*Bob and Tom Get a Dog*

Forced by her cruel father to wed his most despised enemy, the debauched Earl of Whitby, Lady Noelle Rivers is determined not to allow her spouse to win her love, much less her virtue

"Siblings Bob and Tom get a dog with spots. This A-level story uses decodable text to raise confidence in early readers. The book uses a combination of sight words and short-vowel words in repetition to build recognition. Original illustrations help guide readers through the text."--

Over two hundred and thirty years ago the Fallocaust happened, killing almost everything that lived and creating what is now known as the greywastes. A dead wasteland where cannibalism is a necessity, death your reality, and life before the radiation nothing but pictures in dog-eared magazines. Reaver is a greywaster, living in a small block controlled by a distant ruler said to have started the Fallocaust. He is a product of the savage world he was raised in and prides himself on being cold and cruel. Then someone new to his town catches his eye, someone different than everyone else. Without knowing why he starts to silently stalk him, unaware of where it will lead him.

Synthesizing Macromolecules Teacher's Manual, Second Edition

*Korean: A Comprehensive Grammar is a reference to Korean grammar, and presents a thorough overview of the language, concentrating on the real patterns of use in modern Korean. The book moves from the alphabet and pronunciation through morphology and word classes to a detailed analysis of sentence structures and semantic features such as aspect, tense, speech styles and negation. Updated and revised, this new edition includes lively descriptions of Korean grammar, taking into account the latest research in Korean linguistics. More lower-frequency grammar patterns have been added, and extra examples have been included throughout the text. The unrivalled depth and range of this updated edition of Korean: A Comprehensive Grammar makes it an essential reference source on the Korean language.*

*No man nor no woman could eat it like Nolan. The way he twirled his tongue, and slurped, sucked and hummed... there was no people or devices that could do what he'd done. He was the highest paid male escort in the game, with the most talent, highest skill level, and the most seductive mentality. His only problem was... He's in love. The lady he wants is in the same profession, and she doesn't want to settle down anytime soon. A sizzling must-read page-turner from National Award Winning Bestselling and extremely decorated author David Weaver. Guaranteed to drop your jaws page by page! Read the sample and see for yourself.*

*This title was first published in 2003. From 1821 until his death, Schubert compiled or specially composed for publication 42 song sets, yet during his own lifetime, and until now, their integrity and importance as sets have been virtually ignored. In this book, Michael Hall asserts that these songs sets are not arbitrary collections, as so often assumed, but highly integrated works in their own right. Approaching these songs as sets the book throws light on Schubert's largely undiscussed intellectual preoccupations. They reveal that he was au fait with most of the philosophical concerns of his time, especially those which touched on Romanticism. But although the sets reflect Romanticism in their topics, Hall maintains that they are the epitome of classical balance. In encouraging students and performers to approach these songs as sets, this study aims to alter perceptions of this important repertory.*

Capital IdeasThe IMF and the Rise of Financial LiberalizationPrinceton University Press

The X-Men are back in the cinema. Wolverine, Professor X, Cyclops, Jean Grey and the rest of the team return in X2, facing a new threat so dangerous that former enemy Magneto must join their ranks to defeat it.

Spectrum Algebra helps children soar in a standards-based classroom! After Life Lessons (Book One) Borneo Long Story Short The IMF and the Rise of Financial Liberalization *In COLLEGE MATHEMATICS FOR THE MANAGERIAL, LIFE, AND SOCIAL SCIENCES, Soo T. Tan provides an accessible yet accurate presentation of mathematics combined with just the right balance of applications, pedagogy, and technology to help students succeed in the course. The new Sixth Edition includes highly interesting current applications and exercises to help stimulate student motivation. An exciting new array of supplements provides students with extensive learning support so instructors will have more time to focus on teaching core concepts. All the fundamentals. No fluff. Learn more with less! A truly revolutionary American Government textbook, Christine Barbour's AmGov: Long Story Short, responds to the needs of today's students and instructors through brevity and accessibility. The succinct ten chapters are separated by tabs that make it easy to skim, flip, revisit, reorient, and return to content quickly. Reading aids like bullets, annotations and arrows walk students through important facts and break up the material in short, engaging bites of information that highlight not only what is important but why it's important. Though brief, this core book is still robust enough to provide everything that students need to be successful in their American Government course. Whether for the on-the-go student who doesn't have time to read and digest a lengthy chapter, or the instructor who wants a book that will stay out of their way and leave room for plenty of supplementary reading and activities, AmGov provides a perfectly simplified foundation for a successful American Government course.*

*A year after a devastating epidemic swept the world, Emily and her six-year-old son, Song, are struggling south in search of more hospitable climates. A snowstorm traps them in an abandoned gas station, where starving and desperate, they encounter Aaron, an Army medic on a mission of his own, who offers them a ride to ease the journey.*

*A Piggly Wiggly Christmas*

*Biology 12*

Service, repair and maintenance manual.

