

Inside Out Straight Talk From A Gay Jock

Through a series of poems, a young girl chronicles the life-changing year of 1975, when she, her mother, and her brothers leave Vietnam and resettle in Alabama.

Mark Tewksbury is best known as a gold-medal-winning Olympic swimmer. His remarkable sixteen-year athletic career included three Olympic medals, numerous world records, and inductions into three major halls of fame: the Canadian Olympic Hall of Fame, the Canadian Sports Hall of Fame, and the International Swimming Hall of Fame. Although retired as an athlete, Tewksbury remains a highly respected public figure. He delivered prized swimming analysis for the CBC from the 2004 Athens Olympic Games, hosts the Discovery Channel's popular How It's Made show, and is Co-President of the first World Outgames, Montreal 2006. Tewksbury has spoken to millions as part of his eighteen-year speaking career and remains much in demand as an inspirational speaker to companies and organizations around the world. For his active humanitarianism, he was awarded an honorary doctorate from the University of Western Ontario in 2001, and in 2005 Tewksbury was awarded the International Person of the Year Award at São Paulo Pride in Brazil. He currently lives in Montreal, Quebec, Canada. For more on Mark Tewksbury, please visit www.MarkTewksbury.com "To reach the pinnacle of Olympic Swimming takes incredible dedication, resilience and courage that few possess. To reach your true self takes these attributes and a great deal more courage so, therefore, even fewer arrive at this point in their lives. Mark Tewksbury is one of these courageous people who achieve so much and through pain, suffering, daring, and pure fight, become who they truly are, inside and out." --Duncan Armstrong O.A.M., Australian Olympic Swimming Legend

Relates stories from the author's upbringing to reconcile the contradictions between the opportunities of modern life and the constrictions of Orthodox practice.

The Multiplier Effect

Samuel R. Delany, Race, Identity, and Difference

The Gay Games is an important piece of new social history, examining one of the largest sporting, cultural and human rights events in the world. Since their inception in 1980, the Gay Games have developed into a multi-million dollar mega-event, engaging people from all continents, while the international Gay Games movement has become one of the largest and most significant international institutions for gay and lesbian people. Drawing on detailed archival research, oral history and participant observation techniques, and informed by critical feminist theory and queer theory, this book offers the first comprehensive history of the Gay Games from 1980 through to the Chicago games of 2006. It explores the significance of the Games in the context of broader currents of gay and lesbian history, and addresses a wide range of key contemporary themes within sports studies, including the cultural politics of sport, the politics of difference and identity, and the rise of sporting mega-events. This book is important reading for any serious student of international sport or gender and sexuality studies.

IN BUSINESS AND IN LIFE: THE SHORTEST DISTANCE BETWEEN TWO POINTS IS STRAIGHT TALK! Candor doesn't necessarily come naturally. It requires practice, but one can learn the behaviors and authentic ways of speaking that tap into the power of candor. With her executive experience, Nancy knows how to help people build success from the inside out. She coaches them to understand their passions, identify a vision, and follow through with velocity. If you feel you are working harder than ever but falling short on your desired results, *Uncommon Candor* will give you a fresh and nononsense approach for moving the needle. Strategic thinking and execution planning only work when leaders talk straight about what is working and what is not. Nancy Eberhardt's *Uncommon Candor* is a key component to getting uncommon results. —VERNE HARNISH, author of *Mastering the Rockefeller Habits*, creator of the One Page Strategic Plan™, founder of Gazelles, Inc. Nancy Eberhardt shows you exactly what to say and do when handling dozens of sensitive situations you encounter on and off the job. You'll appreciate her pragmatic, "I can use that today" advice and real-life examples you can relate to. Read it and reap. —SAM HORN, author of *POP!* and *Tongue Fu!*

In 2015, the world watched as soccer star Abby Wambach kissed her wife after the US women's World Cup victory. Milwaukee Brewers' minor league first baseman David Denson came out as gay. And Caitlyn (born Bruce) Jenner, an Olympic decathlete, came out as transgender. It hasn't always been this way. Many great athletes have stayed in the closet their whole lives, or at least until retirement. Social attitudes, institutional policies, and laws are slow to change, but they are catching up. Together, athletes, families, educators, allies, and fans are pushing for competitive equity so that every athlete, regardless of identity, can have the opportunity to play at their very best.

