*A new collection of prophetic essays from one of the sharpest practitioners of the form Mark Slouka writes from a particular vantage point, one invoked by Thoreau, who wished "to improve the nick of time . . . to stand on the meeting of two eternities, the past and future." At this bewildering convergence, Slouka asks us to consider what it means to be human and what we must revive, or reject, in order to retain our humanity in the modern world. Collected over fifteen years, these essays include fascinating explorations of the relationship between memory and history and the nature of "tragedy" in a media-driven culture; meditations on the transcendent "wisdom" of the natural world and the role of silence in an age of noise; and arguments in defense of the political value of leisure time and the importance of the humanities in an age defined by the language of science and industry. Written in Slouka's supple and unerring prose, celebratory, critical, and passionate, *Essays from the Nick of Time* reawakens us to the moment and place in which we find ourselves, caught between the fading presence of the past and the neon lure of the future.*

As Told By Nerdy

Fran's tired of being called a "brain" ... and missing all the fun ! She wants to be like everyone else for a change--to go to parties, have dates, and fall in love.

Hello. I am Daniel Handler, the author of this book. Did you know that authors often write the summaries that appear on their book's dust jacket? You might want to think about

that the next time you read something like, "A dazzling page-turner, this novel shows an internationally acclaimed storyteller at the height of his astonishing powers." Adverbs is a novel about love -- a bunch of different people, in and out of different kinds of love. At the start of the novel, Andrea is in love with David -- or maybe it's Joe -- who instead falls in love with Peter in a taxi. At the end of the novel, it's Joe who's in the taxi, falling in love with Andrea, although it might not be Andrea, or in any case it might not be the same Andrea, as Andrea is a very common name. So is Allison, who is married to Adrian in the middle of the novel, although in the middle of the ocean she considers a fling with Keith and also with Steve, whom she meets in an automobile, unless it's not the same Allison who meets the Snow Queen in a casino, or the same Steve who meets Eddie in the middle of the forest. . . . It might sound confusing, but that's love, and as the author -- me -- says, "It is not the nouns. The miracle is the adverbs, the way things are done." This novel is about people trying to find love in the ways it is done before the volcano erupts and the miracle ends. Yes, there's a volcano in the novel. In my opinion a volcano automatically makes a story more interesting.

"Deft and lovely...The perfect weight, in all ways. It's suitable for a vacation, and you can describe it in one inviting line, but then it keeps unfolding and deepening, taking unexpected turns." —The New York Times Book Review

To four girls who have nothing, their friendship is everything: they are each other's confidants, teachers, and family. The girls are all named Guinevere—Vere, Gwen, Ginny, and Win—and it is the surprise of finding another Guinevere in their midst that first brings them together. They come to The Sisters of the Supreme Adoration convent by different paths, delivered by their families, each with her own complicated, heartbreaking story that she safeguards. Gwen is all Hollywood glamour and swagger; Ginny is a budding artiste with a sentiment to match; Win's tough bravado isn't even skin deep; and Vere is the only one who seems to be a believer, trying to hold onto her faith that her mother will one day return for her. However, the girls are more than the sum of their parts and together they form the all powerful and confident The Guineveres, bound by the extraordinary coincidence of their names and girded against the indignities of their plain, sequestered lives. The nuns who raise them teach the Guineveres that faith is about waiting: waiting for the mail, for weekly wash day, for a miracle, or for the day they turn eighteen and are allowed to leave the convent. But the Guineveres grow tired of waiting. And so when four comatose soldiers from the War looming outside arrive at the convent, the girls realize that these men may hold their ticket out. In prose shot through with beauty, Sarah Domet weaves together the Guineveres' past, present, and future, as well as the stories of the female saints they were raised on, to capture the wonder and tumult of girlhood and the magical thinking of young women as they cross over to adulthood.
