-vigilance and sometimes even emotional blackmail. Whether you like it or not, attachment styles inevitably determine intimate relationships between people. Knowing what they are, and managing them efficiently, guarantees you a positive and stable vision of your relationships for life. We recommend that you read this book if your relationship is characterized by: - Dissatisfaction and/or high levels of conflict. - Obsessiveness, intrusiveness, jealousy and mistrust. - A strong desire for fusion and concern about rejection and abandonment. - Interpersonal distance. - A low level of emotional involvement. - Intimacy issues and an inability to have fun or thrive in sexual relationships. Don't worry if you identify with all or some of these conditions. The patterns and beliefs that we develop as children, although often deeply rooted in our psyche, can be unlearned and replaced with positive beliefs and approaches that allow you to embark on a more constructive path through life. Have you ever heard of the inner voice? You may constantly ask yourself these questions: "Why would anyone be interested in me?" I'm not up to it! But do you love me enough? What if you abandon me? What if he's cheating on me? I can't be without him! If, however, you do not face such problems, you will bring their negative influence into your life, leading to the unwanted and repetitive situations that you have become familiar with. What if I told you that there is a way to silence this little voice? Understanding how to get rid of attachment problems is one of the most satisfying and valuable things you can do for yourself. You will open the door to a greater sense of self-esteem, successful friendships, strong family ties and long-lasting and loving romantic relationships. If you are tired of living a life full of complicated and painful relationships, and would like to learn to cultivate them in healthy and safe places, scroll up and click on the "Buy Now" button!

BUY THE PAPERBACK VERSION OF THIS BOOK AND GET THE KINDLE BOOK VERSION FOR FREE You've probably been living with your insecurity for days, months, or even years and you're so used to it that you can no longer distinguish between perception and reality. Have you ever heard of the inner voice? That's right. We are talking about that damn voice that is rooted in you, and that only affects your reality. Most people, throughout their lives, develop an inner dialogue with themselves. This can be of great advantage when used to evaluate important aspects of one's life, to make a decision or to take courage in the most difficult moments. But when this dialogue leads to devaluing oneself, judging one's own value and identity, it generates negative emotional states of anxiety and depression. It becomes a real limit, sometimes insuperable! How many times do you have to ask yourself: Do you love me enough? And that's really the person for me? What if he abandons me? Are you cheating on me? I'm not up to it! I can't be without him/her! These are just a small part of the questions you probably ask yourself every day. But the root of the problem is not only the questions you ask yourself but how they affect you. The point is that in love, insecurity plays a fundamental role and if you are not willing to question that cursed inner voice, you will be destined to be literally devoured by it, endangering your result. And if there's a practical way to question that damn voice? And if there was a way for your insecurity to become your winning weapon? IN THIS BOOK: You will understand the deep meaning of love. What does it mean to be in love? What does it mean to love a person? We have never questioned its true meaning, yet we take it for granted that we know it. Greater awareness means greater safety in love. This will be your new starting point You will learn to get to the root of the problem by understanding the doubts and false beliefs that give rise to your insecurities. Going deep and overcoming those emotions that keep us chained, is the only way to win the inner war that you fight daily. You'll learn to manage your inner voice. You will understand with practical examples how our mind works, and you will never allow that damn voice to undermine your self-esteem again. You will learn the best strategies to overcome your insecurity in love right away. You will learn to improve your self-esteem, strengthen your confidence, and bring your relationship to a level you've always dreamed of. The author of this book, in each chapter, will provide you with the necessary tools that will accompany you step by step in search of your inner serenity. It will help you feel more confident in your relationship by answering all those questions you have not been able to answer so far. Digging deep and explaining what happens is the only way to defeat our worst enemy insecurity. If you've come this far, it means you're interested in the book. BUY IT NOW! I hope you always feel sure of yourself. To Your Life!!!

If you want to let go of anxiety in love and embrace a peaceful relationship, even if you've never been able to before, then keep reading... Anxiety is a word some fear because people call it taboo, but this is the single worst thing anyone can say! In reality, anxiety is a monstrous form that wears different masks. I have personally faced this monster, and I know so many other people who have. Imagine this: You find yourself waking up in the morning with a sudden dread deep inside of you after finding out your partner wants to separate. You don't know what's happening the first time you experience it. You feel this immense pressure on your chest, but you know that you're a perfect picture of health. You feel like every effort to draw breath is pointless. You are scared! My first time experiencing this anxiety convinced me that my heart had failed me. I thought the end was drawing near and my partner would surely find me dead. I felt myself go into a panic, and my thoughts became a speeding train. I could see the lights from this speeding train heading straight toward me. There is no feeling in the world that can compare to this. I felt my world disintegrating before me. My entire life changed after this monster took hold of me. It affected my relationship further and my ability to function, and I found myself alone faster than you can drop a quarter. My partner was gone and would only return for his clothes. I felt my pain resonating through every aspect of my life. It took time to get up and dust myself off; it didn't happen overnight. My connection to new people and repairing my relationship with my partner is the only reason I stand today. That's why I've written this book, to help you stand today, just like me. In this book, you will find: How to recognize common anxiety types; Assistance to take the first step to a stronger relationship by identifying these common triggers; An analysis of the deeply engraved problems that could harm your relationship; Stories from other anxiety sufferers to help you learn that you're not alone; Tips to familiarize yourself with who you are; An understanding of how your past influences your current relationship; The various types of relationships out there such as multi-racial, heterosexual, and homosexual; How to support your partner who's anxious; Simple advice to improve your romantic relationship; Easy steps to follow when dating that could lead to love; How to get out of an irreparable relationship; How to achieve and maintain a good relationship; Knowledge from other people's experiences, including my own, that will help you beat this monster. Whether you're new to this dreaded situation or you've suffered from anxiety in your relationship for years and been too afraid to reach out, I want you to open up and take the first step. You might be asking: "How can I trust a book I find online?" I understand trust is a difficult thing for you to hand out, but this book is written by people who've suffered themselves. No one can understand your pain better than someone who has been through it. Finally, you may be thinking: "But I have tried everything." I disagree. If you are reading this book, you still have a glimmer of hope inside of you. You are resilient and stronger than you believe. You believe that your relationship is repairable. Scroll to the top of the page and select the buy now button.