In *Straight Talk with Your Kids About Sex*, Josh and Dottie McDowell draw on their decades-long love and concern for youth. Building on the "Why True Love Waits" campaign and utilizing up-to-the-minute research from Josh's "The Bare Facts" resources, the McDowells provide a compact, easy-to-use guide to support parents in putting sex and sexuality in a biblical context of relationship to God gauging their child's emotional and spiritual readiness being alert to questions and opportunities being direct and open without violating their child's emotions proactively shaping their child's worldview in today's sex-saturated culture Working from their own experience with four children, Josh and Dottie give readers encouragement and solid information in the sometimes-awkward process of guiding their child into a healthy understanding of God's gift of sex.

A Clear Eye for Branding

The 2018 Winter Olympics marked a milestone for LGBTQ+ athletes. Thirteen athletes out of 3,000 competitors were out and proud — nearly double the number who felt comfortable sharing their sexuality four years earlier at the Sochi Games. Many athletes stay closeted for their entire sports careers, often unable to compete at their

highest ability because of the shame and self-doubt they feel in not being true to their orientation or identity. But coming out still means facing harassment from fans, teammates, opponents, and the media, and a lack of sponsorship opportunities. While organizations like You Can Play, the Canadian Olympic Committee and Eagle Canada have made progress in recent years in promoting inclusivity at the grassroots and elite sporting levels, there is still much work to be done to ensure all athletes feel safe being their authentic selves. Athletes profiled include swimmer Mark Tewksbury, rhythmic gymnast Rose Cossar, professional hockey player Brock McGillis, speed skater Anastasia Bucsis, pairs figure skater Eric Radford, volleyball players Betty Baxter and Christopher Voth and hockey player Angela James. Generously illustrated with photographs and given context by an overview of the history of LGBTQ+ athletes in Canada, this book will make all young sports enthusiasts and competitors proud to play.

Agents of change interrogate, challenge, and reconceptualize North American hockey's cultural norms.

No-Beating-About-The-Bush Straight Talk on Hushed-Up Matters. Contemporary-Events-Wrapped Practical Truths on What the Bible say about LIFE-PARTNER Choice, Happy MARRIAGE, SEXUAL Purity, Victory-Over-PORN-Temptation, a lot more HOT TOPICS for those SINGLE or MARRIED among the GOOGLE GENERATION

Winning your wife back from emotional or physical separation is more than doing the same things with more intensity. It involves developing a whole new strategy to overcome what seem to be overwhelming odds to attain a come-from-behind victory. In Winning Your Wife Back Before It's Too late, Gary Smalley utilizes the following game plan to significantly increase your chances for a "miracle comeback": Understand "penalty flags" Open a closed spirit Honor your wife and children Develop sacrificial love Initiate change in yourself Be accountable by joining a support group Through true stories of previously separated couples, you'll see how the principles illustrated in this plan have been fleshed out in the lives of real people and can lead to a successful reconciliation. Although there is no guarantee that you will win your wife back, you can still experience personal triumph and gain significant yardage in becoming the godly man you were intended to be.

This unique introductory resource provides a broad foundation of knowledge on the gay and lesbian market segment. Topics and themes are illustrated by interviewing the top professionals in gay travel and gay media who share their experience, tips for success and future predictions. Packed with best case examples and practices of existing gay tourism initiatives and campaigns, this engaging text provides analysis and context that addresses some of the burning questions in this area, including the potential negative consumer and stakeholder reaction, and strategies to educate the local hospitality community.

Reshaping Our World provides a new perspective on how our worldview has the power to shape the world around us. But it's more than just determined by the culture we live in. It goes deeper. Written with fresh depth of insight and honest, personal accounts, Reshaping Our World shows us that the Bible tells the story of how God reformed a misshaped world through Jesus. How we see ourselves fitting into that story shapes us. And as we reach out to share that story, it can't help but shape the world around us!

