Japanese Gifts - Softback Paper Notebook [$6.65 / £3.99] This handy Japanese notebook is our second most popular fine art design (after The Fox by Franz Marc) and is a particular favorite among customers looking for Japanese gifts / presents. Hokusai was a Japanese print-maker who lived at the beginning of the 19th Century and had no less than thirty different names over the course of his lifetime. The famous Great Wave off Kanagawa is the first print from a series of thirty-six which he created during his sixties, when widely regarded to be producing his best work (so it's never too late!). The central theme of the prints is Mount Fuji which can be seen in the background. As a Japanese Buddhist, the mountain represented to him the gifts of life and immortality, and so Hokusai had something of a lifelong obsession with it, returning to it again and again. Whether a treat for yourself or a gift for another, this is perfect for those who love all things 'Japan'. Cover: Tough matte paperback. Artwork: A high resolution print of 'The Great Wave off Kanagawa' by Hokusai wrapped around the front and back covers. Dimensions: 20.3 x 12.7 cm / 8 x 5 inches. (A touch smaller than A5 but much bigger than A6; it fits easily in a bag but is larger than most pockets. It is best described as a medium notebook or a small journal.) Interior: 74 pages of good quality white paper, all wide-ruled with 23 lines to a page. [Please note: This is a plain ruled notebook. There is no internal content pertaining to Japan or Hokusai. We advise customers to use the search inside facility before purchasing.] Buy With Confidence Because Our Customers Love Our Stationery: ***** Gorgeous Notebook ... Not what you're looking for? We have plenty more designs to choose from at smartbookx.com. There you can quickly browse by category and then click straight back through to the Amazon page you need. Thanks for looking, The smART bookx design team About Blossoming Almond Tree Born in The Dutch Brabant in the Netherlands, Vincent Willem van Gogh (1853-1890) is the most famous painter of the Expressionist Art movement. Van Gogh's broad and vibrant brushstrokes (a novel style in its day) impart a unique resonance to his paintings which are today loved the world over. Van Gogh never married or had children of his own but he painted Blossoming Almond Tree in 1890 as a gift to celebrate the birth of his nephew, the son of his brother Theo van Gogh (to whom Vincent was very close). It was thus intended to hang in a child's nursery which explains the subtle softness and choice of a 'baby blue' color that we rarely see elsewhere in van Gogh's art. Vincent, like many of his contemporaries, had recently discovered Japanese Art with great enthusiasm and the influence of the Japanese floral style is clearly evident in the painting's composition which focuses on the almond tree's internal branch structure rather than any overall form as would have been expected of traditional western art at the time. A particularly poignant fact about Blossoming Almond Tree is that it was created to celebrate a new life and yet van Gogh was sadly to end his own life only a few weeks later aged only 37 (ironically exactly the same age as another great artistic pioneer, Raphael, had also died just over 350 years earlier).