The concluding chapter reflects on the key issues addressed, considers the deeper philosophical implications of current work in the field, and identifies pivotal directions for future investigation."--BOOK JACKET.

"What the heck is my partner thinking?" is a common refrain in romantic relationships, and with good reason. Every person is wired for love differently, with different habits, needs, and reactions to conflict. The good news is that most people's minds work in predictable ways and respond well to security, attachment, and rituals, making it possible to actually neurologically prime the brain for greater love and fewer conflicts. Wired for Love is a complete insider's guide to understanding a partner's brain and promoting love and trust within a romantic relationship. Readers learn ten scientific principles they can use to avoid triggering fear and panic in their partners, manage their partners' emotional reactions when they do become upset, and recognize when the brain's threat response is hindering their ability to act in a loving way. By learning to use simple gestures and words, readers can learn to put out emotional fires and help their partners feel more safe and secure. The no-fault view of conflict in this book encourages readers to move past a "warring brain" mentality and toward a more cooperative "loving brain" understanding of the relationship. Based in the sound science of neurobiology, attachment theory, and emotion regulation research, this book is essential reading for couples and others interested in understanding the complex dynamics at work behind love and trust in intimate relationships.

Overcome Anxiety in Relationships: How to Eliminate Negative Thinking, Jealousy, Attachment, and Couple Conflicts-Insecurity and Fear of Abandonment 0

A road map for building strong and secure relationships for those who struggle with anxiety in their romantic connections. An estimated 47 million Americans identify as having an anxious attachment style, which can make being in relationships turbulent and emotionally taxing for them. According to groundbreaking research in the field of attachment, anxious types are more prone to insecurity, jealousy, codependency, and other behaviors that get in the way of finding and sustaining love. In Anxiously Attached, seasoned psychotherapist and couples counselor Jessica Baum guides readers through understanding their attachment style at its core and building the inner strength and self-love that will lead them to more secure and satisfying relationships. Developed over ten years in private practice, Baum's signature Self-full® Method has helped her clients get off the toxic roller coaster of anxious attachment and discover the secure and mutually supportive relationships they deserve. In this book readers will learn how to:

- Create boundaries to safeguard their sense of self-sovereignty in relationships
- Communicate to their partners what they need to feel safe and secure in the relationship
- Develop a secure sense of self-worth and emotional stability
- Learn the true meaning of a healthy/interdependent relationship and how to establish one with their partner or future partner.
- Discover a compassionate path towards healing through experiences like mediation practices where they can start to develop more insight into their internal landscape.
- Attain a deep understanding of the anxious-avoidant dance that is extremely common in intimacy struggles.

Anxiously Attached offers a practical and holistic approach for overcoming anxious attachment issues to discover happier, more fulfilling relationships.

Put attachment theory into practice—the definitive workbook. What do you want from your closest relationships, and are you getting it? What concrete steps do you need to take to develop happier and healthier attachments? These are the central questions attachment theory seeks to answer, and this definitive workbook shows you how to apply these insights to your life and relationships. Armed with effective tools and strategies, you'll discover your personal attachment style and the role it plays in your closest relationships—with your partner, parents, siblings, or close friends. With guidance to confront challenges and explore possibilities for real change, The Attachment Theory Workbook offers an active approach to build close, healthy, long-lasting relationships. With The Attachment Theory Workbook you'll learn: Attachment Theory 101—Learn the founding principles of attachment theory and what they mean to you. Your Attachment Style—Understand how your thoughts and feelings about relationships impact anxious, avoidant, and even secure attachment behaviors. How to Heal—Use exercises and questionnaires to foster understanding, intimacy, and stability in your relationships. All the tools you need to lay the foundation for strong and lasting relationships—The Attachment Theory Workbook.