In Sissy Insurgencies Marlon B. Ross focuses on the figure of the sissy in order to rethink how Americans have imagined, articulated, and negotiated manhood and boyhood from the 1880s to the present. Rather than collapsing sissiness into homosexuality, Ross shows how sissiness constitutes a historically fluid range of gender practices that are expressed as a physical manifestation, discursive epithet, social identity, and political phenomenon. He reconsiders several black leaders, intellectuals, musicians, and athletes within the context of sissiness, from Booker T. Washington, George Washington Carver, and James Baldwin to Little Richard, Amiri Baraka, and Wilt Chamberlain. Whether examining Washington's practice of cleaning as an iteration of sissiness, Baldwin's self-fashioned sissy deportment, or sissiphobia in professional sports and black nationalism, Ross demonstrates that sissiness can be embraced and exploited to conform to American gender norms or disrupt racialized patriarchy. In this way, sissiness constitutes a central element in modern understandings of race and gender.

1968 was a year of protest in civil society (Prague, Paris, Chicago) and a year of protest in sport. After a world-wide campaign, the anti-apartheid movement succeeded in barring South Africa from the Olympic Games, while US athletes from the Olympic Project for Human Rights used the medals podium to decry the racism of North America. Meanwhile, students in Mexico demonstrated against social priorities in Mexico, the host of the 1968 Games. These events contributed significantly to the rejection of the idea that sports are apolitical, and stimulated the scholarly study of sport across the social sciences. Leading up to the Beijing Olympic Games, similar dynamics were played out across the globe, while a campaign was underway to boycott the 'Genocide Olympics'. The volume, To Remember is to Resist, came out of a three-day conference on sports, human rights and social change hosted by the University of Toronto forty years after Mexico and eighty days before the Beijing Opening Ceremony. The contributions to this volume capture the memories of activists who were "on the ground" using sport as a site for the struggle for human rights and provide scholarly examinations of past and current human rights movements in sport. This book was previously published as a special issue of Sport in Society.

Memoirs, autobiographies, and diaries represent the most personal and most intimate of genres, as well as one of the most abundant and popular. Gain new understanding and better serve your readers with this detailed genre guide to nearly 700 titles that also includes notes on more than 2,800 read-alike and other related titles. • A list of subjects and suggested "read-alikes" accompany each title • Appendixes cover awards, websites, and resources • Detailed indexes provide further points of access

A comprehensive introduction to the workings of the business, Sportscasters/Sportscasting: Principles and Practices explains all of the information essential to anyone looking to begin a career in sports media. This unique volume explores topics in print and broadcast media, sports psychology, technology issues, politics and legalities, ethics, and even the role of sports and sportscasting in society. Other topics discussed include the historical development and economics of sports and sportscasting,

sports spectators, sports controversies, sociological perspectives, and sports journalism. *Sportscasters/Sportscasting: Principles and Practices* is filled with knowledge essential to the craft of sportscasting, including numerous appendices containing acronyms and biographic information about over 200 sportscasters, and a complete Instructor's Manual with exercises to help guide students toward mastery of the topic. Please visit <http://LKFullerSport.com> for more information and to download the Instructor's Manual.

Research has shown that since the turn of the millennia, matters have rapidly improved for gays and lesbians in sport. Where gay and lesbian athletes were merely tolerated a decade ago, today they are celebrated. This book represents the most comprehensive examination of the experiences of gays and lesbians in sport ever produced. Drawing on interviews with openly gay and lesbian athletes in the US and the UK, as well as media accounts, the book examines the experiences of 'out' men and women, at recreational, high school, university and professional levels, in addition to those competing in gay sports leagues. Offering a new approach to understanding this important topic, *Out in Sport* is essential reading for students and scholars of sport studies, LGBT studies and sociology, as well as sports practitioners and trainers.

Mega-events like the Olympics, the World Cup of soccer, the World Series of baseball, cycling's Tour de France, and the Super Bowl draw our attention to the deep cultural significance of sport and its role in fostering social bonds. Yet when it comes to sport, there is no shortage of debate: stereotypes regarding sexuality, race, gender, and children have been hotly contested by critics for over 40 years. Even today, sport is one of the very few socially accepted sites of violence, intense competition and controlled forms of social disorder. *Battleground: Sports* presents the 100 most contentious public and private controversies of the sports world. Highlighted throughout are debates surrounding ethnicity, gender, sexuality, and social identity, sports fan behavior, as well as the role of governments and corporations. Engaging and accessible to a wide variety of readers, this fascinating reference illustrates how sports controversies reflect the historically enduring and changing nature of our broader cultures, and the social battles we engage on a day-to-day basis surrounding the struggles for equality, debates about social violence, the ethics of competition, the politics of civic life, the creation of global communities, and the State's role in protecting citizens. Entries contain an array of thoughtful perspectives on historic and current controversies, and allow readers to formulate their own conclusions. Enhanced with a timeline, a thorough guide of print and electronic resources for high school and undergraduate student research, this one-stop reference goes beyond the newspaper headlines to provide readers with a guide map for understanding what sport controversies teach us about our culture and ourselves.

