Oh, all the amazing things your iPad and iPad 2 can do! Lightweight, powerful, and perfect for reading and staying in touch, iPads are fun and practical for today's seniors, as long as you know how to use all the bells and whistles. That's where this helpful guide comes in. Written in the friendly For Dummies style and sporting senior-friendly larger type and full-color illustrations, this book can help you get the most out of your iPad or iPad 2, even if you don't ordinarily use a computer. This new edition includes pages of updated content, including the latest features in iOS 5 and iCloud. You'll first learn to set up your iPad, get familiar with the touchscreen interface, and explore accessibility features. Then you'll learn to browse the Internet with mobile Safari, use maps, set up and manage your e-mail, buy and read e-books, download and play music and movies, work with photos, make FaceTime video calls, and discover how to extend the iPad's capability even more with apps. Covers the iPad and iPad 2 Includes senior-friendly larger fonts and full-color illustrations Explains how to use the iPad in the clear, friendly, easy-to-follow language that has defined the Dummies series for two decades Covers using maps and the calendar, video chatting with FaceTime, browsing the web, using your iPad for e-mail and Facebook, buying apps and games, reading eBooks, playing music, watching videos, viewing photos, user security and safety, and more New edition is updated with new content on iOS 5 and iCloud features, including iMessage, Newsstand, Reminders, Reader and Reading List tools, and more The iPad combines the best of your favorite gadgets into one amazing device—whatever you want your iPad to do, the fun starts with iPad 2 For Seniors For Dummies.

The iPad does everything...but what if you don't want to do everything?! Sure, it's great that you can log into a private network or set up an iMAP / POP email account--but what if you are retired and just want to know the basics--like how to do a group Facetime with all the grandkids! This book walks you through what you need to know step-by-step--including how navigation works now that the Home button is gone on some of the iPad Pros. It covers only what you need to know--so you don't have to comb through hundreds of pages of tech-speak just to find out how to do a common feature. This book is based on the bestselling book "The Ridiculously Simple Guide to the Next Generation iPad Pro" but includes sections specifically for seniors (including accessibility features that make text easier to see). Are you ready to start enjoying your new iPad Pro? Then let's get started! Note: This book is not endorsed by Apple and should be considered unofficial.

A parody of the children's classic and a hilarious gift for anyone that finds modern life funny and absurd. In a bright buzzing room, in the glow of the moon-and iPhones and Androids and Blackberries too-it is time to say goodnight... Modern life is abuzz. There are huge LCD WiFi HD TVs and Facebook requests and thumbs tapping texts and new viral clips of cats doing flips. Wouldn't it be nice to say goodnight to all that? Like the rest of us who cannot resist just a few more scrolls and clicks, you may find yourself ready for bed while still clinging to your electronics long after dark. This book, which is made of paper, is a reminder for the child in all of us to power down at the end of the day. This hilarious parody not only pokes loving fun at the bygone quiet of the original classic, but also at our modern plugged-in lives. It will make you laugh, and it will also help you put yourself and your machines to sleep. Don't worry, though. Your gadgets will be waiting for you, fully charged, in the morning.

The whole series is designed to save learning time and guaranteed to give the best value. Whether you want to get to grips with Windows, Photoshop or even the latest digital gadget, these easy-to-follow guides are the perfect companion for fast and productive learning. Written in a jargon-free, easy-to-follow style with helpful graphics, the In Easy Steps books explain everything the user needs to know to get working with a new device, programming language, software, electronics, or to sharpen up other professional skills. Each chapter takes you step-by-step through the functions and uses of a program. Every page is packed with visual guides so that what you see on your screen is exactly the same in the book - you simply can't go wrong!