If you're in love, congratulations! No other feeling can compare to the joy of being in a happy relationship, but you have doubts, don't you? You feel like anxiety, insecurity, and doubts rob you of the happiness you should experience. If you feel like that, then this book is for you. Insecure in Love delves into the head of anxious, insecure people to give the best advice for your own benefit. You have never seen so much information about how to keep a healthy relationship in such a short reading. Insecure in Love offers you: Advice on how to avoid harmful behaviors that, instead of strengthening and supporting the relationship, it makes it seem more like a prison, you will learn how insecurity can destroy a relationship and what you need to do in order to change and increase your own self-esteem. Tips on how to improve your communication skills. You'll learn about the threat that social media posts to your relationship. You'll see how to communicate effectively, openly, and confidently with your partner. Help for the brokenhearted. Unfaithfulness can be a huge blow to your relationship, but it doesn't need to become the end of it if you choose to stay with him. You'll see how you can talk about it in a dignified manner, while also learning what led to it and suggesting changes that can help you two to grow the relationship. Advice on how you can take care of yourself. You'll see that love is not a passive emotion that waits until someone comes for it to be aroused. Loving yourself will translate into taking care of yourself and being more appreciative of what you already have. You don't need to go walking alone. You can learn to increase your self-confidence while also improving your relationship. This book offers what you need to overcome, "insecurity" So that in the end you can begin enjoying a happy and healthy relationship. Scroll to the top of the page and click the "Buy Now" Button!

*"Over a decade after its publication, one book on dating has people firmly in its grip."—The New York Times We already rely on science to tell us what to eat, when to exercise, and how long to sleep. Why not use science to help us improve our relationships? In this revolutionary book, psychiatrist and neuroscientist Dr. Amir Levine and Rachel Heller scientifically explain why why some people seem to navigate relationships effortlessly, while others struggle. Discover how an understanding of adult attachment—the most advanced relationship science in existence today—can help us find and sustain love. Pioneered by psychologist John Bowlby in the 1950s, the field of attachment posits that each of us behaves in relationships in one of three distinct ways:

- Anxious people are often preoccupied with their relationships and tend to worry about their partner's ability to love them back
- Avoidant people equate intimacy with a loss of independence and constantly try to minimize closeness.
- Secure people feel comfortable with intimacy and are usually warm and loving.

Attached guides readers in determining what attachment style they and their mate (or potential mate) follow, offering a road map for building stronger, more fulfilling connections with the people they love.*

Overcoming Fear of Abandonment and Building Lasting, Loving Relationships

If you think that your relationship can be suffocating or obsessive or you can't be alone on Saturday night...have you ever wondered if you have an affective addiction? Insecurity can arise in many ways. Feeling alone even among people, or not being able to spend our days without someone around can sometimes seem like.

days off or days when maybe for too much stress or too much work we do not realize that, in reality, are not normal things. If maybe, your boyfriend goes out to go to the football or baseball game and you can't wait for him to be home with the excuse that the storm scares you, maybe it might not be a problem of thunder and rain. But there is simply something inside you that doesn't make you feel comfortable or simply doesn't make you as happy as you should be. This can also affect your child. Maybe he's too attached to you, so much so that he always cries when you're not around and can't tighten socialization in school or kindergarten and has too rigid behaviors or jerks of anger. Affective dependence is always a problem that unfortunately in our days is becoming more and more alive. You will learn: - How to recognize if you suffer from an emotional addiction in your relationship - How to recognize if your child might also suffer from it - How trauma and childhood may have influenced your choices today - How to react on your own and fully understand your dark sides If you think there's no way out of a deep sadness or you don't know how to deal with your child, or you think somehow you need some advice, you're in the right place! This manual is perfect for you, that if you have arrived here, you will undoubtedly have something to read! So, what are you waiting for? Scroll up and click the "BUY NOW" button!

This New York Times and USA TODAY bestseller is the perfect tool for children facing new social and emotional challenges in an increasingly disconnected world! This how-to book from two psychology experts--packed with fun graphics and quizzes--will help kids transform stress, worry, and anxiety. Give it to fans of The Confidence Code for Girls and Raina Telgemeier's Guts. Now more than ever, kids need to feel empowered as they work through anxiety, overwhelm, and uncertainty brought on by the world around them. With its helpful, hands-on suggestions and tips, SUPERPOWERED will be embraced by every kid with insecurities, worries, and anxious thoughts. Renee Jain (founder of GoZen!) and Dr. Shefali Tsabary (New York Times bestselling author and Oprah contributor) make readers the superheroes of their own stories. They introduce a toolkit of easy-to-understand methods for recognizing anxious behaviors, identifying the root causes of worried thinking, and realizing that strength can be found in reclaiming one's inner superpowers. With the help of humorous artwork and interactive elements, readers find their P.O.W.E.R. (an acronym that inspires mindfulness and resilience practices) and gain lasting mental strength.

Shows women how to break the cycle of sex-only relationships and find a partner who will commit to a loving union.