The Advocate is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

Features A-to-Z listings on such topics as people, films, television shows, and sports figures that have contributed to gay and lesbian popular culture, including entries on The Advocate, "La Cage Aux Folles," and The Village People.

This new and expanded second edition is written for people who stutter and for those who interact with people who stutter, including caregivers, teachers, and speech-language pathologists. The text is presented in two parts. The first part includes basic information about the disorder and addresses common questions that people have about stuttering: What is stuttering? What causes it? How does it develop? Can it be prevented? This section also includes a new chapter entitled Living with Stuttering. The second part of the book discusses effective therapy approaches used with both children and adults who stutter. This part includes another new chapter, Evaluating People Who Stutter. The text is written in a very reader-friendly and practical manner. It represents a reasonably thorough review of what is known about stuttering and offers bottom-line conclusions rather than theoretical speculations and research findings that arrived at these conclusions. While the text includes the technical language used by speech-language pathologists in reference to stuttering, great care has been taken to explain each term. In addition, the book includes a helpful glossary. This unique and exceptional book is written by a clinician who stutters and who is passionate about helping others learn about stuttering. He addresses the reader, not as a guru of truth, but as a person who has gained some understanding about stuttering through both his professional and personal experiences with the disorder.

The costs of faulty communication are enormous for companies. Each year, billions of dollars are lost, precious time is wasted, innovation is thwarted, and morale suffers. But sharpening influence skills can address these challenges and create huge payoffs. Collaborative and commitment-driven interaction is the key to overcoming the obstacles of ever-rising performance expectations, widespread stress, and remote work. Drawing from 35 years of performance-improvement experience, Rick Brandon, PhD, trains thousands of people to improve their results and work relationships by improving the clarity and persuasiveness of their communication. *Straight Talk* is his "edu-taining" workshop-in-a-book for anyone who wants to develop direct, empathetic, and positive communication skills that will benefit themselves, their teammates, and their companies. It's common sense but not always common practice to work on improving interpersonal skills in order to achieve accountability and a more productive and harmonious work climate. *Straight Talk* shows how thoughtful changes to communication can create a ripple effect across teams and organizations. Each chapter is packed with practical tips, simple how-to instruction, real-world examples, involvement exercises, and humor, to help readers build positive influence skills with competence and confidence. *Straight Talk* hones core Assertive Speaking and Empathic Listening skills, and then funnels them into step-by-step formats for six vital workplace situations: Gaining Commitments, Advising and Guiding, Recognizing, Reminding, Constructively Confronting, and Challenging Ideas. *Straight Talk* will empower you to make interpersonal expertise your competitive advantage.

Lucky you! You just sat down on a plane wondering how you are going to conduct a meeting about branding when you get to your destination. Before the plane takes off, you learn that your seatmate is Tom Asacker, a consultant who is known as a catalyst, and a nonconformist. By the end of your plane ride (or by the end of this 150-page, user-friendly book), you will understand how customers bring their own meaning to your brand and how the brand must constantly meet the customer's expectations to stay in its prime. John F. Kennedy said that the enemy of truth is not the lie, but the persistent, persuasive, and unrealistic myth. In *A Clear Eye for Branding*, Tom Asacker exposes myths on brands and branding and shines light on the truth of business in the new millennium. In this deceptively simple and entertaining book, Asacker demystifies the concept of branding so that executives, small business owners, and entrepreneurs can finally understand, communicate, and evaluate their strategies and organizational initiatives. You'll discover why a brand is not a logo, a promise, or even an experience. And you'll become obsessed with the three most important questions to ask yourself, and your people, in order to succeed in today's hypercompetitive, unforgiving marketplace. You will see branding in new clear ways, with a renewed energy to put everyone in your organization, from the top to the bottom, on the same path to supporting the branding and increasing profitability. Order copies for your whole team and save. Who is Tom Asacker? Tom Asacker is often described as a catalyst, and a nonconformist. He gets paid to provoke people to think about things in ways that are unclouded by the issues they deal with on a daily basis. He is the author of *Sandbox Wisdom: Revolutionize Your Brand with the Genius of Childhood*. His views have been featured in numerous national and international business and marketing publications, media, and events. Beyond his success as an entrepreneur and author, Tom is a recipient of the George Land Innovator of the Year Award; he holds medical patents and product design awards; and he has been an advisor to startups, nonprofit organizations, and to some of the world's most well-respected brands. He is a frequent speaker on branding, marketing, entrepreneurship and innovation. You can reach him at tom@acleareye.com.

