This book is concerned to explore the changing role of the Parole Board across the range of its responsibilities, including the prediction of risk and deciding on the release (or continued detention) of the growing number of recalled prisoners and of those subject to indeterminate sentences. In doing so it aims to rectify the lack of attention that has been given by lawyers, academics and practitioners to back door sentencing (where the real length of a sentence is decided by those who take the decision to release) compared to front door sentencing' (decisions taken by judges or magistrates in court). Particular attention

Crime is a topic that is of considerable interest to policy-makers, politicians and the public alike. We want to know what factors can explain the nature and prevalence of crime in society and use this knowledge to better develop approaches for managing criminal behaviour. This book provides a comprehensive overview of approaches to understanding crime and criminal behaviour, with a focus on psychological perspectives. A wide range of different types of criminal behaviour are considered, including juvenile crime, violent offending, sexual offending, collective violence and drug use. For each type of offence a clear overview of key conceptual and methodological issues is provided, along with a detailed consideration of the major theoretical approaches that have been developed. The book concludes by considering how our
