Twenty years ago David Sheff climbed the back steps of the Dakota into the personal thoughts and dreams of John Lennon and Yoko Ono. From the kitchen to the studio and up those fateful Dakota steps, Sheff recorded 20 hours of tape, discussing everything from childhood to the Beatles. Sheff gives a rare and last glimpse of John and Yoko, one that seemed to look beyond the kitchen table to the future of the world with

startling premonitions of what was to come.

In this third instalment of The History Teacher trilogy, John Stevens, the history teacher, takes a trip to Estonia where he is drawn into an extraordinary adventure of hope and intrigue! Intent on changing the course of human history, an international group of do-gooders gathers in this tiny Eastern European country to map out a strategy for change! First, though, they must overcome the power structures and attitudes meant to maintain the global status quo. All too often, people ask what we as individuals can do to contribute

to meaningful change, feeling too uninformed and powerless to take direct action! The History Teacher, Adventure in Estonia provides simple guidance on how spiritual consciousness and divine love can overcome this dilemma! It transcends country, cultural, racial, religious and gender borders to remind us that we are all in this together, sharing a common source and purpose. The story also examines one of the great challenges of human evolution, the steadfast and sometimes violent resistance to change. Similar to the first two editions of this trilogy, the protagonist

*and seventies, as well as for those who grew up long after his untimely death in 1980. Above all, Lennon was one of the twentieth century's greatest and most important songwriters. Songs he wrote with Paul McCartney, such as 'She Loves You' and 'A Day in the Life', define an era. Others he wrote alone, such as 'God', 'Help!' and 'Revolution', betray an often complex, contradictory and troubled character. Lennon was never one to hide his love away, nor his anger, nor his convictions. In 2000 his anthem 'Imagine' was voted the song of the millennium. years after America left Vietnam in defeat in 1975, the war remains controversial and divisive both in the United States and abroad. The history of this era is complex; the cultural impact extraordinary. But it's the personal stories of eight people—six American soldiers, one American military nurse, and one Vietnamese refugee—that create the heartbeat of *Boots on the Ground*. From dense jungles and terrifying firefights to chaotic helicopter rescues and harrowing escapes, each individual experience reveals a different facet of the war and moves us forward in time. Alternating with these chapters are profiles of key American leaders and events,

The result is a comprehensive picture of a great artist living at a time of both tumult and awakening. The author spoke to many of the key people for John, including his formidable Aunt Mimi, who brought him up after his mother's marriage hit problems because of the Second World War. There is Liverpool DJ Bob Wooler, who was perhaps the first to recognise the genius of the Beatles, the presciently wrote 'There will never be another band like the Beatles again.' That was while they were*

Then you'll meet his first manager, Alan Williams, who in a most weird and almost preordained way, arranged for the unknown group to take up a prestige residency in Hamburg, an engagement that was to transform them from a run of the mill provincial group into a world beating combination of individual talents. The seething contradictions of a red light district in early post-war Germany where just about anything went were the forcing ground for an entirely new kind of music. There are many secrets and surprises associated with John Lennon's early troubled life that*

All through this fast moving examination of the life of John Lennon you discover sides to him that are little known, even by those who grew up with him, such as Paul McCartney. There are more revelations about what exactly the*