Samuel R. Delany is one of today's most interesting writers. 'A Sense of Wonder' shows how Delany's works participate in African American cultural traditions.

"In business and in life : the shortest distance between two points is straight talk! Candor doesn't necessarily come naturally. It requires practice, but one can learn the behaviors and authentic ways of speaking that tap into the power of candor. With her executive experience, Nancy knows how to help people build success from the inside out. She coaches them to understand their passions, identify a vision, and follow through with velocity. If you feel you are working harder than ever but falling short on your desired results, *Uncommon Candor* will give you a fresh and non-nonsense approach for moving the needle"--Page 4 of cover.

Straight Talk About Public Relations is for those who want to learn the essentials of PR, including how to write a compelling press release, successfully pitch the media, write an editorial that wows, create a persuasive social media campaign, engage audiences with powerful content marketing, and measure PR success. Robert Wynne uses wit, humor, and, yes, straight talk to help readers learn the art of public relations. Public relations is the persuasion business. It's about convincing the media, potential customers, the public - someone - to do something the reader wants - write about their firm or client, purchase their service or product, support their ideas. The book is perfect for entrepreneurs, small business owners, students, and those new to the PR business. It differs dramatically from the competition in that it separates fact from fiction, reality from fantasy. Readers will learn that there are no easy solutions and quick results (in spite of what many authors say). Persuading people to buy products or services or support causes is difficult. But there are tactics that work, and readers will find them in this book. They'll learn: What PR really is . . . and isn't, why it works, and why advertising doesn't. Proven techniques for performing the essential PR functions needed to effectively promote products, services, and causes. Where the media get their stories as well as secrets about how to reach and influence them. Why most social media is a waste of time, but how some social media strategies for PR really work. How to use self-published posts, articles, videos, and other forms of content marketing to support their PR efforts. Why the five best PR campaigns of all time succeeded. Techniques to gauge the impact of their PR efforts. Bottom line: readers will learn that how well they write and deliver their messages are the keys to PR success. And this book will offer them those keys - the essential tools they need to know and will soon be able to master.

*From the first game of the National League of Professional Baseball Clubs on April 22, 1876, tens of thousands of men have played professional sports in the Big Four—baseball, basketball, football, and hockey—major professional sports leagues in the United States. Until April 29, 2013, however, when National Basketball Association center Jason Collins came out publicly as gay, not one of those tens of thousands of men had ever come out to the public as gay while an active player on a major league roster. Is it because gay men can't jump (or throw, or catch, or skate)? Or is it more likely that the costs of coming out are too high? In *Antigay Bias in Role-Model Occupations*, E. Gary Spitko argues that in the case of athletes, and others in role-model occupations, a record of widespread and frequently systematic employment discrimination has been excluding gay people from the*

public social spaces that identify and teach whom society respects and whom members of society should seek to emulate. Creating a typology of role models—lawyers/judges, soldiers, teachers, politicians, athletes, and clergy—and the positive values and character traits associated with them, Spitko demonstrates how employment discrimination has been used for the purpose of perpetuating the generally accepted notion that gay people are inferior because they do not possess the requisite qualities—integrity, masculinity, morality, representativeness, all-American-ness, and blessedness—associated with employment in these occupations. Combining the inspirational stories of LGBT trailblazers with analysis of historical data, anecdotal evidence, research, and literature, *Antigay Bias in Role-Model Occupations* is the first book to explore in a comprehensive fashion the broad effects of sexual orientation discrimination in role-model occupations well beyond its individual victims.

