Analysis of several HU-1 helicopter accidents disclosed a

definite weakness in the occupant tiedown system. This deficiency has contributed, either directly or indirectly, to the injury of personnel involved in these accidents. This report proposes both an interim fix and a permanent solution to the problem of troop seat safety belt anchorage failures in the HU-1 series aircraft. A complete list of equipment required, cost of retrofit, manhours required for installation, and detailed installation drawings are included. Step by step retrofit instructions are presented for use of maintenance personnel. (Author).

Presents information on health issues, including nutrition and exercise, child care, breastfeeding, maternity leave rights, and baby products

Organizational Maintenance Manual for Truck, Cargo, Tactical, 1-1/4 Ton, 4X4, M1008 (2320-01-123-6827)

A guide written by an emergency physician offers advice on avoiding potential dangers at home, school, and in the car; describes hidden hazards; and contains age-specific tips for child-proofing a home.

With the health risks associated with conventional hormone-replacement therapy, women are searching for safe and effective ways to reduce hot flashes, prevent osteoporosis, and reduce the risk of heart disease during menopause. In this User's Guide, health writer Kathleen Barnes describes a variety of natural and safe options for navigating the biological changes that come with mid-life. She suggests vitamins, herbs, and other supplements that scientific studies have found helpful in easing a natural transition and for lowering the long-term risk of age related diseases.
