Career planning has become a survival skill in today's world. Choosing a Career should be by Choice and not by Chance. HOW TO CHOOSE THE RIGHT CAREER? What are the factors one should consider while choosing a career? A Complete Guide to Career Planning is about how to decide the direction your career will take. The purpose behind writing this book is to make you conversant with the various career options that you can pursue and enable you to select the right career. The author has meticulously explored and mapped the cavernous paths of the globe of careers, which exist presently and provides a straightforward introduction to the concepts of career choices and the importance of planning. It emphasizes the importance of self-exploration by empowering readers to look at themselves, their strengths and weaknesses, and their background and values, and then realistically evaluate the various opportunities in the world of career. With this complete guide a student can learn how to explore career options, plan a career path, and find the right school and colleges for his studies that will help him achieve his goals easily and convincingly. The book includes all the information you need to take control of your future and take control of your career.

The 2nd edition of this book covers the entire question papers from 2007 to 2018 of JK PSC. The explanations to the questions have been provided in such a manner that they cover NEET exams, AIIMS, PGI, JIPMER, DNB and other important postgraduate exams as well. The inclusion of high yielding facts in the form of NEET EDGE has added a new dimension to the book. The explanation and NEET EDGE have been updated based on latest guidelines and updates. In addition, important exam questions for NEET and PSC have been added to make book more useful. In this edition two senior faculty members from the prestigious Sher-I -Kashmir Institute of medical sciences, Dr. Cimona L Saldhana and Dr. Muzzafer Wani have contributed to the book. Dr. Saldhana is an expert in Obs/gynae and nephrology respectively besides reviewing other questions as well. The contribution of Dr. Suhail Nail is in the subject of paediatrics. In addition, senior residents from GMC Sri Nagar, SKIMS medical college Bemina have contributed to their respective subjects. The feedback I received from 1st edition really motivated me to come up with this edition. I hope this book will live upto its expectations and help students in their exams. An important thing for all exams is that approximately 15 to 25% questions are repeated in one form or the other so keeping this thing in mind I have highlighted all questions that were repeated. Feedback from 1st edition This book is very much helpful for state aspirants and also for medics preparing for neet exams. I personally recommend every Medico to go through this book before such exams. -DR. TABASSUM SAMI SKIMS Very nice and helpful book for JK PSC and other state exam. Easy language and good retention. Precise and very informative explanations of every question. -DR. UMER SKIM The best book you will find for JK PSC medical exams... have this you are going to score well in NEET and JK PSC exams for sure... A MUST HAVE BOOK. -DR. YAMIN SKIM

**All the views written in this book are my personal view which I have experienced over the long period of time. All the view given in this book may not be useful for every student. I am writing this book because I saw the student struggling to clear competitive entrance exam for DM/Mch courses in various Indian medical college. So, kindly make note of these things before reading them or purchasing the book. I decided to write this book so I can guide the student, regarding how to prepare for the exam, so they can easily clear the exam .**

Success Mantras of NEET/ JEE Toppers with Video Support Results of a survey said that the difference between Topper & an Average student is not much in terms of Subject knowledge, intelligence or hard work, but the major difference is in terms of study techniques and approach towards exam. Hard work should bring success but only when coupled with efficient and appropriate study techniques. The book is based on success story of hundreds of toppers of different exams. The book/seminar recapitulates and reinforces the basic study techniques adopted by toppers and helps in mastering skills & techniques to learn more in less time and with less stress. Some of the topics covered • How to master Fundamentals • How to sharpen Problem solving skills • Improving your Output (Net Score) • Tips and techniques on " How to attempt a Question paper? " And many more ideas/ tips to improve your score and maximise your output.