With contributions from Dayna B. Daniels & Judy Davidson, Valda Leighteizer and Ross Higgins *Under the Rainbow* is a primer on the social and political history and the everyday practices and processes of living queer lives in Canada. Framed through a life-course perspective, this book provides an overview of the historical and contemporary issues in the lives of gay, lesbian, bisexual, trans and/or queer folk. The chapters in this text highlight the contributions of academics and community groups as well as individuals working on queer issues in Canada and focus primarily on contemporary Canadian material, introducing readers to topics such as law, history, health, education, youth, older persons, end of life decisions, social constructions of sexual identities, sports, transgender issues and issues experienced by lesbians and gay men living in Quebec.

Despite the backlash against lesbian and gay rights occurring in cities and states across the country, a growing number of corporations are actually expanding protections and benefits for their gay and lesbian employees. Why this should be, and why some corporations are increasingly open to inclusive policies while others are determinedly not, is what Nicole C. Raeburn seeks to explain in *Changing Corporate America from Inside Out*. A long-overdue study of the workplace movement, Raeburn's analysis focuses on the mobilization of lesbian, gay, and bisexual employee networks over the past fifteen years to win domestic partner benefits in Fortune 1000 companies. Drawing on surveys of nearly one hundred corporations with and without gay networks, intensive interviews with human resources executives and gay employee activists, as well as a number of case studies, Raeburn reveals the impact of the larger social and political environment on corporations' openness to gay-inclusive policies, the effects of industry and corporate characteristics on companies' willingness to adopt such policies, and what strategies have been most effective in transforming corporate policies and practices to support equitable benefits for all workers. Nicole C. Raeburn is assistant professor and chair of sociology at the University of San Francisco.

Now available in paperback, the *Routledge Handbook of Applied Sport Psychology* is a definitive guide to the theory and practice of applied sport psychology. It goes further than any other book in surveying the full variety of issues that practising sport psychologists will confront in their working lives. It introduces the most important tools and skills that psychologists will need to be truly helpful to their clients, and it also adopts a holistic definition of the role of the sport psychologist, explaining how effective counseling, assessment, and therapeutic models can add important extra dimensions to professional practice. The book is divided into seven thematic sections, addressing: counseling; assessment; theoretical and therapeutic models; issues for the individual athlete, from injury and overtraining to depression; issues for teams, from conflict resolution to travel; working with special populations; mental skills, such as imagery, goal setting, and concentration. Moving beyond the traditional tracks of clinical psychology and performance enhancement, the authors in this book argue convincingly that psychologists would benefit from attempting to understand athletes' social and familial contexts, their health, happiness, and interpersonal dynamics in the broadest sense, if they are to serve their clients' best interests. With contributions from many of the world's leading sport psychologists, and with clear descriptions of best practice in each chapter, the *Routledge Handbook of Applied Sport Psychology* is essential reading for all serious students and practitioners of sport psychology, counseling, applied sport science, health psychology, and related fields.

To research this book, the authors traveled to six continents, interviewed nearly a hundred industry experts, and analyzed multiple emerging trends among LGBT travelers. The Handbook of LGBT Tourism and Hospitality is an easy-to-read, practical, and relevant guidebook with a simple goal: to help marketing professionals, business owners, and allied professionals compete in the increasingly competitive global LGBT travel and hospitality industry.

"Tantalizingly irreverent; Camner's work smacks of the deliciously absurd with a point. He is a brilliantly bizarre poet and master of the surreal." - Lenny DellaRocca The Poetry Museum "Camner defies the traditional aesthetic concepts of poetry. He targets a world of ideas in a rather active way as opposed to the more passive, meditative aspects found in most poetry. There is a linguistic simplicity to his poems, an almost transparent quality, over a rather complex web of experience and thought. His poetry is life... 'All you have to do is look' - The obvious and not so obvious." - Marta Braunstein, editor Cambio Literary Journal "Camner writes in terse, stark, real verse that would make Hemingway raise his scotch glass in honor." - New Times Newspaper "Camner's poetic style is reminiscent of Raymond Chandler's detective writing; descriptive and terse with interesting plot lines. His characters are certainly the product of a vivid imagination." - The Comstock Review "Camner's 'humour noir' is apparent in his poetics, his spirited voice and unabashed freedom - so alive, even in his earliest poems." - Peter Hargitai "A literary detour, and well worth the trip." - Village Voice

Dr. Sherman's methods have worked for her clients and even herself. Now with her help, find the perfect match for you!