In this novel in the Piggly Wiggly series, Robert Dalby " returns to Second Creek, Mississippi, for a reliably charming Christmas" (Publishers Weekly). When the new First Lady of Second Creek, Gaylie Girl Dunbar, approaches her new husband, Mayor Hale Dunbar, former owner of the local Piggly Wiggly market, with a civic project involving Christmas caroling around the historic town square, all the local church choirs quickly sign up for the big event. But when an electrical fire devastates the square ' s beautiful old buildings just a week before Christmas, everything is thrown into chaos. It falls to the town ' s indefatigable army of matrons--the Nitwits--to find a way to revive the holiday spirit and raise money to rebuild. It will take a miracle...but it ' s Christmas in Second Creek, where everyday miracles are a way of life.

The Fall of the House of Zeus

Follow two abolitionists who fought one of the most shockingly persistent evils of the world: human trafficking and sexual exploitation of slaves. Told in alternating chapters from perspectives spanning more than a century apart, read the riveting 19th century first-hand account of Harriet Jacobs and the modern-day eyewitness account of Timothy Ballard. Harriet Jacobs was an African-American, born into slavery in North Carolina in 1813. She thwarted the sexual advances of her master for years until she escaped and hid in the attic crawl space of her grandmother's house for seven years before escaping north to freedom. She published an autobiography of her life, Incidents in the Life of a Slave Girl, which was one of the first open discussions about sexual abuse endured by slave women. She was an active abolitionist, associated with Frederick Douglass, and, during the Civil War, used her celebrity to raise money for black refugees. After the war, she worked to improve the conditions of newly-freed slaves. As a former Special Agent for the Department of Homeland Security who has seen the horrors and carnage of war, Timothy Ballard founded a modern-day "underground railroad" which has rescued hundreds of children from being fully enslaved, abused, or trafficked in third-world countries. His story includes the rescue and his eventual adoption of two young siblings--Mia and Marky, who were born in Haiti. Section 2 features the lives of five abolitionists, a mix of heroes from past to present, who call us to action and teach us life lessons based on their own experiences: Harriet Tubman--The "Conductor"; Abraham Lincoln--the "Great Emancipator"; Little Mia--the sister who saved her little brother; Guesno Mardy--the Haitian father who lost his son to slave traders; and Harriet Jacobs--a teacher for us all.

Seek Only Passion

A Comprehensive Grammar

A moving debut novel about female friendship, endurance, and hope in the South, Roxanne Reeves defines her life by the committees she heads and the social status she cultivates. But she is keeping secrets that make her an outsider in her own town, always in search of acceptance. And when she is given a job none of the other white women want--researching the town's African-American history for a tour of local sites--she feels she can't say no. Elderly Grace Clark, a retired black schoolteacher, reluctantly agrees to become Roxanne's guide. Grace takes Roxanne to Catfish Alley, whose undistinguished structures are nonetheless sacred places to the black community because of what happened there. As Roxanne listens to Grace's stories, and meets her friends, she begins to see differently. She is transported back to the past, especially to 1931, when a racist's hatred for Grace's brother leads to events that continue to change lives decades later. And as Roxanne gains an appreciation of the dreams, courage, and endurance of those she had so easily dismissed, her own life opens up in new and unexpected ways.

Humble beans are the true MVPs of the kitchen. They have a long shelf life, are packed with protein, and best of all, they taste great in a wide variety of applications. This collection of 20 foolproof recipes gives beans their due, putting them center stage in recipes such as Ultracreamy Hummus (you've never had homemade hummus this velvety-smooth) and White Bean and Tuna Salad (two pantry-friendly ingredients come together for a dish that's greater than the sum of its parts). We share the secrets to making light and crispy Falafel as well as irresistible soups and sides. Whether you're looking for breakfast inspiration (our recipe for Scrambled Eggs with Pinto Beans and Cotija Cheese delivers tender eggs with a mildly spicy kick), internationally inspired mains such as Palak Dal (Spinach Dal with Cumin and Mustard Seeds) and Tuscan Shrimp and Beans, or hearty vegetarian dishes such as Black Bean Burgers and Meatless "Meat" Sauce with Chickpeas and Mushrooms, this collection gives you 20 great reasons to put beans on the menu.

Beans 20 Ways

This book includes the definitive development history of the most famous Velocette motorcycles, based on the author's earlier work, and the most comprehensive appendices ever published on this historic marque.

The right of governments to employ capital controls has always been the official orthodoxy of the International Monetary Fund, and the organization's formal rules providing this right have not changed significantly since the IMF was founded in 1945. But informally, among the staff inside the IMF, these controls became heresy in the 1980s and 1990s, prompting critics to accuse the IMF of indiscriminately encouraging the liberalization of controls and precipitating a wave of financial crises in emerging markets in the late 1990s. In Capital Ideas, Jeffrey Chwieroth explores the inner workings of the IMF to understand how its staff's thinking about capital controls changed so radically. In doing so, he also provides an important case study of how international organizations work and evolve. Drawing on original survey and archival research, extensive interviews, and scholarship from economics, politics, and sociology, Chwieroth traces the evolution of the IMF's approach to capital controls from the 1940s through spring 2009 and the first stages of the subprime credit crisis. He shows that IMF staff vigorously debated the legitimacy of capital controls and that these internal debates eventually changed the organization's behavior--despite the lack of major rule changes. He also shows that the IMF exercised a significant amount of autonomy despite the influence of member states. Normative and behavioral changes in international organizations, Chwieroth concludes, are driven not just by new rules but also by the evolving makeup, beliefs, debates, and strategic agency of their staffs.
