A Vermonter rambles through the writing field for nearly three-quarters of a century. During the first part the flow in the field grows a crop of poetry. Then the course of growing produces a large quantity of messages delivered on Sunday mornings in a number of Vermont churches. Portion three of the field grows a limited crop of essays. In the final little corner of the field some small seeds of Christmas "editorials" from the "Brennan Chronicle" spring up and flourish. For more specific details, select for reading those portions which appeal to your interests.

A heart-wrenching but deeply funny and ultimately uplifting story of family, love, loyalty, and hope--a captivating look at the wonders and absurdities of human life . . . as only a dog could tell it

Here bestselling author Joyce Rupp offers us the spiritual assurance that God is always with us, a loving, enduring presence. On encountering God in Scripture she writes: One word or phrase from Scripture can leap out at me and draw me into spending time with the whisper of truth calling to me. In this brief moment of recognition I see that this stirring comes not from my human consciousness but from a deeper place where Wisdom dwells within me. These beautiful reflections are filled with hope and abiding faith in Gods presence.

A gentle metaphor for understanding and processing anxiety and sadness. Feelings come and go like the weather, and crying is like the rain. The words of this gentle book elaborate this soothing, encouraging theme, while the pictures tell a story of a little boy tearfully bound for his first day of school in the company of his older and wiser sister. "Have you ever noticed that after a storm ends, the whole earth feels like it took a big deep breath? And then we can search for a beautiful rainbow. It's the same for you and me. When we relax into our tears, we remember they have lessons to teach us. They are here to connect us to ourselves, deep inside. We can learn to express and share our feelings in ways that are safe for everyone. And then we can look inside for our very own rainbow. Crying is like the rain."

Free from the restraints of the structure, convention, and assumptions of realistic drama, these works show us characters with complex proven identities. Theatre in these works is not a slick metaphor for illusion. A theater is the mirror of role-playing and stereotyping gay men experience everyday. It reflects in complex and multinucleate identities of people who have created their affirming persona. These plays can not solve the problems of heterosexism or AIDS, but it can offer a liberating vision of what it means to be gay. The works and story line is what the playwright wishes to convey on the audience as a whole

The story of Anna Dengel, founder of the Society of Catholic Medical Missionaries, known worldwide as the Medical Mission Sisters, reads like a novel as this twentieth century pioneer time and again challenges the stereotypes restricting women in religion and society. She was determined to make professional medical care available to women and children in areas of the world where access to such services from men was forbidden; and she was equally determined that the institutional Roman Catholic Church would help facilitate such a mission. She not only lived to see that day. She helped to make it happen.

In the midst of a severe drought, a mysterious woman drives into town claiming she specializes in rainsongs.

"I'm singing in the rain,Just singing in the rain.What a glorious feeling.I'm happy again!"Based on the classic song, this beautifully illustrated picture book celebrates rain and all its fun. Jump in puddles, raise umbrellas, and dance with joy through the pages of this gorgeous story. Sweet and positive in its message, with bright, eye-catching art, this book is an uplifting celebrationof rain! "Singing in the Rain" is one of the world's best-loved songs and the centrepiece of one of my favourite films. I love the song's positive message, and the iconic sequence of Gene Kelly dancing in the rain always raises a smile. As adults we tend to think of rain as an inconvenience rather than thejoyous thing that it is. Next time it rains, step outside, feel the rain on your face, and give the clouds up above your biggest smile!"

What can one say about Jesus that would add new insight to a Christian's understanding of the man from Galilee? Consider this. The one we call upon to be a harbinger of peace and an example of justice and mercy is often the reason why people today continue to divide and exclude. Instead of seeing Jesus as a unifying force for all Christians everywhere, bigotry and bias expressed in multi-faceted ways in the name of Jesus stifle the transformative power inherent within our faith traditions. We have rejected, condemned, killed one another based on our interpretations of the one we call Prince of Peace. We need a new narrative, one that acknowledges there is more to the story of Jesus of Nazareth, his life and his mission, than what we profess and proclaim. Without a more inclusive and compassionate understanding of the one we know as Jesus, not only churches, but our beloved planet, with all of its inhabitants and nature's graced diversity, cannot – will not – survive. Jesus is an example of how we humans can continue to be a beneficial link in the evolutionary chain. His living spirit – a holy Spirit – is calling to us all.

""WomanPrayer, WomanSong is a groundbreaking contribution to the church of our day. While drawing on scripture and affirming God's self-revelation in Jesus Christ, this exciting book addresses the urgent need for ritual which incorporates women's experience. Feminine biblical images of God are recovered; feminine pronouns for God are supplied; valiant women are remembered; the church year is reinterpreted to highlight women's experience; and oppression and violence against women in scripture and society are exposed. I have been searching for alternatives to hierarchical, coercive, male images of God which are at the same time faithful to the Christian revelation. I have found a rich resource here "" --Ruth Duck, Pastor, Professor of Worship, Garrett -Evangelical Theological Seminary ""With Miriam Therese Winter's WomanPrayer, WomanSong, the feminist movement in the Christian community goes

