

Jesus Christ Source Of Our Salvation Chapter 1 Directed

This work is a presentation of the truth of Jesus Christ from the viewpoint of liberation - from Jesus's options for the poor, his confrontation with the powerful and the persecution and death this brought him. Building and expanding on his previous works, Jon Sobrino develops a Christology that shows how to meet the mystery of God, all God "Father" and call this Jesus "the Christ". More than ten million readers have enjoyed Robert Boyd Munger's spiritually challenging meditation on Christian discipleship. Imagining what it would be like to have Jesus come to the home of our hearts, Munger moves room by room considering what Christ desires for us. In the living room we prepare to meet Christ daily. In the dining room we examine together what appetites should and should not control us. We even explore the closets in our lives that Christ can help us clean out. Munger's practical and profound booklet (now revised and expanded) helps you give Christ control over all of your life. Your Life in Christ introduces high school students to the essential message of Christian moral teaching--love of God and love of neighbor. Against this backdrop, students encounter and explore Catholic teaching that applies the mandate to love in real-life scenarios and situations. In a culture where moral relativism increasingly blurs distinctions between right and wrong, students quickly see that this subject couldn't be more relevant. Students consider and study such topics as conscience formation, law, Jesus as a moral guide, sin and forgiveness, respect for life, and sexuality. The Church: Christ in the World Today guides the students in exploring and understanding the Catholic Church, as well as its origin, structure, and mission. Additionally, the course addresses the roles of the hierarchy, those in religious life, and the laity in supporting the mission of the Church. Particular attention is paid to the global presence of the Church as a light to all people. The second edition of our popular Living In Christ series offers updated navigation, organizing and synchronizing curriculum across both teacher guides and student books. The student books have shifted from a section-part-article structure to a unit-chapter-article structure where sections become units and a part is now a chapter.

Jesus Christ is arguably the most famous man who ever lived. His image adorns countless churches, icons, and paintings. He is the subject of millions of statues, sculptures, devotional objects and works of art. Everyone can conjure an image of Jesus: usually as a handsome, white man with flowing locks and pristine linen robes. But what did Jesus really look like? Is our popular image of Jesus overly westernized and untrue to historical reality? This question continues to fascinate. Leading Christian Origins scholar Joan E. Taylor surveys the historical evidence, and the prevalent image of Jesus in art and culture, to suggest an entirely different vision of this most famous of men. He may even have had short hair. Take the God Is My Source challenge! Many people are faced with overwhelming financial challenges. The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the "doctrine of life and salvation for all the honest-in-heart" (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened "within them a desire to know and understand the things of God more than they ever did before in their lives" and will begin to "inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness" (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections—"Teachings of Brigham Young" and "Suggestions for Study." The first section consists of extracts from Brigham Young's sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young's teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young's teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the "Lion of the Lord" (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God."

The earliest of the four Gospels, the book portrays Jesus as an enigmatic figure, struggling with enemies, his inner and external demons, and with his devoted but disconcerted disciples. Unlike other gospels, his parables are obscure, to be explained secretly to his followers. With an introduction by Nick Cave

As they engage with the content of this text, students will recognize Christ present and active in their lives through the visible and vibrant mission of Church, defined by her four characteristics--one, holy, catholic, and apostolic.While Jesus and the Church places the foundations of the Church in their historical and scriptural context, the textbook goes further by guiding students to recognize the sacred nature of the Church and engaging them to more actively participate in the living Body of Christ and serve as witnesses to the sacred Gospel in the world today.Simply put, the goal of the book--as in the Encountering Jesus series as a whole--is to change the lives of students by making real-life connections between what they are learning about the Church and how they encounter Jesus in the contemporary world.

New York Times bestselling author and Bible expert Bart Ehrman reveals how Jesus's divinity became dogma in the first few centuries of the early church. The claim at the heart of the Christian faith is that Jesus of Nazareth was, and is, God. But this is not what the original disciples believed during Jesus's lifetime—and it is not what Jesus claimed about himself. How Jesus Became God tells the story of an idea that shaped Christianity, and of the evolution of a belief that looked very different in the fourth century than it did in the first. A master explainer of Christian history, texts, and traditions, Ehrman reveals how an apocalyptic prophet from the backwaters of rural Galilee crucified for crimes against the state came to be thought of as equal with the one God Almighty, Creator of all things. But how did he move from being a Jewish prophet to being God? In a book that took eight years to research and write, Ehrman sketches Jesus's transformation from a human prophet to the Son of God exalted to divine status at his resurrection. Only when some of Jesus's followers had visions of him after his death—alive again—did anyone come to think that he, the prophet from Galilee, had become God. And what they meant by that was not at all what people mean today. Written for secular historians of religion and believers alike, How Jesus Became God will engage anyone interested in the historical developments that led to the affirmation at the heart of Christianity: Jesus was, and is, God.