Scroll up & click the bottom " Buy now " *** Most dating books tell you what NOT to do. Here's a book dedicated to telling you what you CAN do. In his book, Get the Guy, Matthew Hussey—relationship expert, matchmaker, and star of the reality show Ready for Love—reveals the secrets of the male mind and the fundamentals of dating and mating for a proven, revolutionary approach to help women to find lasting love. Matthew Hussey has coached thousands of high-powered CEOs, showing them how to develop confidence and build relationships that translate into professional success. Many of Matthew’s male clients pressed him for advice on how to apply his winning strategies not to just get the job, but how to get the girl. As his reputation grew, Hussey was approached by more and more women, eager to hear what he had learned about the male perspective on love and romance. From landing a first date to establishing emotional intimacy, playful flirtation to red-hot bedroom tips, Matthew’s insightfulness, irreverence, and warmth makes Get the Guy: Learn Secrets of the Male Mind to Find the Man You Want and the Love You Deserve a one-of-a-kind relationship guide and the handbook for every woman who wants to get the guy she’s been waiting for. The book is dedicated to people with anxious attachment, and they keen to turn their anxiety into security in relationships.

If you want to let go of anxiety and embrace a loving relationship, even if you've never been able to before, then keep reading... Does he actually love me, or is he just pretending? What if I do something wrong? What if I never find the right person for me? Anxious thoughts and constant worry plague relationships and threaten to tear apart two people before they've even been able to experience the wonder of love. Whether you've lived with anxiety your whole life or recent events have stirred up underlying insecurities, you don't have to accept that the rest of your life will be like this. You can take back control and push anxiety out. If you're tired of living in a constant state of panic, sick of analyzing everything your partner does to determine if they're going to leave, and overwhelmed with the burden of carrying a relationship's worth of worries on your shoulders, it's time to put down your fear. You deserve a loving, fulfilling relationship in which anxiety plays no part. Anxiety in Relationships aims to tackle the main issues that lead to anxiety and offers you the tools that will help you and your partner build a lasting relationship. You'll learn things like: How to communicate effectively without letting anxiety speak for you Conflict management strategies so that a simple fight doesn't become the reason for a break up How to learn to let go of what you can't control and focus on what you can Signs that anxiety is affecting your relationship - and what to do about it How to strengthen existing relationships How to nurture and grow new relationships Strategies to handle worry without working yourself into a panic How to love yourself so you can better love your partner And so much more! Even if you're single, but you want to create a meaningful connection in the future without letting anxiety hold you back, you'll find the confidence you need to embrace love through practical lessons and exercises that you can apply in everyday life. It's time for you to let go of the thoughts that tell you you're not good enough, the anxiety that stops you from reaching out, and the worry that leads you to doubt yourself and your partner. It doesn't take a miracle to start life anew - just the right guidance. That's what this book is here to offer. Anxiety doesn't have to be the third wheel. You can learn how to not only manage anxiety, but kick it to the curb for good.

Overcoming the Ten Behaviors that Undermine Love

How Anxious Attachment Can Make You Feel Jealous, Needy, and Worried and What You Can Do About It

Has your romantic partner called you clingy, insecure, desperate, or jealous? No one wants to admit that they possess these qualities; but if you find yourself constantly on the alert, anxious, or worried when it comes to your significant other, you may suffer from anxious attachment, a fear of abandonment that is often rooted in early childhood experiences. In Insecure in Love, you'll learn how to overcome attachment anxiety using compassionate self-awareness, a technique that can help you recognize your negative thoughts or unhealthy behavior patterns and respond to them in a nurturing way—rather than beating yourself up. You'll also learn how insecurity can negatively affect healthy dialog between you and your partner (or potential partners) and develop the skills needed to stop you from reverting back to old patterns of neediness and possessiveness. If you suffer from anxious attachment, you probably know that you need to change, and yet you have remained stuck. With compassionate self-awareness, you can successfully explore old anxiety-perpetuating perceptions and habits without being overwhelmed or paralyzed by them. By understanding the psychological factors at the root of your attachment anxiety, you will learn to cultivate secure, healthy relationships to last a lifetime. If you're ready to stop getting stuck in the same hurtful relationship patterns and finally break the cycle of heartache, this book can show you how to get the love you deserve—and keep it!

By purchasing this audiobook, you will also receive the PDF version for free, so you will be able to print or read it on the device you prefer. So don't wait, scroll up, click on "Buy Now" and Start Reading!

This book is a practical guide to using the science of attachment and relationships to find the right life partner. If you were brought up in the Western world, you've been trained on fairy tales of love and relationships that are misleading at best, and at worst have you making mistake after mistake in starting relationships with the wrong kinds of people who will waste your time and keep you from finding a loyal partner.

