

Job Seekers Guide Workshop Curriculum

As if transitioning from library school or a different type of library job into the role of a school librarian wasn't challenging enough, just factor in today's straitened funding environment for the position itself. Librarians new on the job need expert advice on what to expect and how thrive, and since its publication in 2006 this guide has served as an invaluable resource for the new school librarian. From job search strategies and discovering work philosophy to the nitty-gritty details of creating acceptable use policies, this revised and updated edition, which includes a new foreword from Sarah Kelly Johns, shares the joys and perils of the profession along with a wealth of practical advice from decades of experience in school library programs. With this guide as a roadmap, new school librarians can tackle the job search with confidence, with tips on everything from polishing a résumé and acing a job interview to ways of handling any potentially negative Google results and other digital footprints. Learn the secrets to successfully collaborate with teachers, navigate new roles and responsibilities through orientation and organization, create dynamic interactions with students to deepen their learning experiences, master the art of communicating with the principal, IT experts, and vendors, become familiar with school library technology, including e-book collections, online databases, and library management systems. Receive field-tested guidance on daily matters – from budgeting and purchasing to advocacy and programming. The AASL Standards for the 21st-Century Learner, Partnership for 21st Century Skills, and Common Core State Standards are also thoroughly discussed. New school librarians as well as those already in the profession can set the tone for rewarding career with this one-stop, hands-on guide. The definitive career guide for grad students, adjuncts, post-docs and anyone else eager to get tenure or turn their Ph.D. into their ideal job. Each year tens of thousands of students will, after years of hard work and enormous amounts of money, earn their Ph.D. And each year only a small percentage of them will land a job that justifies and rewards their investment. For every comfortably tenured professor or well-paid former academic, there are countless underpaid and overworked adjuncts, and many more who simply give up in frustration. Those who do make it share an important asset that separates them from the pack: they have a plan. They understand exactly what they need to do to set themselves up for success. They know what really moves the needle in academic job searches, how to avoid the all-too-common mistakes that sink so many of their peers, and how to decide when to point their Ph.D. toward other, non-academic options. Karen Kelsky has made it her mission to help readers join the select few who get the most out of their Ph.D. As a former tenured professor and department head who oversaw numerous academic job searches, she knows from experience exactly what gets an academic applicant a job. And as the creator of the popular and widely respected advice site The Professor is In, she has helped countless Ph.D.'s turn themselves into stronger applicants and land their dream careers. Now, for the first time ever, Karen has poured all her best advice into a single handy guide that addresses the most important issues facing any Ph.D., including: -When, where, and what to publish -Writing a foolproof grant application -Cultivating references and crafting the perfect CV -Acing the job talk and campus interview -Avoiding the adjunct trap -Making the leap to nonacademic work, when the time is right The Professor Is In addresses all of these issues, and many more.

For more than 15 years, The Academic Job Search Handbook has assisted job seekers in all academic disciplines in their search for faculty positions. The guide includes information on aspects of the search that are common to all levels, with invaluable tips for those seeking their first or second faculty position. This new edition provides updated advice and addresses hot topics in the competitive job market of today, including the challenges faced by dual-career couples, job search issues for pregnant candidates, and advice on how to deal with gaps in a CV. The chapter on alternatives to academic jobs has been expanded, and sample resumes from individuals seeking nonfaculty positions are included. The book begins with an overview of the hiring process and a timetable for applying for academic positions. It then gives detailed information on application materials, interviewing, negotiating job offers, and starting the new job. Guidance throughout is aimed at all candidates, with frequent reference to the specifics of job searches in scientific and technical fields as well as those in the humanities and social sciences. Advice on seeking postdoctoral opportunities is also included. Perhaps the most significant contribution is the inclusion of sample vitas. The Academic Job Search Handbook describes the organization and content of the vita and includes samples from a variety of fields. In addition to CVs and research statements, new in this edition are a sample interview itinerary, a teaching portfolio, and a sample offer letter. The job search correspondence section has also been updated, and there is current information on Internet search methods and useful websites.

Answers important questions regarding company benefits and employment opportunities and identifies human resource contacts and other corporate officials. This four-volume set includes more than 16,000 entries which tell job seekers who to contact and how to submit applications. Information includes contact data, business description, application procedures, internship availability, benefits, and more. It also features a metropolitan statistical areas table.

This two-color, easy to read, big type career resource book is designed for the recently returned Operation Enduring Freedom (OEF) and Operation Iraqi Freedom (OIF) veterans who would like to land a stable civil service job in the federal government. On Nov. 9th, 2009, the President of the United States has signed an Executive Order to encourage MORE hiring of veterans into the government.

'Employment of Veterans in the Federal Government' and created an excellent website to support the hiring of veterans in the government. But in order to land one of these federal jobs the veteran still has to write a competitive, complete, targeted federal resume and apply for the federal jobs online and following the directions. Writing a federal resume is challenging for most veterans. The Transition Assistance Programs that are provided for veterans before the transition out of the military, do NOT cover the federal resume and federal job search process. So, this book will give the veteran the information they need to write a keyword federal resume that is focused toward a federal job.

Senge's best-selling The Fifth Discipline led Business Week to dub him the "new guru" of the corporate world; here he offers executives a step-by-step guide to building "learning organizations" of their own.

Designing Your Life

Where to Start Career Planning

#1 NEW YORK TIMES BEST SELLER • At last, a book that shows you how to build—design—a life you can thrive in, at any age or stage. Designers create worlds and solve problems using design thinking. Look around your office or home—at the tablet or smartphone you may be holding or the chair you are sitting in. Everything in our lives was designed by someone. And every design starts with a problem that a designer or team of designers seeks to solve. In this book, Bill Burnett and Dave Evans show us how design thinking can help us create a life that is both meaningful and fulfilling, regardless of who or where we are, what we do or have done for a living, or how young or old we are. The same design thinking responsible for amazing technology, products, and spaces can be used to design and build your career and your life, a life of fulfillment and joy, constantly creative and productive, one that always holds the possibility of surprise.
