Without both the plugin will not work! **Step 1:** Log into your administrator surface and go to "Extension / Erweiterungen" **Step 2:** Search for ClickandBuy Plugin and click on the button "install now" **Step 3:** Go to "Extensions" / "Erweiterungen" and click on "Plugin". There search for "VM - Payment, Clickandbuy". The plugin is deactivated on default. Activate this plugin in this sector manually. **Step 4:** Now go to "Components" and search for "Virtuemart". Click at "Virtuemart". Inside Virtuemart click at "Shop". Inside "Shop" click at "Payment methods" or "Zahlungsarten". When open click at the right top at the yellow button "+" = NEU. **Step 5:** A new payment method opens. Type as "Payment method title" (= "Zahlungsart Bezeichnung": Clickandbuy. Click at the arrow next to "Payment method" / "Zahlungsart" and search for "VM - Payment, Clickandbuy". Choose as "Clients" / "K ä ufergruppe" all except "test shoppers". **IMPORTANT:** You **MUST FIRST** activate the Plugin VM - Payment, Clickandbuy in the Joomla core sector on the very top "Plugins" under "Extensions" / "Erweiterungen", else you will not be able to activate it in the Virtuemart sector. **Step 6:** Now you are able to make the configuration. Therefore you need your merchant premium id you got from Clickandbuy and you saved in your Joomla 1.5 Store **AND** you need your fitting merchant id. Save your configuration. **ATTENTION!** This plugin **ONLY** works with

upgrading customers who are already Clickandbuy clients. It will NOT work with new Clickandbuy Clients. For them we release latest end of this year the perfect plugin. Step 7: Test your configuration. Make a test order. It is recommended to make this test order as USER and not as administrator or super user. Simply to be sure to get the correct results. When you have done everything fine, it should now look like this demo view. If not, you maybe have to upload the clickandbuy logo manually in following folder of your root folder: /images/stories/virtuemart/payment/. Take care, the pic is called: clickbuy.jpg Step 8: Choose Clickandbuy as payment method and place your order. Step 9: If you made all settings correctly you should now get transferred to the official Clickandbuy Website. Included the correct price of the ordered product and your merchant name at the top of this site. Congratulations! Your set-up is done :-)

Latest spring 2014 we will release a Clickandbuy Plugin Joomla 2.5 for all NEW Clickandbuy customers. In the meanwhile enjoy happy customers with this solution!

Building on the first edition of Joomla!: Visual QuickStart Guide, this task-based guide is the perfect tool for those just starting with Joomla, as well as, seasoned professionals who want to know how to use the latest version of the software to its fullest. It shows how to create, customize, and maintain a dynamic Joomla 1.6 website starting with fundamental concepts for using Joomla and then walks the user through every function of the system. It details the requirements for operating a secure and efficient Joomla website, including server configuration and website planning. The reader learns not only the functions of Joomla, such as adding content and structure, creating menus, using components, modules, plug-ins, and templates, but also how each function integrates as a whole. Each chapter ends with increasingly advanced topics, such as installation and configuration of the administrative back end, using 3rd-party extensions to create a portfolio, a blog, an e-commerce site, magazine, or news portal, as well as, how to use content construction kits, create custom templates, and integrate social media. New features covered in this edition include: how to use the redesigned admin interface; new menu systems, including advanced functions for developers; how to use the category-article structure of content; the ability for users to create their own groups and assign access control levels; and control and customization of templates.