Science has the answer! Or at least a guide to save you the time and effort of discovering for yourself how many wrong types of romantic partners there are. Reading this book will help you recognize the signs of some of the syndromes that prevent people from being good partners. We'll go through those syndromes and point out some of the signs. Those little red flags you sometimes notice when you are getting to know someone? Often they speak loud and clear once you understand the types, and you can decide immediately to run away or approach with caution those who show them. If you're young and just starting to look for a partner, good news-the world is swarming with well-adjusted, charming matches for you, if you know how to recognize them. The bad news: you are inexperienced and you may not recognize the right type of person when you date them. Many people expect to experience an immediate sense of excitement, an overwhelming rush of attraction, and to fall in love rapidly and equally with someone who feels the same. This rarely happens, and when it does it usually ends badly! And expecting it will cause you to let go of people who are steady, loving, and attentive, if you had given them a chance. So once you've identified someone who makes you laugh, answers your messages, and is there for you when you want them, don't make the mistake of tossing them aside for the merely good-looking, sexy, or intriguing stranger. If you're older, bad news: while you were spending time and effort on relationships you were hoping would turn out better, or even happily nested in a good relationship or two, most of the secure, reliable, sane people in your age group got paired off. They're married or happily enfamilied, and most of the people your age in the dating pool are tragically unable to form a good long-term relationship. You should always ask yourself, "why is this one still available?"-there may be a good answer (recently widowed or left a long-term relationship), or it may be that this person has just been extraordinarily unlucky in having over twenty short relationships in twenty years (to cite one case!) But it's far more likely you have met someone with a problematic attachment style. As you age past 40, the percentage of the dating pool that is able to form a secure, stable relationship drops to less than 30%![]; and since it can take months of dating to understand why Mr. or Ms. SeemsNice is really the future ex-partner from Hell, being able to recognize the difficult types will help you recognize them faster and move on to the next. This book outlines the basics (which might be all you need), and points you toward more resources if you want to understand more about your problem partner. If you're wondering if the guy or girl you've been hanging out with might not be quite right, this is the place to match those little red flags you've noticed with known bad types. And by getting out fast, you can avoid emotional damage and wasted time, and get going on finding someone who's really right for you. Study all of the bad types and you'll detect them before even getting involved. Or you could be one of the few people who recognizes their own problems in one of these types. There are study materials and plans of action for you, too. If you've had lots of relationships and they all seem to go wrong, the common factor is you! Your task is to make yourself into a better partner - a goal that even the most evolved of us can always work toward.

Are you someone who suffers from insecurity in relationships? Do you find it difficult to maintain a successful romantic relationship? Are you constantly worried that everything will end in heartbreak? Attachment anxiety is usually experienced in relationships with significant people who are prominent in your life, including parents, friends or partners. It can stem from childhood experiences, such as neglect or emotional and physical abuse and can leave sufferers feeling nervous and stressed. This can have the knock-on effect of leading them to enter further unhealthy relationships, unless the problem is properly addressed. Most people, throughout their lives, develop an inner dialogue with themselves. This can be of great advantage when used to evaluate important aspects of one's life, to make a decision or to take courage in the most difficult moments. But when this dialogue leads to devaluing oneself, judging one's own value and identity, it generates negative emotional states of anxiety and depression. It becomes a real limit, sometimes insuperable! How many times do you have to ask yourself: Do you love me enough? And that's really the person for me? What if he abandons me? Are you cheating on me? These are just a small part of the questions you probably ask yourself every day. Inside this new book, you can start to reduce the balance to build stronger relationships with those close to you, with chapters that cover: - The basics of attachment theory - Active strategies for healing - Identify key symptoms of attachment difficulties and their inception - Interventions that repair attachment traumas to heal stress, shame, and anxiety - mind-blowingly simple ways to build trustAnd much more! If you think that you suffer from attachment anxiety, have trouble trusting people and need constant reassurance and affection from your partner, you must act now before it ruins your relationship and your life. This Book provides you with actionable advice that really works and will improve your health and happiness quickly and effectively. Do you want to know more?

Fear of Abandonment and Insecurity Often Cause Damage Without Therapy: Learn How to Identify and Eliminate Jealousy, Negative Thinking and Overcome Couple Conflicts - II Edition

Learn to Trust, Overcome Possessiveness, and Save Your Relationship

Overcoming Insecure Attachment

Overcome Jealousy, Fear Of Abandonment and Anxiety. Healing Your Anxious Attachment Wounds And Save Your Codependent Relationship

The New Science of Adult Attachment and How It Can Help You Find--and Keep-- Love

Love Me, Don't Leave Me

Everyone thrives on love, comfort, and the safety of family, friends, and community. But if you are denied these basic comforts early in life, whether through a lack of physical affection or emotional bonding, you may develop intense fears of abandonment that can last well into adulthood—fears so powerful that they can actually cause you to push people away. If you suffer from fears of abandonment, you may have underlying feelings of anger, shame, fear, anxiety, depression, and grief. These emotions are intense and painful, and when they surface they can lead to a number of negative behaviors, such as jealousy, clinging, and emotional blackmail. In Love Me, Don’t Leave Me, therapist Michelle Skeen combines acceptance and commitment therapy (ACT), schema therapy, and dialectical behavioral therapy (DBT) to help you identify the root of your fears. In this book you’ll learn how schema coping behaviors—deeply entrenched and automatic behaviors rooted in childhood experiences and fears—can take over and cause you to inadvertently sabotage your relationships. By recognizing these coping behaviors and understanding their cause, you will not only gain powerful insights into your own mind, but also into the minds of those around you. If you are ready to break the self-fulfilling cycle of mistrust, clinginess, and heartbreak and start building lasting, trusting relationships, this book will be your guide.

