More about Isometric Graph Paper: Isometric graph paper or 3D graph paper is a triangular graph paper which uses a series of three guidelines forming a 60° grid of small triangles. The triangles are arranged in groups of six to make hexagons. The name suggests the use of isometric views or pseudo-three-dimensional views. Among other functions, they can be used in the design of triangle point embroidery. It can be used to draw angles accurately. *This notebook is also available in a lot of other colors, if you need more, just search "Mya Paper Graph Paper Notebook" on the Amazon search bar, or just search for "Mya Paper" if you are curious about all our other products and designs!*****