Each of us deserves to love and be loved in return. How can you find real, deep, and lasting love in a world that appears so superficial? Rather than looking at the world of dating like an obstacle course to be conquered, Dr. Paulette Kouffman Sherman shows that it can become an enlightening journey toward love that begins from within. By examining past experiences, understanding family dynamics, and exploring the place of spiritual connection in the dating world, Dr. Sherman illuminates the path to self-awareness -- the path that leads to the kind of real love you have been searching for. Finding your dating style and the set of beliefs you hold about your self-worth liberates you from just spinning your wheels and repeating mistakes. Dr. Sherman shows how we can become the partner we wish to attract, and asserts that anyone can learn how to truly let go of their past, embrace the present, and use the Law of Attraction to draw in a partner who is perfect for who you are -- without pretending to be someone you're not.

As 9-5 morphs into 24/7, it brings mounting pressures and new rules. Your life is full-on, relentless and exhausting and worse still, it's zipping by in a blur. It's easy to end up careering from one crisis to another, buzzed up on sugar and coffee, existing from one holiday to the next. The leader's job is to squeeze more from less, but most leaders feel they can't possibly work any harder and are sick to death with being told to work smarter. So where next? The answer is to use the multiplier effect to transform your leadership style. Leadership: The Multiplier Effect is crammed with the latest thinking on leadership, strengths, positive psychology, purpose, employee engagement, coaching, emotional intelligence and 'life', supplemented with anecdotes, pithy quotes and asides that help bring the content to life. And to save you time, the book's central message is this: Your job as a leader is NOT to inspire people. Your job as a leader is to BE INSPIRED.

PEARSE MURRAY, host of a weekly interview show on Toronto's Proud FM radio station for the past twelve years, presents fascinating interviews with individuals from the Lesbian, Gay, Bisexual, Transgender, Queer, Intersex, Two Spirit and Ally (LGBTQ) community. Icons such as Lily Tomlin, Chaz Bono, Melissa Etheridge, Mark Tewksbury, John Cameron Mitchell, Kathleen Wynne, Wanda Sykes, Tony Kushner, David Hockney, Edmund White and more provide their personal stories of the community and their lives within it. Compelling insight into events of the community, such as Toronto's Bath House Raids, is also provided. It's A Fabulous Morning! melds personal stories with social history. As part of Mark S. Bonham's QueerBio.com biographical project, it is a source of inspiration, motivation, and education for all generations of LGBTQ individuals and the wider community.

"Cashman's book on why personal development is essential to exemplary leadership is a classic" (The Washington Post). In the revised third edition of this seminal work, author Kevin Cashman offers stories, exercises, and practices to help readers develop heightened awareness, courage, character, authenticity, purpose, agility, service, and contribution. These so-called soft skills no longer can be dismissed as "nice-to-haves." Research shows they are foundational for high performance and enduring value creation. Balancing timeless principles with emerging research, this new edition offers: • Updated content throughout and two new chapters: "Story Mastery" and "Coaching Mastery" • New case studies, stories, and exercises in every chapter • New validating research from the frontiers of leadership, neuroscience, psychology, and human potential • An even more powerful and transformative development experience Framed in eight profound and pragmatic "mastery areas," this book serves as an integrated growth experience that helps leaders understand how to harness their authentic, value-creating influence and elevate their impact. Cashman demonstrates that his trademark "grow the whole person to grow the whole leader" approach, focusing on purpose-driven leadership, is even more relevant in today's hypercomplex world. For everyone from CEOs to emerging leaders, this new edition of a proven classic advances the art and science of leadership. "Leadership from the Inside Out is a major paradigm shift in leadership development. It gives you the tools to go directly to the heart of all significant leadership transformation: growing as a person to grow as a leader." —Paul Walsh, former chairman and CEO, Diageo "Kevin Cashman demonstrates convincingly why authenticity in leadership is essential for effectiveness. His process of developing the

leader from within provides readers the road map to transform themselves and their organizations.” —Bill George, author of True North; Senior Fellow, Harvard Business School; and former Chairman and CEO, Medtronic