Healthy relationships require trust, intimacy, effective communication, and understanding. However, if you suffer from chronic anxiety you may have trouble dealing with everyday conflicts and tensions that can arise in relationships. No matter how committed you are, anxiety can leave you feeling distanced from your partner. Fortunately, there are steps you can take to overcome the anxiety-fueled reactions that keep you from achieving true closeness in your relationship. Written by two experts on anxiety disorders, Anxious in Love offers easy-to-use techniques for calming anxieties and strengthening communication in your relationship. With this book, you will learn to stay centered when faced with conflict, understand your partner’s perspective, and become more independent. By changing the way you react to triggers and stress, you will be able to focus on enjoying time with the one you love, without anxiety getting in the way.

Transform Your Relationship, Overcome Emotional Issues, and Bring Back the Happiness into Your Life! Are you are in love with your partner, but feel as if your relationship is becoming unhealthy and unbalanced? IF YES, keep reading! Many factors can damage even the most loving bond between people. By focusing on the roots of common and uncommon relationship issues, this comprehensive book will help you transform your outlook on your partner, your relationship, and yourself! With this book, you'll be able to: Recognize the roots of problems between you and your partner, and find healthy solutions Overcome jealousy, understand why it occurs in your relationship and channel it into something positive Deal with your insecurities, boost your confidence and free yourself of negative thoughts Communicate with your partner more effectively and resolve your conflicts peacefully Develop a deep sense of self-awareness, to understand your emotional reactions and control them And much more! Some Frequently Asked Questions: Q Will this book help my partner and me as much as a couple's therapy session? A Absolutely. Strategies and techniques described in this book are similar, if not identical, to those used by relationship therapists. Additionally, many couples feel uncomfortable speaking about their problems and baring themselves emotionally to a stranger. With this book, you'll be able to work on your issues in the comfort of your own home, which will help you communicate your feelings better. Q: I know nothing about psychology. Will I be able to keep up with this book? A: Yes. Even though the book deals with complex emotional issues, it is written simply and understandably. Every technique and exercise is explained thoroughly and followed with practical, every-day examples that will help you recognize whether this particular issue is damaging your relationship and why. Q: I've been perfectly happy in my relationship so far, but I'm worried about the future. Will this book help me prevent possible issues that might occur later on? A: YES! By understanding the cause of a certain issue, you will be able to recognize it early on and deal with it in a healthy and balanced way. Even if you don't have relationship issues, this book will show you how to improve the connection with your partner, deepen your understanding of each other and communicate on a completely new level. By investing in this book, you are investing in your relationship and your happiness!

Insecure in LoveHow Anxious Attachment Can Make You Feel Jealous, Needy, and Worried and What You Can Do About ItNew Harbinger Publications

Go beyond your fear of rejection to develop confidence, compassionate self-awareness, and resilience! Do you have a fear of rejection? If so, you aren't alone. But if you have difficulty bouncing back after rejection, experience intense pain as a result, or if the fear of rejection is so crippling that it interferes with your everyday life, it's time to make a change. This groundbreaking guide can help. With this book, you'll learn why you fear rejection by gaining an understanding of your unique attachment style. Secure attachment is defined as a feeling of being protected and well-cared for. People who experience secure attachment as young children are more likely to be happy, healthy, and resilient adults. On the other hand, insecurely attached people are less likely to cope well with rejection, and may have trouble "bouncing back" after difficult experiences. Once you understand how your attachment style has informed your fears, you can begin the work needed to overcome them! Using the theory of attachment, and the five domains of awareness: Sensations, Thoughts, Emotions, Actions, and Mentalizing (STEAM), you'll learn to relate to yourself and to others in more positive ways, even when difficult situations arise. So, whether you experience rejection in a romantic relationship, at work, or with friends, you'll have the resilience needed to recover quickly and focus on what makes you special and unique. This isn't a book that promises to protect you from future rejection. Unfortunately, rejection happens to everyone and is a normal part of life. But you will learn skills to handle this rejection and come to see it as less scary. With this view, you'll gain confidence, self-awareness, and the resilience needed to bounce back, even when life throws you a curveball.

The definitive guide for defeating anxious, anxious-avoidant, and avoidant attachment issues; dealing with the drama triangle; and building stronger, more successful relationships. Written by a behavioral relationship expert, Overcoming Insecure Attachment provides actionable steps on how to overcome insecure attachment styles and the problems they spawn with self-value, self-awareness and self-responsibility. Going beyond what traditional attachment theory books focus on, readers will follow eight proven steps that they can customize and organize in the way that best suits their unique needs, all the while being bolstered and championed by Tracy Crossley's friendly, bold tone. Permanently stop fear and anxiety from smothering the way you live your life, and stop settling for relationships that aren't right for you. Overcoming Insecure Attachment will teach you how to break down your subconscious beliefs and create emotional connections with yourself and others for a happier, better life.

