Dave Adams is a teenager standing at a crossroads in his life. He's lonely, a bully in need of direction. Through the pages of an ancient, leather-bound journal, Dave makes contact with an ancestor, James Adams, captain of a seventeenth century sailing-ship.Captain Adams is also straddling a fence, and the life of an honest sea-going merchant pales in comparison to the excitement and opportunities available for a captain willing to do what it takes to get ahead.Will the captain's decisions take him and his crew where they want to go? And how will those decisions affect Dave as he makes his way through high school and finds his first summer job? Pirate Journey explores the parallel lives of a scurvy sea captain and a high school bully as they make decisions and face the consequences of their choices, both good and bad. After his parents help him escape from slavery on a cotton plantation, fourteen-year-old Midnight finds freedom in Mexico and becomes a cowboy on a cattle drive to Kansas.

Art Hilmo was a teenage boy in Norway when the Nazis invaded and began to take the Jewish families to concentration camps. Knowing their lives were at stake, Art's family decided they would risk everything to help these poor Jewish people.

When it was published in 1932, this revolutionary first fiction redefined the art of the novel with its black humor, its nihilism, and its irreverent, explosive writing style, and made Louis-Ferdinand Celine one of France's--and literature's--most important 20th-century writers. The picaresque adventures of Bardamu, the sarcastic and brilliant antihero of Journey to the End of the Night move from the battlefields of World War I (complete with buffoonish officers and cowardly soldiers), to French West Africa, the United States, and back to France in a style of prose that's lyrical, hallucinatory, and hilariously scathing toward nearly everybody and everything. Yet, beneath it all one can detect a gentle core of idealism.

***A revelatory portrait of eight Indigenous communities from across North America, shown through never-before-published archival photographs--a gorgeous extension of Paul Seeseqasis's popular social media project. In 2015, writer and journalist Paul Seeseqasis found himself grappling with the devastating findings of Canada's Truth and Reconciliation Commission report on the residential school system. He sought understanding and inspiration in the stories of his mother, herself a residential school survivor. Gradually, Paul realized that another, mostly untold history existed alongside the official one: that of how Indigenous peoples and communities had held together during even the most difficult times. He embarked on a social media project to collect archival photos capturing everyday life in First Nations, Metis and Inuit communities from the 1920s through the 1970s. As he scoured archives and libraries, Paul uncovered a trove of candid images and began to post these on social media, where they sparked an extraordinary reaction. Friends and relatives of the individuals in the photographs commented online, and through this dialogue, rich histories came to light for the first time. Blanket Toss Under Midnight Sun collects some of the most arresting images and stories from Paul's project. While many of the photographs live in public archives, most have never been shown to the people in the communities they represent. As such, Blanket Toss is not only an invaluable historical record, it is a meaningful act of reclamation, showing the ongoing resilience of Indigenous communities, past, present--and future.***

One of Japan's most popular mystery writers delivers "scenes of fastidiously executed decadence" in a "tale of sexual obsession" (The New York Times Book Review). Kinue Nomura survived World War II only to be murdered in Tokyo, her severed limbs discovered in a room locked from the inside. Gone is the part of her that bore one of the most beautiful full-body tattoos ever rendered. Kenzo Matsushita, a young doctor who was first to discover the crime scene, feels compelled to assist his detective brother, who is in charge of the case. But Kenzo has a secret: he was Kinue's lover, and soon his involvement in the investigation becomes as twisted and complex as the writhing snakes that once adorned Kinue's torso. The Tattoo Murder Case was originally published in 1948; this is the first English translation. Club “Has all the mind-boggling braininess and dazzling artifice of mystery’s Golden Age, spiced with voyeuristic close-ups of a dying art in which postwar Japan remains supreme: full-body tattoos . . . "With its stopwatch timing, locked-room murder and perplexing abundance of alibis.... Readers are in store for plenty of surprises." —Wall Street Journal Detective Galileo, Keigo Higashino's best loved character from The Devotion of Suspect X, returns in Silent Parade, a complex and challenging mystery—several murders, decades apart, with no solid evidence. A popular young girl disappears without a trace, her skeletal remains discovered three years later in the ashes of a burned out house. There's a suspect and compelling circumstantial evidence of his guilt, but no concrete proof. When he isn't indicted, he returns to mock the girl's family. And this isn't the first time he's been suspected of the murder of a young girl, nearly twenty years ago he was tried and released due to lack of evidence. Detective Chief Inspector Kusanagi of the Homicide Division of the Tokyo Police worked both cases. The neighborhood in which the murdered girl lived is famous for an annual street festival, featuring a parade with entries from around Tokyo and Japan. During the parade, the suspected killer dies unexpectedly. His death is suspiciously convenient but the people with all the best motives have rock solid alibis. DCI Kusanagi turns once again to his college friend, Physics professor and occasional police consultant Manabu Yukawa, known as Detective Galileo, to help solve the string of impossible-to-prove murders.

This is the true story of the journey of the Midnight Sun Mosque. In 2010 a Winnipeg-based charity raised funds to build and ship a mosque to Inuvik, one of the most northern towns in Canada's Arctic. A small but growing Muslim community there had been using a cramped trailer for their services, but there just wasn't enough space. The mosque travelled over 4,000 kilometers on a journey fraught with poor weather, incomplete bridges, narrow roads, low traffic wires and a deadline to get on the last barge heading up the Mackenzie River before the first winter freeze. But it made it just in time and is now one of the most northern mosques in the world. This beautiful picture book reminds us that the collective dream of fostering a multicultural and tolerant Canada exists and that people of all backgrounds will come together to build bridges and overcome obstacles for the greater good of their neighbors.