Seeing Jesus

This book will start with the earliest Christian textual evidence, the letters of Saint Paul, as a foundation to reveal surprising details in the history of the early Church that have been hidden in plain sight for almost two thousand years: (1.) that Saint Peter and Saint Paul became enemies; (2.) that according to some early Christians, Jesus was both the Messiah and the Antichrist, but not God nor the Son of God; (3.) that James, the brother of Jesus, rejected the original teaching of Jesus in order to further his own claim to be the Messiah; (4.) that the apostle Paul actually failed more than he succeeded during his lifetime; and (5.) that Christians were instrumental in the First Jewish Revolt; and (6.) that Jesus did claim to be both the Son of God and God. The evidence is laid out logically in a new way. But the evidence is not new; it is on your shelf right now.

The book consists primarily of interviews between Strobel (a former legal editor at the Chicago Tribune) and biblical scholars such as Bruce Metzger. Each interview is based on a simple question, concerning historical evidence (for example, "Can the Biographies of Jesus Be Trusted?"), scientific evidence, ("Does Archaeology Confirm or Contradict Jesus' Biographies?"), and "psychiatric evidence" ("Was Jesus Crazy When He Claimed to Be the Son of God?"). Together, these interviews compose a case brief defending Jesus' divinity, and urging readers to reach a verdict of their own.

This document's purpose is to spell out the Church's understanding of the nature of revelation--the process whereby God communicates with human beings. It touches upon questions about Scripture, tradition, and the teaching authority of the Church. The major concern of the document is to proclaim a Catholic understanding of the Bible as the "word of God." Key elements include: Trinitarian structure, roles of apostles and bishops, and biblical reading in a historical context.

Jesus Christ: Source of Our Salvation (Second Edition) introduces students to a deeper theological study of essential life questions, foremost: "Why do we need to be saved?" and "How are we saved?" The answers are revealed in God's plan for Redemption. Jesus Christ: Source of Our Salvation (Second Edition), now written and formatted in the instructional design of the Encountering Jesus series, offers a blueprint for a thorough theology that is complemented by ample opportunities for faith-filled discipleship. This text shares God's invitation for a fuller participation in the Paschal Mystery of Christ.

Jesus ascended to heaven. End of story. But then how do we explain the many Christians, in nearly every century since, who claimed to have seen, heard, met, and touched Jesus in the flesh? In Seeing Jesus, Robert Hudson explores the larger-than-life characters throughout Christian history who have encountered the actual face or form of the resurrected Christ--from the apostles Thomas and Paul in the first century to Charles Finney in the nineteenth and Sundar Singh in the twentieth. Hudson combines history, biography, spiritual reflection, skepticism, and humor to unpack awe-inspiring and sometimes seemingly absurd stories, from a surprise sighting of Jesus in a cup of coffee, to Christ appearing to Julian of Norwich during a life-threatening illness to assure her that "all manner of thing shall be well." Along the way, he uncovers deeper meaning for us today. Through Hudson's quirky and lyrical prose we get to know people of unflinching faith, like Francis of Assisi, Teresa of Avila, Silouan the Athonite, and Sojourner Truth--those who claim radical encounters with Jesus. The result is a fascinating journey through Christian history that is at once thoroughly analytical and deeply devotional.

The Acts of the Apostles

Some questions have been at the heart of an unfinished debate among the Evangelicals. Can the salvation be solely obtained by grace without the deed of man? Once saved, can we lose our salvation? The answers to those questions should be the object of the curiosity of all Christians, for the doctrine of salvation of man is the second most important teaching in the Bible after the death and resurrection of Jesus Christ our Savior. Salvation is the cornerstone of Christianity, the foundation of our hope, and the reason of the coming and the death of Jesus Christ. Such an important teaching should be crystal clear for all. The debate is still going on, however I believe the answers to these questions are nowhere but in the Holy Scripture. The motivation for me to write this book was to dig in the Holy Scripture and bring the answer from what the Bible says about this debate while keeping the Bible a coherent book. In this book, we analyze this subject in three aspects: first, how God conducted his salvation plan after the fall of man; second how the plan of salvation has been accomplished in Jesus; and third, what will happen in the future to the church. This book will not only equip you with knowledge on salvation, but give you an overview and understanding on the entire Bible. May God bless your reading!

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell

The Next Generation's Guide to a Meaningful Future

The writer of this Preface was travelling in Germany, when he chanced to meet with a book, entitled, The History of the Passion of our Lord Jesus Christ, from the Meditations of Anne Catherine Emmerich, which appeared to him both interesting and edifying. Its style was unpretending, its ideas simple, its tone unassuming, its sentiments unexaggerated, and its every sentence expressive of the most complete and entire submission to the Church. Yet, at the same time, it would have been difficult anywhere to meet with a more touching and lifelike paraphrase of the Gospel narrative. He thought that a book possessing such qualities deserved to be known on this side the Rhine, and that there could be no reason why it should not be valued for its own sake, independent of the somewhat singular source whence it emanated.