Do you seek a healthy romantic relationship, but continue to find yourself repeating the same negative behaviors that may have ended your relationships in the past? Have you already identified destructive patterns, yet continue to repeat them despite your desire for a strong and lasting romantic relationship? If so, you are not alone. Relationship Saboteurs is an easy-to-follow guide that will help you identify and end your relationship-destroying tendencies once and for all. The book explores the ten most common relationship-undermining behaviors and shows you how to overcome them. By understanding and addressing the patterns that erode romance, you can learn to stop sabotaging your love life and prepare yourself for the healthy romantic relationship you deserve. Learn to overcome these toxic emotions and behaviors: •Insecurity-Needing to control •Fear of intimacy •Needing to win •Pessimism •Needing to be center stage •Addictions •Martyrdom •Defensiveness •Breaking trust Admit it – you're afraid of falling in love and getting hurt! Get rid of your anxiety and claim your "happily ever after" How many times did you think that you've found your soulmate? How many times have you cried your eyes out after yet another mister or miss perfect went on to betray you in the most crucial way? We all carry our baggage from past relationships. For some, however, that baggage leads to paralyzing fear and unwillingness to commit at all. If you have ended a relationship before it got too serious because you were afraid of being dumped, you know what I'm talking about. Are you letting anxiety ruin your prospects of love? Check the boxes that apply to you: You attempt to control every aspect of the relationship You're so jealous that you check their Facebook account on a daily basis and you've even stalked your significant other You worry about being dumped every single day Panic makes you start insane arguments so you can drive them away before things get serious Intimacy is suffering You behave selfishly, you know it, yet you can do nothing about it Having one or more of the above-mentioned applying to your situation is indicative of serious relationship self-sabotage. I want to let you in on a little secret: you ARE worthy of love. You deserve respect, a special someone to cherish you, a person to grow old with and share life's obstacles and triumphs. To achieve that goal and get your happily ever after, however, you have to nip anxiety in the bud right now. In Anxiety in Relationship, you will discover: 11 undeniable signs that you're doing self-sabotage, completely destroying your chances of love Why your partner is (usually) not to blame for the internal struggle that's plaguing you A powerful strategy for recognizing your relationship anxiety and its origin The 4 attachment styles and a comprehensive quiz that will let you know which one you fall under Jealousy – are you making things up? And what's really going on? How to slow down and gain control of your life when the fear of abandonment overpowers you 19 mind-blowingly simple ways to build trust and find the happiness that you deserve What psychologists wish you knew about long-term relationship stability Reasons to seek therapy or relationship counselling right now And much more. You may feel that your baggage will always control your life but this doesn't have to be the case. Succumbing to the fear is the easy way out but it will never give you the love and the respect that you dream of and that you really deserve. Packed with actionable advice and strategies for stronger and more effective communication, Anxiety in Relationship will teach you how to break the toxic cycle by learning to love and honor yourself above everything else. It's time to embark on an enlightening journey that will help you discover your inner strength and your potential for happiness. Scroll up and click the "Add to Cart" button now.

Do you find it difficult to maintain a successful romantic relationship? Do you see the same behavior patterns emerge in your relationships from time to time? Are you constantly worried that everything will end in a heartbreak? Is it possible to predict in advance the probability of a relationship's success or failure? 3 Manuscripts in 1 Book! This Boxset includes: □ Attachment Theory Workbook □ Insecure Attachment □ Codependency Whether we are aware of it or not, our childhood experiences play a huge role in producing the type of people we become. The relationships we experience as children, with our parents or other primary caregivers, have a profound effect on how we react to situations throughout our lives; and how we interact with the people around us. As young children, we instinctively respond to the type of love and support offered by our parents or carers. While a strong bond with our primary caregiver is critical to our development in these early years, any difficulties resulting from this attachment can lead to problems with relationships and self-image in later life. In fact, dysfunctional or incorrect dysfunctional attachment patterns can lead us to make poor emotional choices, or enter dysfunctional and unstable relationships that can be characterized by violence, oppression or submission. Human relationships can give rise to the constant presence of fear of abandonment, associated with controlling behaviors, a continuous search for reassurance, emotional hyper-vigilance and sometimes even emotional blackmail. Whether you like it or not, attachment styles inevitably determine intimate relationships between people. Knowing what they are, and managing them efficiently, guarantees you a positive and stable vision of your relationships for life. We recommend that you read this book if your relationship is characterized by: * Dissatisfaction and/or high levels of conflict. * Obsessiveness, intrusiveness, jealousy and mistrust. * A strong desire for fusion and concern about rejection and abandonment. * Interpersonal distance. * A low level of emotional involvement. * Intimacy issues and an inability to have fun or thrive in sexual relationships. Don't worry if you identify with all or some of these conditions. The patterns and beliefs that we develop as children, although often deeply rooted in our psyche, can be unlearned and replaced with positive beliefs and approaches that allow you to embark on a more constructive path through life. Have you ever heard of the inner voice? You may constantly ask yourself these questions: "Why would anyone be interested in me?" I'm not up to it! But do you love me enough? What if you abandon me? What if he's cheating on me? I can't be without him! If, however, you do not face such problems, you will bring their negative influence into your life, leading to the unwanted and repetitive situations that you have become familiar with. What if I told you that there is a way to silence this little voice? Understanding how to get rid of attachment problems is one of the most satisfying and valuable things you can do for yourself. You will open the door to a greater sense of self-esteem, successful friendships, strong family ties and long-lasting and loving romantic relationships. If you are tired of living a life full of complicated and painful relationships, and would like to learn to cultivate them in healthy and safe places, scroll up and click on the "Buy Now" button!

