After defeating enemies in battle, Roman citizens celebrate in the streets as Julius Caesar and his entourage make their way through the city. As Caesar passes a soothsayer, he receives an ominous warning: "Beware the ides of March," which he immediately disregards. Meanwhile, some of his closest followers are convinced their leader has become too powerful and plot his removal. Plutarch's Lives of the Noble Grecians and Romans was Shakespeare's primary source for Julius Caesar. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition, which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

We know more of Marcus Tullius Cicero (106-43 BCE), lawyer, orator, politician and philosopher, than of any other Roman. Besides much else, his work conveys the turmoil of his time, and the part he played in a period that saw the rise and fall of Julius Caesar in a tottering republic. Cicero (Marcus Tullius, 106-43 BCE), Roman lawyer, orator, politician and philosopher, of whom we know more than of any other Roman, lived through the stirring era which saw the rise, dictatorship, and death of Julius Caesar in a tottering republic. In his political speeches especially and in his correspondence we see the excitement, tension and intrigue of politics and the part he played in the turmoil of the time. Of about 106 speeches, delivered before the Roman people or the Senate if they were political, before jurors if judicial, 58 survive (a few of them incompletely). In the fourteenth century Petrarch and other Italian humanists discovered manuscripts containing more than 900 letters of which more than 800 were written by Cicero and nearly 100 by others to him. These afford a revelation of the man all the more striking because most were not written for publication. Six rhetorical works survive and another in fragments. Philosophical works include seven extant major compositions and a number of others; and some lost. There is also poetry, some original, some as translations from the Greek.

"I Think That Before All Else I Am a Human Being, Just As Much As You Are—Or At Least I will Try to Become One." -Henrik Ibsen in A Doll's House A Doll's House, the three-act play by Henrik Ibsen, which premiered at the Royal Theatre in Copenhagen, Denmark in 1879, is one of the most well-known and frequently performed of modern plays. It richly displays the genius with which Ibsen pioneered modern, real-istic prose drama. The play is significant for the way it deals with the fate of the central character Nora, a married woman, who at that time in Norway lacked opportunities for self-fulfillment in a male-dominated world. Ibsen was inspired by the belief that "a woman cannot be herself in modern society," since it is "an exclusively male society, with laws made by men and with prosecutors and judges who assess feminine conduct from a masculine standpoint." \ The play aroused great controversy at the time, as it concludes with Nora leaving her husband and children because she wants to discover herself. The outrage went far beyond the theater to the world of news-papers and society. In Nora, Ibsen epitomized the human struggle against the humiliating constraints of social conformity. Even today many agree that the theme of the play is the need of every individual to be able to find out the kind of person he or she is and to be allowed to become that person.

Includes the unabridged text of Shakespeare's classic play plus a complete study guide that features scene-by-scene summaries, explanations and discussions of the plot, question-and-answer sections, author biography, historical background, and more.
