This book examines international efforts to provide security in post-conflict sites and explains why internal security should be given precedence in statebuilding endeavours. The work begins by exploring

Read Online June 2013 Paper 2

the evolution of security sectors in mature liberal democratic states, before examining the attempts of such states to accelerate that evolutionary process in post-conflict sites through statebuilding and security

Read Online June 2013 Paper 2

sector reform. These discussions suggest interestingly different answers to the question of who should provide for internal security in international operations. When considering mature

Read Online June 2013 Paper 2

states, there are both practical and normative reasons as to why internal security has become the sole domain of police, with military forces being excluded from internal affairs. In peace and

Read Online June 2013 Paper 2

stability operations, on the other hand, difficulties with utilising police personnel have led to military forces being required to play internal security roles. This tension is investigated further

Read Online June 2013 Paper 2

through detailed case studies of three recent missions: Afghanistan, Timor-Leste and Solomon Islands. These case studies both reinforce and augment the practical and normative reasons for ensuring that

Read Online June 2013 Paper 2

internal security remains the domain of police. This then impacts upon peace and stability operations in two important ways. If we are to provide enduring security in post-conflict sites, we should both (i) prioritise