Through a new religious encounter with the Mother-spirit of God, a new religious culture begins to develop that also renews the liberating grace and power of biblical faith. trigger emotional responses and enhance overall quality of life. Finding and using apt illustrations to enhance a sermon or Bible study is a fine art. In this book, Forrest Chaffee proves himself a master at this endeavor. I highly recommend this book to anyone wanting to plumb the depths of some of the most significant miracles of Jesus. Herbert Chilstrom Former Presiding Bishop Evangelical Lutheran Church in America The Gospel of John has a unique function - unlike the synoptic Gospels, which provide chronological accounts of Jesus' life and ministry, John weaves the story and words of Jesus around seven miracles that he calls signs. These signs are the visible evidence that Jesus is the source of true life. Through his spoken words and healing power, Jesus' inspiring life force flows outwardly to all who believe in him. This in-depth exploration of the miracle stories in John's Gospel helps you discover how to tap in to this powerful life force and become more alive than ever. Each chapter studies the scripture text of a miracle to identify the quality associated with it, then offers numerous illustrative examples demonstrating how this sign or trait can positively influence daily living. With thought-provoking discussion questions included, *More Alive Than Ever* is an excellent resource for small group Bible study or adult Sunday

Religions of the United States in Practice is a rich anthology of primary sources with accompanying essays that examines religious behavior in America. From praying in an early American synagogue to performing Mormon healing rituals to debating cremation, Volume 2 explores faith through action in the nineteenth and twentieth centuries. The documents and essays consider the religious practices of average people--praying, singing, healing, teaching, imagining, and persuading. Some documents are formal liturgies while other texts describe more spontaneous religious actions. Because religious practices also take place in the imagination, dreams, visions, and fictional accounts are also included. Accompanying each primary document is an essay that sets the religious practice in its historical and theological context--making this volume ideal for classroom use and accessible to any reader. The introductory essays explain the various meanings of religious practices as lived out in churches and synagogues, in parlors and fields, beside rivers, on lecture platforms, and in the streets. Religions of the United States in Practice offers a sampling of religious perspectives in order to approximate the living texture of popular religious thought and practice in the United States. The history of religion in America is more than the story of institutions and famous people. This anthology presents a more nuanced story composed of the everyday actions and thoughts of lay men and women.

If Genesis and Exodus had been written by a woman, what would they be like? Re-imagined from a woman's perspective, these familiar events delight the imagination and stir the soul in refreshing new ways. Miriam Therese Winter retells our ancient myths of Creation, the Garden, and the Flood, and chronicles the adventures of the remarkable women of Genesis and Exodus: Sarah and Hagar, Rebekah, Leah, Rachel, Miriam, and many more. According to the author, she is presenting us with an ancient manuscript that was written long ago by one of the many wives of Solomon. This woman writer, named Noah, feared the loss of women's perspective as written records began replacing oral traditions. She

wrote these Chronicles to offer another side to the story of our shared myths and memories. The Chronicles of Noah and Her Sisters is wonderful spiritual reading, and a must for all women - and men - concerned about handing on the essentials of faith to their daughters and granddaughters.

This Little White Book is meant to help you enjoy six minutes a day in prayer during these next 50 days of the Easter season. The key is the right-hand page. On that page each day (except Sundays) we'll walk through the parables of Jesus.

This book is an exciting opportunity for exercising individual thought based upon humanity's search for a significant role in the ongoing drama of a much better world. It is a challenge to all of humanity of every race and culture, every religious faith, and to those who possess an avid religion of no religion, the pure atheist. Throughout the book, the author proclaims the dignity of the human creature as he seeks his destiny. It reflects a destiny that exists beyond all human comprehension, and is not to be restricted by any religion, especially Christianity. The author suggests that the most tragic happening for the Christian faith is that it has been categorized as "just another religion." The central theme of the book is that there is an awesomely bigger picture for the success of human life, and we are a precise part of its unfolding as humans, with the gifts of a reasoning mind, and a delicate inner spirit, searching for meaning and destiny. The book suggests that the ultimate destiny and goal is the ultimate perfection of human nature; his character and his behavior. This lies at the heart of all searching minds, and spirits, as they are driven to a discovery or destiny. Contained in Paul's letter to the Corinthians in the first century is his observation that "the human eye has never seen, or the ear heard; nor has there entered into the mind of any man, what it is that God has prepared for those who love Him." This book affirms that God is, and that God possesses the true blueprint for the perfection of human nature. Our human destiny is dependent upon our relationship to the Master Creator and our cooperation with Him. This is a crucial

Online Library Joy Is Like The Rain For Womens Voices Ssa Original Songs By Medical Mission Sisters Philadelphia V 535

ingredient of all religions, and for all human beings who can recognize that God has created the human creature in His own image of a mind and spirit capable of communication with Him. This book does not attempt to identify the realistic facts of what the "bigger picture" is like. It only challenges us to realize that there is a "bigger picture," and we humans must participate in the development of it. We can only use our God-given minds and our spirits to cooperate with God in the attainment of a perfect humanity in a perfect new world. The book is designed as a "thinking" and "pondering" opportunity. It consists of nine chapters containing commentaries on the meaning of life, followed by thought-provoking sermons preached many years ago, but are currently challenging with a great depth of thought that enables the reader to ponder and consider and experience what it is that is happening to us as a part of the drama of world history, and cosmic exploration. The Christian event is vital to our thinking exploration because it was a happening that revealed the simple but essential fact that we humans are a part of a dramatic movement of life that involves the entire panorama of the cosmic universe. The book is full of affirmations that we humans are a part of a much more significant existence than we realize. Chapter titles reflect the insightful progress of the book: Chapter I "The Prelude"; Chapter II "The Glory of Life"; Chapter III "The Vital Truth That Eludes Us"; Chapter IV "Life is Utterly Amazing"; Chapter V "What is Really Going On?"; Chapter VI "Faith Is Vital"; Chapter VII "When Hope Comes Alive"; Chapter VIII "Love Is Like a Miracle"; and Chapter IX "Your Ultimate Goal." The final statement of the author reflects his common-sense analysis of human life. He states that "There is no such thing as perfection in this life, but ultimately in 'God's Bigger Picture' there will be!" It is God's goal for His human creation--you and me.