"Don't let insecure thoughts ruin something amazing." If you want to remove any negative feelings from your relationship and build an inner serenity for you and your partner, this guide could be what you are looking for. Feeling insecure in a relationship is very hard to handle emotion, but, be in this situation is more common than we can think. In the beginning, we don't understand how much this can affects our life, but then, the voice in our mind starts asking many questions about ourselves, our partner, and our relationship: - What is wrong with me? - Is my partner still in love with me? - I can't live without him/her - Does he/she understand my feelings? - Is it normal to have this pressure and anxiety? Do you ever felt like that? If so, you've probably noticed how this has consequences in your life. Sometimes it could start with conflicts and communication problems, leading to a sentiment of jealousy and fear of abandonment, creating anxiety or lack of personal space. All these feelings don't allow us to live a healthy love and can cause painful break-ups. But there is something that you can do to go over the attachment wounds, overcoming your codependency and save your relationship before it is too late. The fact is that insecurity is part of love and you only need to handle it to take all the benefits that your relationship has to give to your life. In "Insecure in Love" relationship expert Edward Miles will provide you a step-by-step journey to reach your inner calm and couple happiness with a specific path to follow where you will discover: The real meaning of Love and Connection in a couple and why sometimes it brings to be insecure in love. What does connect you and your partner? Where anxious and attachment came from? Why you relate the way you do? Understand yourself and the situation around you: this is the point to start. The secrets to reach the status of "Secure and Happy" in a relationship simple steps that once learn will make you to earn security in yourself and in your partner. How to Open Yourself to a Positive Change and develop Self-Awareness happiness is more close than you think and this book will guide you to see yourself in a positive light with practical examples and easy-to-apply tips. You will be able to recognize your thoughts and emotions and manage them in the best way. How to Dealing with Obstacles between you and your serenity. It's common to find some difficulties during the journey to a happy love: here you'll find which they are and how to pass over them without hurt yourself. The best strategies to overcome your insecurity in relationship and create a lasting security path.You will learn how to improve your self-esteem and self-compassion to strengthen your confidence. Insecure In Love

Bad Boyfriends

The bestselling author of Hold Me Tight presents a revolutionary new understanding of why and how we love, based on cutting-edge research. Every day, we hear of relationships failing and questions of whether humans are meant to be monogamous. Love Sense presents new scientific evidence that tells us that humans are meant to mate for life. Dr. Johnson explains that romantic love is an attachment bond, just like that between mother and child, and shows us how to develop our "love sense" -- our ability to develop long-lasting relationships. Love is not the least bit illogical or random, but actually an ordered and wise recipe for survival. Love Sense covers the three stages of a relationship and how to best weather them; the intelligence of emotions and the logic of love; the physical and psychological benefits of secure love; and much more. Based on groundbreaking research, Love Sense will change the way we think about love.

Hundreds of Hours of Research Have Revealed How to Eliminate Anxiety, Negativity, and Jealousy in a Relationship and Help Your Grow as a Couple! You love your partner and you can't wait to see them. But, sometimes, something happens and you get into a fight over small, insignificant things. It gets exhausting and you don't even remember why you were arguing in the first place. It sounds silly because you love this person. But there will be times when you are not sure what is happening between you two. This is not uncommon. Because of a lack of clear communication, negativity, anxiety, and even jealousy can sneak in without you noticing. Despite being perfect for each other, allowing all these negative emotions compound can ruin your relationship slowly and surely. In Lily Andrew's new book, "Overcome Anxiety in Relationships", she reveals how to spot all those negative feelings and turn them around, so that you can evolve your relationship into a loving and nurturing one. One in which both of you are able to support each other and grow together. There are specific patterns that she noticed and perfectly illustrated, so you can spot and eliminate them with ease. Inside this book, you will learn how to: Thrive in a Nurturing Relationship by growing together as individuals while removing negative patterns, anxiety, and jealousy Develop Clear Communication about any topic without feeling insecure or judged by the other person for your feelings and emotions Resolve Past Issues that have occurred regarding money, former partners, and untold secrets that you keep from each other If you have already tried solving your issues by yourself and it still didn't work, or if you already went through a book that simply points out your negative behaviors without providing any real-world solutions, don't worry. You never had a proper map to show you how to solve it. This book gives you a precise action plan, so that you and your partner can thrive in your relationship for better or for worse.

This book presents an attachment-based approach to therapy that addresses the limiting and detrimental effects of negative early attachment experiences. Therapists will learn to help patients access and communicate more adaptive feelings, thoughts, and behaviors.

Are you tired of failed romantic relationships and friendships? Have your previous partners told you that you are "too possessive" or "jealous"? Do you feel yourself burn with jealousy when you see your partner talking with some attractive acquaintance? Do you go through your partner's things or demand detailed explanations of where they have been? Most people know this isn't the foundation for successful relationships, and they would like to stop reacting this way, but how? Author Jessica Riley outlines a 10-step plan for overcoming these hang-ups in her new e-book Trust Issues. Riley pulls no punches here - she gets straight to the heart of the problem from the first chapter. She addresses right from the start your thinking process, which is leading you to exhibit your possessive behavior.
